Application Dated August 4, 2010

Dear Ms. Fee-White:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the subject product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10. The label submitted with the application has been date-stamped "Notification" and will be placed in our records.

If you have any questions, please call me directly at 703-305-5697 or Mindy Ondish at 703-605-0723.

Sincerely,

*Mindy Ondish for*

Attention: Mr. James A. Tompkins - Product Manager 25

Subject: **Notification of Compliance with PRN 2008-1 and Submission of Final Printed Label for Roundup Concentrate Extended Control Weed & Grass Killer Plus Weed Preventer, EPA Reg. No 71995-40**

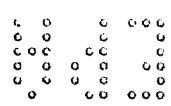

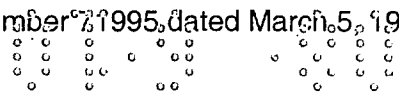

Dear Mr. Tompkins:

On July 30, 2008, the Agency approved a master label for roundup Residual Concentrate with an alternate brand name of Roundup Concentrate Extended Control Weed & Grass Killer Plus Weed Preventer on EPA Reg. No. 71995-40. On April 20, 2009, Monsanto Lawn & Garden Products submitted a notification of wording alterations under PRN 98-10, with acknowledgement from the Agency received June 2, 2009

Per PR Notice 2008-1, Monsanto is herein notifying the Agency of updated Environmental Hazards language consistent with a liquid RTU outdoor residential product.

*Notification of label change relative to PR Notice 2008-1. This notification is consistent with the guidance in PR Notice 2008-1 and the requirements of EPA regulations at 40 CFR 152.46, 40 CFR 156.10, 40 CFR 156.80, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 2008-1 and 40 CFR 152.46, 40 CFR 156.10, 40 CFR 156.80, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.*

According to PR Notice 98-10, it is not necessary to notify the Agency of non-FIFRA regulated deletions consistent with 40 CFR 152.46(b). Monsanto is also using this update to remove the 1-800-CLEANUP number from the solid waste disposal instructions as we have elected not to renew that contract which expires 12/31/2010 and to remove patent statements no longer relevant to this product. On June 3, 2010, Monsanto Lawn & Garden Products requested correction to the Pesticide Product Information System to reflect the correct company name for 71995 as reflected in the transfer of registration form company number 239 to company number 71995, dated March 5, 1999. This label also reflects the corrected company name.

This submission is classified as part of the Agency's Fast-Track Program therefore no fee is due. The following documents are included in this submission:

Application for Pesticide form 8570-1

Representative copies of the 32 oz Final Printed Labeling identified by PPN 100023G6-1 (front label previously submitted) and 100023I6-2 (back label) replacing PPN 100023G5-2.

If you should have any questions regarding this submission, please call Dr. Russell P. Schneider at (202) 383-2866 or call me at (314) 694-6576.

