CONTROLS ALL WEEDS AND(&) GRASSES INCLUDING: Barnyardgrass, Bermudagrass, Thistle, Chickweed, Common Ragweed, Dandelion, Fescues, Johnsongrass, Clover, Yellow Nutgrass and(&) other grasses, weeds, sedges and(&) brush.

Product Facts	
Container treats more than (over) XXX weeds [rate equals 200 weeds per 24 oz] Container treats 390 sq ft [PNS 5 liter]	
KILLS WEEDS	[Illustration grassy, broadleaf and woody weeds] ALL TYPES OF WEEDS AND(&) GRASSES
WHERE TO USE	<ul style="list-style-type: none"> • On patios, walkways, driveways, gravel, or mulch beds • In flower(beds) and(&) vegetable gardens • Around flowers, shrubs and(&) trees • Along fences and(&) foundations • Other areas in your yard
PNS/PNS II:	<ul style="list-style-type: none"> • Edging around lawns • In large areas – For lawn replacement /renovation - For garden plot preparation
	Questions, Comments or Medical Information call 1-800-225-2883 http://www.roundup.com (call 1-888-ROUNDUP)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

HOW TO APPLY

- Adjust nozzle to a coarse spray.
- [For Foaming package] Turn nozzle to desired position - FOAM (MARKER) or STREAM (SPRAY) (NO MARKER) (NO FOAM). FOAM (MARKER) marks weeds for up to (X) minutes, allowing you to easily see where you've sprayed. STREAM (SPRAY) (NO MARKER) (NO FOAM) provides coarse spray that does not foam. Spray the weeds or grasses you want to kill until thoroughly covered with foam or liquid.

- [For Pull 'N Spray package] Follow illustrations and instructions above. Point wand at unwanted weeds or grasses and push button to begin spraying. Twist nozzle at end of wand to adjust spray pattern. Pull 'T-handle' again as needed to continue spraying. **JUST PULL UP – NO NEED TO PUMP.**
- [For Pull 'N Spray II package] Follow illustrations and instructions above to ready the sprayer. Twist nozzle at end of sprayer to adjust spray pattern. Point sprayer at unwanted weeds or grasses and press sprayer button to begin spraying. Hold down for continuous spray. Pull ring at sprayer bottom again as needed for additional spraying.
- Spray the weeds or grasses you want to kill until thoroughly wet.
- When spot treating weeds in a flower (bed) or vegetable garden, shield desirable plants from drift with a sheet of cardboard or plastic. If desirable plant is accidentally sprayed, rinse off immediately with water.

OR

- When spot treating weeds around desirable plants shield plants from drift with a sheet of cardboard or plastic. If desirable plant is accidentally sprayed, rinse off immediately with water.

IMPORTANT: Do not spray plants or grasses you like - they may die too. Not recommended for spot weed control in lawns since Roundup kills lawn grasses.

ADDITIONAL TIPS

• TO KILL VINES

- If vines are growing up poles, fences, or tree trunks with mature bark, cut vines to a height of 3 to 4 feet and spray vines thoroughly.
- If vines are climbing shrubs or tree trunks with green bark, cut vines at base and treat as directed for stumps or spray regrowth. If spraying regrowth, shield shrubs and green bark from spray drift with a sheet (piece) of cardboard or plastic.

• TO KILL STUMPS

- Cut living stump close to ground.
- Drive 4 to 5 holes into freshly cut stump.
- Immediately pour undiluted product into holes.

• For Lawn Replacement

Use Roundup to kill a (an old) (an unwanted) lawn and (its) weeds before planting (a) new lawn (OR prior to laying a patio, sidewalk, or driveway).

[Alternate text] For lawn replacement use Roundup to kill lawn and (&) weeds before planting new lawn.

- Skip one mowing before spraying.
- If soil is dry, water before application and (&) 2 to 3 days after application.
- Wait 7 days after last application to rake, till or replant with seed or sod.

[Alternate text]

- Wait 7 days for weeds and lawn to die. Repeat if necessary.
- Rake or till to prepare area for planting seed or sod.
- (If green patches remain after 7 days, reapply.)

