Ms. Ruth Ann Harman
Product Registration
OR-CAL, Inc.
29454 Meadowview Rd.
Junction City, OR 97448

SUBJECT: Application for Pesticide Notification (PRN 2008-1)
Request Environmental Hazard Statement
EPA Reg. No. 71096-12
Application Dated July 10, 2008

Dear Ms. Harman:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 2008-1 dated 07/10/08 for the above product. The Registration Division (RD) has conducted a preliminary screen of this request for its applicability under PRN 98-10 and finds that the action(s) requested fall within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records.

If you have any questions, please call me directly at 703-305-6249 or Owen F. Beeder of my staff at 703-308-8899.

Sincerely,

A handwritten signature in black ink, appearing to read "Linda Arrington".

NOTIFICATION

JAN 15 2009

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS**

CAUTION: Harmful if inhaled or absorbed through skin. Causes eye irritation. Avoid breathing spray mist. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. This pesticide may be fatal to dogs or other pets if eaten. Keep pets out of treated area. Do not allow pets to play on treated areas until sprays have dried.

FIRST AID

Have the product container or label with you when calling a poison control center, or going for treatment.

If swallowed	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for further treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If on skin or clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for further treatment advice.
If inhaled	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. • Call a poison control center or doctor for further treatment advice.
If in eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for further treatment advice.

ENVIRONMENTAL HAZARDS

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treated area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems.

DIRECTIONS FOR USE (Version A)

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For household use only.

GO-WEST SLUG KILLER controls slugs and snails in ornamental plants in your garden. Begin applications as early as February and continue with treatments as needed into the fall.

HOW TO USE: SHAKE WELL BEFORE USING.

1. Connect spray nozzle to garden hose. Be sure that valve is in "off" position.
2. Attach dip tube to the spray nozzle.
3. Remove cap and screw bottle onto nozzle. Turn on water.
4. Switch valve to "on" position to start flow of water. Use valve to shut off flow of water at any time.
5. Spray directly over area requiring application evenly and uniformly.

SPRINKLING CAN

Mix 3 ounces (6 tablespoons) GO-WEST SLUG KILLER per gallon of water. Apply to 125 sq. ft. (an area approximately 12 feet by 10 feet).

HOSE-END SPRAYER

Use 3 ounces (6 tablespoons) GO-WEST SLUG KILLER for each gallon of water delivered by your sprayer. Apply one gallon of this mixture to 125 sq. ft. (an area approximately 12 feet by 10 feet).

For complete control, cover entire area. GO-WEST SLUG KILLER should be applied in the evenings as slugs feed mostly at night. Re-apply after 2 weeks or after heavy rain. **DO NOT USE ON VEGETABLE GARDENS.**

DIRECTIONS FOR USE (Version B)

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For household use only.

What is this product? And what will it do?

Lilly Miller GO-WEST SLUG KILLER stops these pests from devouring your favorite flowers, sliding across your lawn and covering your driveway or patio. It goes on quickly and easily reaches those hard-to-bait areas under shrubs, on hillsides and rock gardens.

This easy-to-use container attaches right to your garden hose, so there is no mixing. Use only what you need, then put it away for next time.

Page 4 Lilly Miller GO-WEST SLUG KILLER

How do I use this product?

When to use: Snail and slugs can be active all through the year, if conditions are right. The damage they cause is most visible as gardens get into full swing in early spring. During hot weather, they are often forced to find protection from the heat, but you will see their damage increase as rains returns in the fall. To keep snails and slugs under control for the entire season, spray with Lilly Miller GO-WEST SLUG KILLER.

Snails and slugs prefer moist areas during the day and come out of hiding at night. Spray in the evenings, just before dark.

What to do: Slugs hide under pots, fallen leaves, boards, and any other debris left around the yard. Get rid of as many of these hiding places as possible, before you start spraying. In the evening, spray around flowers, shrubs and trees. Mulched beds and bark dust areas are good hiding places for snails and slugs. Be sure to spray these places.

TO USE THIS SPRAYER:

1. Before you start, the gold knob should be pointing away from the triangle on the spray head. If it cannot be turned, push it out from the back. The red knob should be in the OFF position.
2. Shake the container well and attach it to your garden hose.
3. Turn on the water from the faucet.
4. When you are ready to spray, turn the gold knob so that it points at the triangle on the spray head and push it in.
5. Turn the red knob one-quarter turn and begin spraying.
6. When you are finished spraying or if you have to stop spraying at any time, turn the red knob back to the OFF position.
7. Push the gold knob out from the back and turn it. This seals the container.
8. Turn off the water from the faucet.
9. Turn the red knob ON then OFF, to drain the water from the hose.
10. Unhook the container from the hose and store it carefully or throw it away.

3. When you are finished

This product may separate, but this does not affect the way it works. Simply shake well before using.

Page 5 Lilly Miller GO-WEST SLUG KILLER

This whole bottle will cover 1,000 sq. ft. (approx. 50' x 20'). One quarter of the bottle (see markings on the side) will cover 250 sq. ft. (approx. 25' x 10'). Let the spray dry before you let adults, children or pets back into the area.

What not to do: Do not spray GO-WEST SLUG KILLER on vegetables or in the vegetable garden. Do not allow the product to form puddles which may attract pets. Do not let adults, children or pets onto the area until the spray has dried.

What will I see?

GO-WEST SLUG KILLER does not drop snails and slugs in their tracks. They often crawl away to die, so you will not see mounds of these pests lying about. But you will not see snails and slugs on the patio each evening and you will not hear them crunch or squish underfoot. Your flower seedlings will live to adulthood, and there will be fewer holes in the leaves of the ornamental plants in your garden.

STORAGE AND DISPOSAL

STORAGE: Store this product in its original container and keep in a secure area out of reach of children and domestic animals. To store partially-used container, reseal the container as directed above.

DISPOSAL: **If empty:** do not reuse this container. Place in trash or offer for recycling if available. **If partly filled:** call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

NOTICE: Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling when such use and/or handling is contrary to label instructions.
