[Note to reviewer: The following is considered optional marketing language:]

- [New!] (note to reviewer: to be used for 6 months after commercial introduction)
- Surfacine® All-Purpose Cleaner provides excellent cleaning and disinfection
- Cleans [Cleaner]
- Disinfects [Disinfectant]
- Deodorizes [Deodorant]
- Antibacterial
- Ready to use
- Removes tough grease and grime including food stains, fingerprints and soap scum
- When used as directed [as a disinfectant], kills [the following] [household] germs:

[Bacteria:]

Pseudomonas aeruginosa (Pseudomonas)
 Salmonella choleraesuis (Salmonella)
 Staphylococcus aureus (Staph)

[Viruses:]

Human Coronavirus

[Animal Viruses:]

Canine Parvovirus

[Fungi:]

Trichophyton mentagrophytes (cause of Athlete's Foot Fungus)
 [A cause of Ringworm]

- When used as directed [as a sanitizer], eliminates 99.9% of (the following) (household) bacteria for 24 hours:
 Enterobacter aerogenes [Enterobacter]
 Staphylococcus aureus [Staph]
- Removes odors – Patented technology doesn't mask odors – it eliminates odors at their source
- [Fresh] [Clean] Scent
- Leaves no visible residue or build-up
- Prevents mold and mildew growth
- Kills greater than 99% of Pseudomonas aeruginosa (Pseudomonas), Salmonella choleraesuis (Salmonella), and Staphylococcus aureus (Staph) [in one minute] [in 60 seconds].

Use (through out the house) on hard, nonporous surfaces:

- Kitchens: stovetops, sinks, drain boards, cabinets, exterior of refrigerator surfaces, floors
- Bathrooms: countertops, tubs, showers, glazed tiles, toilet surfaces, walls, floors, hampers, diaper pails
- Homes: washable walls and floors, telephones, door knobs, pet areas, garbage cans, desks, painted woodwork

For all other surfaces, spot test in an inconspicuous area.

Use in healthcare and institutional settings: hospitals, nursing homes, hotels, motels, schools, restaurants, kennels, health clubs, day care centers, dental offices veterinary offices, physician offices and other medical offices or facilities.

Use in federally inspected meat, poultry and shell egg grading and egg product establishments in inedible product processing areas, nonprocessing areas and / or exterior areas.

Excellent for cleaning refrigeration / evaporator / condensor units. Maintains cleanliness over an extended period of time. Helps maintain a sanitary environment. Use as an integral part of an overall plant hygiene program.

Conductive flooring
Counters [countertops]
Desks
Doorknobs
Fiberglass bathtubs
Fiberglass shower [stalls]
Floors
Garbage cans
Kennel runs
Microwave ovens, exteriors of
Outdoor furniture

Refrigerators
Refrigerated storage and display equipment

Showers
Shower stalls
Sinks [bathroom] [kitchen]
Stoves [stovetops]
Tables, [picnic tables]
Telephones
Toilet bowl surfaces
Tubs
Tiles, glazed
Ultrasonic baths
Urinals
Walls

Other hard nonporous surfaces made of:
Formica®
Glazed ceramic
Glazed enameled surfaces
Glazed porcelain
Metal

Plastic (such as polystyrene or polypropylene)
Sealed granite
Sealed limestone
Sealed marble
Sealed slate
Sealed stone
Sealed terra cotta
Sealed terrazzo
Stainless steel
Upholstery, vinyl and plastic
Woodwork, finished

Directions for use:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

General Cleaning: [Apply] [Spray] product [straight onto soils] [onto area to be cleaned]. Wipe with a dry paper towel or [lint-free] cloth. Repeat for heavily soiled areas.

To Disinfect: Preclean surface. [Apply to] [Spray 6 – 8 inches from] surface until thoroughly wet. Surface must remain wet for 1 minute before wiping dry. Rinse food contact surfaces such as counter tops, tables, picnic tables, appliances and / or stove tops with potable water before reuse. Do not use on glasses, dishes or utensils as a disinfectant.

Rinsing of floors is not necessary unless they are to be waxed or polished.

To Prevent Mold and Mildew Growth: [Apply] [Spray] until thoroughly wet. Let stand 30 seconds. Wipe. For heavily soiled areas, first follow general cleaning procedure.

For Fungicidal Activity: **Surfacine All Purpose Cleaner** is an effective fungicide against Trichophyton mentagrophytes [the athlete's foot fungus] in areas such as locker rooms, dressing rooms, shower and bath areas and exercise facilities. Follow disinfection directions. Treated surfaces must remain wet for 10 minutes.

