Attn: Donna Bishel

Subject: Notification to add clarifying language add optional label claims consistent with PR Notice 98-10.

Product Brand Name: **GreenClean Tablets.**
EPA Registration no: 70299-10.
Your Submission dated December 18, 2013.

Dear Ms. Bishel:

The Biopesticides and Pollution Prevention Division is in receipt of your application for Notification under Pesticide Registration Notice (PRN) 98-10 dated above. A screen of this request has been conducted for its applicability under PRN 98-10, and it has been determined that the actions requested fall within the scope of this Notice. Our records have been duly noted, and the label submitted with this application has been stamped "Notification Accepted" and will be placed accordingly in our records.

Three (3) copies of final printed labeling must be submitted to the Agency before your product as modified, may be sold or distributed [PR Notice 82-2 and 40 CFR 156.10(a) (6)].

If you have any questions regarding this action, you may contact Mr. Sylvester George at (703) 603-0688 or via e-mail at george.sylvester@epa.gov.

Sincerely,

Linda A. Hollis

**RE: GreenClean Tablets
EPA Registration No. 70299-10**

Notification to add clarifying language, and add optional label claims

Dear Ms Hollis:

Enclosed with this letter you will find the following in support of a notification for the above referenced product:

- 1) Notification form;
- 2) One (1) copy of the revised label with all changes highlighted in red;

Changes included in this notification are as follows:

- Pages 1, 2, 9 of the Master label – Add new EPA Est. No. 089546-NV-001.
- Pages 2 and 9 of the Master label – Add the words ‘first aid’.
- Pages 4 and 10 of the Master label – Add the statement ‘1 scoop = 3 tablespoons’.
- Pages 5 and 11 of the Master label – Application Instructions: Change the word ‘Add’ to ‘Broadcast’.
- Pages 5 and 11 of the Master label – General Treatment Notes: Delete the phrase: ‘in early spring and’.
- Page 5 of the Master label – General Treatment Notes: Change the following statement from: ‘For flare-ups and spot treatments, use GreenClean Granular according to label directions. Wait at least 72 hours to apply before GreenClean Tablets application.’ The statement now reads: ‘For flare-ups and spot treatments use GreenClean Granular or GreenClean®FX Liquid Algaecide according to label directions. Wait at least 72 hours to apply GreenClean Granular or GreenClean®FX Liquid Algaecide before or after GreenClean Tablets application.’
- Page 5 of the Master label-Change Container Disposal to Container Handling.
- Pages 7, 8, 12 and 13 of the Master label – Addition of optional label claims. Algae related claims are currently approved on this label. Additional claims are a clarification of the existing claims.

- Page 11 of the Master label – Addition of the words 'or GreenClean®FX Liquid Algaecide' so the statement now reads as follows: 'For flare-ups and spot treatments, use GreenClean Granular or GreenClean®FX Liquid Algaecide according to label directions. Wait at least 72 hours to apply GreenClean Granular or GreenClean®FX Liquid Algaecide before or after GreenClean Tablets application.'
- Page 11 of the Master label-Change Container Disposal to Pesticide Disposal and Container Handling.

All of these changes are:

- a. Consistent with PR Notice 98-10 and 40 CFR Part 156; and
- b. Involve no change in the ingredients statement, signal word, use classification, precautionary statements, First Aid, physical/ chemical/ biological properties, storage and disposal, or directions for use advisory and mandatory language.

Please do not hesitate to contact me directly with any questions and/ or concerns at (410) 878-7700 or at dbishel@biosafesystems.com.

Sincerely,

Donna Bishel
 Technical Director for BioSafe Systems, LLC

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMAN AND DOMESTIC ANIMALS – DANGER: Corrosive. Causes irreversible eye damage. Harmful if swallowed, inhaled or absorbed through skin. Avoid breathing dust. Wear protective eyewear such as goggles, face shield or safety glasses. Do not get in eyes, on skin or on clothing. Wash thoroughly with soap and water after handling. Remove and wash contaminated clothing before reuse.

PERSONAL PROTECTIVE EQUIPMENT (PPE): Applicators and handlers must wear: • coveralls over long-sleeved shirt, long pants • chemical resistant footwear plus socks • chemical resistant gloves • protective eyewear (goggles or face shield). Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions exist for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS: Users should wash hands thoroughly with soap and water before eating, drinking, chewing gum, using tobacco or using the toilet. Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to birds. Do not contaminate water when disposing of equipment washwaters or rinsate. This product is highly toxic to bees and other beneficial insects exposed to direct contact on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area. Do not apply this product or allow it to drift to crops where beneficials are part of an integrated pest management strategy.

