WASHINGTON, DC 20460

OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

July 16, 2021

Lawrence J. Feller
Director – Global Regulatory Affairs
Thermacell Repellents, Inc.
26 Crosby Drive
Bedford, MA 01730-1402

Subject: Notification per PRN 98-10 – Added optional text to butane cartridge label
Product Name: Thermacell Mosquito Repellent with Earth Scent
EPA Registration Number: 71910-3
Application Date: 3/11/2021
Decision Number: 575963

Dear Mr. Feller:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you have any questions, you may contact please contact Kaitlin Saunders at 703-347-8454 or by email at Saunders.Kaitlin@epa.gov.

Sincerely,

A handwritten signature in black ink that reads "J. Herrick".

Jacquelyn Herrick, Product Manager 03
Invertebrate & Vertebrate Branch 1
Registration Division (7505P)
Office of Pesticide Programs

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

First Aid

If Swallowed:	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
If On Skin or Clothing:	<ul style="list-style-type: none"> • Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
If In Eyes:	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. Call a poison control center or doctor for treatment advice.
<p>Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For additional information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-866-753-3837, Monday through Friday, 8:30 a.m. to 4:30 p.m. EST. After 4:30 p.m., call your poison control center.</p>	

{Note: The first aid statements' grid format will be used if market label space permits; otherwise a paragraph format will be used.}

Physical and Chemical Hazards

[Butane Cartridge] Hazard: Extremely flammable. Contents under pressure. Vapors may cause flash fire. Use only in a well ventilated area. Do not use, store, or dispose near heat, sparks, or flames. Do not puncture or incinerate. Containers exposed to direct sunlight or otherwise heated above 120°F (49°C) may burst. Store in cool, dry area. Intentional misuse by deliberately concentrating and inhaling the contents may be harmful or fatal. If vapors are inhaled, remove person to fresh air.

{If product uses batteries} [Batteries] [Use only with [provided] [rechargeable] [product name] [lithium ion] [alkaline] battery. Do not pry battery with any instrument or tool or put in a fire. Battery may burst or release toxic materials.]

Environmental Hazards

This product is toxic to fish and aquatic invertebrates. Do not apply directly to water. Do not contaminate water when cleaning equipment or disposing of equipment washwater or rinsate. Drift may be hazardous to aquatic organisms in water adjacent to treated areas.

{SIDE / BACK PANEL OR INSERT WHEN APPLICABLE}

{NOTES TO REVIEWER: When a box insert is used the device specific directions, useful tips, use restrictions and troubleshooting are printed on the insert only. The box and insert both will carry, "DIRECTIONS FOR USE - It is a violation of Federal law to use this product in a manner inconsistent with its labeling."}

The added section below (highlighted) is a direct lift from the SAL EPA Reg No 71910-2 01-DEC 2016}

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

[See leaflet inside box for usage directions.]

{FOR ALL DEVICES: Many of the Useful Tips and Troubleshooting are common for all devices since the mosquito repellency works the same in all devices. The differences occur in the added functions. Only the applicable bullets for each device will appear on the marketing label, in any order, bulleted or numbered.}

[Useful Tips:]

- Allow 10 to 30 minutes, depending upon the size of the area, for product to take effect [and repel mosquitoes].
- This product works [well] [best] in outdoor areas where there is minimal air movement, such as [decks], [unenclosed porches], [patios] [yards] and [outdoor campsites].
- [Product may be used for camping.]
- Use one appliance for [225 square feet] [or 15 feet in diameter] [15 ft]. [Use additional devices to cover a larger area.]
- Each [Thermacell] mat lasts a maximum of [4] hours [and each Thermacell® butane cartridge lasts a maximum of 12 hours].
- Provides a maximum of [4] hours mosquito repellency per mat.
- [Original, [Earth Scent] and [Max Life] [All] Thermacell refill mats [work in] [are effective in] Thermacell mosquito repellent appliances.
- [Original] [Mats provide [a maximum of] [up to] [4] hours mosquito repellency per mat [and turn from pale blue to white when mosquito repellent [active ingredient] [is] has been [exhausted] [used up] [depleted].]
- Mats turn from pale blue to white when [mosquito repellent] [it] [active ingredient] [is] [has been] [exhausted] [used up] [depleted] [and needs to be replaced].
- [If your device [appliance] fails to heat, it may be out of fuel. Check the fuel level by holding the cartridge vertically and looking at the fuel level. You can see the amount of butane in the cartridge. Replace if empty.]
- [Some visible vapor will appear during use; this is normal]
- [Use additional appliances to cover a larger area.]
- Altitudes [above [#] ft] [can] [may] effect product performance
- [Butane [cartridge]] [canister(s)] works best in [at] altitudes under [#] ft. High altitudes may affect performance.
- Position multiple devices [as needed] [every 15 ft] to protect a larger [patio][area].
- [Zone] [Indicator] Light requires [#] [type] batteries
- The mosquito repellent and light features operate [separately] [independently].

