Subject: Notification per PRN 98-10 – Delete and Add Optional Administrative changes  
Product Name: SaniDate Sanitizing Wipes  
EPA Registration Number: 70299-21  
Application Date: February 11, 2020  
Decision Number: 560476

Dear Ms. Bishel:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Antimicrobials Division (AD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you have any questions, you may contact Zebora Johnson at (703) 308-7080 or via email at [johnson.zebora@epa.gov](mailto:johnson.zebora@epa.gov).

Sincerely,

A handwritten signature in blue ink, appearing to read "Joseph Varco".

Joseph Varco, Acting Product Manager 33  
Regulatory Management Branch I  
Antimicrobials Division (7510P)  
Office of Pesticide Programs

**STORAGE AND DISPOSAL**

Dispose of wipe in trash after use. Do not flush. Tightly close lid between uses to retain moisture. Non-refillable container. Do not reuse or refill this container. Offer for recycling if available. If recycling is not available, discard container in trash.

**CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY**

This product is reasonably fit for the purposes described on the label when used in strict accordance with label instructions. The manufacturer is not responsible for any use of this product that is contrary to the label instructions on the container, or under abnormal conditions that are not reasonably foreseeable by the manufacturer and or seller. The buyer assumes all risk associated with use beyond label instructions or under abnormal conditions.

**Optional Label Claims:**

- Easy to use
- Quick and easy cleaning
- Quick and easy cleaning in a convenient wipe
- Sanitizes hard, non-porous surfaces
- Ready to use Activated Peroxide Sanitizer
- Contains no phosphates
- Sanitizes
- Leaves no residue
- Kills 99.9% of Bacteria! \*     \**Staphylococcus aureus, Klebsiella pneumoniae*
- Versatile Sanitizer
- Sanitizes household surfaces
- Sanitizes bathroom surfaces
- Sanitizes commercial surfaces
- Effective sanitizer against *Staphylococcus aureus, Klebsiella pneumoniae*
- Leaves household surfaces sanitized
- Kills odor causing bacteria
- Use throughout the home
- Use for a cleaner kitchen
- Use for a fresher kitchen
- Peroxide Sanitizer
- Deodorizes

- Deodorizes kitchen surfaces
- Removes (tough) stains
- Contains no abrasives
- For daily use
- Antibacterial
- Kills odor causing bacteria
- Breaks down into oxygen and water
- Easy
- Convenient wipe
- Made in [the] [U.S.A.] [United States] [America]
- Simply Sustainable. Always Effective.
- ~~Safe~~ Alternative to Harsh Detergents [on Eggs]
- Cleans Eggs Quickly and Easily
- ~~Reduces Pathogen Counts on Egg Shells~~
- ~~Won't Damage Egg Cuticles~~
- Gentle Alternative to Dry Cleaning [Eggs]