PHYSICAL AND CHEMICAL HAZARDS: Strong oxidizing agent. **Corrosive.** Do not bring in contact with other pesticides, cleaners or oxidative agents.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For any requirements specific to your State or Tribe, consult the State or Tribal agency responsible for pesticide regulation. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.

Do not apply to waterbody margins when amphibian eggs or young (e.g. tadpoles) are present.

Agricultural Use Requirements

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR Part 170. This standard contains requirements for the protection of agricultural workers on farms, forests, nurseries and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), notification to workers, and restricted entry intervals (REI). The requirements in this box apply to uses of this product that are covered by the Worker Protection Standard.

There is a restricted entry of zero (0) hours for application of tablets to water sites.

8/17

Apply GreenClean Tablets to any listed site(s). Do not apply this product through any type of irrigation system.

* Application sites:

Ponds, Lakes, Lagoons, Fish Ponds, Stock Tanks, Stock Watering Ponds, Watering Troughs, Livestock Watering Systems, Water Gardens, Koi Ponds, Ornamental Pools/Ponds, Ornamental Waterfalls, Fountains, Golf Course Ponds, Industrial/Commercial Ponds, Impounded Waters, Standing Water, Bilge Water, Reservoir Water, Waterways, Conveyance Ditches, Canals, Laterals, Drainage Systems, Irrigation Ponds, Catch Basins, Flooded Areas, Sewage Systems, Drain Fields, Fire Ponds, Watering Tanks, Storage Tanks, Water Collectors and Domestic/Commercial Waters

GreenClean Tablets are *not* intended for use in drinking water.

WATER TREATMENT

Use GreenClean Tablets to treat, control, and prevent a broad spectrum of (*filamentous and planktonic blue-green*) algae, bacteria and fungi in listed aquatic environments. Effects of treatment are immediately apparent (bubbling, bleaching/discoloration of algae or fungus, floating of dead organic matter). Waters treated with GreenClean Tablets are permissible to be used without interruption.

FOR STOCK TANKS AND LIVESTOCK WATER:

Use GreenClean Tablets to suppress / control algae, bacteria and fungi in stock tanks, stock watering ponds, tanks and troughs, and livestock water. Apply 1 scoop per 200 gallons of water for algae control. Product can be simply added to the body of water, as the residual control will allow for even distribution throughout the water column. Apply GreenClean Tablets as needed to control and prevent algae growth; make applications more frequently in times of higher water temperatures.

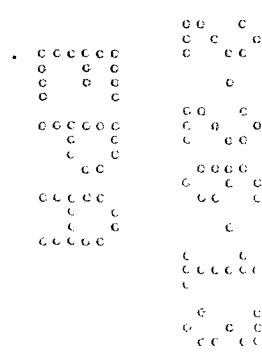

FOR SEWAGE WATER TREATMENT:

Use GreenClean Tablets to reduce the malodors caused by bacteria that produce hydrogen sulfide gas. Apply 6 scoops of GreenClean Tablets per 1200 gallons of water. For lagoons, wait 24 hours before adding beneficial bacteria. GreenClean Tablets may not be used to create potable water, only to reduce the malodors of hydrogen sulfide gas.

Application Rates Based on Gallons of Water:

Gallons	Number of Scoop(s)
200	1
400	2
600	3
800	4
1000	5
1200	6

1 scoop = 3 tablespoons

Application Instructions:

- GreenClean Tablets works best for preventative control of algae. For maximum results, water should be free of established algae problems.
- Broadcast Add GreenClean Tablets according to the recommended application rates. When using more than one scoop in an application, distribute the product evenly throughout the water body.
- Apply early in the day under calm, sunny conditions, and when water temperatures are warm.
- Skim any dead algae and organic matter that rises to the water's surface after treatment. Allowing dead organics to sink and decay will provide a food source and additional nutrients that stimulate algae re-growth and further blooms.

General Treatment Notes:

