U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number

Date of Issuance

70627-48

NOV 08 2001

Term of Issuance:

Conditional

Name of Pesticide Product:

Crew 10

NOTICE OF PESTICIDE:

- Registration
- Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

S.C. Johnson Commercial Markets, Inc.
8310 16th Street
PO Box 902, MS 675
Sturtevant, WI 53177-902

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/ reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following label changes:
 - a. Revise the EPA Registration Number to read, "EPA Reg. No. 70627-48."
 - b. Page 1:
 - 1) Add the text, " For Home Cleaning Services."
 - 2) Revise the use areas to state "*homes cleaned by home cleaning services, hotels, restaurants, office buildings.*"
 - 3) Delete all references to "households and homes" In regard to the germ claims, you would state "Kills germs*." The continued use of the asterisk to qualify what specific organisms are mitigated by this product will be maintained.
 - 4) "New and Improved" are allowed on the label for a 6 month period.

Signature of Approving Official:

Velma Noble
Product Manager 31
Regulatory Management Branch I
Antimicrobials Division (7510C)

Date:

NOV 08 2001

c. Page 2:

- 1) Revise claim, "Safe for Septic Systems," to state "Will not harm Septic Systems."
- 2) Revise the listing of bacteria to state : Kills bacteria* *Salmonella choleraesuis* (Salmonella)

d. Pages 4 & 5: The surfaces, tile, porcelain, ceramic tile, and porcelain surfaces, must be qualified as hard, non-porous by stating "*glazed*"; for example, "*glazed porcelain surfaces*."

e. Page 6:

1) Since this product is used in the bathrooms on porcelain surfaces and efficacy data was not submitted on the Me-Too product to support interior toilet bowl disinfection, you will need to either state "Disinfect Exterior Surfaces of Toilets Only" or add the following directions: Empty water from toilet bowl or urinal. Spray, covering exposed surfaces. Brush thoroughly over surfaces including under the rim to completely wet surfaces, let stand for 10 minutes, then flush.

2) Under the "disinfection" directions will need to state: "Pre-clean heavily soiled surfaces/areas prior to disinfection. Hold 6-8" from surface. Spray with quick, full strokes completely covering surfaces. Allow surface to remain wet for 10 minutes. Then wipe."

The food contact guidance should appear immediately after the disinfection directions. Also, you will need to include the statement, "Do not use on utensils, dishes, and glasses."

f. Page 7:

1) The "Precautionary Statements" will need to be revised to reflect the appropriate language for Toxicity Category III for eye irritation and acute dermal toxicity by stating: Causes moderate eye irritation. Harmful if absorbed through the skin. Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling."

2) The "First Aid" statements will need to be revised to reflect the language in PR Notice 2001-1 by stating:

If in eyes, hold eyelids open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on skin, take off contaminated clothing. Rinse skin immediately with plenty of water

3/10

for 15-20 minutes. Call poison control center or doctor for treatment advice.

At the end of the section add the statement: Have the product container or label with you when calling a poison control center or doctor or going for treatment."

3) The "Pesticide Storage" for containers larger than one gallon should be revised by deleting the last sentence, "Rinse thoroughly before discarding in the trash."

3. Submit two (2) copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of this product constitutes acceptance of these conditions.

A stamped label is enclosed for your records. If you have any questions regarding this letter, please contact Jacqueline McFarlane at (703) 308-6416.

Sincerely,

Velma Noble

NET CONTENTS

Crew® 10 has Scrubbing Bubbles®, whose foaming action thoroughly cleans, shines, disinfects and deodorizes. No scrubbing required. Specially formulated to attack soap scum, hard water stains and dirt. Controls mold and mildew growth on hard, nonporous surfaces. Kills household germs*: *Staphylococcus aureus* (Staph), *Streptococcus pyogenes* (Strep), *Salmonella choleraesuis* (Salmonella), *Trichophyton mentagrophytes* (Athlete's foot fungus), *Pseudomonas aeruginosa* (Pseudomonas), *Escherichia coli* (E. coli), *Campylobacter jejuni* and *Shigella dysenteriae* and viruses**: Herpes simplex virus type 1 (causes cold sores), Herpes simplex type 2 (causes genital herpes), Influenza A2 (Hong Kong), Respiratory Syncytial virus (RSV) and Rhino virus type 37 on environmental surfaces. Effective on countertops, appliances, cabinets, exhaust fans, microwave ovens, floors, ceramic tile, stainless steel, chrome, fiberglass, porcelain surfaces, tubs, showers, sinks, basins, and chrome fixtures. For all other surfaces, spot test in an inconspicuous area. Contains no abrasives, so it can't scratch surfaces. Leaves a brilliant shine and a fresh, clean scent.

