Subject: Notification of Compliance with PRN 2008-1 and Final Printed Label  
Roundup Weed & Grass Killer Super Concentrate  
EPA Reg. No. 71995-25

Dear Ms. Fee-White,

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for Roundup Weed & Grass Killer Super Concentrate (EPA Reg. No. 71995-25) dated August 17, 2010. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records.

If you have any questions, please call me directly at 703 305 5697.

Sincerely,

Jim Tompkins, Product Manager 25  
Herbicide Branch

Attention: Mr. James A. Tompkins - Product Manager 25

Subject: **Notification of Compliance with PRN 2008-1 and Submission of Final Printed Label for 35.2 oz Roundup Weed & Grass Killer Super Concentrate EPA Reg. No 71995-25**

Dear Mr. Tompkins:

On October 9, 2008, the Agency approved a master label for Roundup Weed & Grass Killer Super Concentrate on EPA Reg. No. 71995-25. Per PR Notice 2008-1, Monsanto Lawn & Garden Products is herein notifying the Agency of updated Environmental Hazards language consistent with a liquid outdoor residential product.

*Notification of label change relative to PR Notice 2008-1. This notification is consistent with the guidance in PR Notice 2008-1 and the requirements of EPA regulations at 40 CFR 152.46, 40 CFR 156.10, 40 CFR 156.80, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 2008-1 and 40 CFR 152.46, 40 CFR 156.10, 40 CFR 156.80, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.*

According to PR Notice 98-10, it is not necessary to notify the Agency of non-FIFRA regulated deletions consistent with 40 CFR 152.46(b). Monsanto Lawn & Garden Products is also using this update to remove the 1-800-CLEANUP number from the solid waste disposal instructions as we have elected not to renew that contract which expires 12/31/2010 and to remove patent statements no longer relevant to this product. On June 3, 2010, Monsanto Lawn & Garden Products requested correction to the Pesticide Product Information System to reflect the correct company name for 71995 as reflected in the transfer of registration form company number 239 to company number 71995 dated March 5, 1999. This label also reflects the corrected company name.

This submission is classified as part of the Agency's Fast-Track Program therefore no fee is due. The following documents are included in this submission:

Application for Pesticide form 8570-1

Representative copies of the 35.2 oz Final Printed Labeling identified by PPN 21180E8-7 (front label previously submitted) and 21180I14-8 (back label) replacing both PPN 21180I13-8 and 21180H12-8 (previously submitted).

If you should have any questions regarding this submission, please call Dr. Russell P. Schneider at (202) 383-2866 or call me at (314) 694-6576.

Sincerely,

Dawn Fee-White  
Registration Manager

**Para eliminar el bambú**

- Corte las cañas casi a ras del suelo.
- Corte justo por debajo de una ramificación para crear un depósito hueco en el tallo.
- Vierta 1 cucharada de producto no diluido en el depósito hueco del tallo.
- Las cañas se pondrán de color pardo en 7-14 días.
- Rocíe el follaje si hay un rebrote.

**Para eliminar los tocones**

- Corte el tocón vivo casi a ras del suelo.
- Haga 4 a 5 agujeros en el tocón recién cortado
- Inmediatamente vierta el producto sin diluir en los agujeros

**¡IMPORTANTE!** Algunos árboles pueden compartir el mismo sistema de raíces. Los árboles adyacentes que tengan una edad, altura y distancia similares pueden indicar la presencia de sistemas de raíces compartidas. Pueden ocurrir daños en los árboles no tratados cuando se tratan uno o más árboles que comparten raíces comunes.

**Para reemplazar el césped**

Use Roundup Mata Malezas y Gramas Súper Concentrado para eliminar el césped y las malezas antes de plantar nuevo césped.

- Deje pasar un corte antes de rociar.
- Use 2-1/2 onzas líquidas (5 cucharadas) por galón de agua para cada 300 pies cuadrados.
- Si la tierra está seca, riegue antes de aplicar y 2 a 3 días después de la aplicación.
- Si siguen existiendo parches verdes luego de 7 días, vuelva a aplicar.
- Espere por lo menos 3 días luego de la última aplicación para pasar el rastrillo, preparar la tierra para cultivar o volver a plantar con semillas o tepas.

**ALMACENAMIENTO Y ELIMINACIÓN**

**ALMACENAMIENTO DEL PESTICIDA:** Guarde el producto en el envase original en un lugar seguro lejos de la luz directa del sol.

**ELIMINACIÓN DEL PESTICIDA:** Envase que no se puede rellenar. No vuelva a usar ni rellene este envase. **Si está vacío:** No vuelva a utilizar este envase. Tirelo en la basura u ofrézcalo para el reciclado si está disponible. **Si está parcialmente lleno:** Llame a su agencia local de desechos sólidos para obtener instrucciones de eliminación. Nunca elimine el producto sin usar en ningún drenaje interior o exterior.

