

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Antimicrobials Division (7510C)
1200 Pennsylvania Avenue NW
Washington, D.C. 20460

EPA Reg.

Number:

70627-57

Date of

Issuance:

MAR - 8 2007

Term of Issuance:

Conditional

Name of Pesticide Product:

Chlorine Bleach Sanitizer

NOTICE OF PESTICIDE:

x Registration
Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

JohnsonDiversey, Inc.
Morris Corporate Center IV
8310 16th Street
P.O. Box 902
Sturtevant, WI 53177

Note: Changes in labeling, formulation, or other information for a pesticide registered under this Act must be accepted by the Registration Division before EPA registration number...

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act.

This product is conditionally registered in accordance with FIFRA sec 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for re-registration of your product under FIFRA section 4.

2. Make the labeling changes listed below before you release the product for shipment:

a. Revise the "EPA Registration Number to read, "EPA Reg. No. 70627-57".

Signature of Approving Official:

Product Manager Team-32
Regulatory Management Branch II
Antimicrobials Division (7510P)

Date:

MAR - 8 2007

EPA Registration No. 70627-57

b. Signal word is "**DANGER**".

c. The Precautionary statements must state:

DANGER: CORROSIVE. "Causes irreversible eye damage. Harmful if inhaled or swallowed. Do not get in eyes or on clothing. Avoid breathing dust. Wear goggles or face shield. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

d. This product meets Agency criterion for Child Resistant Packaging (CRP) based upon the submitted data, which places it in toxicity category I for primary eye irritation. Please submit CRP information.

e. The proposed label claims that the product, Chlorine Bleach Sanitizer, is an effective laundry sanitizer against the following microorganisms when 0.12 ounce per gallon (58 ppm available chlorine, a 2/1066.67 dilution) in wash water up to 200 ppm hard water for a 10 minute contact time with a minimum temperature of 95°F (i.e., 35°C):

Staphylococcus aureus
Klebsiella pneumoniae
Pseudomonas aeruginosa
Staphylococcus aureus (MRSA)

You **must** change all "50 ppm available chlorine" levels to read "55 or 58 ppm available chlorine" everywhere it appears on the label.

f. You must submit Storage Stability and Corrosion Characteristics data performed on this product under GLP compliance.

3. Submit three (3) copies of your final printed labeling before distributing or selling the product bearing the revised labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Emily Mitchell
Product Manager 32
Regulatory Branch II
Antimicrobials Division (7510C)

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice.

IN CASE OF EMERGENCY, CALL A POISON CONTROL CENTER OR DOCTOR FOR TREATMENT ADVICE.
1-800-351-7145
 Have the product container or label with you when calling a Poison Control Center or doctor or going in for treatment.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

See additional precautionary statements on back (side) (left) (right) (panel) (of) (label) (below).

Chlorine Bleach Sanitizer
EPA Reg. No. 70627-XX

Note to Agency: Text appearing in parenthesis or brackets is done to show optional text.

Chlorine Bleach Sanitizer is recommended for use as a laundry sanitizer in (on-premise) commercial, industrial, institutional, medical facilities, hospitals, nursing homes, hotels, motels, schools, universities, correctional facilities, and other (commercial) institutional laundries.

Not recommended for use on uniforms or other clothing with metal snaps.

Do not use on colored fabrics (unless fabrics are pre-tested for color fastness).

(MARKETING CLAIMS): (Note to EPA - This text will only appear on the appropriate container.)

Revoflow™ Dispensing System (160 oz. containers) - For use with (JOHNSONDIVERSEY™) (REVOFLOW™) Brand Dispensing Equipment. Use as directed by your JohnsonDiversey Representative. Dispense automatically with JohnsonDiversey dispenser. (This) packaging offers Reduced Exposure To Concentrate Due To Closed Transfer System. Your JohnsonDiversey representative will verify (using a chlorine test kit or titration method) and adjust the dosage to provide the correct concentration in the wash machine(s).

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For Use as a (Commercial) (Institutional) (Industrial) Laundry Sanitizer:

Using the appropriate JohnsonDiversey dispenser, dispense Chlorine Bleach Sanitizer into the (wash/bleach) step. Dispense with water. Chlorine Bleach Sanitizer is effective in water of up to 200 ppm hardness. Treat the laundry for 10 minutes at minimum temperature of 95°F (35°C).

When added at a rate of 0.12 oz/gal of water at 95°F (35°C), to give 50 ppm chlorine, this formula provides sanitization against *Staphylococcus aureus*, *Klebsiella pneumoniae*, *Pseudomonas aeruginosa*, and Methicillin-resistant *Staphylococcus aureus* (MRSA).

Use a chlorine test kit to verify concentration (and) (&) adjust dosage, as necessary, to obtain the required level of 50 ppm available chlorine.

Manual Instructions) For Use as a (Commercial) (Institutional) (Industrial) Laundry Sanitizer:

Add this product manually at a rate of 0.12 oz/gal of water at 95°F (35°C), to give the required level of 50 ppm chlorine. Adjust concentration as needed to achieve the desired results.

Quantity of Water	Amount of Chlorine Bleach Sanitizer
15 gallons	1.8 ounces
25 gallons	3 ounces
35 gallons	4.2 ounces
50 gallons	6 ounces

Use a chlorine test kit to verify concentration (and) (&) adjust dosage, as necessary, to obtain the required level of 50 ppm available chlorine.

5/6

Note to Agency: Text appearing in parenthesis or brackets is done to show optional text.

For Use as a Laundry Destainer/Deodorizer:

Use with automatic dispensing equipment to feed directly from this container to the washer. Dispense with water. Consult your representative for additional information.

Use a chlorine test kit to verify concentration (and) (&) adjust dosage, as necessary, to obtain the desired level of available chlorine.

(Manual Instructions) For Use as a Laundry Destainer/Deodorizer:

Add this product manually at a rate of 0.12 oz/gal of water at 95°F (35°C), to give 50 ppm chlorine. Adjust concentration as needed to achieve the desired results.

<u>Quantity of Water</u>	<u>Amount of Chlorine Bleach Sanitizer</u>
15 gallons	1.8 ounces
25 gallons	3 ounces
35 gallons	4.2 ounces
50 gallons	6 ounces

Use a chlorine test kit to verify concentration (and) (&) adjust dosage, as necessary, to obtain the desired level of available chlorine.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Store this product in a cool dry area, away from direct sunlight and heat to avoid deterioration.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill or incineration or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

(Sealed Dispenser Cartridges)

Do not reuse. Wrap empty container and put in trash. [Note to Agency: Please note that dispenser cartridges cannot be triple rinsed because they are closed sealed containers designed to reduce worker exposure to the product.]

ENVIRONMENTAL HAZARDS *(for containers of 50 pounds or more)*

This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting agency has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

6/6

Note to Agency: Text appearing in parenthesis or brackets is done to show optional text.

PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes irreversible eye damage. Do not get in eyes or on clothing. Harmful if swallowed or inhaled. Wear chemical splash-proof goggles or face shield when handling this product. Avoid breathing dust. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Remove and wash contaminated clothing before reuse.

PHYSICAL OR CHEMICAL HAZARDS

STRONG OXIDIZING AGENT: Mix only with water.

DO NOT MIX WITH ACIDS, RUST REMOVERS, SOURS, AMMONIA OR ANY OTHER PRODUCT OR CHEMICAL. Can react to release chlorine or other hazardous gases.

PELIGRO

Si no puede leer en inglés, pregunte a su supervisor sobre las instrucciones de uso apropiadas antes de trabajar con este producto.