[Alternate section]

- **(Great) (Roundup) Project: Lawn Renovation**
Use Roundup to kill sections of a weed-infested lawn before reseeding.
 - Apply Roundup to lawn weeds and grasses at a rate of 6 fl oz (12 Tbs) per gallon of water (covers 300 sq ft.)
 - Wait 7 days after application to rake, till or replant with seed or sod.
 - Work (1" of) Scotts Lawn Soil with Starter Fertilizer into existing soil, mixing well.
 - For thick, green grass – guaranteed -- spread Scotts Pure Premium (or other Scotts grass seed) and water regularly (daily) to keep area moist (follow package instructions).
 - For best results, add a thin layer of Scotts Miracle-Gro Sphagnum Peat Moss over the area to help seeded area stay moist throughout germination period.
- **Kudzu**
For best results, apply in mid to late summer when vines are mature and actively growing.
- **Wild Blackberry**
Spray anytime plants are actively growing. Dead canes should be cut down and removed. Reapplication is often required to kill deep roots.
- **Poison Ivy & Poison Oak**
Contact with these plants anytime of the year can cause an allergic reaction. Spray anytime plants are actively growing, but at least 4 weeks before the first killing frost in the fall. Reapply, if new growth appears. Handle dead plants with rubber gloves. Dispose of plants and rubber gloves in tightly sealed garbage bags.
- **For Flowerbed (Ornamental Plot) Preparation**
Use Roundup to kill weeds, grasses and brush before planting flowers.
 - If soil is dry, water before application and 2 to 3 days after application.
 - Apply evenly over treatment area.
 - Wait 2 days before planting.

[Alternate section]

- **(Great) (Roundup) Project: Flower Garden Preparation**
Use Roundup to kill unwanted weeds and grasses before planting flowers, trees or shrubs.
 - Apply Roundup to vegetation in planting bed at a rate of 6 fl oz (12 Tbs) per gallon of water (covers 300 sq ft.)
 - Wait 1 day after application before planting.
 - For best results, add 3" of Miracle-Gro Garden Soil to your garden. Rototill or

- spade to a depth of 6", mixing well.
- Feed flowering (new) plants every 2 weeks with Miracle-Gro Plant Food (follow package instructions).

WHEN TO APPLY

- Use anytime weeds (and(&) grasses) are actively growing (OR) Apply when weeds are actively growing.
- For best results apply during warm, sunny weather (above 60° F) (to accelerate systemic movement from foliage to roots).
- Spray (Apply) when air is calm to prevent drift to desirable plants.
- Roundup is Rainproof in 2 hours (30, 60, or 90 minutes)
[Alternate text] Rain or watering 2 hours (30, 60, or 90 minutes) after application will not wash away effectiveness.
- [Optional text] Apply when weeds are small and(&) before seeds form. Weeds yellow and(&) wilt within hours with complete kill in 1 to 2 weeks. Established weeds may require a repeat application.
- All ornamental flowers, trees and(&) shrubs may be planted **1 day after** application.

OR

WHEN TO REPLANT

- All ornamental flowers, trees and(&) shrubs may be planted **1 day after** application.
- The following berries may be planted **1 day after** application:
Blackberry, Blueberry, Boysenberry, Cranberry, Currant, Dewberry, Elderberry, Gooseberry, Huckleberry, Loganberry, Olallieberry and(&) Raspberry (Black and(&) Red).
- The following fruits, vegetables &(and) herbs may be planted **1 day after** application:
Artichoke (Jerusalem), Beans (all), Beet Greens, Broccoli, Brussels Sprouts, Cabbage (all), Carrot, Cauliflower, Celery, Chard (Swiss), Chicory, Collards, Endive, Horseradish, Kale, Kohlrabi, Leek, Lentils, Lettuce, Mustard Greens, Okra, Onion, Rape Greens, Parsley, Parsnips, Potato, Radish, Rhubarb, Rutabaga, Spinach, Sweet Potato, Turnip &(and) Yams.
- The following fruits, vegetables &(and) herbs may be planted **3 days after** application:
Corn, Cucumber, Eggplant, Garlic, Gourds, Melons (all), Peas (all), Peppers (all), Pumpkin, Squash (summer &(and) winter), Tomatillo, Tomato (by seed) &(and) Watercress.
- Lawn grasses may be planted **7 days after** application.
- Tomatoes from transplant & (and) unlisted fruits, vegetables &(and) herbs may be planted **30 days after** application.

