

	U.S. ENVIRONMENTAL PROTECTION AGENCY Office of Pesticide Programs Registration Division (7505C) 401 "M" St., S.W. Washington, D.C. 20460	EPA Reg. Number: 71995-42	Date of Issuance: JUL - 6 2005
		Term of Issuance: Conditional	
NOTICE OF PESTICIDE: <input checked="" type="checkbox"/> Registration <input type="checkbox"/> Reregistration (under FIFRA, as amended)		Name of Pesticide Product: RD 1644 Herbicide	
Name and Address of Registrant (include ZIP Code): Monsanto Company, Lawn & Garden Products 1300 I Street, NW, Suite 450 East Washington DC 20005			
<p>Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.</p> <p>On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.</p> <p>Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p>This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:</p> <ol style="list-style-type: none"> 1. Submit and/or cite all data required for registration/reregistration of your product when the Agency requires all registrants of similar products to submit data. 2. Make the following label changes listed below before you release the product for shipment: <ol style="list-style-type: none"> a. Add the phrase, "EPA Reg. No.71995-42". b. Modify the Hazards to Humans section to include the following statements: Wear long-sleeve shirt and long pants, sock, shoes, and chemical-resistant gloves (such as Natural Rubber Selection Category A). Prolong or frequently repeated skin contact may cause allergic reactions in some individuals. 			
Signature of Approving Official: <i>Joanne J. Miller</i>		Date: JUL - 6 2005	

2/16

c. Delete the User Safety Recommendations section. The statements contradict statements in the Hazards to Humans section.

d. Delete "Powered by Roundup" on page 11. This is a brand name for glyphosate. This product does not contain that active ingredient.

d. Delete "[Optional text] in the ingredient statement footnotes. These sections are required to appear on the labeling for phenoxy herbicides. If there is not sufficient room on the front panel, the ingredient declaration can appear on the back panel.

e. "2,4-D Acid", "Triclopyr Acid" and "Dicamba Acid" according to our computer records are not accepted common names for these ingredients. For clarity spell out the chemical name. Refer to the labeling for EPA Reg. No. 228-401.

3. Submit the results of the one year storage stability and corrosion characteristics study upon completion.

4. Submit one (1) copy of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Joanne I. Miller
Product Manager (23)

RD 1644 Herbicide

**ACCEPTED
with COMMENTS
In EPA Letter Dated:**

JUL - 6 2005

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, for the pesticide
registered under EPA Reg. No.

71995-42

Active Ingredients

2,4-D, triisopropanolamine salt	16.19%
Triclopyr, triethylamine salt	1.51%
Dicamba	1.08%
Other Ingredients	81.22%

[Optional text]

Isomer Specific Method, Equivalent to:

2,4-D Acid.....	8.68%, 0.765 lbs./gal.
Triclopyr Acid.....	1.08%, 0.095 lbs./gal.
Dicamba Acid.....	1.08%, 0.095 lbs./gal.

[Optional text]

This product contains 8.68% 2,4-D acid equivalent, 1.08% triclopyr acid equivalent and 1.08% dicamba acid equivalent.

KEEP OUT OF REACH OF CHILDREN

CAUTION

See back panel (booklet) for additional precautionary statements. (Read precautions and directions on the back label)

HOW IT WORKS [Optional Section]

[Insert brand name] is a selective (turf) herbicide – it selectively kills broadleaf weeds without harming the desirable turf. It is an effective blend of herbicides designed to kill broadleaf weeds such as dandelion, clover and plantains. (This product works on broadleaf weeds by increasing their growth rate. The new tissues block the nutrient/food transport system (phloem) which starve certain plant structures (roots) resulting in plant death.)

Product Facts

Treats up to ___ sq ft

[Insert additional product claims from Appendix 1]

KILLS WEEDS

[Optional Illustration(s)]

Dandelion, clovers, plantains and over 250 other broadleaf weeds

WHERE TO USE

FOR CONTROL OF BROADLEAF WEEDS ON THE FOLLOWING TYPES OF (RESIDENTIAL) LAWNS

[Alternate text] FOR (RESIDENTIAL) LAWNS

- (Kentucky) Bluegrass
- Fescue
- Ryegrass (perennial)
- Bermuda grass
- Bahia grass
- Zoysia grass
- Bent grass (excluding golf course fairways, greens and tees)

IMPORTANT: Do not use on St. Augustine, Centipede, Carpetgrass or Dichondra, or on lawns where desirable clovers are present.

[Re-entry icon]

- Do not allow people (other than applicator) or pets on treatment area during application.
- Do not allow people and pets to enter treated areas until spray has dried.

