

STATEMENT OF PRACTICAL TREATMENT:

IF IN EYES: Hold eyelids open and flush with a steady, gentle stream of water for 15 minutes. Get medical attention. **IF SWALLOWED:** Call a doctor or get medical attention. Do not induce vomiting. Drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol. **IF INHALED:** Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention. **IF ON SKIN:** Wash with plenty of soap and water. Get medical attention if irritation persists.

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS:

WARNING: Causes substantial but temporary eye irritation. Harmful if swallowed, absorbed through the skin or inhaled. Avoid contact with eyes, skin or clothing and avoid breathing vapor or spray mist. Wear goggles and face shield. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

ENVIRONMENTAL HAZARDS:

Do not discharge effluent containing this active ingredient into lakes, streams, ponds, estuaries, oceans, or public waters unless this product is specifically identified and addressed in a NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL:

DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL

STORAGE: Store in a dry place away from extreme heat and cold (tightly closed at +15°C to +25°C). Keep container closed when not in use. In the event of spillage or leakage, soak up material with absorbent clay, sand, sawdust, or other absorbent material. Scrape up and dispose of in accordance with information given under PESTICIDE DISPOSAL. Repackage and relabel useable product in a sound container. In case of fire or other emergency, contact Chemtrec Emergency telephone no. (800)424-9300.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities, such as burning. If burned, stay out of smoke.

NOTICE: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use, or after. Neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or conditions not reasonably foreseeable to Seller, and Buyer assumes the risk of any such use.

IR3535®
(INSECT REPELLENT 3535)
For Use Only in the Formulation
of Insect Repellent Products

KEEP OUT OF REACH OF CHILDREN
WARNING
STOP - READ LABEL BEFORE USE

ACTIVE INGREDIENT:

3-[N-Butyl-N-acetyl]-aminopropionic
acid, ethyl ester, CAS# 52304-36-6

> 98.0 %

INERT INGREDIENTS

< 2.0 %

TOTAL

100.0 %

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Only for formulation into end-use insect repellents registered by the formulator for use against mosquitoes, deer ticks, body lice and biting flies.

Water- and alcohol-based formulations may be prepared by addition of various agents, such as emulsifiers or polymers to increase viscosity, prior to addition of the water-insoluble IR3535®. Mixtures are usually homogenized and may be heated to 75°C and then cooled to promote development of stable suspensions. The inert ingredients (e.g. emollients, UV filters, neutralizers) may be added at various times during the process depending upon whether they are water soluble or insoluble.