Use Restrictions: {for all devices}

Only for outdoor use as a mosquito repellent. Do not use indoors, in tents or in any enclosed area. Do not insert anything other than Thermacell® mats into the appliance. Cover or remove all exposed food. Do not leave appliance

unattended or use in windy conditions. Do not expose appliance(s) or mats to rain. [Do not attach appliance to your body or clothing.] [When using appliance stand,] Place appliance on a flat, stable surface with the grill facing upward. [Press the on-off button to the 'OFF' [out] position when not in use.] Do not touch the grill; [the top of the lantern,] it will be hot after a couple of minutes. Clean with a damp cloth only when the appliance is cool and inactive. Butane cartridges other than Thermacell® cartridges will not work in this appliance. [Only Thermacell® mats and cartridges will work in this appliance.]

Troubleshooting {this section will appear, as appropriate, at the end of directions for use for the individual device}

1. If you do not see an orange glow [through view window]
 1. Repeat directions "To Turn ON"
 2. If there is still no orange light visible [in the view window], make sure the [fuel][source][canister][cartridge] is completely screwed into place. Repeat "Turn On" directions. Confirm the orange glow is visible.
 3. Check the amount of fuel in the cartridge. If cartridge is empty or near empty, remove cartridge and replace with a new [Thermacell®] [cartridge]. [Then] Repeat "Turn On" directions. Confirm the orange glow is visible.
 4. [Canister] [cartridge] [may not work] [is less effective] at elevations over [#] ft.
 5. The bottom [cover] [door] must be in place and properly closed to allow the fuel to flow.
2. Not sure product is working?
 1. Place product upwind for maximum mosquito repellency. Windy conditions can reduce [product name] [mosquito repellent] effectiveness [against mosquitoes].
 2. Check the [mosquito repellent] mat. Mats turn from pale blue to white when it has been [exhausted][used up][depleted][need to be replaced]. See directions to replace[change] [Thermacell][mosquito repellent] mat
 3. Check the amount of fuel in the cartridge. If cartridge is empty or near empty, remove cartridge and replace with a new [Thermacell][cartridge]. [Then] Repeat "Turn On" directions. Confirm the orange glow is visible [through view window]
3. Still have questions? Call customer service at 1-866-753-3837 or email Service@Thermacell.com

{1. The following directions will be used when mats are sold with or used in the appliance (Thermacell® Mosquito Repellent) Stock Keeping Unit (SKUs) include but not exclusive to MR-GJ, MR-LJ, MR-RJ, MR-XJ, MR3, MR450}

1. Remove one Thermacell® Mosquito Repellent mat from wrapper.
2. Make sure the 'ON/OFF' switch on the appliance is in the 'OFF' position. Insert the mat under the appliance's black grill. To change mats, slide [turn] the 'ON/OFF' switch to 'OFF' and allow the appliance to cool completely. Push the used mat out by inserting a fresh one.
3. Remove the appliance [cover] [cap]. Remove the cap from the cartridge.
4. Screw the cartridge into the opening of the appliance. Make sure the cartridge is fully inserted by turning it clockwise until it stops. Replace the appliance cover. [If your appliance fails to heat, it may be out of fuel. To check the fuel level, hold the appliance vertically and look through the slot on the back of the appliance. You can see the amount of butane left in the cartridge. Replace if empty.]
5. Slide [Turn] the 'ON/OFF' switch to the 'ON' position; the butane gas will begin to flow.
6. Wait approximately 5 to 10 seconds then depress the start button three to five times in rapid succession.