Sincerely,

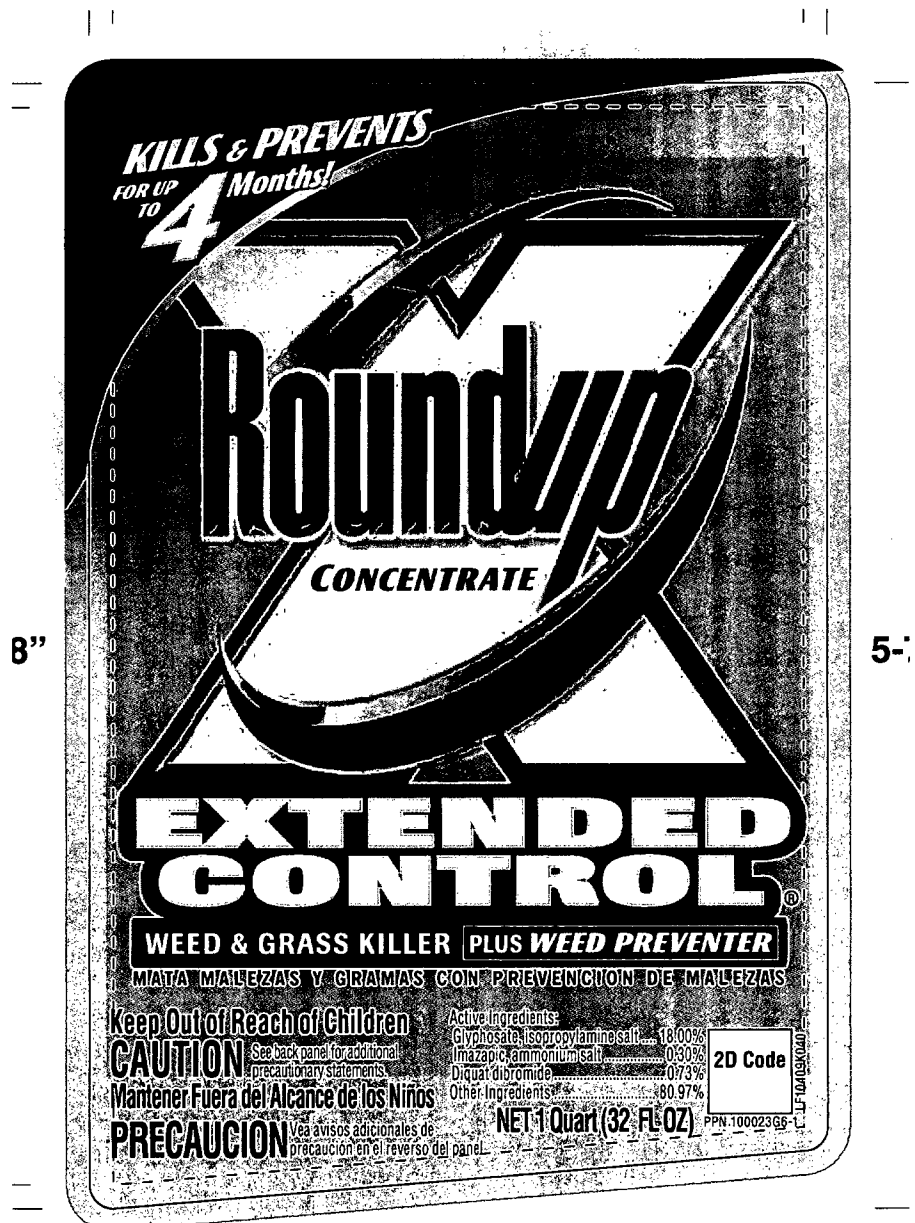

Dawn Fee-White  
Registration Manager

**INFORMACION DE EMERGENCIA MEDICA**

- Tenga consigo el envase o etiqueta del producto cuando llame al centro de control de envenamiento o al médico, o acuda al tratamiento.
- Puede llamar al 1-800-246-7219 para obtener información sobre el tratamiento médico de emergencia.
- Este producto se ha identificado cómo **Roundup Concentrado Control Prolongado Mata Malezas y Gramas con Prevención de Malezas, EPA Reg. No. 71995-40.**

**RIESGOS AMBIENTALES:** Para proteger el ambiente, no permita que el pesticida entre o se escurra en drenajes pluviales, zanjas de drenaje, cunetas o aguas superficiales. Aplicar este producto en clima tranquilo cuando no haya pronóstico de lluvia para las siguientes 24 horas ayudará a asegurarse de que el viento o la lluvia no soplen o laven el pesticida del área de tratamiento.

**NOTIFICACION:** El comprador asume toda responsabilidad de la seguridad y uso que no sea de acuerdo con las instrucciones.

**Satisfacción Garantizada.**

**Garantía para el consumidor:** Si por algún motivo usted no queda satisfecho(a) luego de utilizar este producto, simplemente envíenos el comprobante de venta original y reemplazaremos el producto o reembolsaremos el precio de compra.

#### PRODUCT FACTS

Makes 5.3 gallons and treats up to 1,600 sq ft

#### WHAT IT DOES

Kills and prevents all types of weeds and grasses.

