Minor Label Corrections

Dear Marshall:

While reviewing our label, we noticed two problems. Under "ADHESIVES USED IN FOOD PACKAGING" we did not cite the full 21 CFR reference for the section "21CFR – Components of paper and paperboard in contact with dry food". This should list "21CFR 176.180" to be consistent with the other listings. Also, there is a typo in this section – "contact should read "contact".

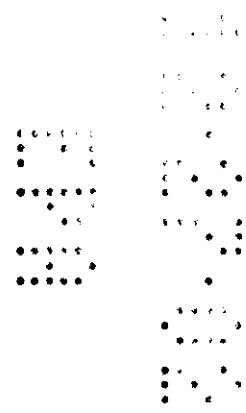

We are revising our label with above changes. We believe these changes do not require PMC to file an amendment per Pesticide Registration (PR) notice 98-10. Please find enclosed form 8570-1 and two copies of our revised label with the revisions highlighted for the file.

Please call me at 513-482-7870 if you have any questions regarding this letter. I can also be reached at my internet address: [titschingerj@pmcsg.com](mailto:titschingerj@pmcsg.com).

Sincerely,
