PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS:

DANGER: Highly Corrosive. Causes Skin and Eye Damage. May be Fatal if Swallowed. Do not get in eyes, on skin or on clothing. Do not handle with bare hands. Wear goggles or face shield and use rubber gloves and only thoroughly clean dry utensils when handling. Irritating to nose and throat. Avoid breathing dust and fumes. Remove and wash contaminated clothing before reuse.

CHEMICAL HAZARD:

DANGER. STRONG OXIDIZING AGENT. Mix only into water. Contamination may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible fire and explosion. Avoid any contact with flame or burning material, such as a lighted cigarette. Do not contaminate with moisture, garbage, dirt, household products, soap products, paint products, solvents, acids, vinegar, beverages, oils, pine oil, dirty rags or any other foreign matter.

Emergency Handling:

In case of contamination or decomposition, if possible, isolate container in open air or well-ventilated area. Flood with large volumes of water. Dispose of contaminated material in an approved landfill area.

Environmental Hazard: This pesticide is toxic to fish and aquatic organisms.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Read all precautionary and first aid statements before use. 24 hours after container is filled to sharps capacity, prepare container for disposal. Open Safety cap. Pour the thoroughly mixed contents of solidification compound container into disposal container. Replace safeties cap securely and immediately shake, for 30 seconds. The container's temperature should then rise. Place both containers into box and store in a Safe isolated place for 24 hours. After following all directions thoroughly, the box with both containers may be disposed in standard waste receptacle.

STORAGE AND DISPOSAL

Read before using. Keep this product dry in a tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. In case of decomposition isolate container (if possible) and flood area with large amounts of water to dissolve all materials before discarding this container. IF SPILLED, use rubber gloves and carefully return sharps and other spilled materials to sharps disposal container. Immediately commence standard disposal procedure (See Direction for Use). Do not contaminate food or feed by storage or disposal or cleaning of equipment.
