Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

EPA grants this reregistration under the authority of section 3(c)(5) of the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA). With this accepted labeling, all requirements set forth in the Reregistration Eligibility Decision for **Paradichlorobenzene** have been satisfied. Therefore, EPA reregisters the product listed above. This action is taken under the authority of section 4(g)(2)(c) of FIFRA, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.

DIRECTIONS FOR USE:

It is a violation of the Federal Law to use this product in a manner inconsistent with its labeling

TO KILL CLOTHES MOTH AND CARPET BEETLES

IMPORTANT: Keep out of reach of children. Do not place in areas accessible to children.

Use Restrictions: To kill clothes moths (larvae and adults) and carpet beetles in clean, air-tight containers (e.g. chests and trunks), garment bags, and storage closets. Do not use in containers, dry cleaning and garbage bags, or closets that allow vapors to escape into occupied rooms. Do not use this product with any other moth control chemical. For use only on cloth containing wool or wool blends in fabrics.

Pre-Application Directions: Before storing, dry clean, wash or brush articles to be protected.

Application Directions: Apply product in clean, air-tight containers, bags and closets listed above at the following rates:

Pounds of Product	Area of Tightly Enclosed Space
1/4	Average Garment Bag
1/3	Large Trunk
1	50 cubic feet (Small Closet)

For larger closets, multiply the height, width, and depth of the space and divide by 50 to determine the number of pounds of product needed. For example, a closet 8 feet high, 4 feet wide, and 3 feet deep (i.e. 96 cubic feet) would need about 2 pounds of product (96/50=1.9).

Post-Application Directions: Keep product in air-tight space for a minimum of seven (7) days. Odor dissipates when treated articles are aired.

Retreatment: Since moths are active all year, replenish air-tight containers, bags, and closets 2 times a year.
