Product No. 60105

**PRECAUTIONARY STATEMENTS:**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**  
**CAUTION.** Harmful if swallowed. Avoid contact with skin, eyes or clothing. Avoid breathing vapors or spray mist. Protective goggles and gloves or equivalent should be worn. Do not use in confined areas without proper ventilation. Avoid application during windy conditions.

**FIRST AID**

**If Swallowed:**

- Call a poison control center immediately for treatment advice.
- Have a person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

**If on skin or clothing:**

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center for treatment advice.

**If in eyes:**

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

**JOMAX® Kills Mildew Fast**

Use for outdoor cleaning or pre-paint mildew removal.

JOMAX is a patented concentrate containing a mildewcide, ChloroRelease bleach activator and detergents. JOMAX kills mold and mildew and removes dirt and stains on most exterior, painted, non-porous surfaces such as aluminum, vinyl and wood siding and trim, stained or painted decks and fences, stucco, brick and painted concrete or cement block. JOMAX is not recommended for indoor use.

**DIRECTIONS FOR USE:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Follow mixing chart to produce the desired quantity of cleaning solution.

Water	+ Bleach	+ JOMAX	= Cleaning Solution
3 1/4 quarts	2 1/4 cups	3/4 cups	1 gallon
6 1/2 quarts	4 1/2 cups	1 1/2 cups	2 gallons
4 gallons	3 quarts	1 quart	5 gallons

1. Pour water into a tank-type garden sprayer or plastic pail.
2. Add EPA registered household bleach, like Clorox®.
3. Shake JOMAX concentrate thoroughly.
4. Add JOMAX, then stir solution thoroughly.

**APPLICATION:** Test a small area before using. Apply with a tank-type garden sprayer, airless or chemical sprayer. Spray surfaces liberally. Wait 5 minutes and rinse well. Heavy mildew stains may need a second application. Textured surfaces may require light scrubbing. Spray sensitive plants with water before and after JOMAX application. This container makes 25 gallons of solution - enough to clean and treat a 5,000 square ft. two story home and more. Clean sprayer with water and baking soda or a non-ammonia cleaner.

**IMPORTANT:** Always follow manufacturer's precautions when using bleach. Use immediately after mixing. Cleaning solution life is 3 hours. Do not allow solution to contact fabrics. Mixture may be applied in areas adjacent to plants, shrubs and trees.
