Roundup Garden Foam Weed & Grass Killer

EPA Reg. No. 71995-16

Roundup Garden (Sure Shot) Foam Weed & Grass Killer- Fast Acting Formula

Roundup Foam is formulated for spot treating of individual weeds. It will kill almost all annual and perennial weeds, grasses and other unwanted plants. Ideal for tough to reach weeds found in flower beds and vegetable gardens. Use to edge along driveways, walkways or fences in gravel or mulch, around trees and shrubs and other areas in your yard. Roundup kills weeds by stopping the production of a substance found only in plants. Any Roundup not absorbed by the plant breaks down into natural materials. Roundup will not move in or on the soil to untreated plants.

Roundup Foam produces a "non-drift" visible stream that foams on contact and lasts for a few (2 – 3) minutes allowing you to easily see the treated weeds. Visible effects usually occur within hours and complete kill in 1 to 2 weeks. This makes it ideal for targeting weeds in tight spots like flowerbeds and gardens.

The spot weeder produces a "foamy" white lather for direct weed contact which avoids drift and marks weeds as treated. The weed killer moves systemically through all parts of the plant.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.

HOW TO APPLY

- Shake can before and during use.
- Turn can upside down to use.

Roundup Garden Foam Weed & Grass Killer

EPA Reg. No. 71995-16

- Hold can at arm's length, 1 to 2 feet from weed. Point can at weed.
- Press spray button briefly, covering weed with Roundup Foam. (DO NOT press button with can in upright position.)

IMPORTANT

Spray when air is calm. The "non-drift" spray foams on contact marking treated weeds. If desirable plants are accidentally sprayed, rinse immediately with water.

All ornamental flowers, trees and shrubs may be planted 1 day after application.

HOW IT WORKS

Roundup enters plants through foliage and moves systemically to the roots, killing weeds by stopping the production of a substance found in plants. Any product not absorbed by plants breaks down into natural materials without moving in or on the soil to untreated plants. Weeds usually begin to wilt within hours with complete kill in 1 to 2 weeks. One application kills most weeds.

Specially formulated for residential use.

Kills Annual Weeds and Grasses:

Cheeseweed	Goosegrass	Purslane
Chickweed (common)	Green Foxtail	Sandspur
Clover	Hemp Sesbania	Smartweeds
Common Lambsquarters	Henbit	Sowthistle

Bluegrass	Hairy Crabgrass	Tall Fescue
Brownseed Paspalum	Johnsongrass	Tansy Ragwort
Bull Thistle	Knawel	Torpedograss
Canada Thistle	Maiden Cane	Virginia Creeper
Centipedegrass	Mouseear Chickweed	Wild Blackberry
Coralbead	Nutgrass (Nutsedge)	Wild Carrot
Creeping Charlie	Plantains	Wild Morningglory

Roundup Garden Foam Weed & Grass Killer

EPA Reg. No. 71995-16

Creeping Lantana
Curly Dock
Dallisgrass

Poison Ivy
Poison Oak
Purple Cudweed*

Wild Carrot
Yarrow

* Annual or Perennial

Kills most annual weeds and grasses and tough to control perennial weeds
[insert brand name] is Rainproof in 2 hours (30, 45, 60, or 90 minutes; 1 hour; less than 1 hour; less than 60 minutes; less than 30 minutes)

[Alternate text] (RAIN-PROOF:) Rain or watering 2 hours (30, 45, 60, or 90 minutes; 1 hour; less than 1 hour; less than 60 minutes; less than 30 minutes) after application will not wash away effectiveness.

[Question mark icon] For specific weeds controlled by this product call 1-888-Roundup (or 1-800-225-2883).

Gives Complete Kill of Tough Annual and Perennial Grasses and Broadleaf Weeds in Lawns, Flower Beds, Around Trees and Shrubs, in Walks, Driveways, in Gravel or Bark Mulch.

