95 MacCorkle Avenue, SW
South Charleston, WV 25303

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product (OPP Decision No. 439762) is registered in accordance with FIFRA sec 3(c)(7)(A) provided that you:

- 1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for re-registration of your product under FIFRA section 4.
2. Change EPA File Symbol 71847-U to EPA Registration Number 71847-4.
3. Revise the Precautionary Statement by changing the statement "... and before eating, drinking or smoking." to read "... and before eating, drinking, chewing gum, using tobacco, or using the toilet."
4. Revise the Physical and Chemical Hazards section by deleting the statement "... (including other pool chemicals)..."
5. Revise the Method of Application section by changing the statement "Mix well, leave to stand for 30 minutes before drinking." to read "Mix well for at least 10 minutes, leave to stand for 30 minutes before drinking." wherever it appears.

Signature of Approving Official:

Wanda Y. Henson

Wanda Y. Henson
Acting Product Manager Team 32
Regulatory Management Branch II
Antimicrobials Division (7510P)

Date:

FEB - 4 2011

6. Revise the Pesticide Disposal section by changing statement "...contact your pesticide..." to read "...contact your state pesticide..."
7. Under the "Storage and Disposal" section of the label, change the "Storage" subheading to read "Pesticide Storage."
8. Submit the pending Storage Stability and Corrosion Characteristics studies to the Agency upon completion.

Submit one (1) copy of your final printed label prior to releasing this product for sale.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Wanda Y. Henson  
Acting Product Manager Team 32  
Regulatory Management Branch II  
Antimicrobials Division (7510P)

# AQUATABS®

Water Purification Tablets

ACCEPTED  
with COMMENTS  
in EPA Letter Dated:

FEB - 4 2011

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act as  
amended, for the pesticide,  
registered under EPA Reg. No.

71847-4

<b>Active Ingredient:</b>	
<b>Sodium Dichloroisocyanurate</b>	16.88%
<b>Other Ingredients:</b>	<u>83.12%</u>
<b>Total:</b>	100.00%

Net contents 50, 49mg Tablets

One Aquatabs® tablet will produce a 2.6ppm available chlorine solution when dissolved in two quarts of water

KEEP OUT OF REACH OF CHILDREN  
**DANGER**  
See back panel for additional precautionary statements

Aquatabs® water purification tablets are effective against giardia cysts, bacteria and viruses.

**First Aid**

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

- If in eyes
  - Hold eye open and rinse slowly and gently with water for 15-20 minutes.
  - Remove contact lens, if present, after the first 5 minutes, then continue rinsing eye
  - Call a poison control center or doctor for treatment advice.
  
- If swallowed
  - Call a poison control center or doctor immediately for treatment advice
  - Have a person sip on a glass of water if able to swallow.
  - Do not induce vomiting unless told to do so by the poison control center or doctor
  - Do not give anything by mouth to an unconscious person.
  
- If inhaled
  - Move person to fresh air
  - If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible
  - Call a poison control center or doctor for further treatment advice
  
- If on skin or clothing
  - Take off contaminated clothing.
  - Rinse skin immediately with plenty of water for 15-20 minutes.
  - Call a poison control center or doctor for treatment advice.

NOTE TO PHYSICIAN: "Probable mucosal damage may contraindicate the use of gastric lavage".

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**DANGER**

Corrosive. Causes irreversible eye damage. May be fatal if inhaled. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin or on clothing. Do not breathe dust, vapour or spray mist. Wear goggles or face shield or safety glasses. Wash thoroughly with soap and water after handling and before eating, drinking or smoking. Remove contaminated clothing and wash before reuse.

**Environmental Hazards**

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

**Physical and Chemical Hazards**

Contains strong oxidizing agent. Use only clean dry utensils. Mix only into water. Contamination with moisture, dirt, organic matter or other chemicals (including other pool chemicals) or any other foreign matter may start a chemical reaction with generation of heat, liberation of hazardous gases and possible generation of fire and explosion. Avoid any contact with flaming or burning materials such as a lighted cigarette. Do not use this product in any chlorinating device which has been used with any inorganic or unstabilized chlorinating compounds (e.g. calcium hypochlorite). Such use may cause explosion.

**Emergency Handling:** In case of contamination or decomposition do not reseal container. If possible isolate container in open and well ventilated area. Flood with large volumes of water. Dispose of contaminated material in an approved landfill area.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**Method of Application**

This product is recommended for disinfecting raw or pre-treated (settled, coagulated and/or filtered) water supplies intended for use as drinking water for humans. The source of water to be treated may be a river, lake, well, cistern or similar system at temperatures as low as 4°C.

Prior to the addition of the sanitizer, remove all suspended material by filtration or by allowing it to settle to the bottom. Decant the clarified, contaminated water to a clean container and add one 8.5mg Aquatabs® tablet to 1/5 gallon (0.75litres) of water to obtain a 6.5ppm (6.5mg/L) available chlorine solution. Mix Well, leave to stand for 30 minutes before drinking.

Aquatabs® are used for the disinfection of individual water systems free of organic debris at room temperature. Add one 8.5mg Aquatabs® tablet to 2 quarts of water to obtain a 2.6ppm (2.6mg/L) available chlorine solution. Mix well, leave to stand for 30 minutes before drinking.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage and disposal.

**Storage:** Keep product dry in a tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat or open flame.

**Pesticide Disposal:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of the Federal Law. If these wastes cannot be disposed of by use according to label instructions contact your pesticide or environmental control agency, or the hazardous waste representative at the nearest EPA regional Office for guidance.

**Container Disposal.** Do not reuse empty container. Rinse empty container thoroughly with water to dissolve all material before discarding. Securely wrap container in several layers of newspaper and discard in trash.