6/19

WHEN TO HARVEST -[OPTIONAL SECTION]

If used to control weeds around fruits or nuts, wait the following number of days before harvesting:

- Citrus (Citron, Grapefruit, Kumquat, Lemon, Lime, Mandarin, Orange, Pummelo, Tangelo, Tangerine), Guava, Papaya – **1 day.**
- Nuts (Almond, Beechnut, Brazil Nut, Butternut, Cashew, Chestnut, Filbert, Hazelnut, Hickory Nut, Macadamia, Pecan, Pistachio, Walnut) – **3 days.**
- Apple, Avocado, Banana (Plantains), Berries (except Cranberries), Dates, Figs, Grapes, Loquat, Passion Fruit, Pear, Persimmon, Pomegranate &(and) Quince – **14 days.**
- Apricot, Cherries, Nectarine, Olives, Peach, Plum and(&) Prunes– **17 days.**
- Cranberries – **30 days**

HOW IT WORKS

Roundup enters plants through foliage and(&) moves systemically to the roots, killing weeds by stopping the production of a substance found in plants. (Any product(Roundup) not absorbed by plants breaks down into natural materials, without moving in or on the soil to untreated plants. (So Roundup can be used over the root zone of desirable plants without injury. Weeds yellow and(&) wilt within hours with complete kill in 1 to 2 weeks.)

OR

Roundup kills weeds by stopping the production of a substance found in plants. It enters plants through foliage and(&) moves systemically down to the roots. Any product not absorbed by plants breaks down into natural materials. Roundup will not move in or on the soil to untreated plants (so it can be used over the root zone of desirable plants without injury. Weeds yellow and(&) wilt within hours with complete kill in 1 to 2 weeks.)

STORAGE AND DISPOSAL

[Trigger Sprayer - Original or Foaming]

STORAGE: Rotate nozzle to closed position (Turn nozzle to OFF position)(Close nozzle on trigger sprayer). Store product in original container in a safe place. Keep from freezing.

[Quick Connect Sprayer]

STORAGE: Flip down spout to close. NO NEED TO DISCONNECT TRIGGER SPRAYER. Close nozzle on trigger sprayer (Turn nozzle on trigger sprayer to OFF position). Snap sprayer back in place. Store product in original container in a safe place. Keep from freezing.

[Pull 'N Spray]

STORAGE : Push 'T-handle' gently down to cap. Slide white (or other color) strip on cap back to closed position. LEAVE WAND PLUG CONNECTED TO 'T-HANDLE'. Snap wand back into place on side of container. Store product in original container in a secure place. Keep from freezing.

[Pull 'N Spray II]

STORAGE :

Completely dispense product in sprayer prior to storage. Twist sprayer nozzle to the OFF position. Flip down (color of spout) spout on cap. **NO NEED TO DISCONNECT SPRAYER HOSE FROM CAP.** Place sprayer back inside carrier on bottle with the nozzle facing down. Store product in original container in a safe place. Keep from freezing.

DISPOSAL: Do not reuse container (except to refill with other Roundup products).

[Pull 'N Spray only]

DISPOSAL: DO NOT RE-USE EMPTY CONTAINER.

[ALL Packaging types]

Empty Container: Put in trash (recycle where available). **Partially Full Container:** Call your local waste disposal service (or 1-800-CLEANUP). If local law permits, put partially full container in trash. Never pour product down any drain.

HOW TO REFILL

This container and sprayer can be reused. Use *Roundup Weed & Grass Killer Concentrate (Roundup Pull N' Spray (II) Refill Concentrate)* or *Roundup Weed & Grass Killer Super Concentrate (Roundup Pull N' Spray (II) Refill Super Concentrate)* to refill the container. Follow the instructions below:

[24 FL OZ]:

To this empty container add 2 fl oz of Roundup Concentrate or 1 fl oz of Roundup Super Concentrate then fill with water very slowly to avoid foaming.

[½ GAL]

To this empty container add 5 fl oz of Roundup Concentrate or 2½ fl oz of Roundup Super Concentrate then fill with water very slowly to avoid foaming.

[GAL]

To this empty container add 10 fl oz of Roundup Concentrate or 5 fl oz of Roundup Super Concentrate then fill with water very slowly to avoid foaming.

[1.33 GAL PNS II]

To this empty container add 13 fl oz of Roundup Concentrate or 6.5 fl oz of Roundup Super Concentrate then fill with water very slowly to avoid foaming.

