

U.S. ENVIRONMENTAL PROTECTION AGENCY  
Office of Pesticide Programs  
Antimicrobials Division (7510C)  
401 "M" St., S.W.  
Washington, D.C. 20460

EPA Reg. Number:

71654-13

Date of Issuance:

Sept. 28, 2005

Term of Issuance: Conditional

Name of Pesticide Product:

DuPont Spa Care Sanitizer  
Brominating Tablets

## NOTICE OF PESTICIDE:

Registration  
 Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

E.I. DuPont De Nemours and Company, DuPont Chemical Solutions Enterprise Division  
BMP23/2161  
P.O. Box 80023  
Wilmington, DE. 19880

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to the use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Change EPA File symbol 71654-RG to EPA Registration Number 71654-13.
3. Under Physical and Chemical hazards move the left bracket to the beginning of the second sentence at the Environmental Hazards statement.
4. Under Directions for Use, change last sentence of third paragraph to read "Proper sanitary practices require changing spa water at a minimum of every 30 days and properly monitoring water conditions."
5. In first paragraph under Getting Started change first sentence to read "Before initially using DuPont Spa Care Sanitizer Brominating Tablets in your spa or hot tub, add 1.5 ounces DuPont Spa Care Start Up (sodium bromide) for every 300 gallons of spa water to establish a 30 ppm bromide concentration."
6. Delete last sentence under Oxidize After Every Use heading.
7. Submit one copy of the final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

**PRECAUTIONARY STATEMENTS**  
Hazards To Humans And Domestic Animals

**DANGER: HIGHLY CORROSIVE.** Causes irreversible eye damage and skin burns. May be fatal if swallowed. Do not take internally. Irritating to nose and throat. Avoid breathing dust. Use with adequate ventilation. Do not get into eyes, on skin or on clothing. Wear protective clothing, chemical resistant gloves and protective eyewear (goggles, face shield or safety glasses). Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

**PHYSICAL AND CHEMICAL HAZARDS**

**CHEMICAL HAZARD. STRONG OXIDIZING AGENT.** Mix only with water. Use clean, dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion. In case of contamination or decomposition, do not re-seal container. If possible, isolate container in open air or well ventilated area. Flood with large volumes of water if necessary.

**ENVIRONMENTAL HAZARDS:** This pesticide is toxic to fish and aquatic organisms. [Do not discharge effluent containing this product into lakes, ponds, streams, estuaries, oceans, or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.]

[Note to reviewer: Effluent discharge statement to be included for package sizes of greater than or equal 5 gallons (liquid) or 50 pounds (solid, dry weight), in accordance with PR Notice 95-1.]

DIRECTIONS FOR USE

5/6

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions.

This product is part of the DuPont™ Spa Care Routine Care System

DuPont™ Spa Care Sanitizer Brominating Tablets are a concentrated form of bromine for spas and hot tubs. This product is designed for use with chemical feeders and will dissolve slowly and uniformly. When used as directed, DuPont™ Spa Care Sanitizer Brominating Tablets will disinfect and sanitize spa and hot tub water, keeping it clean, clear and free of odor. [DuPont™ Spa Care Sanitizer Brominating Tablets gives the effectiveness of chlorine without the chlorine odor.] Proper sanitary practices require changing spa water at a minimum of every 90 days.

30 and properly monitoring water conditions.

Getting Started

- Clean all surfaces
- Clean the filter system with DuPont™ Spa Care Cartridge Filter Cleaner following manufacturer's directions.
- Adjust the calcium hardness and the total alkalinity of the water using DuPont™ Spa Care Calcium Hardness Increaser and DuPont™ Spa Care pH and Alkalinity Increaser.
- Adjust pH to between 7.2-7.8 using DuPont™ Spa Care pH and Alkalinity Increaser or pH Decreaser.
- When using other products as outlined in the directions for this product, always follow label directions on those products.

Before initially using DuPont™ Spa Care Sanitizer Brominating Tablets in your spa or hot tub, add 1.5 ounces DuPont™ Spa Care Start Up (sodium bromide) for every 300 gallons of spa water. This treatment should be followed each time you drain and refill your spa or hot tub with fresh water.

delete period

to establish a 30 ppm bromide concentration

Add DuPont™ Spa Care Sanitizer Brominating Tablets to a suitable floating tablet feeder or automatic brominator installed on the spa equipment. Adjust feeder or brominator to obtain a bromine [concentration] [residual] of 2-4 ppm in residential spas [and 3 to 6 ppm in commercial spas]. Use DuPont™ Spa Care Test Strips to monitor for bromine [concentrations] [residuals] regularly. The dosage required to maintain sanitary water will vary depending upon water temperature, bather load, exposure to windblown debris, rain storms and length of filtration cycle.

OXIDIZE AFTER EVERY USE

Bathers introduce contaminants like perspiration and body oils into spa water during use. As contaminants build up, water quality can deteriorate. Water can become cloudy and foaming can occur. Spa water should be oxidized after every use with DuPont™ Spa Care Oxidizer to eliminate nonmicrobial contaminants introduced by bathers. ~~Additionally, DuPont™ Spa Care Oxidizer should be added on a weekly basis if the spa is not used regularly.~~

**DANGER:** Do not mix this product in concentrated form with any other chemicals. Do not add other chemicals to the feeding device when using this product. A violent reaction leading to fire and/or explosion could result.

ACCEPTED with COMMENTS in EPA Letter Dated:

### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal

**PESTICIDE DISPOSAL** Do not store in direct sunlight. Do not store at temperatures above 100°F. Store product in an upright position. Avoid creasing or impacting side walls. Keep container tightly closed. Store in a cool, dry, well-ventilated place that is inaccessible to children. Do not store at elevated temperatures.

**PESTICIDE DISPOSAL:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

Limited Warranty: If not satisfied with this product's performance when used specifically as directed, contact DuPont Pool & Spa Products, Customer Care - Room GS38, P.O. Box 80705, Wilmington, DE 19880-0705 for a refund of purchase price or product replacement with proof of purchase. THE COMPANY MAKES NO WARRANTY, EXPRESS OR IMPLIED, EXCEPT SUCH AS IS EXPRESSLY SET FORTH HEREIN. The Company's liability for any breach of warranty shall be limited to the purchase price of the product. The Company shall not be liable for any incidental or consequential damages for any breach of warranty. Some States do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from State to State.
