Form Approved. OMB No. 2070-0060. Approval Expires 2-28-95

United States Environmental Protection Agency Washington, DC 20460

Registration Amendment Other

OPP Identifier Number 294504

Application for Pesticide - Section I

1. Company/Product Number 71995-21
2. EPA Product Manager Jim Tompkins
3. Proposed Classification None Restricted
4. Company/Product (Name) Roundup Weed & Grass Killer Plus WeedPrevent
5. Name and Address of Applicant Monsanto Company, Lawn & Garden Products
6. Expedited Review

Section - II

Amendment - Explain below. Resubmission in response to Agency letter dated. Notification - Explain below. Final printed labels in response to Agency letter dated. "Me Too" Application. Other - Explain below.

NOTIFICATION FEB 27 2003

Explanation: Use additional page(s) if necessary. Submission of revised master label to include packaging related instructions. This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46...

Section - III

1. Material This Product Will Be Packaged In: Child-Resistant Packaging, Unit Packaging, Water Soluble Packaging, 2. Type of Container, 3. Location of Net Contents Information, 4. Size(s) Retail Container, 5. Location of Label Directions, 6. Manner in Which Label is Affixed to Product

Section - IV

1. Contact Point (Complete items directly below for identification of individual to be contacted, if necessary, to process this application): Name Dr. Marsha Gray, Title Registration Manager, Telephone No. (202) 783-2460. Certification, 2. Signature Rhonda M. Mannion, 3. Title Registration Manager, 4. Typed Name Rhonda M. Mannion, 5. Date 14 February 2003, 6. Date Application Received (Stamped)

[Editorial Notes: Bracketed text [] is for internal use or serves as a 'place holder' for graphics. Parenthetical text () denotes optional wording.]

Product Facts

- Dual (2 way) Action:
 1. Kills existing weeds & grasses, roots & all
 2. Contains a second active ingredient that creates an invisible barrier in the soil to prevent (new) weed(s) (seeds) (from sprouting, appearing) for up to 3 (2, 4) months

To prevent (new) weed(s) (seeds) (from sprouting, appearing) for up to 3 (2, 4) months, spray the existing weeds AND the entire surrounding area you wish to keep weed free. *[Illustration of spray pattern on emerged weed and surrounding area and compare to spray pattern of Roundup Weed & Grass killer]*

This product may be used around the base of well-established trees, shrubs, and plants. However, DO NOT treat areas where you will be planting seeds within 120 days. Wait 90 (30, 60) days before transplanting ornamental bedding plants, trees, shrubs or sod into treated areas.

Container treats up to [] sq ft (approx. size of [] tennis courts) *[1 gallon treats 200 sq ft and a tennis court is 2106 sq ft]*

KILLS & PREVENTS WEEDS

[illustrate grassy, broadleaf and woody weeds]
ALL TYPES OF WEEDS & GRASSES

WHERE TO USE

Apply only where you want to kill existing weeds AND prevent future weed growth for up to 3 (2, 4) months, such as:

- Walkways, driveways, gravel pathways, (RV and boat) parking areas, and brick patios
- Along fences, foundations, and curbs
- On cracks and crevices in concrete sidewalks, driveways, patios, and tennis courts
- Areas around the base of well established ornamental plants, shrubs or trees
- Decorative rock (mulch,) or bark landscapes
- Along the edge of lawns, tree rings, and retaining walls

Do not use on your lawn or in your (annual) vegetable garden. Do not use to prepare vegetable garden plots.

This product prevents future plant growth for up to 3 (2, 4) months. For weed control in (annual) vegetable gardens or landscaped areas with young plants or areas that will be planted within 90 (30, 60) days with bedding plants or 120 days with seed, use Roundup Weed & Grass Killer Ready-To-Use instead.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

HOW TO APPLY

Adjust nozzle to coarse spray (setting)

