E-SUBMISSION

Roundup® Garden Foam Weed & Grass Killer

Alternate Brand Names:

Roundup® Sure Shot® Foam Weed & Grass Killer Roundup® Sure Shot® Ready-To-Use Foam Roundup® Weed & Grass Killer Ready-To-Use Sure Shot® Foam Roundup® Ready-To-Use Plus Sure Shot® Foam

Active Ingredient	2 No.
Glyphosate, isopropylamine salt	0.96 %
Pelargonic acid and related fatty acids	1.00%
Other Ingredients	98.04 %

Keep Out of Reach of Children. **CAUTION**

See back panel for additional precautionary statements.

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 7/995-/L

NET [] (oz-lb-g)

HOW IT WORKS: This product (Insert Brand Name) is formulated for spot treating individual weeds. Kills all types of weeds & grasses.

(An active ingredient in Insert Brand name,) Glyphosate enters the plant through the foliage and moves systemically to the roots, killing weeds by blocking an essential enzyme found in plants but not in people or pets. Glyphosate binds tightly to the soil so that any glyphosate not absorbed by the plant won't move to affect untreated plants. Most weeds yellow and wilt within hours with complete kill in 1 to 2 weeks.

WHAT TO KNOW: This product (Insert Brand Name) produces a "non-drift" visible stream that foams on contact and lasts for a few (2-3) minutes allowing you to easily see the treated weeds. This makes it ideal for targeting weeds in tight spots like flower beds and gardens.

Rainproof: Rain or watering in 10 minutes after application will not wash away effectiveness.

[alternate "What to Know" language] (This product) (Insert Brand Name) This spot weeder produces a white lather for direct weed contact which avoids drift and marks weeds as treated. The white lather will breakdown and disappear in a few minutes (insert number of minutes) Rainproof: Rain or watering in 10 minutes after application will not wash away effectiveness.

Product Facts

Up to X sprays IX = 126 sprays per 16 ozl

WHERE TO USE

- In flower beds and vegetable gardens
- Around shrubs and trees
- Along fences
- · On walkways, patios and driveways
- In gravel and mulch areas
- Plus in other hard-to-reach areas of your yard

[WHERE TO USE alternate language]

Ideal for tough to reach weeds found in flower beds and vegetable gardens. Great to use as an edger along driveways, walkways or fences or to spot treat weeds in patios, gravel or mulch, around trees and shrubs and other hard-to-reach areas in your yard.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

(Read entire label. Use strictly in accordance with label precautionary statements and directions.)

HOW TO APPLY

- Shake well before each use and before each spray.
- Turn can upside down to use.
- Hold can at arm's length, 1 to 2 feet from weed. Point can at weed.
- Press spray button briefly, to cover the center of the weed with foam.
- DO NOT press button with can in upright position.
- Do not overspray
- If certain tough weeds are not killed within 4 weeks, re-apply.

WHEN TO APPLY

Apply when weeds are actively growing. Spray when air is calm. For best results, apply during warm, sunny weather (above 60 (50)° F). Some product may drip from the nozzle after you stop spraying. If desirable plants are accidentally sprayed, or product drips, rinse immediately with water.

WHEN TO REPLANT:

All ornamental flowers, trees and shrubs may be planted 1 day after application. Herbs, vegetables (all) and fruits may be planted 3 days after application. Treated lawn areas can be reseeded in 7 days.

KILLS ALL TYPES OF WEEDS & GRASSES [Optional Section]

[Optional text] **NOTE**: Heavy lawn (turfgrasses) or well established difficult to control weeds, such as Bermudagrass, Nimblewill, Dandelion, or Canada Thistle may require a repeat application.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store in a secure location away from heat or open flame. Store in a cool, dry area. Always store pesticides in the original container away from food and pet food.

PESTICIDE DISPOSAL AND CONTAINER HANDLING:

Do Not Puncture or Incinerate! Nonrefillable container. Do not reuse or refill this container.

If empty: Place in trash or offer for recycling, if available.

(Alternate statement) **If empty**: This container may be recycled in aerosol recycling centers. At present, there are only a few such centers in the country. Before offering for recycling, empty the can by using the product according to the label (DO NOT PUNCTURE!). If recycling option is not available, wrap the container and discard in the trash.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions. (To the extent consistent with applicable law, the buyer assumes all risks of use storage or handling of this product not in accordance with directions.) (Product guaranteed to the extent of purchase prices, only when used according to label directions.

