Glyphosate READY-TO-USE Herbicide2

EPA Reg. No. 71995-NEW

Glyphosate Ready-To-Use Herbicide2 is a ready-to-use weed killer. Kills tough weeds in 1 to 2 weeks. Use in flower beds, around trees and shrubs, along fences, walks, driveways, patios, sidewalks, and mulch. Will not build up in the soil to hurt desirable plants growing nearby.

[Optional: Insert container and sprayer-specific operating instructions.]

Product Usage

Kills:	Weeds and grasses
Use on:	Use as a spot treatment along sidewalks, fences, driveways, and patios
Amount to Use:	Ready-To-Use. Requires no mixing.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in any manner inconsistent with its labeling. **READ ENTIRE LABEL. USE ONLY IN ACCORDANCE WITH LABEL INSTRUCTIONS.**

WHEN TO USE

Use anytime weeds are actively growing. For best results, apply on a warm sunny day when daytime temperature is above 60° F. Warm, sunny weather will speed up weed control. Apply only when air is calm. Reapply if it rains within 6 hours after application. Hard-to-control weeds (such as bermudagrass) may require a repeat application if they regrow. NOT recommended for spot weed control in lawns since Glyphosate Ready-To-Use Herbicide2 kills all green plants, including lawn grass.

HOW TO USE

Adjust the nozzle to a course spray. Position sprayer tip approximately 1 - 2 feet away from the weed. Spray weeds until foliage is wet. Flowers and ornamentals may be reseeded or replanted into treated areas the next day.

IMPORTANT: Spray carefully. Avoid spray or drift onto desirable lawn grasses, shrubs, or trees. This product can kill or damage all vegetation contacted. If accidental spray contacts desirable foliage, immediately rinse the foliage with water.

WEEDS CONTROLLED INCLUDE: Bahiagrass, Barnyardgrass, Bermudagrass, CanadaThistle, Chickweed, Common Ragweed, Crabgrasses, Dandelion, Fescues, Field Bindweed, Field Sandbur, Foxtail, Johnsongrass, Kentucky Bluegrass, Kudzu, Lambsquarter, Orchardgrass, Perennial Ryegrass, Poison Ivy, Poison Oak,
