

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

DEC 21 2007

Biosensory, Inc.
c/o Ms. Amy Plato Roberts
Technology Sciences Group
1150 18th Street, N.W.
Suite 1000
Washington, D.C. 20036

Subject: Product Name: Mosquito Cognito
EPA Registration No. 70909-2
Label amendment to update First Aid Statements in compliance with PR Notice 2001-1, modify optional labeling claims, and add distributor text.
Response dated 12/18/07 in response to 12/13/07 Agency letter

Dear Ms. Roberts:

The amendment referred to above, submitted in connection with registration under FIFRA section 3(c)(5), is acceptable provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Submit five (5) copies of your final printed labeling before you release the product for shipment. Final printed labeling means the label or labeling of the product when distributed or sold. Clearly legible reproductions or photo reductions will be accepted for unusual labels, such as those silk-screened directly onto glass or metal containers or large bags or drum labels.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

If you have any questions contact Andrew Bryceland at 703-305-6928 or by e-mail at: bryceland.andrew@epa.gov. A stamped copy of the label is enclosed for your records.

Sincerely,

Linda A. Hollis, Chief
Biochemical Pesticides Branch
Biopesticides and Pollution
Prevention Division (7511P)

mosquito 'cognito®

Replacement Scent Cartridges

(Alternate Brand Name: Conceal® Inhibitor Cartridges)

(Optional text: 3 PACK CONCEAL® INHIBITOR CARTRIDGES)

Nothing can ruin a backyard barbecue or pool party faster than swarms of mosquitoes. They are able to detect the scent of people from up to 100 yards away. When a mosquito picks up your scent, it zooms in for its next meal – ouch! Now there is **mosquito 'cognito®**. It makes it harder for mosquitoes to find you. In independent tests at a Florida mosquito-breeding site during peak mosquito activity (the two-hour period beginning at sunset), **mosquito 'cognito®** reduced landings by as much as 68% for a human test subject seated at the water's edge. The protection you receive depends on the insect activity in your backyard. Mosquitoes locate their victims by detecting exhaled carbon dioxide. **mosquito 'cognito®** emits a pleasant fragrance that masks carbon dioxide, making you invisible to mosquitoes.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

When mosquito control is desired, open the (**mosquito 'cognito®**) (product name) dispenser and (insert battery) (insert batteries) (insert one C-cell battery) (insert two AA batteries). Carefully peel off the foil covering from the (replacement scent cartridge) (product name), being careful not to touch the contents, and (place in the section of the dispenser below the fan) (place it below the fan). Close the cover and place the motorized dispenser on a flat surface. (Turn the unit on by sliding the switch upward.) You are now ready to enjoy your outdoor activities. Use a dispenser for every 64 square feet (8 ft. X 8 ft.) of patio or deck. Replace after 14 days continuous use, or when fragrance diminishes.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

Caution: Contents of (replacement scent cartridges) (product name) (refill) are harmful if swallowed or if inhaled. Causes moderate eye irritation. Avoid inhalation, or contact with eyes or clothing. Wash hands thoroughly after opening the (replacement scent cartridge) (product name) (refill) if contact with contents occurred.

Environmental Hazards

Do not apply directly to water. Do not contaminate water when disposing of (scent cartridges) (product name) (refill) or dispenser.

FIRST AID	
If inhaled	<ul style="list-style-type: none"> • Move person to fresh air, away from dispenser. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. • Call a poison control center or doctor for treatment advice.
If swallowed	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Have a person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If on skin or clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15 – 20 minutes. • Call a poison control center or doctor for treatment advice.
If in eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contacts, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
<p>Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-222-1222 for emergency medical treatment information.</p>	

Storage and Disposal

Storage: Store in original container in a cool, dry place.

If empty: Do not reuse this container. Place in trash or offer for recycling if available.

If partially filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
