Biopesticides and Pollution Prevention Division
(7511C) 401 M St., S.W.
Washington, D.C. 20460

EPA Reg. Number:

70909-4

Date of Issuance:

JUN 1 0 1999

NOTICE OF PESTICIDE:

__X Registration

____ Reregistration

(under FIFRA, as amended)

Conditional

Term of Issuance:

Name of Pesticide Product:

The Dragonfly® Carbon Dioxide Canister

Name and Address of Registrant (include ZIP Code):

BioSensory Insect Control Corporation Windham Mills Technical Center 322 Main Street, Bldg. 1, 2nd Floor Willimantic, CT 06226-3149

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Biopesticides and Pollution Prevention Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

- 1. Submit and/or cite all data required for registration/ reregistration of your product under FIFRA section 3(c)(5) and section 4 when the Agency requires all registrants of similar products to submit such data.
- 2. Make the following label changes listed below before you release the product for shipment:
 - a. Place your company address under your company name.
 - b. Modify the PRECAUTIONARY STATEMENTS heading so that it appears in capitalized letters and that it is moved directly above the Hazards to Humans and Domestic Animals heading.
 - c. Modify the FIRST AID section so that it is above the PRECAUTIONARY STATEMENTS heading.
 - d. Place the statement "For Outdoor Use Only" and the claim "Attracts Certain Mosquitoes and Other Biting Flies" on the cylinder label.

- 3. Submit a revised Confidential Statement of Formula (CSF) that also lists the percent of pure active ingredient as 99.8% due to the purity of your active ingredient source. You must also provide upper and lower certified limits. Your CSF dated 6/2/99 is the basic and only CSF approved for this product.
- 4. Submit five(5) copies of the revised final printed labeling before you release the product for shipment. You must also submit the final labeling used for the dragonfly system for our files. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Janet L. Andersen, Ph.D.

Director

BioSensory Insect Control Corp. Carbon Dloxide Cylinder Label

the dragonfly® Carbon Dioxide Canister for use in the Dragonfly® System

Keep Out of Reach of Children Precautionary Statements

WARNING

Hazards to Humans and Domestic Animals May be fatal if inhaled. Do not breath vapor. FIRST AID

If inhaled: Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To Install or replace the Dragonfly® Carbon Dioxide Canister:

Disconnect the power supply to the Dragonfly® Electronic Unit and remove the bottom cover. Unscrew the Carbon Dioxide Canister by turning it counter-clockwise. Remove the plastic cover from the valve on the replacement Carbon Dioxide Canister. Take care to protect the "O"-ring on the outside of the valve. Insert the Carbon Dioxide Canister valve-first into the cylindrical housing in the center of the unit. Screw the valve into the receptacle at the bottom of the cylindrical housing by turning the Carbon Dioxide Canister clockwise. Hand tighten only. Replace the bottom cover of the Dragonfly® Electronic Unit, connect the power, turn the unit on and depress the RESET button to set the Carbon Dioxide meter to zero. In every day use, the Carbon Dioxide Canister will last 30 days.

When a one week supply of the Carbon Dioxide remains, the red CO₂ light will illuminate. If you hear the discharge valve "click" but do not hear the "puff" of the CO₂ release, the Carbon Dioxide Canister is completely empty and must be refilled or exchanged for a full one.

Storage and Disposal

Store this product in a cool, dry place and out of the reach of children until ready to use. To refill the Carbon Dioxide Canister, visit our website at www.biosensory.com or call (860) 423-3009 for an authorized dealer in your area.

Warranty and Disclaimer
BioSensory Insect Control Corporation makes no warranty of merchantability, fitness for any particular purpose or otherwise, express or implied, concerning this product or its uses which extend beyond the use of the product under normal conditions in accord with the statements made on this label.
