NOTICE OF PESTICIDE
X Registration
____ Reregistration
(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Cargill Inc.
12900 Whitewater Drive, MS #75
Minnetonka, MN 55343

Send to: Jacqueline Hogue
11907 McGee Court
Spotsylvania, VA 22553

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby reregistered under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA).

Registration is in no way to be construed as an endorsement or approval of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is registered in accordance with FIFRA Sec. 3 (c)(7) (A) provided that you comply with the following requirements.

1. Submit/cite all data required for the registration of your product when the Agency requires all registrants of similar product to submit data.
2. Make the changes to the labeling that are listed below before you release the product for shipment:
 - a. Revise the EPA Registration Number to read: "EPA Reg. No. 70728-2".

Signature of Approving Official:

Cynthia Giles-Parker
Product Manager 22
Fungicide Branch, Registration Division 7505C)

Date:

NOV 20 2002

3. On your Confidential Statement of Formula (CSF) designated as basic in Block A, your supplier Celanese Chemicals is acceptable. Your alternate suppliers Eastman Chemical Company and Dow Chemical Company are unacceptable on this basic CSF. Submit a corrected CSF within 5 days from the date of this notice.

Please note that regulations specify that one formulation must be designated as your basic. On your CSF designated as alternate in Block A, your supplier BASF Corporation is acceptable.

4. Submit one copy of your final printed labels before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA Section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

Please note if you would like to use Eastman Chemical Company and Dow Chemical Company as alternate suppliers, you may do so by listing these suppliers on your CSF designated as alternate in Block A. If these suppliers are used, submit a new CSF, and Formulators Exemption form. Also, you must submit a new data matrix identifying all generic and product specific data to support your product.

A stamped copy of your label is enclosed.

PR•MOTE

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

ProChek GP 77 L is a buffered propionic acid for use as a fungistat to reduce mold growth during storage. It can be used post-harvest on cereal grains (barley, corn, oat, sorghum, and wheat). Treated grain should be kept in covered storage until subsequently used as an animal feed ingredient.

Apply ProChek GP 77 L at the rate of 2 to 15 pounds per ton of grain. Use calibrated metering applicator and appropriate equipment to ensure maximum distribution. Application rate will depend on storage conditions (moisture content and duration of storage*).

Duration	Grain Moisture Content, Percent by Weight			
	10-12%	12-14%	14-16%	16-18%
Up to 3 months	2 lbs/ton	4 lbs/ton	6 lbs/ton	9 lbs/ton
Up to 6 months	4 lbs/ton	6 lbs/ton	9 lbs/ton	12 lbs/ton
Up to 12 months	6 lbs/ton	8 lbs/ton	11 lbs/ton	15 lbs/ton

*Not recommended for use in open storage or grain moisture content greater than 18%.

Clean storage area prior to use. Protect treated grain from moisture via storage in wooden, concrete, or metal bins (or similar covered storage areas). Use plastic to protect concrete and metal surfaces against corrosion and to waterproof concrete or dirt floors. Do not store treated grain with untreated grain in same storage area. Follow normal ventilation procedures to prevent moisture condensation.

Storage and Disposal

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Store product in dry area, above 45° F (7° C). Store away from heat.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

DANGER

Corrosive. Causes irreversible eye damage and skin burns. Do not get in eyes. Wear protective clothing and goggles. Harmful if swallowed, inhaled, or absorbed through skin. Avoid contact with skin or clothing. Avoid breathing vapor. Remove contaminated clothing and wash clothing before reuse. Wear chemical resistant gloves and chemical resistant footwear. Wash thoroughly with soap and water after handling.

Environmental Hazards

Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment wash waters.

For Agricultural Use Only

This product is intended as a source of buffered organic acid. Buyer assumes all responsibility of use, storage and handling of this product. Cargill, Incorporated makes no claims or warranties expressed or implied, except those set forth above, due to conditions and uses by buyer beyond the control of Cargill, Incorporated.

**KEEP OUT OF REACH OF CHILDREN
DANGER**

FIRST AID

- IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
- IF SWALLOWED:** Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
- IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.
- IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage.