#### HOW IT WORKS

**IMPORTANT:** To prevent new weeds and grasses from growing **YOU MUST SPRAY THE ENTIRE AREA** you want to control, **NOT JUST** the emerged weeds. Works two ways:

1. Glyphosate, the primary active ingredient in this product is absorbed by the weed leaves. It moves through the weed to the root, stopping the function of an essential enzyme found in plants. Weeds die, roots and all – so they don't grow back.
2. The other ingredient provides an invisible barrier in the soil that prevents growth of sprouting weeds and grasses for up to 4 months!

#### WHERE TO USE:

Apply Roundup Concentrate Extended Control Weed & Grass Killer Plus Weed Preventer to BOTH existing weeds and weed-prone areas where weeds have not yet appeared.

- On cracks and crevices in driveways, sidewalks, walkways, and patios
- Along fences, foundations, curbs, retaining walls, and edge of lawns
- Around the base or in mulched beds of **well-established** (at least 6 months old) plants, shrubs or trees
- Gravel areas

#### WHERE NOT TO USE:

- DO NOT SPRAY plants or grasses you like – they will die.
- DO NOT USE in lawns or for lawn renovation as this product prevents desirable grasses from growing too.
- DO NOT USE for vegetable garden preparation or in and around fruits and vegetables.
- DO NOT SPRAY around young plants or in an area that will be planted or seeded within 4 months.

**Note:** For weed control in these areas use Roundup Weed & Grass Killer Ready-To-Use Plus or Roundup Weed & Grass Killer Super Concentrate.

People and pets may enter treated area after spray has dried.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

#### Mixing Instructions

##### 1.33 Gallon Roundup Container

- Add 8 fl oz (16 Tbs) to 1.33 gallons of water

**Tank Sprayer** Use of a Roundup® tank sprayer is recommended. A plastic, aluminum, fiberglass, plastic-lined steel or stainless steel sprayer may also be used.

- Add 6 fl oz (12 Tbs) to 1 gallon of water
- One gallon treats 300 sq ft

1 Tablespoon (Tbs) = 3 teaspoons (tsp)      1 fl oz = 2 Tbs

**Do not apply with a galvanized or unlined steel (except stainless steel) sprayer, or through any irrigation system.**

#### HOW TO APPLY

• Spray the existing weeds **AND** the entire surrounding weed-prone area you want to keep free of weeds for up to 4 months. Spray the area until **THOROUGHLY WET**.

• When spraying around the base of **well-established** (at least 6 months old) ornamental plants, shrubs or trees, shield desirable plants from drift with a sheet of cardboard or plastic. If desirable plant is accidentally sprayed, rinse off immediately with water.

#### WHEN TO APPLY

- Spray when air is calm to prevent drift to desirable plants.
- For fastest visual results, apply during warm, sunny weather (above 60° F).
- **RAINPROOF** Protection: Rain or watering 30 minutes after application will NOT wash away effectiveness.

#### WHEN TO REPLANT

All ornamental bedding plants, trees, shrubs, sod, and seed (flowers and grasses) may be planted **4 months** after application.

#### HOW TO CLEAN SPRAYER

To clean sprayer after use, rinse sprayer and all sprayer parts with water 3 times. Spray rinse water on bare soil or gravel. After cleaning, sprayer may be used for other products.

#### STORAGE AND DISPOSAL

**PESTICIDE STORAGE:** Store in original container in a safe place away from direct sunlight. Keep from freezing. If frozen, allow to thaw and shake well before using.

**PESTICIDE DISPOSAL:** Nonrefillable container. Do not reuse or refill this container. If **Empty:** Place in trash or offer for recycling if available. If **Partly Filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

#### PRECAUTIONARY STATEMENTS

##### HAZARDS TO HUMANS & DOMESTIC ANIMALS

**CAUTION:** Causes moderate eye irritation.

Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling.

5-71

2

### FIRST AID

**IF IN EYES**

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after first 5 minutes, then continue rinsing eyes.
- Call a poison control center, 1-800-246-7219, or doctor for treatment advice.