To use the [LED] [blue] [green] [Zone] indicator light:] *{used when appliance has an on/off indicator light feature}*

1. [To install [replace] battery,] Remove [side] [rear] battery compartment cover. Insert [#] [size] [supplied] [not] [included] battery into compartment. Replace battery compartment cover.]
2. [The [LED] [blue] [green] [Zone] indicator light will automatically illuminate once the mosquito repeller begins to [heat the mat] [create the Zone of Mosquito Protection]. It [will] [may] take [#] to [#] minutes for the zone to completely form. Light will turn off when the mat is no longer being heated [indicating appliance may require restarting] [or] [butane replacement] [or] [battery needs replacement]

3. The appliance can be used without the indicator light feature.

When finished using the appliance, slide [turn] the 'ON/OFF' switch to the 'OFF' position, and allow the appliance to cool completely. Appliance is now ready for storage.

{SIDE / BOTTOM PANEL AND INSERT WHEN APPLICABLE}

Storage and Disposal

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store unused mats in original box in a cool, dry place inaccessible to children and pets.

Store appliance and butane cartridges in original box in a cool, dry place away from sources of heat. [Store

[alkaline] [lithium] batteries in cool, dry place away from heat or open flame.] **Pesticide Disposal and**

Container Handling: Non-refillable container; do not refill or reuse this container. **If cartridge is empty or for**

used mats: Do not reuse empty packaging, envelopes [wrappers] or cartridges. Do not puncture or incinerate

empty cartridges. Place in trash or offer for recycling if available. **If cartridge is partly filled or for unused**

mats: Call your local solid waste agency for disposal instructions. Never place unused mats down any indoor

or outdoor drain. **For unwanted appliance:** [Place in trash or offer for recycling if available.] [Thermacell

products contain recyclable materials and should not be put into the municipal waste stream. Contact your local

municipality for recycling directions.]

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
[See leaflet inside box for usage directions.]

Use Restrictions: *{for all devices}*

Only for outdoor use as a mosquito repellent. Do not use indoors, in tents or in any enclosed area. Do not insert anything other than Thermacell® mats into the appliance. Cover or remove all exposed food. Do not leave appliance unattended or use in windy conditions. Do not expose appliance(s) or mats to rain. [Do not attach appliance to your body or clothing.] [When using appliance stand,] Place appliance on a flat, stable surface with the grill facing upward. [Press the on-off button to the 'OFF' [out] position when not in use.] Do not touch the grill; [the top of the lantern,] it will be hot after a couple of minutes. Clean with a damp cloth only when the appliance is cool and inactive. Butane cartridges other than Thermacell® cartridges will not work in this appliance. [Only Thermacell® mats and cartridges will work in this appliance.]

[Please refer to the instruction booklet that came with your device for specific features and directions.]

To Use Mosquito Repellent

1. Remove one mat from wrapper.
2. With Thermacell device off and completely cool, insert and center mat under grill.
3. Attach Thermacell device to the power source specified on the device directions.
4. Follow your device directions to activate mosquito repellent.

{If Butane is included}

To Insert Butane Cartridge

1. Remove the appliance cover. Remove the cap from the butane cartridge.
2. Screw the cartridge into the opening of the Thermacell appliance. Make sure canister is fully inserted by turning it until it stops. Do not over tighten.
3. Replace the appliance cover.

To Turn On/ Off

Refer to the appliance's packaging.

To Replace Mosquito Repellent Mat

Make sure device is off and cool; push used mat out by inserting a fresh one.

{SIDE / BOTTOM PANEL AND INSERT WHEN APPLICABLE}

Storage and Disposal

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store unused mats in original box in a cool, dry place inaccessible to children and pets.
