Subject: DuPont Pool Care Sanitizer  
[3"][1"] Chlorinating Tablets  
EPA Registration No. 71654-12  
Application Dated: August 11, 2009  
Receipt Dated: August 12, 2009

Dear Ms. Bieber:

This acknowledges receipt of your notification, submitted under the provision of PR Notice 98-10, FIFRA Section 3(c)9.

**Notification:**

- To comply with PR-Notice 2007-4.

**General Comments:**

Based on a review of the material submitted, the following comments apply:

This notification is acceptable and a copy has been inserted in your file for future reference.

Should you have any questions or comments concerning this letter, please contact me at (703) 308-6345.

Sincerely,

Wanda Henson  
Product Reviewer - Team 32

**PRECAUTIONARY STATEMENTS**  
Hazards To Humans And Domestic Animals

**DANGER:** Corrosive. Causes irreversible eye damage or skin burns. May be fatal if inhaled. May be fatal if absorbed through skin

Do not breathe dust or spray mists. Irritating to nose and throat. Harmful if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles, face shield, or safety glasses. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

**PHYSICAL OR CHEMICAL HAZARDS**

**STRONG OXIDIZING AGENT:** Use only clean dry utensils. Mix only into water. Contamination with moisture, dirt, organic matter or other chemicals (including other pool chemicals) or any other foreign matter may start a chemical reaction with generation of heat, liberation of hazardous gases and possible generation of fire and explosion. Avoid any contact with flaming or burning material such as a lighted cigarette. Do not use this product in any chlorinating device, which has been used with any inorganic or unstabilized chlorinating compounds (e.g., calcium hypochlorite). Such use may cause fire or explosion.

[ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, ponds, streams, estuaries, oceans, or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.]

[Note to reviewer: Effluent discharge statement to be included for package sizes of greater than or equal 5 gallons (liquid) or 50 pounds (solid, dry weight), in accordance with PR Notice 95-1.]

**EMERGENCY HANDLING:** In case of contamination or decomposition do not reseal container. If possible, isolate container in open well-ventilated area. Flood with large volumes of water. Dispose of contaminated material in an approved landfill area.

## DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions.

This product is part of the *DuPont™ [Simple] Pool Care Weekly Care System*

**DuPont™ [Simple] Pool Care Sanitizer [3"] [1"] Chlorinating Tablets** is a concentrated form of stabilized chlorine. This product is designed for use with chlorine feeders and will dissolve slowly and uniformly to deliver free chlorine sanitizer to pool water.

When used as directed, this product is an effective swimming pool disinfectant and sanitizer. The dosage required to maintain sanitary water will vary depending upon water temperature, bather load, exposure to windblown debris, rain storms and length of filtration cycle.

### Getting Started

- Ensure all pool equipment is working properly.
- Backwash the filter system following manufacturer's directions.
- Adjust the alkalinity of the water to 100-150 ppm using *DuPont™ [Simple] Pool Care Total Alkalinity Increaser*
- Adjust pH to between 7.2-7.6 using *DuPont™ [Simple] Pool Care pH Increaser Or pH Deceaser*
- Add *DuPont™ [Simple] Pool Care Chlorine Stabilizer* to establish a minimum level of 30-40 ppm. Sunlight will reduce the chlorine sanitizer level. Stabilizer will minimize the sun's ability to breakdown the chlorine, and allow the level to be more easily maintained.
- Test for metals. If metals are present, add *DuPont™ [Simple] Pool Care Metal Remover* to prevent staining of pool surface due to metals.
- When using other products as outlined in the directions for this product, always follow directions on those products.

### Directions for sanitizer maintenance with 3" (8 oz) tablets

Place one tablet per 10,000 gallons of pool water into a suitable chlorine feeder, floater or skimmer dispenser. Continue to add the tablets as required to maintain a free chlorine sanitizer residual of 1-3 ppm as determined by the use of *DuPont™ [Simple] Pool Care Test Strips*. Regular use of test strips is necessary to determine the number of tablets and the frequency of additions required to maintain 1-3 ppm free chlorine at all times.

Never add **DuPont™ [Simple] Pool Care Sanitizer 3" Chlorinating Tablets** directly into the swimming pool as bleaching or fading of pool liner or pool finish may occur.