- Use for algae control in ~~early spring~~ and all season long.
- Control is most easily achieved when algae are not yet well established. Regular maintenance applications will prevent algae from appearing.
- Apply GreenClean Tablets on a weekly basis.
- Never apply at higher than recommended rates.
- GreenClean Tablets is a slow-release formula. Results will not be immediate, but will be prolonged.
- For flare-ups and spot treatments, use GreenClean Granular or GreenClean®FX Liquid Algaecide according to label directions. Wait at least 72 hours to apply GreenClean Granular or GreenClean®FX Liquid Algaecide before or after GreenClean Tablets ~~before or after GreenClean Granular~~ application.
- GreenClean Tablet(s) can be applied to water bodies such as fountains and ornamental water features containing fish when used at listed rates. If using in conjunction with other water additives (such as bacteria or enzymes) always apply GreenClean Tablets first, and wait 48 hours before adding any other products.
- Never mix GreenClean Tablets with aquatic herbicides or algaecides containing copper or bromides. Always apply GreenClean Tablets at least 48 hours prior to the application of these other products.
- Wait 24 hours before treating lagoons with beneficial bacteria.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Store in original containers in dry, cool, well-vented area. Do not allow product to get wet. Keep away from direct sunlight. Do not allow product to become overheated in storage. This may cause increased degradation of the product, which will decrease product effectiveness. In case of spill, flood area with large quantities of water. Do not store in a manner where cross-contamination with other pesticides or fertilizers could occur.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Open dumping is prohibited. If wastes cannot be disposed of according to label directions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL HANDLING: Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container 1/4 full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling if available or puncture and dispose of in a sanitary landfill, or by incineration. Do not burn, unless allowed by state and local ordinances.

10/17

CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

The Directions for Use of this product must be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as manner of use or application, weather or crop conditions, presence of other materials or other influencing factors in the use of the product, which are beyond the control of BIOSAFE SYSTEMS LLC or Seller. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold BIOSAFE SYSTEMS and Seller harmless for any claims relating to such factors.

BIOSAFE SYSTEMS warrants that this product conforms to the *chemical* description on the label and is reasonably fit for the purposes stated in the Directions for Use, subject to the inherent risks referred to above when used in accordance with directions under normal use conditions. This warranty does not extend to the use of the product contrary to label instructions, or under abnormal conditions or under conditions not reasonably foreseeable to or beyond the control of Seller or BIOSAFE SYSTEMS, and Buyer and User assume the risk of any such use. **TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BIOSAFE SYSTEMS MAKES NO WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE, NOR ANY OTHER EXPRESSED OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.**

To the extent consistent with applicable law, in no event shall BIOSAFE SYSTEMS or Seller be liable for any incidental, consequential or special damages resulting from the use or handling of this product. **TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE EXCLUSIVE LIABILITY OF BIOSAFE SYSTEMS AND SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT OR, AT THE ELECTION OF BIOSAFE SYSTEMS OR SELLER, THE REPLACEMENT OF THE PRODUCT.**

BIOSAFE SYSTEMS and Seller offer this product, and Buyer and User accept it, subject to the foregoing Conditions of Sale and Limitation of Warranty and Liability, which may not be modified except by written agreement signed by a duly authorized representative of BIOSAFE SYSTEMS.

11/13

Optional Label Claims:

- Algaecide
- For indoor and outdoor use.
- For use in water features containing live fish and plants.
- Eliminates, controls algae and keeps water free of algae.
- Removes stubborn algae from fountains.
- Easy to use!
- Effective over a wide range of pH conditions.
- Reduces organic build-up and noxious odors including hydrogen sulfide.
- Controls algae blooms.
- No measuring required.
- Same formula as GreenClean® Granular algaecide in the convenience of a tablet.
- Treats, controls, and prevents algae growth.
- Helps keep water clear of algae.
- Quick application lets you get back to enjoying your pond.
- Algae control in a convenient tab.
- Treats and controls algae.
- Immediate algae control.
- Easy to use algae control tablets.
- A convenient way to kill or control algae without all the guesswork.
- Another product by BioSafe Systems.
- Controls algae.
- Helps maintain an algae-free pond.
- Reduces hydrogen sulfide odors caused by bacteria.
- Effective in reducing hydrogen sulfide odors associated with bacterial decomposition.
- Controls odor-causing bacteria.
- Weekly Preventative Treatment
- Weekly Algae Treatment
- 1 Scoop Equals 3 Tablespoons
- Apply Weekly
- Prevents Algae Growth
- Easy Algae Prevention
- Easy Algae Maintenance
- Clear, Algae Free Water
- Preventative Algae Maintenance Program
- Ideal Algae Maintenance Program
- Prevent Algae All Season
- Ideal Algae Prevention
- Algae Maintenance Program
- Keeps Ponds Clean and Clear With BioSafe's GreenClean Line
- Enjoy Algae Free Water
- Vital to Any Maintenance Program
- Essential as Part of Any Maintenance Program

12/17

- Sustainable
- Made in the USA
- Sustainable Pond Maintenance
- Continuous Algae Free Water
- Alternative to Copper, Chlorine, & Phosphates
- Copper, Chlorine, & Phosphate Free
- Great for Maintenance
- For Depths Over 4 ft.
- Great for Depths Over 4 ft.
- For Stock Tanks & Troughs
- 3lbs treats up to 6,600 gallons
- 8lbs treats up to 17,600 gallons
- Scoop and throw
