Belle, WV 25314

Subject: DuPont Organic Bowl Cleaner  
EPA Registration No. 71654-2  
Submission Dated August 23, 2001

Dear Ms. Lomax:

The labeling submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments outlined below.

Labeling Requirements

a. The primary brand name change "DuPont™ Organic Bowl Cleaner is unacceptable. "Organic" is considered an implied safety claim under the terms of 40 CFR §156.10 (5)(ix), therefore it can not appear as part of the name of the product.

2. The inclusion of the Environmental Hazards statement is required for this toilet bowl cleaner, because it includes all end use products that may be discharged to the municipal sewer systems. You may however delete the following phrase.

"This product is toxic to wildlife, fish, and aquatic invertebrates. Do not contaminate water when cleaning equipment or disposing of equipment washwaters or effluents.

3. The directions for use for this product must include the statement "Empty toilet bowl water" or use dilution data must be provided. The use directions include the whole toilet including under the rim, and since this product must remain on the surface for 10 minutes it will be diluted into the water.

4. Delete the marketing safety claim "Made with Organic Acid Disinfectant" from the label.

5. *The corrected ingredient statement which lists the amount of active at 9.5% and other ingredients at 90.5%, is acceptable.*

*The request for a wider range of certified limits for the active ingredient and the colorant in the formulation is approved, based on the needs of the manufacturing process and the variation of the colorant.*

*The Confidential Statement of Formula dated August 23, 2001, is acceptable. The revised label correctly list the nominal concentration of the active ingredient which is consistent with the listing on the Confidential Statement of Formula, conforming to the recommendation of PR Notice 91-2.*

*A stamped copy of your labeling is enclosed for your records. Submit one copy of the final printed label prior to release of the product for shipment.*

*If you have any questions concerning this letter, please contact Wanda Mitchell at (703) 308-6345.*

*Sincerely,*

*Robert S. Brennis

---

**DIRECTIONS FOR USE**

**IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT  
IN A MANNER INCONSISTENT WITH ITS LABELING**

**Read the entire label before using this product**

**TO CLEAN AND DISINFECT:**

To use, unscrew cap. Raise toilet seat. Aim directional spout under the bowl rim. Squeeze gently, directing at least 2 ounces of product (squeeze approximately 12 seconds) evenly to exposed surfaces above the water line and below the rim of the bowl, not to the bowl water. Do not dilute with water. Let stand for at least 10 minutes. Brush the entire bowl and flush. Replace cap. Rinse brush in fresh bowl water after ease use. If bowl is heavily soiled, flush and remove excess dirt and grime before cleaning and disinfecting. Never use with chlorine bleach or any other chemical product.

**EFFECTIVE AGAINST HIV-1 (AIDS VIRUS):** Product was evaluated and found to be an effective virucide in the presence of 5% serum against the virus HIV-1 (Human Immuno deficiency Virus 1, commonly referred to as "AIDS VIRUS") on inanimate surfaces.

---

**STORAGE AND DISPOSAL**

Store out of reach of children

Do not reuse empty container

Wrap empty bottle and put in trash or recycle
