PRECAUTIONARY STATEMENTS Hazards to Humans and Domestic Animals

CAUTION!

CAUSES MODERATE EYE IRRITATION.

Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

First Aid

Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

Call a poison control center or doctor for treatment advice. Have the product container with you when calling a poison control center or doctor, or going for treatment. You may also contact CHEMTREC (800-424-9300) for emergency treatment information.

Environmental Hazard

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

The purpose of adding ZINC OXIDE to carpet systems is to reduce deterioration under adverse moisture conditions from fungal and bacterial growth and to control odor-causing bacteria in areas where debris would foster growth. The benefits of this application would potentially result in longer acceptable carpet appearance and reduction of carpet odors.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For Manufacturing use only.

For incorporation into nylon fiber and carpet systems to function as a bacteriostatic and fungistatic agent. The recommended use level is 500 ppm zinc oxide by weight (0.05%) in the nylon fiber.

For use, add prescribed amount into process before polymerization or melt compound after polymerization to obtain target concentration in fiber.

Storage and Disposal

STORAGE: Store in a dry area. Keep container closed to prevent contact with moist air. Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Emptied container retains product residue. Observe all labeled safeguards until container is destroyed. Completely empty bag into equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