- *[For Foaming package]* Turn nozzle to desired (spray) setting (position) - FOAM (MARKER) or STREAM (SPRAY) (NO MARKER) (NO FOAM). FOAM (MARKER) marks weeds for up to (X) minutes, allowing you to easily see where you've sprayed. STREAM (SPRAY) (NO MARKER) (NO FOAM) provides coarse spray that does not foam. Spray the weeds or grasses you want to kill until thoroughly wet or covered with foam.
- *[For Pull 'N Spray package]* Follow illustrations and instructions above. Point wand at unwanted weeds or grasses and push button to begin spraying. Twist nozzle at end of wand to adjust spray pattern. Pull 'T-handle' again as needed to continue spraying. **JUST PULL UP - NO NEED TO PUMP.**
[For Pull 'N Spray II package] Follow illustrations and instructions above to ready (prime) the sprayer. Twist nozzle at end of sprayer to adjust spray pattern. Point sprayer at unwanted weeds or grasses and press sprayer button to begin spraying. Hold down for continuous spray. Pull ring at sprayer bottom again as needed for additional spraying.
- Spray the area where weeds or grasses you want to kill normally appear until **THOROUGHLY WET** (or covered with foam). Spray only the areas (existing weeds AND the entire surrounding area) you want to keep weed free (free of weeds) (for up to 3 (2, 4) months)

[Alternate text] To keep areas weed free for up to 3 (2, 4) months, spray the entire desired area until thoroughly wet (or covered with foam), including the area surrounding emerged weeds.

[Alternate text] Spray existing weeds and the entire surrounding area where weeds or grasses you want to kill normally appear until thoroughly wet (or covered with foam). Spray only the areas you want keep free of weeds (for up to 3 (2, 4) months).

- If weeds and grasses have already sprouted, spray the plant and entire surrounding area until **THOROUGHLY WET** (or covered with foam).
- When spraying around the base of well-established ornamental plants, shrubs or trees, shield desirable plants from drift with a sheet of cardboard or plastic. If desirable plant is accidentally sprayed, rinse off immediately with water or cut off the treated area
- (One gallon) will cover a band 2 inches wide and 1200 feet long or 200 sq ft (10'x20'). (24 oz. container will treat 37 sq ft.)

IMPORTANT: Do not spray plants or grasses you like - they may die too. When making applications around desirable trees or ornamental plants, wait until desirable plants have become well established and deeply rooted. DO NOT use for weed control in lawns or (annual) vegetable gardens since [insert brand name] kills lawn grasses and prevents new plants from sprouting for up to 3 (2, 4) months.

WHEN TO APPLY

- After a flush of small weeds have emerged, apply to the weeds and the entire surrounding area you want to keep free of weeds for up to 3 (2, 4) months.
- For best results, apply during warm, sunny weather (above 60 °F) (to accelerate systemic movement from foliage to root).
- Spray (apply) when air is calm to prevent drift to desirable plants
- [Optional text] Weeds usually yellow and wilt within hours (1-3 days) with complete kill in 1 to 2 weeks.
- (RAIN-PROOF:) Rain or watering 2 hours (30, 45, 60, or 90 minutes; 1 hour; less than 1 hour; less than 60 minutes; less than 30 minutes) after application will not wash away effectiveness. [Alternate text] [insert brand name] is Rainproof in 2 hours (30, 45, 60, or 90 minutes; 1 hour; less than 1 hour; less than 60 minutes; less than 30 minutes).
- Wait (at least) (1, 2, 3) months between applications of [insert brand name] (or apply when new weeds are present)

WHEN TO REPLANT [Optional illustration]

- All ornamental bedding plants, trees, shrubs and sod may be planted 90 days (30, 60 days; 1 month, 2 months, 3 months) after application.
- Lawn grasses and flowers from seed may be planted 120 days (4 months) after application.

HOW IT WORKS [optional illustration]

[Insert brand name] has two-way action. One ingredient enters plants through foliage and moves systemically to the roots killing weeds by stopping the production of a substance found in plants. The other ingredient provides an invisible barrier in the soil that prevents growth of sprouting weed(s) (seeds). Weeds begin to yellow and wilt within hours (1 to 3 days) (with complete kill in 1 to 2 weeks).

KILLS ALL TYPES OF WEEDS & GRASSES [optional illustration]

- | | | |
|------------------------|--------------------|---------------------|
| Bahiagrass | Bentgrass | Bernudagrass |
| Bindweed | Black Medic | Blue Toadflax |
| Bluegrass | Brassbuttons | Broadleaf Plantain |

| Tansy Ragwort | Torpedograss | White Clover |
| Whitewort | Wild Morning Glory | Wild Barley |
| Yellow Nutgrass | Zoysia | |

NOTE: Heavy lawn grass or well established difficult to control weeds, such as Bermudagrass, Nimblewill, Dandelion, or Canada Thistle may require a repeat application.

STORAGE AND DISPOSAL [trash can illustration]

[Trigger Sprayer – original or foaming]

STORAGE: Rotate nozzle to closed position (Turn nozzle to OFF position)(Close nozzle on trigger sprayer). Store product in original container in a safe place away from direct sunlight. Keep from freezing.

