 <p>U.S. ENVIRONMENTAL PROTECTION AGENCY Office of Pesticide Programs Registration Division (H7505C) 401 "M" St., S.W. Washington, D.C. 20460</p> <p><b>NOTICE OF PESTICIDE:</b> <u>  x  </u> Registration <u>    </u> Reregistration</p> <p>(under FIFRA, as amended)</p>	EPA Reg. Number: 71995-35	Date of Issuance: MAR 1 2004
	Term of Issuance: Conditional	
	Name of Pesticide Product: MON 78906 Herbicide	
Name and Address of Registrant (include ZIP Code): Monsanto Company, Lawn and Garden Products 600 13 <sup>th</sup> Street, N.W. Suite 660 Washington, DC 20005		
<p><b>Note:</b> Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.</p> <p>On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.</p> <p>Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p>This product is conditionally registered in accordance with section 3(c)(7)(A) and (B) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) provided that you:</p> <ol style="list-style-type: none"> <li>1. Conduct the one year storage stability and corrosion characteristics studies and submit the results once they are available.</li> <li>2. Submit/cite all data required for registration/reregistration of your product when the Agency requires all registrants of similar products to submit such data.</li> <li>3. Make the labeling changes listed below before you release the product for shipment. <ol style="list-style-type: none"> <li>a. Add the phrase "EPA Registration No.71995-35".</li> <li>b. Based on the acute toxicology profile of this product as discussed in the accompanying review, revise your Precautionary Statements to read "Harmful if Inhaled. Avoid breathing spray mist. Remove and wash contaminated clothing before reuse.</li> <li>c. Revise the last sentence of your Environmental Hazards section to read "Do not contaminate water when <b>cleaning of equipment</b> or disposing of equipment washwaters.</li> <li>d. Under Storage and Disposal revise "Disposal" to read "Pesticide Disposal" and add the subheading "Container Disposal".</li> </ol> </li> </ol>		
Signature of Approving Official: 	Date: 3-1-04	

4. Submit two (2) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of labeling is enclosed for your records.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

#### USER SAFETY RECOMMENDATIONS [optional illustration]

- Clothing and protective equipment exposed to this product should be washed in detergent and hot water. Such items should be kept and washed separate from other laundry.
- Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Users should remove clothing immediately if product gets inside; then wash thoroughly and put on clean clothing.

## HOW TO APPLY

- Adjust nozzle to coarse spray (setting).

*[Alternate Text For Foaming package]*

- Adjust nozzle to desired (spray) setting (position)  
*[optional text]* FOAM (MARKER) or STREAM (SPRAY) (NO MARKER) (NO FOAM). FOAM (MARKER) marks weeds for up to (X) minutes, allowing you to easily see where you've sprayed. STREAM (SPRAY) (NO MARKER) (NO FOAM) provides coarse spray that does not foam.

*[Alternate Text For Pull 'N Spray I package]*

- Follow illustrations and instructions above. Point wand at unwanted weeds or grasses and push button to begin spraying. Twist nozzle at end of wand to adjust spray pattern. Pull 'T-handle' again as needed to continue spraying.  
**JUST PULL UP – NO NEED TO PUMP.**

*[Alternate Text For Pull 'N Spray II package]*

- Follow illustrations and instructions above to ready (prime) the sprayer.
  - Twist nozzle at end of sprayer to adjust spray pattern.
  - Point sprayer at unwanted weeds or grasses and press sprayer button to begin spraying. Hold down for continuous spray.
  - Pull ring at sprayer bottom again as needed for additional spraying.
- Spray the area (weeds or grasses you want to kill) until **THOROUGHLY WET** (or covered with foam).
  - When spot treating weeds around desirable plants shield plants from drift with a sheet of cardboard or plastic. If desirable plant is accidentally sprayed, rinse off immediately with water.

OR

- When spot treating weeds in a flower (bed) or vegetable garden, shield desirable plants from drift with a sheet of cardboard or plastic. If desirable plant is accidentally sprayed, rinse off immediately with water.