Questions, Comments or Medical Information

DIRECTIONS FOR USE	
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. (For best results, read the entire label before using this product.)	
IMPORTANT USE PRECAUTIONS	<ul style="list-style-type: none"> • Shake well before using. • Do not use on St. Augustine, Centipede, Carpetgrass or Dichondra, or on lawns where desirable clovers are present. • Do not use this product for controlling weeds in flower or vegetable beds or around shrubs or ornamental plantings. • Avoid fine mists. Use a coarse spray setting. • Avoid drift of spray mist onto vegetables, flowers, ornamental plants, shrubs, trees or other desirable plants. • Avoid contact with exposed feeder roots of ornamentals and trees. • Do not apply to newly seeded grasses until well established. • Do not spray when air temperatures exceed 90 °F • Do not pour spray solutions near desirable plants. • Do not exceed recommended rates because turf injury may occur. • Do not exceed specified rates for any area, be particularly careful within the dripline of tree and other ornamental species.
WHEN TO APPLY (FOR BEST RESULTS) (BEFORE YOU APPLY)	<ul style="list-style-type: none"> • Avoid applying during excessively hot or dry periods. • Avoid applying if rainfall is expected within 24 hours. Do not irrigate (water) lawn for 24 hours after application. If lawn needs watered, water thoroughly before application. • Do not mow lawn (turf) 1 to 2 days before application and 1 day after application. • Do not reseed treated areas sooner than 3 to 4 weeks after application. • <i>[Optional text]</i> Adding oil, wetting agent, or other surfactant to the spray solution may be used to increase effectiveness on weeds but doing so may result in turf injury. • Apply when weeds are actively growing. (Use anytime weeds (and) grasses) are actively growing.) • Spray (apply) when air is calm to prevent drift to desirable plants. • (RAINPROOF Protection:) Rain or watering 24 hours after application will not wash away effectiveness. <i>[Alternate text]</i> <i>[Insert brand name]</i> is Rainproof in 24 hours • <i>[Optional text]</i> For best results apply when weeds are small and actively growing. • Some hard-to-kill broadleaf weeds may require a second treatment in 3 to 4 weeks. If so, use as a spot treatment. • <i>[Optional text]</i> Weeds usually show visible results within 24 hours (2-4 days) with complete kill in 1 to 2 weeks for annual (most) weeds.
USER SAFETY RECOMMENDATIONS	<ul style="list-style-type: none"> • Users should wash hands before eating, drinking, eating, chewing gum, using tobacco, or using the toilet. • Users should remove clothing immediately if product gets inside, then wash thoroughly and put on clean clothing.

6/16

<p>APPLICATION RESTRICTIONS</p>	<ul style="list-style-type: none"> • The maximum number of broadcast applications per treatment site is 2 per year. • Do not apply this product in a way that will contact any person or pet, either directly or through spray drift. • Only the person applying this product may be the area during application.
<p>HOW TO USE [For non-Ready-To-Spray containers]</p>	<ul style="list-style-type: none"> • Shake well before using • Measure the area to be treated • Determine amount of product to use based on grass type, size of area to be treated and type of sprayer used. <p><u>DIRECTIONS FOR TANK/PUMP UP SPRAYERS</u> Northern Grasses (Fescues, Kentucky Bluegrass, Perennial Ryegrass & Zoysiagrass): Use 1.5 fl oz per 1 gallon of water for each 500 sq ft (3.0 fl oz per 1 gallon of water for each 1000 sq ft)</p> <p>Southern Grasses (Bermudagrass, Bahiagrass & Bentgrass) : Use 1.0 fl oz per 1 gallon of water for each 500 sq ft (2.0 fl oz per 1 gallon of water for each 1000 sq ft)</p> <p>[Optional Text] Note: some hybrid bermudagrasses may be sensitive to this product. Contact your local extension service specialist.</p> <p><u>DIRECTIONS FOR HOSE-END SPRAYERS</u> Northern Grasses (Fescues, Kentucky Bluegrass, Perennial Ryegrass & Zoysiagrass) : <ul style="list-style-type: none"> • To sprayer jar add 3 fl oz for each 1000 sq ft. DO NOT ADD WATER. • [Optional text] Set dial to ___ oz. • Apply evenly over measured area. • After spraying unused product can be poured back into its original container. </p> <p>Southern Grasses (Bermudagrass, Bahiagrass & Bentgrass) : <ul style="list-style-type: none"> • To sprayer jar add 2 fl oz for each 1000sq ft. DO NOT add water. • [Optional text] Set dial to ___ oz. • Apply evenly over measured area. • After spraying unused product can be poured back into its original container. </p>
<p>HOW TO USE [32 fl oz Ready-To-Spray container]</p>	<ol style="list-style-type: none"> 1. Measure the area to be treated and determine amount of product to use based on grass type, size of area to be treated and type of sprayer used. 2. Shake the container well before using 3. Connect sprayer to garden hose. Make sure the nozzle is in the off position.