(Note for reviewer: For labels that list medical premises and metal and / or stainless steel surfaces, one of the following statements must be used:)

This product is not to be used as a terminal sterilant / high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. [This product may be used to preclean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.]

(or)

This product is not for use on medical device surfaces.

Veterinary Practice / Animal Care / Animal Laboratory / Zoos / Pet Shop / Kennels Disinfection Directions:

For cleaning and disinfecting hard nonporous surfaces: equipment not used for animal food or water, utensils, instruments, cages, kennels, stables and catteries. Remove all animals and feeds from premises, animal transportation vehicles, crates, etc. Remove all litter, droppings and manure from floors, walls and surfaces of facilities occupied or traversed by animals. Empty all feeding and watering appliances. Thoroughly clean all surfaces with soap or detergent and rinse with water. Saturate surfaces with **Surfacine® All-Purpose Cleaner** for a period of 1 minute. Immerse all animal handling and restraining equipment as well as forks, shovels, and scrapers used to remove litter and manure. Wipe or allow to air dry. Rinse all surfaces that come in contact with food, including equipment used for feeding or watering, with potable water before reuse. Ventilate buildings and other closed spaces. Do not house animals or employ equipment until treatment has been absorbed, set or dried.

For Canine Parvovirus Activity:

Surfacine All Purpose Cleaner is effective against Canine Parvovirus. Follow Veterinary Practice / Animal Care / Animal Laboratory / Zoos / Pet Shop / Kennels Disinfection Directions. Treated surfaces must remain wet for 5 minutes.

For use in federally inspected meat, poultry, shell egg grading and egg products establishments: Before using this product, food products and packaging materials must be removed from the room or carefully protected. Follow General Cleaning [and] [or] [Disinfection] directions.

Farm Premise Use:

Remove all animals and feed from premises, vehicles and enclosures. Remove all litter and manure from floors, walls and surfaces of barns, pens, stalls, chutes and other facilities and fixtures occupied or traversed by animals. Empty all troughs, racks and other feeding and watering appliances. Thoroughly clean surfaces with soap or detergent and rinse with water. Saturate surfaces with **Surfacine® All-Purpose Cleaner** for a period of 1 minute. Immerse all halters, ropes and other types of equipment used in handling and restraining animals as well as forks, shovels and scrapers used for removing litter and manure. Ventilate buildings, cars, trucks, boats and other closed spaces. Do not house livestock or employ equipment until treatment has been absorbed, set or dried. Thoroughly scrub all treated feed racks, mangers, troughs, automatic feeders, fountains and waterers with soap or detergent, and rinse with potable water before reuse.

Mushroom Farm Premise Use:

Site Preparation: The first step in any on-going sanitation program should be the removal of gross contamination and debris. This may be accomplished by using a shovel, broom, or vacuum, depending on the area to be disinfected.

Cleaning and Disinfection: For general cleaning and disinfection, apply **Surfacine® All-Purpose Cleaner** with a cloth, mop, sponge, sprayer or by immersion to thoroughly wet the surfaces. Treated surfaces must remain wet for 1 minute. Wipe or allow to air dry.

DO NOT APPLY DIRECTLY TO THE MUSHROOM CROP, COMPOST OR CASING. Rinse treated surfaces with potable water before they contact the crop, compost or casing.

To Sanitize Non-Food Contact Surfaces For 24 hours:

(Apply to) (Spray 6 – 8 inches from) precleaned surfaces until thoroughly wet. Surface must remain wet for 10 minutes. Allow to air dry.

Precautionary Statements

Hazards to humans and domestic animals.

Caution. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling

First Aid

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

Call a poison control center or doctor for treatment advice. Have the product container label with you when calling a Poison Control Center or doctor or going for treatment.

6/6

(Note to reviewer: If container is one gallon or less, the following Storage and Disposal statements will be used:)

STORAGE AND DISPOSAL

Store in original container in areas inaccessible to children. [Do not reuse empty container] or [Refill only with Surfacine All Purpose Cleaner]. Discard empty container in trash or recycle.

(Note to reviewer: If container is greater than one gallon, the following Storage and Disposal statements will be used:)

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage:

Store in original container in areas inaccessible to children. Do not store on side. Avoid creasing or impacting of side walls.

Pesticide Disposal:

Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container disposal:

(Plastic Containers:) Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by state and local authorities by burning. If burned, stay out of smoke.

(Metal Containers:) Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
