Ellen M. Baldassare
Registration Manager
The CHEMOURS COMPANY FC, LLC
1007 Market Street,
Wilmington, DE 19898

Subject: Label Amendment – Change Primary Product Name
Product Name: DUPONT SPA CARE SANITIZER BROMINATING TABLETS
EPA Registration No. 71654-13
Application Dated: November 25, 2014
Decision Number: 498808

Dear Ms. Baldassare:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printing labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, and then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide and Rodenticide Act and is subject to review by the Agency? If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false and misleading. In addition, regardless of whether a website is referenced on your product's label, claim made on the website may not substantially differ from those claims approved through registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false and misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

Decision No. 498808

with FIFRA section 6. If you have any questions or comments concerning this letter, please contact liem.david@epa.gov or call (703) 305-1284.

Sincerely,

A handwritten signature in black ink, appearing to read "DF", with a horizontal line extending to the right.

OXONE® SPA CARE SANITIZER BROMINATING TABLETS

Routine Care

- [Disinfects spa water. Kills and Controls bacteria and bacterial germs in spa water.]
- [Keeps spa water clean and clear]
- [Inhibits growth of bacteria]
- [Effective [sanitation] [disinfection] of spa water] [Sanitizes and disinfects spa water]
- [Prevents the growth of bacteria]
- [Improved bather comfort] [Tablet shape fits all floaters]
- [No bleaching of hair or bathing suits]
- [Ideal for spa/hot tub sanitizing]
- [Works inline or floating feeders]

- [Apply as needed to maintain 2-4ppm of bromine in residential spas]
- [Apply as needed to maintain 3-6ppm of bromine in commercial spas]

ACTIVE INGREDIENTS:

1-bromo-3-chloro-5,5-dimethylhydantoin	60%
1,3-dichloro-5,5-dimethylhydantoin	27.4%
1,3-dichloro-5-ethyl-5-methylhydantoin	10.6%
OTHER INGREDIENTS:	2.0%
TOTAL.....	100%

Available bromine	36.2%
Available chlorine	44.4%

PRECAUTIONARY STATEMENTS

Hazards To Humans And Domestic Animals

DANGER: HIGHLY CORROSIVE. Causes irreversible eye damage and skin burns. May be fatal if swallowed.

Do not take internally. Irritating to nose and throat. Avoid breathing dust. Use with adequate ventilation. Do not get into eyes, on skin or on clothing. Wear protective clothing, chemical resistant gloves and protective eyewear (goggles, face shield or safety glasses). Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

PHYSICAL AND CHEMICAL HAZARDS

CHEMICAL HAZARD. STRONG OXIDIZING AGENT. Mix only with water. Use clean, dry utensils.

Do not add this product to any dispensing device containing remnants of any other product.

Such use may cause a violent reaction leading to fire or explosion.

Contamination with moisture, organic matter, or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion.

In case of contamination or decomposition, do not re-seal container.

If possible, isolate container in open air or well ventilated area.

Flood with large volumes of water if necessary.

[ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

Do not discharge effluent containing this product into lakes, ponds, streams, estuaries, oceans, or public waters unless in accordance with the requirements of a

National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge.

Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority.

For guidance, contact your State Water Board or Regional Office of the EPA.]

[Note to reviewer: Effluent discharge statement to be included for package sizes of greater than or equal 5 gallons (liquid) or 50 pounds (solid, dry weight), in accordance with PR Notice 95-1]

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Read entire label and use strictly in accordance with precautionary statements and directions.

This product is part of the *Spa Care Routine Care System*

OXONE® SPA CARE SANITIZER BROMINATING TABLETS are a concentrated form of bromine for spas and hot tubs. This product is designed for use with chemical feeders and will dissolve slowly and uniformly. When used as directed, **OXONE® SPA CARE SANITIZER BROMINATING TABLETS** will disinfect and sanitize spa and hot tub water, keeping it clean, clear and free of odor.

OXONE® SPA CARE SANITIZER BROMINATING TABLETS gives the effectiveness of chlorine without the chlorine odor.] Proper sanitary practices require changing spa water at a minimum of every 30 days and properly monitoring water conditions.

Getting Started

Clean all surfaces

Clean the filter system with Spa Care Cartridge Filter Cleaner following manufacturer's directions.

Adjust the calcium hardness and the total alkalinity of the water using *Spa Care Calcium Hardness Increaser* and *Spa Care pH and Alkalinity Increaser*.

Adjust pH to between 7.2-7.8 using *Spa Care pH and Alkalinity Increaser* or *pH Decreaser*

When using other products as outlined in the directions for this product, always follow label directions on those products.

Before initially using **OXONE® SPA CARE SANITIZER BROMINATING TABLETS** in your spa or hot tub, add 1.5 ounces *Spa Care Start Up* (sodium bromide) for every 300 gallons of spa water to establish a 30 ppm bromide concentration. This treatment should be followed each time you drain and refill your spa or hot tub with fresh water.

Add **OXONE® Spa Care Sanitizer Brominating Tablets** to a suitable floating tablet feeder or automatic brominator installed on the spa equipment. Adjust feeder or brominator to obtain a bromine [concentration] [residual] of 2-4 ppm in residential spas [and 3 to 6 ppm in commercial spas]. Use **Spa Care Test Strips** to monitor for bromine [concentrations] [residuals] regularly. The dosage required to maintain sanitary water will vary depending upon water temperature, bather load, exposure to windblown debris, rain storms and length of filtration cycle.

OXIDIZE AFTER EVERY USE

Bathers introduce contaminants like perspiration and body oils into spa water during use. As contaminants build up, water quality can deteriorate. Water can become cloudy and foaming can occur. Spa water should be oxidized after every use with *Spa Care Oxidizer* to eliminate nonmicrobial contaminants introduced by bathers.

DANGER: Do not mix this product in concentrated form with any other chemicals. Do not add other chemicals to the feeding device when using this product. A violent reaction leading to fire and/or explosion could result.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE Do not store in direct sunlight. Do not store at temperatures above 100°F. Store product in an upright position. Avoid creasing or impacting side walls. Keep container tightly closed. Store in a cool, dry, well-ventilated place that is inaccessible to children. Do not store at elevated temperatures.

PESTICIDE DISPOSAL Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

[NONREFILLABLE CONTAINER: Do not reuse or refill this container. Offer for recycling, if available. Triple rinse container (or equivalent) promptly after emptying.

Triple rinse as follows:

[For containers less than 5 pounds] [Empty the remaining contents into application equipment [or a mix tank]. Fill the container ¼ full with water and recap. Shake for 10 seconds. Store rinsate for disposal. Repeat this procedure two more times.

CONTAINER DISPOSAL: Completely empty container by shaking and tapping sides and bottom to loosen clinging particles. Triple rinse container (or equivalent) promptly after emptying. Then offer for recycling if available, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

Limited Warranty: If not satisfied with this product's performance when used specifically as directed, contact The Chemours Company FC, LLC Pool & Spa Products, Customer Care Room GS238, P.O. Box 80705, Wilmington, DE 19880-0705 for a refund of purchase price or product replacement with proof of purchase. THE COMPANY MAKES NO WARRANTY, EXPRESS OR IMPLIED, EXCEPT SUCH AS IS EXPRESSLY SET FORTH HEREIN. The Company's liability for any breach of warranty shall be limited to the purchase price of the product. The Company shall not be liable for any incidental or consequential damages for any breach of warranty. Some States do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from State to State.