**IMPORTANT:** Do not spray plants or grasses you like - they may die too. Not recommended for spot weed control in lawns since Roundup *[or insert brand name]* kills lawn grasses.

**Application Restrictions:** Do not apply this product in a way that will contact any person or pet, either directly or through drift. Only the person applying this product may be in the area during application.

## WHEN TO APPLY

- Apply when weeds are actively growing. (OR) Use anytime weeds (and grasses) are actively growing.
- For best results apply during warm, sunny weather (above 60° F) (to accelerate systemic movement from foliage to roots).
- Apply (Spray) when air is calm to prevent drift to desirable plants.
- (Roundup) *[or insert brand name]* is Rainproof in 2 hours (30, 45, 60, or 90

minutes; 1 hour; less than 1 hour; less than 60 minutes; less than 30 minutes)

*[Alternate text]* (RAIN-PROOF:) Rain or watering 2 hours (30, 45, 60, or 90 minutes; 1 hour; less than 1 hour; less than 60 minutes; less than 30 minutes) after application will not wash away effectiveness.

- *[Optional text]* Apply when weeds are small and before seeds form. Weeds yellow and wilt within hours with complete kill in 1 to 2 weeks. Established weeds may require a repeat application.
- All ornamental flowers, trees and shrubs may be planted **2 days** after application.

OR

#### WHEN TO REPLANT *[OPTIONAL SECTION]*

- All ornamental flowers, trees and (&) shrubs may be planted **2 days** after application.
- Lawn grasses may be planted **7 days** after application.

#### ADDITIONAL TIPS

- **TO KILL VINES**
  - If vines are growing up poles, fences, or tree trunks with mature bark, cut vines to a height of 3 to 4 feet and spray vines thoroughly.
  - If vines are climbing shrubs or tree trunks with green bark, cut vines at base and treat as directed for stumps or spray regrowth. If spraying regrowth, shield shrubs and green bark from spray drift with a sheet (piece) of cardboard or plastic.
- **KUDZU**

For best results, apply in mid to late summer when vines are mature and actively growing.
- **WILD BLACKBERRY**

Spray anytime plants are actively growing. Dead canes should be cut down and removed. Reapplication is often required to kill deep roots.
- **POISON IVY & POISON OAK**

Contact with these plants anytime of the year can cause an allergic reaction. Spray anytime plants are actively growing, but at least 4 weeks before the first killing frost in the fall. Reapply, if new growth appears. Handle dead plants with rubber gloves. Dispose of plants and rubber gloves in tightly sealed garbage bags.

#### HOW IT WORKS

Roundup *[or insert brand name]* enters plants through foliage and moves systemically to the roots, killing weeds by stopping the production of a substance found in plants. Any product (Roundup) *[insert brand name]* not absorbed by plants will be deactivated after it hits the soil. Weeds usually yellow and wilt within hours with complete kill in 1 to 2 weeks.

<b>STORAGE AND DISPOSAL</b>
-----------------------------

*[Trigger Sprayer - Original or Foaming]*

**PESTICIDE STORAGE:** Rotate nozzle to closed position (Turn nozzle to OFF position)(Close nozzle on trigger sprayer). Store product in original container in a safe place away from direct sunlight. Keep from freezing.

*[Quick Connect Sprayer]*

**PESTICIDE STORAGE:** Flip down spout to close. NO NEED TO DISCONNECT TRIGGER SPRAYER. Close nozzle on trigger sprayer (Turn nozzle on trigger sprayer to OFF position). Snap sprayer back in place. Store product in original container in a safe place away from direct sunlight. Keep from freezing.

*[Pull 'N Spray I]*

**PESTICIDE STORAGE :** Completely dispense product in sprayer prior to storage . Slide white (or other color) strip on cap back to closed position. LEAVE WAND PLUG CONNECTED TO 'T-HANDLE'. Snap wand back into place on side of container. Store product in original container in a safe place away from direct sunlight. Keep from freezing.