[Quick Connect Sprayer]

STORAGE: Flip down spout to close. **NO NEED TO DISCONNECT TRIGGER SPRAYER.** Close nozzle on trigger sprayer (Turn nozzle on trigger sprayer to OFF position). Snap sprayer back in place. Store product in original container in a safe place away from direct sunlight. Keep from freezing.

[Pull 'N Spray]

STORAGE : Completely dispense product in sprayer prior to storage . Slide white (or other color) strip on cap back to closed position. **LEAVE WAND PLUG CONNECTED**

TO 'T-HANDLE'. Snap wand back into place on side of container. Store product in original container in a safe place away from direct sunlight. Keep from freezing.

[Pull 'N Spray II]

STORAGE :

Completely dispense product in sprayer prior to storage. Twist (rotate) (sprayer) nozzle to the OFF position. Flip down (color of spout) spout on cap. **NO NEED TO DISCONNECT SPRAYER HOSE FROM CAP.** Place sprayer back inside carrier on bottle with the nozzle facing down. Store product in original container in a safe place away from direct sunlight. Keep from freezing.

DISPOSAL: Do not reuse container.

Empty Container: Put in trash (recycle where available). **Partially Full Container:** Call your local waste disposal service or 1-800-CLEANUP. Never pour product down any drain.

PRECAUTIONARY STATEMENTS [optional illustration]

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION

Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling.

[re-entry icon] People and pets may enter treated area after spray has dried.

FIRST AID	
IF IN EYES	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently for 15-20 minutes. • Remove contact lenses, if present, after first 5 minutes, then continue rinsing eyes. • Call a poison control center (insert contact telephone #) or doctor for treatment advice.
Emergency Medical Information	
<ul style="list-style-type: none"> • Have the product container or label with you when calling a poison control center or doctor, or going for treatment. • You may contact (insert contact telephone #) for emergency medical treatment information. • This product is identified as [insert brand name], EPA Reg. No. 71995-21 	

ENVIRONMENTAL HAZARDS: Do not apply directly to any body of water. Do not contaminate water when disposing of equipment washwaters.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.

APPENDIX 1 – Consolidated List of Label Claims

- Before [*weed graphics*] / After [*weed graphics*]
- Contains FastAct™ (Technology) (with Foam)
- Controls tough weeds longer
- Dead Weeds Guaranteed (or Your Money Back)
- Dual (2-way) Action (kills and prevents)
- Dual (2-way) Action: Kills existing weeds (roots and all) and prevents new weeds from appearing for up to (30, 60, 90, 120 days) (1, 2, 3, 4 months)
- Easy (-ier) to use (convenient, handy, useful)
- Eliminate(s) weeds
- Even if it rains – Roundup won't lose its effectiveness
- Exclusive (Roundup) formula
- Experience the Roundup Advantage (peel back this panel for detail) (see details inside / underneath this booklet) (see details on back panel)
- Extended performance
- Extended weed control
- FastAct™ (Technology) (results in 24 hours)
- Fast acting (formula)
- Fast-acting formula moves to the root faster (is absorbed fast)(more quickly)
- Fast results
- Ideal for killing and preventing unwanted weeds and grasses throughout your yard. Use along fences, retaining walls; in cracks of walks, drives and patios; and around flower (landscape) beds, rings around trees and shrubs
- Keep yards (areas of your yard) weed free longer
- Keeps driveways, walkways, landscape borders, tree rings, and other areas weed-free for 30 (60, 90, 120, 30-60, 30-90, 60-90, 60-120, 90-120 days) (1, 2, 3, 4, 1-2, 2-3, 2-4, 3-4 months) (seasonally)
- Provides seasonal (extended) (30, 60, 90, 120, 30-60, 30-90, 60-90, 60-120, 90-120 days) (1, 2, 3, 4, 1-2, 2-3, 2-4, 3-4 months) control of weeds in driveways, walkways, landscape borders, tree rings, and other areas.
- Kills (existing) weeds (& grasses) (roots & all) and prevents (new) weed(s) (seeds) (from sprouting, appearing) for up to 3 (2, 4) months (60, 90, 120 days)
- Kills (the toughest weeds and grasses) to the root so weeds (they) don't come back
- Kills the weeds (& grasses) you see (roots & all) and prevents (new) weed(s) (seeds) (from sprouting, appearing) for up to 3 (2, 4) months
- Kills (to) the root
- Kills more weeds in more places.
- Kills over 100 weeds
- Kills weeds, roots and all
- Kills weeds dead
- Kills and prevents
- NEW
- Next day results: Begins killing on contact, visible results in 24 hours
- No Root, No Weed, No Problem
- NOW