OR

Use (13 oz if concentrate or 6.5 oz if super concentrate) oz of *Roundup Pull N' Spray (II) Refill Concentrate (Super Concentrate)* to refill the container. Follow the instructions below:

8/19

To this empty container add the entire contents (X oz) of Roundup Pull N' Spray (II) Refill Concentrate (Super Concentrate) then fill with water very slowly to avoid foaming.

[6L]

To this empty container add 16 fl oz of Roundup Concentrate or 8 fl oz of Roundup Super Concentrate then fill with water very slowly to avoid foaming.

[2 GAL]

To this empty container add 20 fl oz of Roundup Concentrate or 10 fl oz of Roundup Super Concentrate then fill with water very slowly to avoid foaming.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Causes eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling.

FIRST AID	
If in eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently for 15-20 minutes. • Remove contact lenses, if present, after first 5 minutes, then continue rinsing eyes. • Call a poison control center (1-800-225-2883 or 1-888-768-6387 or 1-888-Roundup) or doctor for additional treatment advice.
Emergency Medical Information	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may contact 1-800-225-2883 (1-888-768-6387 or 1-888-Roundup) for emergency medical treatment information.	

[re-entry icon] People and pets may enter treated area after spray has dried.

ENVIRONMENTAL HAZARDS

Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.

This product is protected by U.S. Patent No. 5,196,044. No license granted under any non-U.S. patent(s).

APPENDIX 1 – Consolidated List of Label Claims

- Absorbed into both broadleaf and (&) grassy weeds
- Absorbs 3 times (X) faster to the root than competitive brands for quicker, more effective root kill
- Absorbs on contact, starts working immediately
- All Purpose Weed &(and) Grass Killer
- Also use for large jobs such as lawn renovation and vegetable and flower garden preparation
- Approved for most (many) lawn and garden uses
- Approved for use in vegetable gardens
- Before [*weed graphics*] / After [*weed graphics*]
- Begins absorbing on contact
- Begins working in hours, New Formula
- Breaks down into natural materials
- Can be used for habitat restoration, controlling exotic vegetation, and for site preparation of wildlife food plots
- Can reseed or sod lawns 7 days after treatment
- Contains FastAct™ (technology)
- Dare to compare (a picture is worth 1,000 words): Roundup works faster than any competitor (imitator)
- Dead (weeds) in a day
- Dead Weeds Guaranteed
- Dead Weeds Guaranteed or Your Money Back
- Does not have soil activity
- Easy-to-use applicator
- Economical
- Even if it rains – Roundup won't lose its effectiveness
- Exclusive Roundup formula
- Experience the Roundup Advantage (peel back this panel for detail) (see details inside / underneath this booklet) (see details on back panel)
- Fast acting formula
- Fast-acting formula absorbs to root more quickly
- Fast-acting formula works twice as fast (50% faster)
- Fast &(and) complete
- Fast &(and) total
- Fast, faster, fastest
- Fast results
- Faster
- Faster and better
- Faster than ever
- Fastest Roundup ever
- Fastest Roundup formulation ever
- For general weed control - kills weeds and grasses in 2 to 4 weeks - roots and all

- For weeds that are dead in a (one) day
- Guaranteed (we guarantee it)
- Guaranteed effective: Kills over 200 types of weeds and grasses, roots and all, with Guaranteed results with one application
- Guaranteed results with one application
- Guaranteed same effective results even if it rains within hours
- Ideal for killing unwanted weeds and grasses throughout your yard. Use along fences; in cracks of walks, drives and patios; and around flower beds, trees and shrubs
- Ideal for tough to reach weeds found in flower(beds) and(&) vegetable gardens
- *[graphics of weeds dying in 1-7 days]*
- Ideal for vegetable garden weed control
- Imitators (competitors) (other weedkillers) cannot match Roundup's proven performance: *[picture of Roundup versus generic competitors]*
- Improved
- Improved extra strength formula
- Improved for tough weed control
- Improved formula, completely kills even the toughest weeds and grasses
- just one application
- Keeps driveways, walkways, landscaping beds, and flower gardens weed-free all season long
- Kills (the toughest weeds and grasses) the root so weeds (they) don't come back
- Kills (to) the root
- Kills almost all (annual and perennial) weeds, grasses and other unwanted plants
- Kills existing weeds only, no residual activity in soil
- Kills more weeds in more places.
- Kills over 100 weeds
- Kills the root so weeds don't come back
- Kills weeds &(and) unwanted grasses - roots and(&) all
- Kills weeds dead
- Kills weeds in flowerbeds, around trees, shrubs and fences, and on patios, paths, sidewalks, sidewalk cracks, walkways, driveways, and other areas in your yard
- Kills weeds, roots and all
- Lawns and gardens can be reseeded or planted soon after treatment
- Multipurpose grass and broadleaf weed control
- More concentrated
- NEW
- Next day (this weekend) results: Begins killing on contact, visible results in 24 hours
- No Mixing (necessary)
- No odor
- No Root, No Weed, No Problem
- No waiting, weeds wilt in hours
- NOW