OR

With this product, you can be sure your home doesn't just look clean, it's microscopically clean. This S.C. Johnson Commercial Markets, Inc. product does it all - cleans, shines, deodorizes and disinfects - for a complete clean. Unlike ordinary cleaners and disinfectants, this effective, versatile cleaner not only wipes out tough grease and grime, it kills food-related bacteria and odor-causing germs; *Salmonella choleraesuis* (Salmonella), *Streptococcus pyogenes* (Strep), *Staphylococcus aureus* (Staph), *Trichophyton mentagrophytes* (Athlete's Foot Fungus), *Pseudomonas aeruginosa* (Pseudomonas), *Escherichia coli* (E. coli), *Campylobacter jejuni* and *Shigella dysenteriae* and viruses**: Herpes simplex virus type 1 (causes cold sores), Herpes simplex type 2 (causes genital herpes), Influenza A2 (Hong Kong), Respiratory Syncytial virus (RSV) and Rhino virus type 37 on environmental surfaces, all around the house, even on glass! All that's left behind is a light fresh scent and a streak-free shine.

The cleaning experts at S.C. Johnson Commercial Markets, Inc. have combined the latest cleaning technology with antibacterial disinfectants, so there's nothing left behind but a brilliant, streak-free shine, plus a light fresh scent. You can be sure your home not only looks clean, it's completely clean. EFFECTIVE ON countertops, appliances, large appliances, cabinets, exhaust fans, microwave ovens, floors, walls, ceramic tile, stainless steel, chrome, fiberglass, porcelain surfaces, tubs, showers, sinks, basins, and chrome fixtures. Shines glass and shiny surfaces. For all other surfaces, including painted surfaces, spot test in a small, inconspicuous area first.

OR

Crew® 10 has combined its cleaners with antibacterial ingredients to kill bacteria: *Staphylococcus aureus* (Staph), *Streptococcus pyogenes* (Strep), *Salmonella choleraesuis* (Salmonella), *Trichophyton mentagrophytes* (Athlete's foot fungus), *Pseudomonas aeruginosa* (Pseudomonas), *Escherichia coli* (E. coli), *Campylobacter jejuni* and *Shigella dysenteriae* and odor causing germs and viruses: Herpes Simplex Virus Type 1 (causes cold sores), Herpes Simplex Type 2 (causes genital herpes), Influenza A2 (Hong Kong), Respiratory Syncytial Virus (RSV) and RhinoVirus type 37 on environmental surfaces. Now you can disinfect as you cut through even the toughest greasy dirt leaving surfaces with a sparkling streak-free shine. Your kitchen is left with a fresh lemon scent that makes it smell as clean as it looks. Controls mold and mildew growth on hard, nonporous surfaces. Effective on countertops, appliances, cabinets, exhaust fans, microwave ovens, floors, ceramic tile, stainless steel, chrome, fiberglass, porcelain surfaces, tubs, showers, sinks, basins, and chrome fixtures. For all other surfaces, spot test in an inconspicuous area. Contains no abrasives, so it can't scratch surfaces.

OR

S.C. Johnson Commercial Markets, Inc. brings you this scientifically advanced cleaning product that does it all - cuts grease streak-free and kills household germs: *Salmonella choleraesuis* (Salmonella), *Streptococcus pyogenes* (Strep), *Staphylococcus aureus* (Staph), *Trichophyton mentagrophytes* (Athlete's Foot Fungus), *Pseudomonas aeruginosa* (Pseudomonas), *Escherichia coli* (E. coli), *Campylobacter jejuni* and *Shigella dysenteriae* and viruses: Herpes simplex virus type 1 (causes cold sores), Herpes simplex type 2 (causes genital herpes), Influenza A2 (Hong Kong), Respiratory Syncytial Virus (RSV) and Rhino Virus type 37 on environmental surfaces. The cleaning experts at S.C. Johnson Commercial Markets, Inc. combined the streak-free, grease cutting power of Crew® 10 with antibacterial disinfectants so you can get the maximum clean for your home.

Effective on: Countertops, Sinks, Appliances, Large Appliances, Cabinets, Microwave Ovens, Floors, Walls, Ceramic Tile, Stainless Steel, Chrome, Fiberglass, Porcelain Surfaces and More - Tubs, Showers, Basins, and Chrome Fixtures. For all other surfaces, spot test in an inconspicuous area.