10/16

- One step protection
- Only Roundup's effectiveness (exclusive formula) won't be washed away by rain or watering 2 hours (30, 45, 60, 90 minutes; 1 hour; less than 1 hour; less than 60 minutes; less than 30 minutes) after treatment
- Quality that lasts
- Rainproof in 2 hours (30, 45, 60, 90 minutes; 1 hour; less than 1 hour; less than 60 minutes; less than 30 minutes) (for control that won't wash away)
- Ready-To-Use
- Roundup's exclusive (patented) (FastAct) formula (technology) kills to the root so weeds don't come back
- Results in 24 hours – Prevents for up to (30, 60, 90, 120 days)(1, 2, 3, 4 months)
- Season long weed control
- Seasonal weed control
- (See) results in 24 hours (1 day)
- (See) results in hours
- Satisfaction guaranteed
- Starts working overnight
- Starts working in (24) hours
- Starts to kill overnight
- Starts to kill in hours (same day)
- Tougher than the toughest weeds
- Trusted protection
- 2 in 1 (kills and prevents)
- Use to trim and edge landscape areas

- Convenient

APPENDIX 3 – Packaging Related Instructions

QUICK CONNECT SPRAYER [illustrations]

1. Remove sprayer. Pull cord/tubing ALL THE WAY OUT.
2. Insert (color of plug) plug into spout (on cap) until it clicks.
3. Flip up spout. Open nozzle at end of sprayer. (Select desired nozzle position, Foam (Marker) or Stream (Spray)(No Marker)(No Foam))

[PULL 'N SPRAY illustrations]

1. Detach green (or other color) wand. Pull plug and tubing from bottom of wand. Insert plug firmly into 'T-handle' until it clicks. **ONCE CONNECTED, PLUG CANNOT BE REMOVED WITHOUT DAMAGING 'T-HANDLE'.**
2. Slide white (or other color) strip on cap, then grab 'T-handle' and pull all the way up. **JUST PULL UP – NO NEED TO PUMP.**
3. Point wand at unwanted weeds or grasses and push button to begin spraying. Twist nozzle at end of wand to adjust spray pattern.
4. Pull 'T-handle' again as needed to continue spraying. **JUST PULL UP – NO NEED TO PUMP.** When finished, push 'T-handle' gently down to cap and follow storage instructions.

[Instructions on PNS wand] **IMPORTANT!** Follow directions and illustrations on back of container to assemble and use Pull 'N Spray correctly.

[PULL 'N SPRAY II illustrations]
[Applicator Device Directions]

Illustration # 1

- Remove sprayer from side carrier and unwrap hose completely.
- Insert (color of plug) plug at end of hose into (color of spout) spout on cap until it clicks.
- Flip up spout.

Illustration #2

- Point sprayer away from body.
- Grasp sprayer by the handle.
- Slowly pull ring at bottom of sprayer handle until it stops to prime (ready) the sprayer.

Illustration #3

- Twist nozzle at end of sprayer to adjust spray pattern.

Illustration #4

- Press and hold button on sprayer to begin spraying.
- Pull ring at sprayer bottom again as needed to continue spraying.

[Instructions on PNS handle] PULL OUT SLOWLY (AND HOLD FOR (X) SECOND(S)).

Attention: Mr. Jim Tompkins (7505C)
Product Manager (Team 25)

Subject: **Roundup Weed & Grass Killer Plus WeedPrevent (EPA Reg. No. 71995-21).
Notification of Packaging Related Instructions.**

Dear Mr. Tompkins,

The Agency recently approved the revised master label for Reg. No. 71995-21 on 6 February 2003. Upon review of the approved label Monsanto discovered that Appendix 3 was omitted from the approved label. This appendix contains packaging/sprayer specific instructions which are standard for our ready-to-use products. To correct this oversight Monsanto is herein notifying the Agency of the addition of Appendix 3 to the approved Master Label. No other changes have been made to the stamped label.

Should you require any additional information or have any questions, please contact Dr. Marsha Gray at our Washington office (202)-783-2878 or me directly at (314) 694-8785 or rhonda.m.mannion@monsanto.com.

Sincerely,

Rhonda M. Mannion.
Registration Manager
