

**READ ENTIRE LABEL BEFORE EACH USE  
USE ONLY ON DOGS OR CATS**

**FIRST AID**

**If swallowed:** Rinse out the mouth with water. Drink plenty of fluids to dilute. The detergents in the formulation may cause mild diarrhea.

**If in eyes:** Flush with plenty of water, get medical attention if irritation persists.

**If on skin or clothing:** Wash the hands or areas affected with plenty of soap and warm water. Remove contaminated clothing and wash before reuse.

**Adverse Reaction Information:** Sensitivities may occur after using ANY pesticide products for pets. If signs of sensitivity occur bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

Consult a veterinarian before using this product on debilitated, aged, pregnant, nursing animals or animals on medication.

**Active Ingredients:**

- Pyrethrins..... 0.10%
- \*Piperonyl butoxide, Technical..... 0.20%
- \*\*N-Octyl bicycloheptene dicarboximide... 0.36%

Inert Ingredients..... 99.36%

\*Equivalent to 0.16% (butylcarbityl) (6-propylpiperonyl) ether and 0.04% related compounds

\*\*MGK264, Insecticide Synergist

# YIPPEE

## YIPPEE

## PET

## SHAMPOO

Pleasantly Scented,  
Formulation which Leaves  
Coat Soft, Healthy and  
Lustrous  
**KILLS FLEAS, LICE,  
EARMITES AND BROWN  
DOG TICKS**

YIPPEE Pet Shampoo is a clear emulsion that combines the properties of a detergent, deodorizer, hair dressing and insecticide. The special detergents used possess a quick sudsing and foaming action. The stable foam generated by these cleaning components provides the pesticide with a longer residence time in contact with your pet's hair and skin. This contributes to a more effective removal of fleas, etc. and imparts that lustrous, soft feel to the coat.

**DIRECTIONS**

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

DO NOT USE ON PUPPIES OR KITTENS UNDER 12 WEEKS.

**TO USE**

**Fleas:** Thoroughly wet the animal with water and apply Yippee to the coat. Carefully work Yippee into the hair until a pronounced lather is formed over the entire body, working from front to back. Rinse thoroughly and towel dry. Repeat weekly (if necessary)

**Lice:** Apply in the same manner as for fleas to kill mobile or active stages of lice. To kill young lice that may have hatched from eggs repeat in one week.

**Ticks:** Apply with a dropper, or piece of cotton, a small quantity of Yippee undiluted, directly on each tick on dog. Repeat the applications as necessary when animals acquire ticks.

**Chiggers:** Mites, commonly known as "Chiggers", "Red Bugs" or "Jiggers" often attach to the skin of dogs during the warm summer months. Use Yippee in the same manner as directed for ticks.

**NOTE-IF YIPPEE IS USED ON OLDER CATS, THEY MUST BE THOROUGHLY RINSED AND DRIED.**