OR

With this hardworking S.C. Johnson Commercial Markets, Inc. product, your home not only looks clean, it's microscopically clean. Unlike ordinary glass and surface cleaners, this scientifically advanced formula leaves a brilliant, streak-free shine, plus kills common household germs: *Salmonella choleraesuis* (Salmonella), *Streptococcus pyogenes* (Strep), *Staphylococcus aureus* (Staph), *Trichophyton mentagrophytes* (Athlete's Foot Fungus), *Pseudomonas aeruginosa* (Pseudomonas), *Escherichia coli* (E. coli), *Campylobacter jejuni* and *Shigella dysenteriae* and viruses: Herpes simplex virus type 1 (causes cold sores), Herpes simplex type 2 (causes genital herpes), Influenza A2 (Hong Kong), Respiratory Syncytial Virus (RSV) and Rhino virus type 37 on environmental surfaces.

S.C. Johnson Commercial Markets, Inc. science has combined the best glass and surface cleaning technology with antibacterial disinfectants so you can get a clean, shiny surface, while killing household germs. Perfect for high-touch areas like doors, windows, tabletops, appliances and countertops, where food germs, hand prints, or pet smudges appear.

Use throughout your home to clean, shine, and disinfect on shiny surfaces like glass, windows, mirrors, countertops, appliances, chrome, stainless steel, aluminum, ceramic tile, porcelain surfaces, fiberglass, and patio doors. For all other surfaces, spot test in an inconspicuous area. Not recommended for wood or varnished surfaces.

(TO OPERATE: Rotate nozzle to "ON" position and spray.)

Directions For Use for trigger foamer:

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

TO CLEAN. hold 6-8 inches from surface. Spray with quick, full strokes. Allow foam to penetrate dirt and soap scum. Wipe with wet cloth or sponge, rinse with water.

TO DISINFECT, reapply covering entire surface with foam. Allow surface to remain wet for 10 minutes. Then wipe.

TO PREVENT MOLD AND MILDEW GROWTH on hard, nonporous surfaces, spray thoroughly. Reapply as new growth appears.

TO REFILL: Remove trigger sprayer from empty, bottle. Unscrew cap on refill and pour contents directly into empty bottle. Replace trigger sprayer and use as you normally would.

FOR FLOORS AND BIG JOBS: Mix 1 cup of Crew® 10 with 1 gallon of water. Apply with mop or sponge. Cleans all washable floors including no-wax, linoleum, vinyl, and ceramic tile. Use full strength for tough greasy stains. For spot cleaning floors, apply straight from bottle and wipe clean with damp sponge or mop.

When using on food contact surfaces such as countertops, stoves or appliances, thoroughly rinse all wetted and cleaned surfaces with potable (tap) water. Make sure the product does not contact food.

Directions For Use for non-foamer trigger:

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FOR GENERAL HOUSEHOLD CLEANING, hold 6-8 inches from surface, spray surface then wipe with a dry paper towel or lint-free cloth. No rinsing necessary.

TO DISINFECT/DEODORIZE reapply covering entire surface with spray. Allow surface to remain wet for 10 minutes. Then wipe.

TO PREVENT MOLD AND MILDEW GROWTH on hard, nonporous surfaces, spray thoroughly. Reapply as new growth appears. Do not use on eating utensils, plates or glasses.

TO REFILL: Remove trigger sprayer from empty bottle. Unscrew cap on refill and pour contents directly into empty bottle. Replace trigger sprayer and use as you normally would.

FOR FLOORS AND BIG JOBS: Mix 1 cup of Crew® 10 with 1 gallon of water. Apply with mop or sponge. Cleans all washable floors including no-wax, linoleum, vinyl, and ceramic tile. Use full strength for tough greasy stains. For spot cleaning floors, apply straight from bottle and wipe clean with damp sponge or mop.

When using on food contact surfaces such as countertops, stoves or appliances, thoroughly rinse all wetted and cleaned surfaces with potable (tap) water. Make sure the product does not contact food.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS:

CAUTION: CAUSES EYE IRRITATION. Avoid contact with eyes.

FIRST AID: In case of contact, immediately flush eyes with plenty of water. Get medical attention if irritation persists.

STORAGE: Store out of reach of children.

DISPOSAL: Do not reuse empty container; discard in trash.

(For containers greater than one gallon)

STORAGE AND DISPOSAL:

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE:

Store out of reach of children. Do not reuse empty container with any other product. Rinse thoroughly before discarding in trash.

CONTAINER DISPOSAL:

Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by State or local authorities, by burning. If burned, stay out of smoke.

PESTICIDE DISPOSAL:

Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

(For containers 5 gallons and larger)

ENVIRONMENTAL HAZARDS

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting agency has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water board or Regional Office of the EPA.