**AVISOS DE PRECAUCIÓN**

**RIESGOS PARA LOS SERES HUMANOS Y ANIMALES DOMÉSTICOS**

**PRECAUCIÓN:** Causa irritación moderada en los ojos. Evite el contacto con los ojos o la ropa. Lávese completamente con jabón y agua después de manipular.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**PRODUCT FACTS**  
Makes up to 23 Gallons  
**KILLS ALL TYPES OF WEEDS & GRASSES**  
Treats up to 6,900 sq ft

**HOW IT WORKS**  
Roundup® Weed & Grass Killer Super Concentrate is absorbed by the weed's leaves. It moves through the weed to the root, stopping the production of an essential enzyme found in plants (but not in humans or animals). Weeds die, roots and all - so they don't grow back. Kills only what you spray. Any product not absorbed by plants breaks down without moving in or on the soil to untreated plants. Weeds usually yellow and wilt within 2 to 4 days with complete kill in 1 to 2 weeks.

**WHERE TO USE**  
• On patios, walkways, driveways, gravel or mulch beds  
• Around fruits, vegetables, flowers, shrubs or trees  
• Along fences  
• In large areas  
-For lawn replacement  
-For garden plot preparation

**MIXING INSTRUCTIONS**

**Tank Sprayer**  
Use of a Roundup® Brand tank sprayer is recommended. A plastic, aluminum, fiberglass, plastic-lined steel or stainless steel sprayer may also be used.  
• For best results add 2-1/2 fl oz (5 Tbs) to 1 gallon of water.  
• Spot treat or spray evenly over 300 sq ft.  
• For easy to kill weeds such as seedlings, add 1-1/2 fl oz (3 Tbs) to 1 gallon of water.

**Hose-End Sprayer**  
For large areas, consider using the ORTHO® Dial 'n Spray®  
• Set dial to 2-1/2 oz.  
• To sprayer jar add 2-1/2 fl oz (5 Tbs) for each 300 sq ft. **DO NOT** add water.  
• Spray evenly over measured area.  
• After spraying, unused product can be poured back into its original container.  
1 Tablespoon (Tbs) = 3 teaspoons (tsp)  
1 fl oz = 2 Tbs  
Do not apply with a galvanized or unlined steel (except stainless steel) sprayer, or through any irrigation system.

4-3/8"

4-5/8"

**HOW TO APPLY**

• Spray the weeds or grasses you want to kill until thoroughly wet.  
• When spot treating, weeds around desirable plants, shield plants from drift with a piece of cardboard or plastic. If desirable plants are accidentally sprayed, rinse off immediately with water.  
**IMPORTANT: Do not spray plants or grasses you like - they will die.** Not recommended for spot weed control in lawns since glyphosate kills lawn grasses.

**WHEN TO APPLY**

• Apply when weeds are actively growing.  
• For best results, apply during warm, sunny weather (above 60° F) to accelerate systemic movement from foliage to roots.  
• Apply when air is calm to prevent drift to desirable plants.  
• **RAINPROOF Protection:** Rain or watering 30 minutes after application will **NOT** wash away effectiveness.  
• If used to control weeds around fruit or nut trees, caneberries, or grapevines, allow 7 days before harvesting.

**WHEN TO REPLANT**

• All ornamental flowers, trees and shrubs may be planted **1 day after** application.  
• Lawn grasses, herbs, vegetables (all), and fruits may be planted **3 days after** application.

**HOW TO CLEAN SPRAYER**

To clean sprayer after use, rinse sprayer and all sprayer parts with water 3 times. Spray rinse water on bare soil or gravel. After cleaning, sprayer may be used for other products.

**ADDITIONAL TIPS**

**To Kill Vines**  
• If vines are growing up poles, fences or tree trunks with mature bark, cut vines to a height of 3 to 4 feet and spray vines thoroughly.  
• If vines are climbing shrubs or tree trunks with green bark, cut vines at base and treat as directed for stumps or spray regrowth. If spraying regrowth, shield shrubs and tree trunks from spray drift with a piece of cardboard or plastic.  
**To Kill Bamboo:** • Cut canes close to the ground.  
• Make cut just below a stem joint to create a hollow stem reservoir.  
• Pour 1 Tbs of undiluted product into the hollow stem reservoir.  
• Browning of the canes will occur in 7-14 days.  
• Spray foliage if regrowth occurs.  
**To Kill Stumps:** • Cut living stump close to ground.  
• Drive 4 to 5 holes into freshly cut stump.  
• Immediately pour undiluted product into holes.