### EMERGENCY MEDICAL INFORMATION

- Have the product container or label with you when calling a poison control center or doctor, or going for treatment.
- You may contact 1-800-246-7219 for emergency medical treatment information.
- This product is identified as **Roundup Concentrate Extended Control Weed & Grass Killer Plus Weed Preventer, EPA Reg. No. 71995-40.**

**ENVIRONMENTAL HAZARDS:** To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

**NOTICE:** Buyer assumes all responsibility for safety and use not in accordance with directions.

### Guaranteed Satisfaction

**Consumer Guarantee:** If for any reason you are not satisfied after using this product, simply send us original proof of purchase and we will replace the product or refund the purchase price.

**Roundup® Concentrado Control Prolongado Mata Malezas y Gramas con Prevención de Malezas**

Resultados en horas – Previene hasta por 4 meses.

La fórmula de acción dual funciona de dos maneras:

### !!!IMPORTANTE!!!

Para evitar el crecimiento de nuevas malezas y gramas, **DEBE ROCIAR TODA EL AREA** que desee controlar, y **NO SOLO** las malezas que germinen.

**1** Elimina las malezas y gramas existentes, con todo y raíces.

**2** Evita el crecimiento de nuevas malezas hasta por un período de 4 meses mediante la creación de una barrera invisible.

3

### DÓNDE USAR

El color amarillo representa las áreas que deben rociarse para evitar el crecimiento de malezas hasta 4 meses.

- En áreas con grava
- Entradas de garaje y aceras
- A lo largo de cercas

### LO QUE DEBE SABER

- A Prueba de lluvia en 30 minutos
- Resultados visibles en 12 horas
- Cubre hasta 1600 pies cuadrados

### CÓMO USAR

- Agregue 6 oz por galón de agua
- Mézclelo en un tanque de rociador

Visítenos en Internet en [www.roundup.com](http://www.roundup.com)

Este envase puede contener un dispositivo antiadulteración, dentro o en el reverso del envase. No afecta el rendimiento de Roundup.

### NO USAR

En áreas que se plantarán o sembrarán dentro de 4 meses o alrededor de plantas, arbustos o árboles no establecidos. (Consulte la etiqueta para conocer detalles)

**DATOS DEL PRODUCTO** Produce hasta 5.3 galones y sirve para tratar hasta 1,600 pies cuadrados

### QUE HACE

**Elimina y evita todo tipo de malezas y gramas**

### CÓMO FUNCIONA

**IMPORTEANTE:** Para evitar el crecimiento de nuevas malezas y gramas, **DEBE ROCIAR TODA EL AREA** que desee controlar, y **NO SOLO** las malezas que germinen.

Funciona de dos maneras:

- 1) Glifosato, el ingrediente activo primario en este producto se absorbe a través de las hojas de las malezas. Se mueve por la maleza en dirección a la raíz deteniendo la función de una enzima esencial que se encuentra en las plantas. Las malezas se mueren, con todo y raíces, así que no vuelven a crecer. Elimina solo lo que usted rocía. El producto no absorbido por las plantas se descompone sin alterar la tierra para las plantas sin tratar.
- 2) El otro ingrediente forma una barrera invisible en la tierra que evita el crecimiento de malezas y gramas en germinación hasta 4 meses!

4

5-71

### DÓNDE USAR

Aplique Roundup Concentrato Mata Malezas y Gramas Control Prolongado TANTO a las malezas existentes cómo a las áreas propensas a malezas dónde las malezas aún no han aparecido.

- En las grietas y rajaduras en caminos de acceso, aceras, senderos y patios.
- A lo largo de los cercas, cimientos, bordillos, muros de contención y bordes del césped.
- Alrededor de la base o en lechos de cobertura con cobresuelos orgánicos de plantas, arbustos o árboles bien establecidos (que tengan por lo menos con 6 meses de crecimiento).
- En áreas con grava.

### DÓNDE NO USAR

- NO ROCIE en plantas o gramas que desee conservar, pues morirán.
- NO UTILICE en césped o para renovación del césped, pues éste producto también evita el crecimiento de césped que se desea conservar.
- NO UTILICE en la preparación de jardines de vegetales o alrededor de frutas y vegetales.
- NO ROCIE alrededor de plantas jóvenes o en un área que se plantará o sembrará en un periodo de 4 meses.

