Mr. Thomas C. McEntee
Product Registration Manager
The Chemours Company FC, LLC
1007 Market Street
Wilmington, DE 19898

Subject: Label Amendment – Product Name Change Pursuant to Company
Transfer
Product Name: **DuPont Glyclean AM**
EPA Registration Number: **71654-1**
Application Date: November 25, 2014
Decision Number: 498775

Dear Mr. McEntee:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Killian Swift by phone at 703-308-6346, or via email at Swift.Killian@epa.gov.

Sincerely,

A handwritten signature in blue ink that reads "Wanda J. Fuller, for". The signature is written in a cursive style.

 [NSF Listed]
 [Nonfood Compounds - A3]

ACCEPTED

01/27/2015

Under the Federal Insecticide, Fungicide and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. 71654-1

DANGER

FIRST AID STATEMENTS

IF IN EYES: • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. • Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING: • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call poison control center or doctor for treatment advice.
IF INHALED: • Immediately remove to fresh air. If not breathing give artificial respiration. If breathing is difficult, give oxygen. Call a physician.
IF SWALLOWED: • Call poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. Harmful if swallowed or if absorbed through skin. Harmful if inhaled. Avoid breathing (dust, vapor, or spray mist). Exposure to mists may cause throat and lung irritation. Wear protective eyewear (goggles or face shield). Wear protective clothing and rubber or chemical resistant gloves. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

Do not contaminate water when cleaning equipment or disposing of equipment washwaters or effluent. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

THIS PRODUCT MUST NOT BE USED IN A MANNER THAT COULD RESULT IN THE DIRECT OR INDIRECT CONTAMINATION OF FOOD PRODUCTS. IF USED ON FOOD PREPARATION SURFACES, ALL FOOD MUST BE REMOVED PRIOR TO APPLICATION AND THE APPLICATION OF THE END-USE FORMULATIONS MUST BE FOLLOWED BY A POTABLE WATER RINSE.

FOR USE IN THE FORMULATION OF LIQUID CLEANING PRODUCTS OR IN THE FORMULATION OF THE FOLLOWING TYPES OF LIQUID ANTIMICROBIAL CLEANING PRODUCTS: Household disinfecting cleaners for use in cleaning toilet bowls, bathrooms, floors, and other hard non-porous surfaces. • Industrial disinfecting cleaners for use in cleaning toilet bowls, bathrooms, floors, walls, ceilings, equipment, piping, and other hard non-porous surfaces. • Institutional and commercial premises disinfecting cleaners for use in cleaning toilet bowls, bathrooms, floors, walls, ceilings, and other hard non-porous surfaces. • Disinfecting cleaners for use in agricultural premises and food processing facilities and on food processing equipment. However, label directions must specify that all food, feed, and animals be removed prior to application and that application of the end-use formulation must be followed by a potable water rinse. • Any use for which U.S.E.P.A. has accepted the required data and/or citation of data that a formulator has submitted in support of registration. • Uses for experimental purposes that are in compliance with U.S.E.P.A. requirements.

NOTE: MANUFACTURERS USING THIS PRODUCT TO FORMULATE PESTICIDES ARE RESPONSIBLE FOR OBTAINING EPA REGISTRATIONS FOR THEIR FORMULATED PRODUCTS.

For formulation of antimicrobial cleaners for use in household, industrial, institutional, commercial, & agricultural premises, and on food processing facilities and equipment, use up to 20% glycolic acid by weight (100% basis) in an aqueous solution. Formulation should be performed using a closed system. Labeling on end-use formulations may direct that end-use product be applied by spraying, mopping, or flooding.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Keep product dry in tightly closed original container when not in use. Use protective clothing, eyewear and chemical resistant gloves when handling damaged or leaking containers or spilled product.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container Triple rinse (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container ¼ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

LIMITED WARRANTY AND DISCLAIMER

The manufacturer warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label only when used in accordance with label directions under normal conditions of use. The manufacturer makes no other express or implied warranties either of merchantability or fitness for a particular use. Handling, storage, and use of the product by buyer or user are beyond the control of the manufacturer and seller. Risks such as ineffectiveness, or other unintended consequences, resulting from failure to follow directions will be assumed by the buyer or user. To the extent permitted by law, the manufacturer or seller will not be held liable for consequential, special or indirect damages resulting from the handling, storage or use of this product.