3-3/8"

3-3/8"

3"

**ENVIRONMENTAL HAZARDS**  
 To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

**NOTICE:** Buyer assumes all responsibility for safety and use not in accordance with directions.

**Guaranteed Satisfaction.\***

**\*CONSUMER GUARANTEE:** If for any reason you are not satisfied after using this product, simply send us original proof of purchase and we will replace the product or refund the purchase price.

**Roundup Mata Malezas y Gramas Súper Concentrado**

**¿SABÍA USTED?**  
 Esta fórmula de Roundup® ataca una enzima que se encuentra en las plantas pero no en las personas ni las mascotas.

**DONDE USAR**

- Alrededor de lechos de flores
- Caminos de acceso y pasos peatonales
- Alrededor de árboles
- A lo largo de cercas

**LO QUE DEBE SABER**

- A prueba de lluvia en 30 minutos
- Resultados visibles en 2 a 4 días
- Siembre 1 a 3 días después de la aplicación (consulte la etiqueta para conocer detalles)

**CÓMO USAR**

- 2 ½ onzas líquidas por 1 galón de agua
- Mezcle en un tanque rociador

Esta botella contiene un dispositivo contra robo, dentro o en el reverso de la botella. No afecta el rendimiento de producto.

**INSTRUCCIONES**  
 Utilizar este producto de modo inconsistente con las declaraciones de su etiqueta constituye una violación de las leyes federales.

4-5/8"

3"

**IMPORTANT:** Some trees may share the same root system. Adjacent trees having a similar age, height and spacing may signal a shared roots system. Injury may occur to non-treated trees when one or more trees sharing common roots are treated.

**For Lawn Replacement:** Use Roundup Weed & Grass Killer Super Concentrate to kill a lawn and weeds before planting a new lawn.

- Skip one mowing before spraying.
- Use 2-1/2 fl oz (5 Tbs) per gallon of water for each 300 sq ft.
- If soil is dry, water before application and 2 to 3 days after application.
- If green patches remain after 7 days, reapply.
- Wait at least 3 days after last application to rake, till or replant with seed or sod.

**STORAGE AND DISPOSAL**

**PESTICIDE STORAGE:** Store product in original container in a safe place away from direct sunlight.

**PESTICIDE DISPOSAL:** Nonrefillable container. Do not reuse or refill this container. If Empty: Do not reuse this container. Place in trash or offer for recycling if available. If Partly Filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS & DOMESTIC ANIMALS**  
**CAUTION:** Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling.

People and pets may enter treated areas after spray has dried.

**FIRST AID**

**IF IN EYES**

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after first 5 minutes, then continue rinsing eyes.
- Call a poison control center, 1-800-246-7219, or doctor for treatment advice.

**Emergency Medical Information**

- Have the product container or label with you when calling a poison control center or doctor, or going for treatment.
- You may contact 1-800-246-7219 for emergency medical treatment information.
- This product is identified as Roundup Weed & Grass Killer Super Concentrate, EPA Reg. No. 71995-26.

**DATOS DEL PRODUCTO** - ELIMINA TODO TIPO DE MALEZAS Y GRAMÍAS

Produce hasta 23 galones Sirve para tratar hasta 6900 pies cuadrados  
**CÓMO FUNCIONA:** Roundup® Mata Malezas y Gramas Súper Concentrado se absorbe a través de las hojas de las malezas. Se mueve por la maleza en dirección a la raíz deteniendo la función de una enzima esencial que se encuentra en las plantas (pero en los humanos ni en los animales). Las malezas se mueren, con todo y raíces, así que no vuelven a crecer. Elimina sólo lo que usted rocía. El producto no absorvido por las plantas se descompone en sustancias naturales sin alterar la tierra para las plantas sin tratar. Las malezas usualmente se marchitan y secan dentro del periodo de 2 a 4 días, y se produce la eliminación completa en 1 a 2 semanas.

**IDÓNDE USAR**

- En patios, pasos peatonales, caminos de acceso, grava o lechos de cubresuelos orgánicos
  - Alrededor de frutas, vegetales, flores, arbustos o árboles
  - A lo largo de cercas
  - En áreas grandes -Para reemplazar césped -Para preparar el terreno para jardín
- Satisfacción garantizada.\***
- Garantía para el consumidor:** Si por algún motivo usted no queda satisfecho(a) luego de utilizar este producto, simplemente envíenos el comprobante de venta original y reemplazaremos el producto o reembolsaremos el precio de compra.

**INSTRUCCIONES PARA LA MEZCLA**

- Tanque rociador:** Se recomienda el uso de un tanque rociador marca Roundup®, también se puede usar un rociador de plástico, aluminio, fibra de vidrio, acero revestido con plástico o acero inoxidable.
- Para obtener mejores resultados, agregue 2-1/2 onzas líquidas (5 cucharadas) a 1 galón de agua.
- Realice el tratamiento localizado o rocíe uniformemente en 300 pies cuadrados.
- Para malezas fáciles de eliminar tales como plántulas, agregue 1-1/2 onzas líquidas (3 cucharadas) a 1 galón de agua.

