Attention: Ms. Mary Waller (PM #21)  
RE: 71532-22, "MetaStar ST"  
Final Labeling

Dear Ms. Waller:

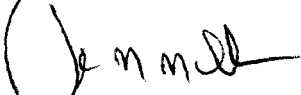

As per the EPA Notice of Pesticide Registration dated July 3, 2007, please find enclosed final labeling with the corrections made as outlined in the registration notice. We have also noted the following:

1. To the front panel, we have added the optional statement "See back panel and label booklet for additional precautionary information" which is necessary if the product will be labeled with a booklet.
2. On the approved label, we had inadvertently left off the sentence "**Seed treated in accordance with the export use pattern must be labeled as follows:**" on page 7 (under the table Seed Treatment – Export Use). **THIS SENTENCE MUST BE INCLUDED** before the text "FOR EXPORT ONLY – NOT FOR DOMESTIC SALES OR USE" so that it makes sense to the reader (user). This is the same text that appears on the cited label.

We have enclosed two (2) copies of the final labeling with the additional text underlined. Please stamp one copy and return to us so that we can use these for state registrations.

Should you have any questions or wish to reach me, please feel free to contact my office at (203) 740-1200.

Sincerely,

Jane M. Miller
