Sinanen Zeomic Company, Ltd
1150 18th Street, NW, Suite 1000
Washington, DC 20036

Subject: Label Amendment – Addition of use sites
Product Name: Zeomic Type AV Silver Zeolite A
EPA Registration Number: 71227-6
Application Date: August 31, 2015
Decision Number: 508899

Dear Ms. Wacek:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

EPA Reg. No. 71227-6
Decision No. 508899

with FIFRA section 6. If you have any questions, please contact Seiichi Murasaki at murasaki.seiichi@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Julie Chao". The signature is fluid and cursive, with the first name "Julie" being more prominent than the last name "Chao".

Zeomic® Type AV Silver Zeolite A

A preservative and bacteriostatic agent for use in the
manufacture of polymer, plastic and latex products.

For commercial and industrial use.

Active Ingredient:

Silver	0.3 %
Other Ingredients	99.7 %
Total	100.0 %

ACCEPTED

Sep 11, 2015

Under the Federal Insecticide, Fungicide
and Rodenticide Act as amended, for the
pesticide registered under
EPA Reg. No. 71227-6

KEEP OUT OF REACH OF CHILDREN

CAUTION

Standard 51 Listed

Directions for Use

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For all uses listed*:

- * Do not incorporate this product into any food contact polymer unless the subject food contact polymer is approved and listed in 21 CFR, Parts 174 through 186 (inclusive), or in the United States Food and Drug Administration's "Food Contact Substance Notification System." Any incorporation of this product into an approved and listed food contact polymer must comply with the specific use conditions listed in 21 CFR, Parts 174 through 186 (inclusive), or in the United States Food and Drug Administration's "Food Contact Substance Notification System," for such food contact polymer. Any incorporation of this product into any food contact substance (including but not limited to non-polymer substances) other than an approved and listed food contact polymer is prohibited.
- * This product may be used for the following human drinking water contact uses:
 - water filter components and housing units
 - water bottle dispensers and components
 - water dispensers
 - ice machine trays
 - ice machine bins
 - ice machine water hoses
 - ice dispensers and other ice machine components
 - water bottles
 - cups
 - water storage vessels
- * This product may be incorporated into food and water bowls, dishes and other containers used by domestic animals. Do not use for any food or drinking water applications involving non-domestic animals.

Zeomic® Type AV Silver Zeolite A is an antimicrobial additive to be used by compounding into many polymeric materials. It is designed to be incorporated during the manufacturing process to impart antimicrobial activity to the manufactured products. *Zeomic® Type AV Silver Zeolite A* suppresses the growth of algae, mold, mildew, fungi and bacteria which cause unpleasant odors, discoloration, staining or deterioration only. No finished product incorporating *Zeomic® Type AV Silver Zeolite A* may make any public health claims relating to antimicrobial activity without first obtaining an EPA registration for the finished product which permits such claims, and without a tolerance or exemption from the requirement of a tolerance. When incorporated into treated articles, this product does not protect users of any such treated article or others against food borne or disease causing bacteria, viruses, germs or other disease causing organisms.

Types of Finished Products

Plastics - including films, sheets, slabs, and molded plastic parts

The additive may be incorporated into the finished product at up to 20.0% by weight or at least 0.3% for bulk plastics. Contact Sinanen Zeomic Company Ltd. to determine the appropriate amount of Zeomic® Type AV Silver Zeolite A for individual finished products.

Food contact* and non-food contact uses:

Appliances and equipment	Food wrap (including coated deli paper, coated meat interleavers and plastic wrap)
Beverage processing equipment (including mixers, transfer equipment, pumps, bottlers, canners, bottles, dispensers and fermenters)	Gaskets
Brush bristles	General purpose containers
Conveyor belts	Kitchen and food processing utensils and supplies
Countertops	Liners
Cups	Non-woven fabrics
Cutting boards	Packaging
Dishes	Plastic film
Food and drink containers	Shelving, cookers, grinders, choppers, peelers and countertops
Food processing equipment (including slicers, formers, juicers, washers, canners, freezers, refrigerators, food trays and covers)	Sinks
	Sponges
	Tiles
	Tubing

Non-food contact uses only:

Automobile parts	Plumbing supplies and fixtures (including toilet bowl seats)
Brush handles	Protective covers
Cameras and imaging equipment	Shower curtains
Electrical wiring devices and wall plates	Siding for housing
Floor coverings	Spas, bathtubs, showers and filters and components thereof
Flooring	Tape
Footwear (including boots, sports equipment and tools)	Telephones, mobile devices, head phones, headsets and accessories
Indoor and outdoor furniture	Toys (claims allowed: odor, discoloration, staining, deterioration)
Insulation for wire and cable	Vacuum cleaner bags
Insulators	Waste containers
Kitchen and bathroom hardware	
Mats	
Mops	

Fibers

The additive may be incorporated into the finished product at up to 20.0% by weight or at least 0.5% for fibers. Contact Sinanen Zeomic Company Ltd. to determine the appropriate amount of Zeomic® Type AV Silver Zeolite A for individual finished products.

