

U.S. ENVIRONMENTAL PROTECTION AGENCY
 Office of Pesticide Programs
 Registration Division (H7505C)
 401 "M" St., S.W.
 Washington, D.C. 20460

EPA Reg. Number: 70480-1
 Date of Issuance: NOV 13 1997

Term of Issuance: Conditional

Name of Pesticide Product: Protopac Total Control Brand

NOTICE OF PESTICIDE:
 Registration
 Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Demitros Dimacopoulos, Ph.D.
 Protopac
 P.O. Box 687
 Walnut, CA 91788

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/ reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following label changes:
 - a. Revise the EPA Registration Number to read, "EPA Reg. No. 70480-1."
3. The upper and lower certified limits listed for pyrethrins under item 14 (Certified Limits % by Weight) on the Confidential Statement of Formula (CSF) exceed the standard certified limits as described in 40 CFR 158.175. The label lists the content of pyrethrins as 1.75%. The CSF states that the Pyrethrins 20% Extract in the formulation has certified limits equal to 9.70% and 7.90%, respectively. As a result, the certified limits for pyrethrins are 1.94% and 1.58%, slightly more than 10%. The allowable limits in 40 CFR 158.175 are only 5%, if the nominal concentration for the ingredient is more than 1% but less than 20%. You must submit a written justification for the proposed limits.

Signature of Approving Official: *Mano J. Schwab* / PM, INS.

Date: NOV 13 1997

3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

A handwritten signature in black ink, appearing to read 'M. Johnson', with a long horizontal line extending to the right.

PRECAUTIONARY STATEMENTS
Hazards to humans and domestic animals

CAUTION

Do not use in nurseries or rooms where infants, ill or aged persons are confined. Do not install directly above or within 12 feet of any food handling or dispensing area.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a Physician or Poison Control Center immediately. Do not induce vomiting because of aspiration hazard.

IF IN EYES: Flush with plenty of water. Get medical attention if irritation persists.

IF ON SKIN OR CLOTHING: Remove contaminated clothing and wash before reuse. Wash skin with soap and warm water. Get medical attention if irritation persists.

IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container.

Do not put in trash compactor. Exposure to temperatures above 130 degrees Fahrenheit may cause bursting. Do not allow spray to contact plastic, painted or varnished surfaces.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store in a cool dry area, away from heat or open flame.

DISPOSAL: Do not reuse empty container. Replace cap, wrap empty container in newspaper and discard in trash.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling..FOR USE IN: Food handling and food preparation areas of restaurants, food processing plants, hotels, motels, barns, offices, factories, schools, hospitals, food warehouses, ~~xxxxxxxxxx~~ ships, kennels, nursing homes, bottling plants, day care centers, dairies, egg and milk handling areas of dairies and chicken houses.

This product is ~~xx~~ suited especially for use in automatic dispensers. The dispenser activates a 53 mg metered valve every 15 minutes. Effectiveness of this product will be noticed within an hour after the dispenser has been activated. Factors such as air flow, size of space to be treated, humidity and room temperature all affect insect activity and control. Therefore, one unit per 6000 cubic feet of unobstructed space, should be considered as an average with adjustments made depending on specific conditions at place of usage. As with any method of insect control, best results are achieved when sanitation and other positive insect prevention practices are followed.

It is suggested that the container be changed once a month.
