Conditional

Name of Pesticide Product:  
Johnson Wax Professional  
Cockroach Bait Stations

NOTICE OF PESTICIDE:

Registration  
 Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

SC Johnson Commercial Markets, Inc.  
8310 16th St, PO Box 902, MS 675  
Sturtevant, WI 53117-0902

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product when the Agency requires all registrants of similar products to submit such data.
2. Make the following label changes before you release the product for shipment:
  - a. Revise the EPA Registration Number to read, "EPA Reg. No. 70627-44".
3. Submit two copies of the revised final printed label for the record before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A copy of the label stamped "accepted with comments" is enclosed for your records.

Signature of Approving Official:

Thomas C. Harris, Biologist  
Insecticide-Rodenticide Branch

## Cockroach Bait Stations

Johnson Wax Professional Cockroach Bait Station is a slow acting insect bait. For best results placement of the bait should be into or near insect harborage sites.

May be used in federally inspected meat and poultry plants.

### DIRECTIONS FOR USE

**IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.**

**COCKROACHES:** Concentrate treatment at insect activity sites, and other sites where these insects are found.

1. Remove bait stations from container. [Alternative Directions: Break bait stations apart from the plastic frame].
2. For thorough roach control, use as many baits as necessary to achieve good coverage and control of the existing infestation for the treated area.
3. For best results, place the baits next to the wall along baseboards, in corners, under sinks, in cabinets and near plumbing fixtures. Use under and around equipment and appliances. If possible place in voids.
4. Baits work best on horizontal surfaces touching corners and walls. Remove peel and stick backing on reverse side of bait station before applying to vertical surfaces.
5. Replace baits when necessary, approximately every 3 months.

**APPLICATIONS IN FOOD HANDLING ESTABLISHMENTS:** These include places other than private residences in which food is held, processed, prepared, or served. Use as directed above.

**FOOD AREAS:** Includes areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups). Avoid contamination of food. Use as instructed above.

**AIRCRAFT CABINS:** Place bait stations in suspected and infested cockroach areas. Place bait stations in areas between elements of construction. Use up to 12 bait stations per gallery and up to 6 bait stations per rest room. In cargo holds, use 12 to 24 bait stations per 100 sq. feet. Do not use bait stations in cockpit area.

### STORAGE AND DISPOSAL

**STORAGE:** Store in a cool, dry area inaccessible to children.

**DISPOSAL:** Wrap container and put in trash collection.

### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling.
