Subject: Label Amendment: First Aid (per PR Notice 20001-1).
BVA 2 Mosquito Larvicide Oil
EPA Reg. No. 70589-1
Submission of September 26, 2005

Dear Ms. Downs:

The labeling referred to above submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable with the following comment:

Please note that as part of reregistration the Agency is reviewing the nomenclature of the various active ingredients included as petroleum oil (distillate). In the future, we may require changes in how the active ingredient is listed on your label. You may qualify "highly refined" as a marketing statement below the product name or as an asterisk to further describe your product.

A stamped copy "accepted with comments" of the label is enclosed for your records.

Please submit two copies of the final printed label for our records. If you have any questions please call me at (703) 308-8328.

Sincerely yours,

A handwritten signature in black ink that reads "Akiva Abramovitch".

Akiva Abramovitch, Ph.D.

FIRST AID

If inhaled	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. • Call a poison control center or doctor for further treatment advice.
If on skin or clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes.
If in eyes	<ul style="list-style-type: none"> • Call a poison control center or doctor for treatment advice. • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
If swallowed	<ul style="list-style-type: none"> • Immediately call a poison control center or doctor. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give any liquid to a person. • Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center, or doctor, or going for treatment.

NOTE TO PHYSICIAN: Contains petroleum distillate - vomiting may cause aspiration pneumonia.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed. Avoid contact with eyes, skin and clothing. Wear goggles and rubber gloves. Avoid breathing spray, mists or vapors. Wash hands after using. Avoid contamination of food or food stuffs

ENVIRONMENTAL HAZARDS

This product is toxic to fish and other aquatic organisms. Do NOT apply directly to water (except when applied for mosquito larvae control; then only in shallow areas around the border). Do NOT contaminate water by cleaning or equipment or disposal of equipment water aquatic wastes. Consult your State Fish and Game Agency before applying this product

PHYSICAL AND CHEMICAL HAZARDS

Do NOT store, use, pour or spill near flames or excessive heat. In case of fire, use water spray, foam, CO2, or dry chemical.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

BVA 2 Larvicide is for control of mosquito larvae in swamps, marshes, floor water areas, drainage areas, waste treatment, settling ponds, ditches and other man-made depressions.

BVA 2 Larvicide should be applied at the rate of 3-5 gallons per acre depending on how dense the vegetation and weeds may be.

BVA 2 Larvicide oil is noted for its water-white clear color and is also practically odorless.

STORAGE AND DISPOSAL

PROHIBITIONS: Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

STORAGE: Store in a cool, dry locked place out of the reach of children. Do not store near excessive heat or open flame. Pesticide or pesticide waste rinse solution that cannot be used according to label must be disposed of according to applicable federal, state or local procedures or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse or equivalent. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

TERMS

Seller's guarantee is limited to the terms on the label. The buyer accepts the product on these conditions.