- Nobody kills more weeds
- Nobody's better (than Roundup)
- Nobody's faster
- Nothing is more effective
- Nothing kills more weeds
- Nothing works better
- Now a shorter wait for replanting!
- Once it enters the plant, it won't wash off
- One application kills over 200 types of weeds and grasses, roots and all (maximum effectiveness)
- Only Roundup's effectiveness (formula) won't be washed away by rain or watering 2 hours (1 hour)(30 minutes) after treatment
- Ornamental gardens can be reseeded or planted 1 day after treatment
- Overnight speed
- Proven (trusted) performance: Only Roundup works the first time, every time – and has for 25 years
- Provides maximum control: Kills weeds to the root so they don't ever come back
- Quick kill formula (the toughest)
- Quick visible results
- Quick-action formula lets you see results 50% faster than other brands
- Quick-action formula lets you see results two times faster than other brands
- RainFast in hours - enters the plant on contact
- Rainproof
- Rainproof in two hours (for control that won't wash away)
- Rapid Roundup results
- Ready-To-Use
- Really fast
- Results that show
- Roundup can be used (almost) anywhere weeds and grasses grow, including patios, walkways, and driveways; along fences; in landscaping beds; or around flowers, shrubs and trees
- (Roundup) Kills the weed you see and the root others leave behind
- Roundup kills weeds and grasses in – Patios – Driveways – Sidewalks – Ornamental Gardens and other non-lawn areas
- Roundup's exclusive (patented) formula (technology) kills to the root so weeds don't come back
- Satisfaction guaranteed or we will gladly refund purchase price
- Satisfaction guaranteed or your money back with proof of purchase
- See results in 24 hours
- See results in hours
- Speedy results
- Starts working overnight
- Starts working in hours
- Starts to kill overnight

- Starts to kill [in] the same day
- Starts to kill in hours
- Stronger (Formula)
- Superior results
- The best weed killer you can buy – guaranteed (we guarantee it)
- The fastest weed killer (starts working immediately)
- The most effective weed (and grass) killer (you can buy)
- The strongest weed and grass killer you can buy: Guaranteed
- Twice as fast
- Twice as strong
- Tougher formula
- Tougher formula kills to the roots
- Tougher formula – 100% more concentrated
- Transorb technology speeds Roundup to the root to kill even tough weeds
- (Use) For Brush Control
- (Use) For General Weed Control: Use along fences, paths, patios, sidewalks and driveways, around trees, shrubs, ornamental plantings, flowerbeds, and buildings, and in brick and gravel walkways.
- (Use) For Landscaping: Use to prepare areas for planting of ornamentals, trees, shrubs, desert landscapes, rock gardens, flowerbeds or similar plantings.
- (Use) For Lawn Renovation
- (Use) For Spot Spraying: Use in and around flowerbeds, ornamental, fruit and nut trees, grapevines, shrubs, fences, driveways and walkways
- (Use) For Stumps
- (Use) For Wildlife Areas: Use to prepare areas for planting wildlife food. Exotic or undesirable plants can be controlled to allow for planting or recovery of native plant species. Spot treatments can be made to selectively remove unwanted plants.
- Use around fruits and vegetables
- Use for large jobs like garden plot preparation and lawn replacement (renovation)
- Use to prepare sites: for large plantings, for planting flowerbeds, fruit trees, ornamentals, vegetables and gardens, and for renovating lawns
- Use to trim and edge landscape areas.
- Used by zoo's to effectively control weeds
- Use in &(and) around vegetable gardens
- Visible effects are gradual wilting and yellowing advancing to complete browning and root destruction.
- Won't wash away
- Won't wash off
- Works first time, every time
- Works only when absorbed by the foliage of weeds
- WATER BASED [*icon*]
- Works in hours
- Works overnight
- 100% more concentrated