*[Pull 'N Spray II]*

**PESTICIDE STORAGE :**

Completely dispense product in sprayer prior to storage. Twist (rotate) (sprayer) nozzle to the OFF position. Flip down (color of spout) spout on cap. NO NEED TO DISCONNECT SPRAYER HOSE FROM CAP. Place sprayer back inside carrier on bottle with the nozzle facing down. Store product in original container in a safe place away from direct sunlight. Keep from freezing.

**DISPOSAL:** Do not reuse this container (except to refill (with other Roundup products), see (How To) Refill section).

*[Pull 'N Spray I only]*

**DISPOSAL: DO NOT REUSE THIS CONTAINER.**

*[ALL Packaging types]*

**If Empty:** Place in trash or offer for recycling if available. **If Partly Filled:** Call your local solid waste agency (or 1-800-CLEANUP). Never place unused product down any indoor or outdoor drain.

<b>HOW TO REFILL</b> <i>[all packaging types except for Pull N' Spray I ]</i>
---

*[optional text]* This container and sprayer can be reused. Use *[insert brand name(s)]* to refill the container. Follow the instructions below:

[24 FL OZ]:

To this empty container add 2 fl oz of *[insert brand name for Reg. No. 71995-26, 71995-29 or 71995-20]* or 1 fl oz of Roundup Super Concentrate then fill with water very slowly to avoid foaming.

[½ GAL]

To this empty container add 5 fl oz of *[insert brand name for Reg. No. 71995-26, 71995-*

8/18

**MON 78906**

**EPA Reg. No. 71995-new**

29 or 71995-20] or 2½ fl oz of Roundup Super Concentrate then fill with water very slowly to avoid foaming.

[GAL]

To this empty container add 10 fl oz of [insert brand name for Reg. No. 71995-26, 71995-29 or 71995-20] or 5 fl oz of Roundup Super Concentrate then fill with water very slowly to avoid foaming.

[1.33 GAL PNS II]

To this empty container add 13 fl oz of [insert brand name for Reg. No. 71995-26, 71995-29 or 71995-20] or 6.5 fl oz of Roundup Super Concentrate then fill with water very slowly to avoid foaming.

OR

Use (13 oz if concentrate or 6.5 oz if super concentrate) oz of [insert brand name for Reg. No. 71995-26, 71995-29 or 71995-20] (Super Concentrate) to refill the container. Follow the instructions below:

To this empty container add the entire contents (X oz) of [insert brand name for Reg. No. 71995-26, 71995-29 or 71995-20] (Super Concentrate) then fill with water very slowly to avoid foaming.

[6L]

To this empty container add 16 fl oz of [insert brand name for Reg. No. 71995-26, 71995-29 or 71995-20] or 8 fl oz of Roundup Super Concentrate then fill with water very slowly to avoid foaming.

[2 GAL]

To this empty container add 20 fl oz of [insert brand name for Reg. No. 71995-26, 71995-29 or 71995-20] or 10 fl oz of Roundup Super Concentrate then fill with water very slowly to avoid foaming.

## **PRECAUTIONARY STATEMENTS**

### **HAZARDS TO HUMANS & DOMESTIC ANIMALS**

#### **CAUTION**

Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling. (You may contact [insert telephone #] for additional medical (treatment) information.) (This product is identified as [insert brand name], EPA Reg. No. 71995-NEW.)

[re-entry icon] People and pets may enter treated area after spray has dried.

**ENVIRONMENTAL HAZARDS:** This product is toxic to aquatic invertebrates. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters.

**NOTICE:** Buyer assumes all responsibility for safety and use not in accordance with directions.

This product is protected by U.S. Patent No. 5,703,015 and 5,683,958 and 6,063,733 and 6,121,199 and 6,121,200.

*[Pull N Spray II]* 6,170,706 and 6,415,956

*[Nested Trigger Sprayer]* 5,469,993 and D380,148

No license granted under any non-U.S. patent(s). Other patents pending.