**Rociador de manguera**

- Para las áreas grandes, considere utilizar ORTHO® Dial'n Spray®
- Coloque el disco selector en 2-1/2 onzas.
- Agregue al tanque del rociador 2-1/2 onzas líquidas (5 cucharadas) por cada 300 pies cuadrados. **NO** agregue agua.
- Rocíe uniformemente en el área medida.
- Luego de rociar, se puede echar nuevamente el producto no utilizado en el envase original.

5

1 cucharada (Cda) = 3 cucharaditas (cchta) 1 onza líquida = 2 cucharadas  
No lo aplique con un rociador de acero galvanizado o sin revestimiento (salvo lacero inoxidable) o a través de un sistema de riego.

**CÓMO APLICAR**

- Rocíe las malezas o gramas que desee eliminar hasta mojarlas completamente. Cuando trate malezas específicas alrededor de plantas que desee conservar, proteja dichas plantas de la diseminación con una lámina de cartón o plástico. Si se rocía accidentalmente las plantas deseables, enjuáguelas inmediatamente con agua.

**IMPORTANTE: No rocíe plantas o gramas que desee conservar, pues morirán.** No se recomienda para el control localizado de malezas en céspedes pues el glifosato elimina el césped.

**CUÁNDO APLICAR**

- Aplique cuando las malezas estén creciendo activamente.
- Para mejores resultados, aplique durante clima cálido y soleado (por encima de 60°F) para acelerar el movimiento sistémico desde las hojas hacia las raíces.
- Aplique cuando el aire se encuentre calmo para evitar la diseminación a plantas que se desee conservar.
- **PROTECCIÓN A PRUEBA DE LLUVIA:** La lluvia o el riego 30 minutos después de la aplicación **NO** eliminará su eficacia.
- Si se usa para controlar las malezas alrededor de árboles frutales o de nueces, moras silvestres o zarzamoras, deje transcurrir 17 días antes de cosechar.

**CUANDO REPLANTAR**

- Todas las flores ornamentales, árboles y arbustos pueden plantarse 1 día después de la aplicación.
- Se puede plantar césped, hierbas, vegetales (de todo tipo) y plantas frutales 3 días después de la aplicación.

**CÓMO LIMPIAR EL ROCIADOR**

Para limpiar el rociador después de usarlo, enjuague con agua el rociador y todas sus piezas unas 3 veces. Rocíe el agua del enjuague en la tierra sin sembrar o con grava. Después de limpiar, se puede utilizar el rociador para otros productos.

**CONSEJOS ADICIONALES**

- Para eliminar enredaderas**
- Si crecen enredaderas en postes, cercas o troncos con corteza madura, corte las enredaderas a una altura de 3 a 4 pies y rocíelas completamente.
- Si las enredaderas trepan arbustos o troncos con corteza inmadura, corte las enredaderas en su base y trátelas como se indica para tocones o rocíe el rebrote. Cuando rocíe las plantas que vuelven a crecer, proteja los troncos de arbustos y árboles de la diseminación con una lámina de cartón o plástico.

Las personas y las mascotas pueden ingresar al área tratada luego de que se seque el rociado.

**SI ENTRA LOS OJOS**  
**PRIMEROS AUXILIOS**  
• Mantenga el ojo abierto y enjuague lenta y suavemente con agua durante 15 a 20 minutos.  
• Retire los lentes de contacto, si hubiera, después de los primeros 5 minutos, luego continúe enjuagando los ojos.  
• Llame a un centro de control de envenenamiento, al 1-800-246-7219, o al médico para obtener más recomendaciones sobre tratamiento.

**Información Médica de Emergencia**  
• Tenga consigo el envase o etiqueta del producto cuando llame al centro de control de envenenamiento o al médico, o acuda al tratamiento.  
• Puede llamar al 1-800-246-7219 para obtener información sobre el tratamiento médico de emergencia.  
• Este producto se ha identificado como **Roundup Mata Malezas y Gramas Súper Concentrado, EPA Reg. No. 71995-25.**

**RIESGOS AMBIENTALES:** Para proteger el ambiente, no permita que el pesticida entre o se escurra en drenajes pluviales, zanjas de drenaje, cunetas o aguas superficiales. Aplicar este producto en clima tranquilo cuando no haya pronóstico de lluvia para las siguientes 24 horas ayudará a asegurarse de que el viento o la lluvia no soplen o laven el pesticida del área de tratamiento.

**ADVERTENCIA:** El comprador asume toda la responsabilidad de la seguridad y uso que no sea conforme con las instrucciones.  
**Roundup® Weed & Grass Killer Super Concentrate**
