Greenfield, IN 46140

Subject: Notice of Extension of Conditional Registration for Multiple Products Product

Dear J. Todd Frank:

This letter is in reference to your requests listed in the table below; to extend the conditional, time-limited registration for following registrations:

Product Name	EPA Reg. No.	Application Date(s)	Case #s	New Expiration Date
Easy Spot for Cats	70585-11	06/26/2024	622641	12/12/2025
Parastar for Dogs	70585-12	06/26/2024	622640	12/12/2025
Parastar Plus for Dogs	70585-13	06/26/2024	622639	12/12/2025

The above-referenced registrations contain conditions calling for the registrations to expire two years from the date the products are first released for shipment. The terms of these registrations have been previously updated to extend the expiration dates to December 12, 2019. But for limited Agency resources, your requests would have been granted prior to the expiration dates. Additionally, your company is required to adhere to the spot-on label mitigation, and to submit quarterly enhanced incident reports and quarterly sales information for the above-referenced registrations.

The Agency has found Elanco US Inc. to be in compliance with the terms and conditions for the subject products. The Agency is therefore granting the requests to extend the two-year time-limited registration restrictions. As such, the following change is being made to the terms and conditions of the products listed above.

- **The two-year time-limited registration restriction has been extended. The new expiration date for the registrations listed above is now December 12, 2025.**

Please note that the products are still subject to all other previously required conditions of registration. If you have any questions, please contact, Debra Rate by phone at (202) 566-2867 or by email at rate.debra@epa.gov.

Sincerely,

Debra Rate, Ph.D.