## APPENDIX 1 – Consolidated List of Label Claims

- Absorbed into both broadleaf and (&) grassy weeds
- Absorbs 3 times (X) faster to the root than competitive brands for quicker, more effective root kill
- Absorbs on contact, starts working immediately
- All Purpose Weed &(and) Grass Killer
- Approved for most (many) lawn and garden uses
- Before [*weed graphics*] / After [*weed graphics*]
- Begins absorbing on contact
- Begins working in hours, New Formula
- Can be used for habitat restoration and controlling exotic vegetation
- (Contains) FastAct™ (technology)
- Dead (weeds) in a day
- Dead Weeds Guaranteed
- Dead Weeds Guaranteed or Your Money Back
- Does not have soil activity
- Easy-to-use applicator
- Economical
- Even if it rains – Roundup won't lose its effectiveness
- Exclusive Roundup formula
- Experience the Roundup Advantage (peel back this panel for detail) (see details inside / underneath this booklet) (see details on back panel)
- Fast acting formula
- Fast-acting formula absorbs to root more quickly
- Fast-acting formula works twice as fast (50% faster)
- Fast & complete
- For general weed control - kills weeds and grasses in 2 to 4 weeks - roots and all
- For weeds that are dead in a (one) day (24 hours)
- Guaranteed (we guarantee it)
- Guaranteed effective: Kills over 200 types of weeds and grasses, roots and all, with guaranteed results with one application
- Guaranteed results with one application
- Guaranteed same effective results even if it rains within hours
- Ideal for killing unwanted weeds and grasses throughout your yard. Use along fences; in cracks of walks, drives and patios; and around flower beds, trees and shrubs
- Ideal for tough to reach weeds found in flower(beds)
- [*graphics of weeds dying in 1-7 days*]
- Improved
- Improved extra strength formula
- Improved for tough weed control
- Improved formula, completely kills even the toughest weeds and grasses with just one application
- Keeps driveways, walkways, landscaping beds, and flower gardens weed-free all season long
- Kills (the toughest weeds and grasses) the root so weeds (they) don't come back

- Kills all types of tough weeds & grasses
- Kills (to) the root
- Kills almost all (annual and perennial) weeds, grasses and other unwanted plants
- Kills existing weeds only, no residual activity in soil
- Kills more weeds in more places.
- Kills over 100 weeds
- Kills the root so weeds don't come back
- Kill(s) tough weeds (brush) without contact (touching) (handling)
- Kills weeds &(and) unwanted grasses - roots and(&) all
- Kills weeds dead
- Kills weeds in flowerbeds, around trees, shrubs and fences, and on patios, paths, sidewalks, sidewalk cracks, walkways, driveways, and other areas in your yard
- Kills weeds, roots and all
- Multipurpose grass and broadleaf weed control
- More concentrated
- NEW
- Next day (this weekend) results: Begins killing on contact, visible results in 24 hours
- No Mixing (necessary)
- No odor
- No Root, No Weed, No Problem
- No waiting, weeds wilt in hours
- NOW
- Once it enters the plant, it won't wash off
- One application kills over 200 types of weeds and grasses, roots and all (maximum effectiveness)
- Roundup's effectiveness (exclusive formula) won't be washed away by rain or watering 2 hours (30, 45, 60, 90 minutes; 1 hour; less than 1 hour; less than 60 minutes; less than 30 minutes) after treatment
- Ornamental gardens can be reseeded or planted 2 days after treatment
- Overnight speed
- Perfect for (use around) homes, buildings, cabins, lodges, campsites, tent areas, trailers, wooded and vacant lots, recreational areas, sports facilities, and wildlife areas.
- Proven (trusted) performance: Only Roundup works the first time, every time – and has for 25 years
- Provides maximum control: Kills weeds to the root so they don't ever come back
- Quick kill formula (the toughest)
- Quick visible results
- RainFast in hours (30, 45, 60, or 90 minutes) - enters the plant on contact
- Rainproof
- Rainproof in two hours (30, 45, 60, 90 minutes; 1 hour; less than 1 hour; less than 60 minutes; less than 30 minutes)) (for control that won't wash away)
- Rapid Roundup results
- Ready-To-Use
- Results that show
- Roundup can be used (almost) anywhere weeds and grasses grow, including patios, walkways, and driveways; along fences; in landscaping beds; or around flowers,