DIRECTIONS

[Directions for inverted can]

Spray when air is calm. Shake can just before and during use. Invert can, hold at arm's length and point can at weed. Do not press button when can is in upright position. Stand close to weed (1 to 2 feet) with can aimed at weed and away from face. Push down briefly on button. Spray to cover center of weed. Do not overspray. The "no-drift" spray foams on contact marking treated weeds. One application will kill most weeds. If certain tough weeds are not killed within 4 weeks, re-apply.

[or]

- Spray when air is calm.
- Shake can before and during use.
- Turn can upside down to use. Hold at arm's length and point can at weed.
- Position nozzle within 1 to 2 feet of target weed.
- Press spray button briefly, covering weed with Roundup Foam. (Do not press button with can in upright position.)
- The "non-drift" spray foams on contact marking treated weeds. If desirable plants are accidentally sprayed, rinse off immediately with water.
- One application kills most weeds.

[Alternative Directions for an upright can]

Spray when the air is calm. Shake can just before using and occasionally during use. Tear off tab. Hold can at arm's length while standing close to weed (1 to 2

feet). Aim can at weed and away from face. Squeeze the trigger, spraying to cover center of weed. The "no-drift" stream foams on contact marking treated weeds. One application will kill most weeds. Reapply, if it rains within 6 hours after application. If tough weeds are not killed within 4 weeks, reapply.

IMPORTANT: Roundup is an all-purpose weed and grass killer which will kill almost all plants contacted. If necessary, use cardboard or plastic to shield desirable plants. If spray accidentally contacts desirable foliage, wash off immediately with water.

Treated lawn areas can be reseeded in 7 days. Ornamentals can be replanted the next day.

STORAGE AND DISPOSAL

STORAGE: Store in a secure location away from heat or open flame. [steel icon]

DISPOSAL: Unused product may be disposed of by securely wrapping original container in several layers of newspaper and discard in trash. **CONTAINER --** Replace cap and discard in trash. Do not incinerate or puncture.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.

Federal regulations prohibit CFC propellants in aerosols

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

APPENDIX 1 – Consolidated List of Label Claims
[Ordered alphabetically]

- After [weed graphic]
- Avoids drift and marks treated weeds
- Begins working in hours
- Before [weed graphic]
- Controlled application / non-spattering / no drift formulation
- Easiest way to take care of weeds in places where you don't want to harm other plants
- Easy to use foam marker let's you see where you've sprayed
- FastAct™ (Technology)
- Formulated for "spot" application to individual weeds
- Gives complete kill of tough annual and perennial grasses and broadleaf weeds in lawns, flower beds, around trees and shrubs, in walks, driveways, in gravel or bark mulch.
- Helps keep gardens free of weeds
- Ideal for flowerbed & garden weeds
- Keeps gardens looking neat (tidy) and more beautiful all season long
- Kills over 100 weeds per can [19 oz size]
- Kills the root so garden weeds won't come back
- Kills the weed you see and the root you don't
- Kills weeds and grasses roots & all
- Kills weeds even in tough to reach spots.
- Marks the weeds
- No root. No weed. No problem.
- Now you'll know which weeds you've sprayed and which you haven't
- Only Roundup's effectiveness (exclusive formula) won't be washed away by rain or watering 2 hours (30, 45, 60, 90 minutes; 1 hour; less than 1 hour; less than 60 minutes; less than 30 minutes) after treatment
- Produces a white foam for direct weed contact
- Ready-To-Use
- Rainproof in two hours (30, 45, 60, 90 minutes; 1 hour; less than 1 hour; less than 60 minutes; less than 30 minutes)) (for control that won't wash away)
- (See) results in hours (24 hours) (1 day)
- Special formulation and applicator - perfect for eliminating weeds
- Spot Weed Killer
- Starts to kill in hours
- Starts to kill in the same day
- Starts to kill overnight
- Starts working in hours
- Starts working overnight
