Subject: Label Amendment – Revisions to organization and mitigation  
Product Name: Parastar For Dogs  
EPA Registration Number: 70585-12  
Application Date: 1-Sep-16  
Decision Number: 521112

Dear Dr. Johnson:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

#### **Side Effects**

Monitor your dog after application. [Some dogs may experience temporary startle effects when product is applied.] Dogs may experience some temporary irritation at the site of product application such as redness, scratching, or other signs of discomfort. If signs of a sensitivity occur, bathe your dog with a mild soap and rinse with large amounts of water. The most common signs of ingestion are excessive salivation and foaming at the mouth. If these or other side effects occur, consult your veterinarian or call Elanco US Inc. at 1-888-545-5973. If your dog has an unusual reaction to the initial application, consult a veterinarian before repeating treatment.

### **PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS. CAUTION.** Harmful if swallowed. Causes eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

**HAZARDS TO DOMESTIC ANIMALS.** For external use only. Individual sensitivities, while rare, may occur after using any pesticide product. Certain medications can interact with pesticides. Do not treat your dog with more than one topically applied pesticide product at a time. Consult a veterinarian before using on medicated, debilitated or aged dogs. Can be used on breeding, pregnant, or lactating dogs. Consult a veterinarian before using on dogs with known organ dysfunction.

### **DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**Do not allow children to apply product. TO PREVENT HARM TO YOU AND YOUR DOG, READ ENTIRE LABEL BEFORE EACH USE. FOLLOW ALL DIRECTIONS AND PRECAUTIONARY STATEMENTS CAREFULLY. FOR EXTERNAL USE ON DOGS ONLY. DO NOT USE ON CATS.** Keep cats away from treated dogs for 24 hours. If applied to a cat or ingested by a cat, contact your veterinarian. **DO NOT USE ON RABBITS. DO NOT USE ON OTHER ANIMALS.** Do not allow your dog to ingest this product. Do not bath dogs until 24 hours after treatment

Do not apply to puppies less than 8 weeks of age. Do not apply to dogs or puppies weighing less than 4[23][45][89] lbs. For use only on dogs [[&] [and] puppies] [weighing 4 [-] [to] 22 lbs]

[weighing 23 [-] [to] 44 lbs.] [45 [-] [to] 88 lbs.] [weighing 89 [-] [to] 132 lbs.] Do not split one [tube][vial] between dogs. [Do not use multiple [tubes][vials] on one dog.] Weigh your dog to be sure you are applying the right dose formulated for the weight of your dog. Do not double dose or apply more than one tube per treatment for one dog regardless of the dog's weight

**How to open:** Remove product [tube[s]] [vial[s]] from the package. [Separate one tube from the others.] Hold the [tube] [vial] with notched end pointing up and away from the face and body. Use scissors to cut off the narrow end at the notches along the line.

**How to apply:** While holding the dog with one hand, use the other hand to apply the solution. Invert the [tube] [vial] and use the open end to part the dog's hair. Apply contents of one [tube] [vial] of Parastar™ [For Dogs] [as a spot to the dog's back between the shoulder blades] [from the back of the neck to a point midway between the neck and tail]. Hold the dog for a few seconds to give the solution time to be absorbed into the dog's coat. When finished, wrap the [tube] [vial] in paper and put into the trash. Apply only one tube per dog per treatment. Repeat application may be made if necessary, but do not apply more often than once every 30 days.

[Optional drawings of application process that may or may not appear on finished label]