- shrubs and trees
- (Roundup) Kills the weed you see and the root others leave behind
- Roundup kills weeds and grasses in – Patios – Driveways – Sidewalks – Ornamental Gardens and other non-lawn areas
- Roundup's exclusive (patented) formula (technology) kills to the root so weeds don't come back
- Satisfaction guaranteed or we will gladly refund purchase price
- Satisfaction guaranteed or your money back with proof of purchase
- (See) results in 24 hours (1 day)
- (See) results in hours
- Speedy results
- Starts working overnight (in hours) (fast)
- Starts to kill overnight
- Starts to kill (in) the same day
- Starts to kill in hours
- Stronger (Formula)
- Twice as fast
- Twice as strong
- Tougher formula
- Tougher formula kills to the roots
- Tougher formula – 100% more concentrated
- Transorb technology speeds Roundup to the root to kill even tough weeds
- (Use) For Brush Control
- (Use) For General Weed Control: Use along fences, paths, patios, sidewalks and driveways, around trees, shrubs, ornamental plantings, flowerbeds, and buildings, and in brick and gravel walkways.
- (Use) For Spot Spraying: Use in and around flowerbeds, ornamental, fruit and nut trees, grapevines, shrubs, fences, driveways and walkways
- (Use) For Wildlife Areas: Use to prepare areas for planting wildlife food. Exotic or undesirable plants can be controlled to allow for planting or recovery of native plant species. Spot treatments can be made to selectively remove unwanted plants.
- Use to trim and edge landscape areas.
- Visible effects are gradual wilting and yellowing advancing to complete browning and root destruction.
- Weeds start dying in 1 day (24 hours)
- Won't wash away
- Won't wash off
- Works first time, every time
- Works only when absorbed by the foliage of weeds
- WATER BASED [*icon*]
- Works in hours
- Works overnight
- 100% more concentrated
- 100% Stronger

### APPENDIX 3 – Packaging Related Instructions

#### QUICK CONNECT SPRAYER [illustrations]

1. Remove sprayer. Pull cord/tubing ALL THE WAY OUT.
2. Insert (color of plug) plug into spout (on cap) until it clicks.
3. Flip up spout. Open nozzle at end of sprayer. (Select desired nozzle position, Foam (Marker) or Stream (Spray)(No Marker)(No Foam))

#### [PULL 'N SPRAY I illustrations]

1. Detach green (or other color) wand. Pull plug and tubing from bottom of wand. Insert plug firmly into 'T-handle' until it clicks. **ONCE CONNECTED, PLUG CANNOT BE REMOVED WITHOUT DAMAGING 'T-HANDLE'.**
2. Slide white (or other color) strip on cap, then grab 'T-handle' and pull all the way up. **JUST PULL UP – NO NEED TO PUMP.**
3. Point wand at unwanted weeds or grasses and push button to begin spraying. Twist nozzle at end of wand to adjust spray pattern.
4. Pull 'T-handle' again as needed to continue spraying. **JUST PULL UP – NO NEED TO PUMP.** When finished, push 'T-handle' gently down to cap and follow storage instructions.

[Instructions on PNS I wand] **IMPORTANT!** Follow directions and illustrations on back of container to assemble and use Pull 'N Spray correctly.

#### [PULL 'N SPRAY II illustrations]

##### [Applicator Device Directions]

##### Illustration # 1

- Remove sprayer from side carrier and unwrap hose completely.
- Insert (color of plug) plug at end of hose into (color of spout) spout on cap until it clicks.
- Flip up spout.

##### Illustration #2

- Point sprayer away from body.
- Grasp sprayer by the handle.
- Slowly pull ring at bottom of sprayer handle until it stops to ready (prime) the sprayer.

##### Illustration #3

- Twist nozzle at end of sprayer to adjust spray pattern.

##### Illustration #4

- Press (and hold) button on sprayer to begin spraying (and hold down for continuous spray).
- Pull ring at sprayer bottom again as needed to continue spraying.

[Instructions on PNS II handle] PULL OUT SLOWLY (AND HOLD FOR (X) SECOND(S)).