	<ol style="list-style-type: none"> 4. Turn on the water at faucet. Extend the hose to the farthest area of the lawn to be sprayed. Work back towards the faucet in order to minimize contact with the sprayed area. 5. To begin spraying, point the nozzle in the direction you want to spray. 6. Bend the small plastic tab back and rotate the dial to the ON position. 7. Spray evenly over the measured area. 8. To STOP, pull the plastic tab back and rotate the dial counterclockwise to the OFF position. 9. Turn the water OFF. To relieve pressure before removing nozzle from the hose, bend the tab back and turn the dial to the ON position until water stops spraying. 10. Disconnect sprayer from hose. 11. To store unused product, place the dial in the off position. <p>Northern Grasses (Fescues, Kentucky Bluegrass, Perennial Ryegrass & Zoysiagrass):</p> <ul style="list-style-type: none"> • 8 fl oz (1/4 bottle) treats 2500 sq ft <p>Southern Grasses (Bermudagrass, Bahiagrass & Bentgrass) :</p> <ul style="list-style-type: none"> • 8 fl oz (1/4 bottle) treats 4000 sq ft <p><i>[Optional Text]</i> Note: some hybrid bermudagrasses may be sensitive to this product. Contact your local extension service specialist.</p>
<p>HOW TO CLEAN SPRAYER</p>	<p>Clean and rinse spray equipment using soap or detergent and water, and rinse thoroughly before reuse.</p>
<p>(HOW TO) REFILL <i>[Optional section]</i></p>	<p>This product may be used to refill <i>[Insert brand name for RD-1645 Herbicide, Reg. No. 71995-new]</i> containers. Follow the instructions below:</p> <p>[24 fl oz container] To empty container add 1.8 oz of <i>[Insert brand name for RD 1644 Herbicide, Reg. No. 71995-new]</i> then fill with water very slowly to avoid foaming.</p> <p>[1/2 Gallon] To empty container add 4.8 fl oz of <i>[Insert brand name for RD 1644 Herbicide, Reg. No. 71995-new]</i> then fill with water very slowly to avoid foaming.</p> <p>[Gallon] To empty container add 9.6 oz of <i>[Insert brand name RD 1644 Herbicide, Reg. No. 71995-new]</i> then fill with water very slowly to avoid foaming.</p>

8/16

	<p>[1.33 Gallon PNS] To empty container add 12.8 fl oz of <i>[Insert brand name for RD 1644 Herbicide, Reg. No. 71995-new.]</i> then fill with water very slowly to avoid foaming.</p> <p>[6L (1.58 Gallon)] To empty container add 15.2 fl oz of <i>[Insert brand name for RD 1644 Herbicide, Reg. No. 71995-new]</i> then fill with water very slowly to avoid foaming.</p> <p>[2 Gallon] To empty container add 19.2 fl oz of <i>[Insert brand name for RD 1644 Herbicide, Reg. No. 71995-new]</i> then fill with water very slowly to avoid foaming.</p>

STORAGE AND DISPOSAL *[Optional trash can illustration]*
PESTICIDE STORAGE: Store in original container in a safe place away from direct sunlight.
DISPOSAL: Do not reuse this container. **If Empty:** Place in trash or offer for recycling if available. **If Partly Filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS
CAUTION: Causes moderate eye irritation. Harmful if swallowed or absorbed through skin. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove contaminated clothing and wash clothing before reuse.

[Optional: re-entry statement appears earlier in label]
[Re-entry icon] People and pets may enter treated areas after spray has dried.

11/16

FIRST AID	
If in eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. • Call a poison control center (insert contact #) or doctor for additional treatment advice.
If swallowed	<ul style="list-style-type: none"> • Call a poison control center (insert contact #) or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If on skin or clothing	<ul style="list-style-type: none"> • Take off contaminated clothing • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center (insert contact #) or doctor for additional treatment advice.
EMERGENCY MEDICAL INFORMATION	
<ul style="list-style-type: none"> • Have the product container or label with you when calling a poison control center or doctor, or going for treatment. • You may contact [Insert contact telephone #] for emergency medical treatment information. • This product is identified as [Insert brand name], EPA Reg. No. 71995-new 	

ENVIRONMENTAL HAZARDS
Drift or runoff may adversely affect non-target plants. Do not apply directly to water. Do not contaminate water when cleaning equipment or disposing of equipment wash waters. Do not apply this product through any type of irrigation system.
NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.

