 <p>U.S. ENVIRONMENTAL PROTECTION AGENCY Office of Pesticide Programs Registration Division (H7505C) 401 "M" St., S.W. Washington, D.C. 20460</p> <p>NOTICE OF PESTICIDE: <u> X </u> Registration <u> </u> Reregistration</p> <p>(under FIFRA, as amended)</p>	EPA Reg. Number: 71352-1	Date of Issuance: APR 29 1998
	Term of Issuance: Unconditional	
	Name of Pesticide Product: Tick and Flea Flicker Insecticide	
Name and Address of Registrant (include ZIP Code): Phenomena Ltd. Co. P.O. Box 523 Oologah, OK 74053		
<p>Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.</p> <p>On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p>This product is unconditionally registered in accordance with FIFRA sec. 3(c)(5). Once a pesticide is registered, however, it is not regarded as permanently acceptable. Registration does not eliminate the need for continual reassessment of pesticides. If the Agency determines that, at any time, additional data are required to maintain in effect an existing registration, the Agency will require submission of such data under FIFRA section (3)(c)(2)(B).</p> <ol style="list-style-type: none"> 1. Make the labeling changes listed below before you release the product for shipment: <ol style="list-style-type: none"> a. Add the phrase "EPA Registration No. 71352-1". b. Change "Statement of Practical Treatment" to "First Aid". 2. Since your product is used on domestic animals which includes dogs and cats, your labeling must be modified in the near future to comply with PR Notice 96-6. A copy of this notice is enclosed. Please note that all product shipped after October 1, 1998 should bear labeling which is consistent with this notice. Your supplier should be able to assist you with how to comply with this notice. 		
Signature of Approving Official  George T. LaRocca, Product Manager (13) Insecticide Branch Registration Division (7505C)	Date 4/29/98

EPA Reg. No. 71352-1

3. The alternate brand name **Roach Clip/Screeching Halt**, as well as sublabeling and directions for use to control roaches, etc. are acceptable. However, you should submit master labeling which includes all use patterns and pests for our records. Submit two (2) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Enclosures

EPA Reg. No. 71352-1
EPA Est. No.

Net Weight 2.0 oz. (56.7 gm)

ACCEPTED
with COMMENTS
in EPA Letter Dated

APR 29 1998

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, for the pesticide
registered under EPA Reg. No.

71352-1

Directions for Use

It is in violation of Federal law to use this product in a manner inconsistent with its labeling. For use on domestic animals and animal bedding.

Aids in the Control of Fleas and Ticks

Remove the applicator from the plastic recloseable bag. Pull gently on the ends to which the hand strap is not attached until a slight give is felt. This activates the applicator. Slip the applicator hand strap over the fingers and rub the powder into the pet's fur. Avoid getting the powder into the eyes, nose, or mouth of the pet. Apply over the entire animal otherwise. Frequent use may dry the animals skin. Store in the recloseable bag.

Product Description

Tick & Flea Flicker diatomaceous earth acts on insect physically by abrading the exterior skeleton and dehydrating the crawling pest. Insect control results from the physical qualities of DE.

Storage and Disposal

Do not contaminate water, food, or feed by improper storage or disposal.

Storage: Replace the applicator in the recloseable plastic bag and store in a cool, dry place.

Pesticide and Container Disposal: Product wastes resulting from the use of Tick & Flea Flicker may be disposed of on site or at an approved waste disposal site (check local regulations). If burned, stay out of smoke.

Precautionary Statement

Hazards to Humans and Domestic Animals

Caution: Causes moderate eye irritation. Avoid contact with eyes. Use adequate ventilation and avoid breathing dust. Wear a suitable dust mask when using this product during prolonged exposure.