Food contact* and non-food contact uses (in all cases, when the article itself is an approved polymer, or as an approved polymer coating on an article):

Bags

Brush bristles

Clothing apparel (including uniforms, outerwear, gloves, aprons, coats and shoes)

Sponges

Filters

Kitchen, commercial and industrial wipes and fabrics

Napkins, tablecloths and wiping cloths

Packaging (including bags, sacks, wraps, cushion and absorbent materials, and containers)

Conveyor belts

Non-food contact uses only (in all cases, when the article itself is an approved polymer, or as an approved polymer coating on an article):

Interior furnishings -

Blankets

Carpet and carpet underlay

Curtains

Cushion pads

Draperies

Fiberfill for quilts and pillows

Mattress cover pads and filling

Mops

Pillow covers

Rugs

Sheets

Sleeping bags

Towels

Upholstery

Wall covering fabrics

Sportswear

Stockings

Trim for outerwear and garments

Umbrellas

Undergarments

Transportation –

Automotive and truck upholstery

Carpeting

Convertible tops

Interior liners

Rear decks

Trunk liners

Industrial and Other Household Items -

Artificial leather

Awnings

Book covers

Cloth for sails

Filters

Mops

Ropes

Tents and other outdoor equipment

Tarps

Apparel –

Caps

Helmets

Inner liners for jackets

Outerwear

Sleepwear

Socks and hosiery

Coatings, Films and Laminates

The additive may be incorporated into the finished product at up to 20.0% by weight, or at least 0.05% for paper or 0.3% for bulk plastics. Contact Sinanen Zeomic Company Ltd. to determine the appropriate amount of Zeomic® Type AV Silver Zeolite A for individual finished products. Types of coatings include water-borne, solvent-borne, 100% solids, radiation cure, liquid and powder.

Food contact* and non-food contact uses (in all cases, as an approved polymer coating for the article):

Appliances and food processing equipment (including slicers, formers, juicers, washers, canners, freezers, refrigerators, shelving, cookers, grinders, choppers, peelers and countertops)

Beverage processing equipment (including mixers, transfer equipment, pumps, bottlers, canners and fermenters and dispensers)

Building materials and components (including walls, hardware, floors, ceilings and components thereof for kitchen, commercial and industrial applications)

Countertops

Collection and storage equipment (including conveyor belts, piping systems, silos, tanks and process vessels)

Cookware

Cutting boards

Dishes

General purpose containers

Food wrap (including coated deli paper, coated meat interleavers and plastic wrap)

Kitchen, commercial and industrial utensils and supplies

Packaging

Paper products (including wipes and tissues)

Natural and synthetic fibers and fabrics

Sinks

Non-food contact uses only (in all cases, as an approved polymer coating for the article):

Automotive and vehicular parts

Barrier fabrics

Concrete

Floors

Furniture

Glazing for cement tile

Glazing for vitreous china used in plumbing fixtures (including toilets, sinks, countertops)

Industrial equipment

Mobile phone

Packaging

Paper products (including wall coverings, towels, book covers)

Roofing

Shingles

Siding

Wallboard

Walls

Adhesives and Sealants

The additive may be incorporated into the finished product at up to 20.0% by weight, or at least 0.05% for paper or 0.3% for bulk plastics. Contact Sinanen Zeomic Company Ltd. to determine the appropriate amount of Zeomic® Type AV Silver Zeolite A for individual finished products.

Food contact* and non-food contact uses (in all cases, when used in approved polymers incorporated into adhesives or sealants):

Grout and joint compound for; countertops, architectural elements and food and beverage related equipment

Plumbing adhesives

Pipe sealants and insulating materials

Non-food contact uses only:

Adhesives used in the manufacture of wood and plastic composites

Adhesives for ceramic tile, wood, paper, cardboard, rubber and plastic

Adhesives, sealants and insulating materials for; appliances, bathrooms, showers, kitchens and construction

Glazing for windows

Grout

Sealants for pipes

Miscellaneous Applications

The additive may be incorporated into the finished product at up to 20.0% by weight. Contact Sinanen Zeomic Company Ltd. to determine the appropriate amount of Zeomic® Type AV Silver Zeolite A for individual finished products.

Non-food contact uses only:

Cat litter

Drainage and sewerage pipe

Flooring

Plaster

Sinks

Stucco

Slurries and intermediates

Tile

Toilets

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals. CAUTION: Harmful if inhaled or absorbed through skin. Causes moderate eye irritation. Avoid breathing dust. Avoid contact with skin, eyes or clothing. Wear goggles or face shield and rubber gloves when handling the dry powder. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove contaminated clothing and wash clothing before reuse.

FIRST AID	
If on skin or clothing	<ul style="list-style-type: none">• Take off contaminated clothing.• Rinse skin immediately with plenty of water for 15 – 20 minutes.• Call a poison control center or doctor for treatment advice.
If in eyes	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15 – 20 minutes.• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.• Call a poison control center or doctor for treatment advice.
If inhaled	<ul style="list-style-type: none">• Move person to fresh air.• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.• Call a poison control center or doctor for further treatment advice.
If swallowed	<ul style="list-style-type: none">• Call poison control center or doctor immediately for treatment advice.• Have person sip a glass of water if able to swallow.• Do not induce vomiting unless told to do so by the poison control center or doctor.• Do not give anything by mouth to an unconscious person.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	

Storage and Disposal

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Do not store in areas accessible to children. Keep product dry and containers covered during storage; store below 130°F.

Container Disposal: Nonrefillable container. Do not reuse or refill inner plastic bag or outer steel can. **Inner Plastic Bag:** Completely empty plastic bag into application equipment. Then offer for recycling if available or dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke. **Outer Steel Can:** Offer for recycling if available or reconditioning if appropriate, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities.

Pesticide Disposal: Wastes from the use of this product may be disposed of on site or at an approved waste disposal facility.