This product is protected by U.S. Patent No. [Insert relevant patent numbers]. (Other patents pending.) No license granted under any non-U.S. patent(s).

APPENDIX 1 – Consolidated List of Label Claims

• (Contains) (Now with) FastAct™ (II) (Technology)
• [Insert brand name] Kills the weed you see and the root others leave behind
• Absorbs on contact, starts working immediately
• After [graphic of dead weed]
• Before [graphic of live weed]
• Begins absorbing on contact
• Begins working in hours, New Formula
• Completely kills even the toughest broadleaf weeds
• Contains Fast Act Technology with visible results in 24 hours
• Contains Triclopyr (Dicamba) (2,4-D)
• Controls existing weeds, is not a pre-emergent
• Dead Weeds Guaranteed
• Dead Weeds Guaranteed or Your Money Back
• Easy to store
• Economical
• Eliminate weeds – No handling required
• Fast acting formula
• Fast and complete
• Fast and total
• Fast results
• Fast Uptake
• Fast-acting formula absorbs to root more quickly
• For a beautiful weed free lawn
• For Control of Tough Weeds that won't wash away
• Gets to the Root in hours
• Got Tough Broadleaf Weeds in your Lawn - Get [Insert brand name]
• Guaranteed (we guarantee it)
• Guaranteed [results]
• Guaranteed effective: Kills over 250 types of weeds roots and all, with [Insert brand name]
• Guaranteed results (with one application)
• Ideal for killing unwanted broadleaf weeds throughout your yard.
• Improved (faster formula)
• Improved extra strength formula
• Improved for tough weed control
• Improved formula, completely kills even the toughest weeds with just one application
• Increased strength for Intense Weeds
• Kill Tough Weeds Quickly
• Kills (the toughest weeds) the root so weeds (they) don't come back
• Kills (to) the root
• Kills 250+ weeds
• Kills dandelion, clover, chickweed and others

• Kills even tough weeds
• Kills the root so weeds don't come back
• Kills the toughest weeds (always- guaranteed*)
• Kills the weed you see and the root you don't
• Kills to the Root (in 24 hours)
• Kills tough broadleaf weeds
• Kills tough weeds – fast
• Kills Tough Weeds (to the Root)
• Kills tough weeds in 2 to 3 weeks
• Kills Ugly, Annoying Weeds in your lawn.
• Kills undesirable weeds in your lawn
• Kills unwanted weeds in your lawn
• Kills weeds - roots and all
• <i>Kills weeds – not lawns</i>
• Kills weeds (clear down to the root) (in) (24 hours) (days) (roots and all)
• Kills weeds clear down to the root, 1 st time, every time so weeds don't come back - guaranteed
• Kills weeds dead
• Kills weeds down to the roots
• Kills weeds, roots and all
• Low odor formula
• Makes up to XX gallons of spray
• New (formula)
• Next day (this weekend) results: Begins killing on contact, visible results in 24 hours
• No Root, No Weed, No Problem for your lawn
• No waiting, weeds wilt in days
• Now
• Once it enters the plant, it won't wash off
• One application kills over 250 broadleaf weeds, roots and all (maximum effectiveness)
• Outdoor use only [optional graphic]
• Overnight speed
• Patented FastAct (II) Technology
• Powered by Roundup
• Provides maximum control: Kills weeds to the root so they don't ever come back
• Quick and easy to use
• Quick kill formula
• Quick uptake, eliminates weather concerns
• Quick visible results
• Quick-action formula lets you see results
• Rain Proof in 24 hours
• Rainfast (rainproof)
• RainFast (rainproof) in 24 hours - enters the plant on contact
• Rainproof in 24 hours (for control that won't wash away)
• Results in 24 hours

14/16

• Results that show
• Satisfaction guaranteed or we will gladly refund purchase price
• Satisfaction guaranteed or your money back with proof of purchase
• See results in 24 hours (overnight)
• Speedy results
• Starts to kill [in] the same day
• Starts to kill in hours
• Starts to kill in/within the same day
• Starts to kill overnight
• Starts working overnight (in hours) (fast)
• Strong (-er) formula
• Stronger Formula. Better Kill! (Complete Kill)
• Systemic weed killer
• The easy way to kill tough (lawn) weeds
• The fast weed killer (starts working immediately)
• Tougher formula (kills to the roots)
• Treats up to XX sq. ft
• Use [product name] to control weeds in your lawn.
• Visible results in 24 hours (days)
• Weeds start dying in 1 day
• Won't harm lawns
• Won't wash away (off)
• Works first time, every time (guaranteed)
• Works in 24 hours
• Works on [insert weed list]
• Works only when absorbed by the foliage of weeds
• Works overnight
• Works to the root in hours
