Subject: Notification per PRN 98-10 – Adding Alternate Name Brand and Graphics
Product Name: SaniDate Sanitizing Wipes
EPA Registration Number: 70299-21
Application Date: 12/21/2016
Decision Number: 524892

Dear Ms. Bishel:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Antimicrobials Division (AD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

The alternate brand name PURELL™ Surface Sanitizing Wipes has been added to the product record.

NOTIFICATION

70299-21

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

02/14/2017

(Note to Agency: Text appearing in parenthesis is done to show optional text)

Sublabel A: Commercial Directions for Use

SaniDate® Sanitizing Wipes are 99.9% effective against *Staphylococcus aureus* (Staph) and *Klebsiella pneumoniae* on hard, non-porous surfaces.

Use this product (in) (general) (commercial) (environments) (areas) to clean, sanitize, and deodorize hard, nonporous surfaces:

- Garbage cans/bins, diaper pails, bathroom surfaces, toilet seats, light switches, doorknobs, telephones, computers, tools, shopping carts, gym equipment, kennels, cages.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To Open Package: Remove lid and locate center of the roll and insert corner of the wipe through the opening in lid. Replace lid. Pull sheet up and slightly to the side. Always snap lid securely closed between uses to prevent moisture loss.

To Sanitize:

Cleaning and sanitizing procedure: Preclean all surfaces prior to sanitizing. Use SaniDate Sanitizing Wipe to clean and sanitize surface. Wipe surface; use enough wipes for treated surface to remain visibly wet for 5 minutes. Let surface air dry. Do not reuse dried out wipes.

- **NOT FOR USE ON SKIN**
- **NOT FOR USE AS A DIAPER WIPE OR FOR PERSONAL CLEANSING**

STORAGE AND DISPOSAL

Dispose of wipe in trash after use. Do not flush. Tightly close lid between uses to retain moisture. Non-refillable container. Do not reuse or refill this container. Offer for recycling if available. If recycling is not available, discard container in trash.

CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY

This product is reasonably fit for the purposes described on the label when used in strict accordance with label instructions. The manufacturer is not responsible for any use of this product that is contrary to the label instructions on the container, or under abnormal conditions that are not reasonably foreseeable by the manufacturer and or seller. The buyer assumes all risk associated with use beyond label instructions or under abnormal conditions.

(Note to Agency: Text appearing in parenthesis is done to show optional text)

Sublabel B: Residential Directions for Use

SaniDate® Sanitizing Wipes are 99.9% effective against *Staphylococcus aureus* (Staph) and *Klebsiella pneumoniae* on hard, non-porous surfaces.

Use this product to clean, sanitize, and deodorize hard, nonporous (household) surfaces:

- Counter tops, tables, chairs, exteriors of appliances, sinks, garbage cans/bins, diaper pails, high chairs, bathroom surfaces, toilet seats, light switches, doorknobs, telephones, computers, tools, shopping carts, gym equipment, kennels, cages.