In addition to **DuPont™ Simple Pool Care Sanitizer 3" Chlorinating Tablets**, it is recommended that you use *DuPont™ [Simple] Pool Care Oxidizer* to eliminate contaminants and keep pool water clear and *DuPont™ [Simple] Pool Care Algaecide* to prevent algae.]

### Directions for sanitizer maintenance with 1" (1/2 oz) tablets

Add 7 ounces (14 tablets) of 1" tablets per 10,000 gallons of pool water into a suitable chlorine feeder, floater or skimmer dispenser. Continue to add the tablets as required to maintain a free chlorine sanitizer residual of 1-3 ppm as determined by the use of *DuPont™ [Simple] Pool Care Test Strips*. Regular use of test strips is necessary to determine the number of tablets and the frequency of additions required to maintain 1-3 ppm free chlorine at all times.

Never add **DuPont™ [Simple] Pool Care Sanitizer 1" Chlorinating Tablets** directly into the swimming pool as bleaching or fading of pool liner or pool finish may occur.

In addition to **DuPont™ [Simple] Pool Care Sanitizer 1" Chlorinating Tablets**, it is recommended that you use a *DuPont™ [Simple] Pool Care Oxidizer* to eliminate contaminants and keep pool water clear and *DuPont™ [Simple] Pool Care Algaecide* to prevent algae]

**ADD OXIDIZER WEEKLY**

The pool water should be oxidized every week to break up organic matter that can cause pool water to become cloudy or dull and to eliminate contaminants. Add one (1) pouch (1 lb) of DuPont™ [Simple] Pool Care Oxidizer per 10,000 gallons of water weekly.

**ADD ALGAECIDE WEEKLY**

A weekly addition of DuPont™ [Simple] Pool Care Algaecide will help keep the pool clear of algae. Add 4 oz of DuPont™ [Simple] Pool Care Algaecide for every 10000 gallons of pool water weekly.

**HOW TO CALCULATE POOL CAPACITY**

SHAPE OF POOL	GAL. OF WATER (Dimensions in feet)
Rectangular	Average depth X average length X average width X 7.5
Circular	Diameter X diameter X average depth X 5.9
Oval with straight sides	Full width X full length X average depth X 6.7
Irregular builder	Consult pool builder

**REENTRY**

Reentry into treated swimming pools is prohibited above levels of 3 ppm of chlorine due to risk of bodily harm.

### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal

Store in a dry, cool and well-ventilated area. Avoid moisture getting into container. Keep off wet floors. In case of spillage, wash with large amounts of water. After each use, keep container tightly closed. Oxidizing material. Keep away from flames, sparks and all sources of heat. Avoid contact with organic material.

**PESTICIDE DISPOSAL:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**[NONREFILLABLE CONTAINER:** Do not reuse or refill this container. Offer for recycling, if available. Triple rinse container (or equivalent) promptly after emptying.

Triple rinse as follows:

[For containers less than 5 pounds] [Empty the remaining contents into application equipment [or a mix tank]. Fill the container ¼ full with water and recap. Shake for 10 seconds. Store rinsate for disposal. Repeat this procedure two more times.

[For containers greater than 5 pounds] [Empty the remaining contents into application equipment [or a mix tank]. Fill the container ¼ full with water. Replace and tighten closures. Tip container on it's side and roll back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip back and forth several times. Turn the container over onto its other end and tip back and forth several times. Store rinsate for disposal. Repeat this procedure two more times.

**CONTAINER DISPOSAL:** Completely empty container by shaking and tapping sides and bottom to loosen clinging particles. Triple rinse container (or equivalent) promptly after emptying. Then offer for recycling if available, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.]

Limited Warranty: If not satisfied with this product's performance when used specifically as directed, contact DuPont Pool & Spa Products, Customer Care - Room GS38, P.O. Box 80705, Wilmington, DE 19880-0705 for a refund of purchase price or product replacement with proof of purchase. THE COMPANY MAKES NO WARRANTY, EXPRESS OR IMPLIED, EXCEPT SUCH AS IS EXPRESSLY SET FORTH HEREIN. The Company's liability for any breach of warranty shall be limited to the purchase price of the product. The Company shall not be liable for any incidental or consequential damages for any breach of warranty. Some States do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from State to State.