**Nota:** Para controlar las malezas en estas áreas, utilice el Roundup Mata Malezas y Gramas Listo Para Usar o el Roundup Mata Malezas y Gramas Súper Concentrado.

Las personas y las mascotas pueden ingresar al área tratada luego de que se seque el rociador.

### INSTRUCCIONES

Utilizar este producto de modo inconsistente con las declaraciones de su etiqueta constituye una violación de las leyes federales.

#### Instrucciones para la mezcla

- **Tanque rociador** Se recomienda el uso de un rociador de tanque Roundup®. También puede usar un rociador de plástico, aluminio, fibra de vidrio, acero revestido con plástico o acero inoxidable puede usar también.
- Agregue 6 onzas líquidas (12 cucharadas) a 1 galón de agua
- Agregue 8 onzas líquidas (16 cucharadas) a 1.33 galones de agua
- Un galón sirve para trata 300 pies cuadrados
- 1 cucharada (Cda) = 3 cucharaditas (cdta)
- 1 onza líquida = 2 cucharadas

**No lo mezcle ni aplique con un rociador de acero galvanizado o revestido (salvo acero inoxidable) o a través de un sistema de riego.**

#### CÓMO APLICAR

- Rocíe las malezas existentes y toda el área circundante propensa a las malezas que usted desea mantener libre de malezas hasta por 4 meses. Rocíe el área hasta que se **HUMEZCA COMPLETAMENTE.**

5

- Cuando rocíe alrededor de la base de plantas ornamentales, arbustos o árboles que están **bien establecidos** (que tengan por lo menos de 6 meses de crecimiento), proteja de la diseminación las plantas que desea conservar con una lámina de cartón o plástico. Si se rocía accidentalmente las plantas deseables, enjuague inmediatamente con agua.

#### CUANDO APLICAR

- Rocíe cuando el aire se encuentre calmo para evitar la diseminación a plantas que se desee conservar.
- Para resultados visuales más rápidos, aplique durante clima cálido y soleado (por encima de 60°F).
- Protección A PRUEBA DE LLUVIA: La lluvia o el riego 30 minutos después de la aplicación NO eliminará su eficacia.

#### CUANDO REPLANTAR

Se pueden sembrar todas las plantas, árboles, arbustos, tepes y semillas ornamentales (flores y gramas) **4 meses después** de la aplicación.

#### CÓMO LIMPIAR EL ROCIADOR

Para limpiar el rociador después de usar, enjuague con agua el rociador y todas sus piezas unas 3 veces. Rocíe el agua del enjuague en suelo o grava vacía. Después de limpiar, se puede utilizar el rociador para otros productos.

### ALMACENAMIENTO Y ELIMINACION

**ALMACENAMIENTO DEL PESTICIDA:** Guarde en el envase original en un lugar seguro lejos de la luz directa del sol. Evite que se congele. Si es congelada, déjelo descongelar y agítelo bien antes de usar.

**ELIMINACION DEL PESTICIDA:** Envase que no se puede rellenar. No reutilice ni rellene este envase. **Si está vacío:** Tirelo en las basura u ofrezca para el reciclado si esta disponible. **Si se encuentra parcialmente lleno:** Llame a su agencia local de desechos sólidos para obtener instrucciones de eliminación. Nunca coloque el producto sin usar en ningún drenaje interior o exterior.

### AVISOS DE PRECAUCION

#### RIESGOS PARA LOS SERES HUMANOS Y ANIMALES DOMESTICOS

**PRECAUCION:** Causa irritación moderada a los ojos. Evite el contacto con los ojos o la ropa. Lávese completamente con jabón y agua después de manipular.

#### PRIMEROS AUXILIOS

##### SI ENTRE EN LOS OJOS

- Mantenga el ojo abierto y enjuague lenta y suavemente con agua durante 15 a 20 minutos.
- Retire los lentes de contacto, si hubiera, después de los primeros 5 minutos, luego continúe enjuagando el ojo.
- Llame a un centro de control de envenenamiento, 1-800-246-7219, o al médico para obtener más consejos sobre tratamiento.