(Federal regulations prohibit CFC propellants in aerosols.)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Causes eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling.

[re-entry icon] People and pets may enter treated area after spray has dried.

FIRST AID	
IF IN	Hold eyes open and rinse slowly and gently for 15-20
EYES	minutes.
	Remove contact lenses, if present, after first 5 minutes, then continue rinsing eyes.
}	Call a poison control center, or (insert contact telephone #), or
	doctor for treatment advice.
Emergency Medical Information	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	
You may contact (insert contact telephone #) for emergency medical treatment information.	
• This pro	educt is identified as [insert brand name], EPA Reg. No. 71995-

ENVIRONMENTAL HAZARDS: To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

PHYSICAL OR CHEMICAL HAZARDS: Contents under pressure. Keep away from fire, sparks, and heated surfaces. Exposure to temperatures above 130° F may cause bursting.

This product is protected by U.S. Patents No. 5,196,044. Other patents pending. No license granted under any non-U.S. patent(s).

APPENDIX 1 – Consolidated List of Label Claims

[Ordered alphabetically]

- After [weed graphic]
- Avoids drift and marks treated weeds
- Begins working in hours (immediately)
- Before [weed graphic]
- Controlled application / non-spattering / no drift formulation
- *Consumer Guarantee: If for any reason you are not satisfied after using this
 product, simply send us original proof of purchase and we will replace the product or
 refund the purchase price.
- Convenient and easy to use
- Easiest way to take care of weeds in places where you don't want to harm other plants
- Easy to use foam marker let's you see where you've sprayed
- Effective (tough weather formula) works even in cool & cloudy conditions
- FastAct™ (Technology)
- Fast acting formula
- Fast results
- For Control of Tough Weeds that won't wash away
- Fast-acting formula absorbs to root more quickly
- Foaming technology lets you see exactly where you've sprayed
- Formulated for "spot" application to individual weeds
- Hard on weeds, easy on you
- Helps keep gardens free of weeds
- Ideal for flowerbed & garden weeds
- Keeps gardens looking neat (tidy) and more beautiful all season long
- Kill tough annual and perennial grasses and broadleaf weeds in lawns, flower beds, around trees and shrubs, in walks, driveways, in gravel or bark mulch.
- Kills all types of weeds and grasses
- Kills the root so garden weeds won't come back
- Kills the weed you see and the root you don't
- Kills weeds and grasses roots & all
- · Kills weeds even in tough to reach spots.
- Kills the Roots! Guaranteed! *
- Marks the weeds
- · No mixing, no measuring
- No root. No weed. No problem.(R)
- Now you'll know which weeds you've sprayed and which you haven't
- Only Roundup's effectiveness (exclusive formula) won't be washed away by rain or watering 10 minutes (15, 20, 30, 45, 60, 90 minutes; less than 30 minutes) after treatment

- Point and spray
- Point the nozzle at the weed (and spray)
- Produces a (disappearing) white foam for direct weed contact
- Ready-To-Use (foam)
- Rainproof in 10 minutes (15, 20 minutes) for control that won't wash away
- (See) results in hours (24 hours) (1 day)
- · Special formulation and applicator perfect for eliminating weeds
- Spot Weed Killer
- Starts to kill in hours
- Starts to kill in the same day
- · Starts to kill overnight
- Starts working in hours
- Starts working overnight
- Sure Shot let's you see where you've sprayed
- Sure Shot makes it easy to see where you've sprayed
- Systemic Action
- Target weeds in tight places / spots
- Use around valuable/ desirable plants because the foam will not drift onto other plants
- Use to edge flower beds and vegetable gardens
- Visible results in 6 (12) hours
- [water droplet icon] Water based
- · Weed and Grass Killer
- (Weeds) Start dying in 1 day (24 hours)
- Works in hours (overnight)
- You can see where you've sprayed so you're less likely to accidentally spray other plants

Changes included in this amendment:

- Additional brand name options
- Inclusion of Pelargonic Acid in the ingredient statement to comply with request of California Department of Pesticide Registration and consistent with other 71995 product registrations containing Pelargonic Acid
- Reorganized the wording into sections for How it Works, What to Know and Where to Use, consistent with the Roundup Lawn & Garden products family.
- · Clarified Directions for use
- Updated Storage and Disposal
- Updated Environmental Hazards according to PR Notice 2008-1
- · Revised marketing claims in Appendix