- 100% Stronger

Pull 'N Spray:

- NEW
- NOW
- No more tired (achy) hands from (caused by) trigger sprayers
- No more hand fatigue (cramping from) caused by trigger sprayers
- Fast and(&) easy application
- Quickly covers large areas
- The ergonomic sprayer
- Larger (Bigger) size
- 33% larger than 1 gallon size
- Easy to use tank sprayer
- Adjustable sprayer
- 3-ft extension cord enclosed (in spray wand)

- No hand fatigue
- Continuous, adjustable spray
- No pumping
- Just pull

Pull 'N Spray II:

- 33% more
- Quick & Easy to Use
- EASY-TO-USE
- The easy way to spray (Roundup)
- The easier way to spray (Roundup)
- No (More) Hand Fatigue
- No more squeeze, squeeze, squeeze
- No (constant) pumping
- No constant trigger squeezing (pulling)
- No more pumping
- No pumping just pull
- (33%) More than 1 gallon size
- Precise control for maximum accuracy
- Refillable
- Consistent spray for maximum accuracy
- Continuous, adjustable spray
- Quickly covers large areas
- No more tired (aching) hands
- Fast and (&) easy application
- Easy to use tank sprayer
- Revolutionary (new) applicator
- Change the way you spray
- Ideal for large or small jobs (areas)
- Great for large or small jobs (areas)
- Precise control – sprays (targets) only what you want
- Adjustable spray (sprayer) nozzle for maximum control
- Adjustable spray pattern for maximum control
- You're always ready to spray
- It's always ready to spray
- The easier way to kill weeds
- Targets weeds in tight places
- Save (Saves) time and energy
- One pull = (equals) 34 trigger sprays
- One pull delivers 34 trigger sprays
- New!
- Now!
- Improved Applicator (Application)!
- Improved Applicator (Application) System!

- Improved Applicator (Application) Device!
- New and Improved!
- Improved!
- PNS (PNS II)
- Pull 'N Spray (Pull 'N Spray II)
- Give your hands a break
- Continuous spray
- Targeted spray
- Accurate
- Targets weeds
- Convenient

APPENDIX 3 – Packaging Related Instructions

QUICK CONNECT SPRAYER [illustrations]

1. Remove sprayer. Pull cord/tubing **ALL THE WAY OUT**.
2. Insert (color of plug) plug into spout (on cap) until it clicks.
3. Flip up spout. Open nozzle at end of sprayer. (Select desired nozzle position, Foam (Marker) or Stream (Spray)(No Marker)(No Foam))

[PULL 'N SPRAY illustrations]

1. Detach green (or other color) wand. Pull plug and tubing from bottom of wand. Insert plug firmly into 'T-handle' until it clicks. **ONCE CONNECTED, PLUG CANNOT BE REMOVED WITHOUT DAMAGING 'T-HANDLE'**.
2. Slide white (or other color) strip on cap, then grab 'T-handle' and pull all the way up. **JUST PULL UP – NO NEED TO PUMP.**
3. Point wand at unwanted weeds or grasses and push button to begin spraying. Twist nozzle at end of wand to adjust spray pattern.
4. Pull 'T-handle' again as needed to continue spraying. **JUST PULL UP – NO NEED TO PUMP.** When finished, push 'T-handle' gently down to cap and follow storage instructions.

[Instructions on PNS wand] **IMPORTANT! Follow directions and illustrations on back of container to assemble and use Pull 'N Spray correctly.**

[PULL 'N SPRAY II illustrations]

[Applicator Device Directions]

Illustration # 1

- Remove sprayer from side carrier and unwrap hose completely.
- Insert (color of plug) plug at end of hose into (color of spout) spout on cap until it clicks.
- Flip up spout.

Illustration #2

- Point sprayer away from body.
- Grasp sprayer by the handle.
- Slowly pull ring at bottom of sprayer handle until it stops to ready the sprayer.

Illustration #3

- Twist nozzle at end of sprayer to adjust spray pattern.

Illustration #4

- Press button on sprayer to begin spraying and hold down for continuous spray.
- Pull ring at sprayer bottom again as needed for additional spraying.

[Instructions on PNS handle] **PULL OUT SLOWLY (AND HOLD FOR (X) SECOND(S)).**
