Suite 450 East
Washington, DC 20005

MAR 13 2013

Subject: Label Amendment – Minor Label Changes/Correction of Typographical Errors
RD 1687 Herbicide
EPA Reg. No. 71995-51
Application Dated – March 7, 2013

Dear Mr. Graneto:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable.

Amended labeling will supersede all previously accepted ones. A stamped copy of labeling is enclosed for your records.

Submit one (1) copy of final printed labeling before you release the product for shipment. If you have any questions regarding this action, please contact Maggie Rudick at rudick.maggie@epa.gov or (703) 347-0257.

Sincerely,

Kable Bo Davis
Product Manager 25
Herbicide Branch
Registration Division (7505P)

071995-00051.20130307.amendment

[Editorial Notes: Bracketed text [] is for internal use or serves as a 'place holder' for graphics. Parenthetical text () denotes optional wording.]

[Refer to APPENDIX 1 for consolidated list of label claims.]

[Refer to APPENDIX 2 for packaging related claims.]

[Refer to APPENDIX 3 for packaging assembly and use instructions.]

RD 1687 Herbicide [primary]

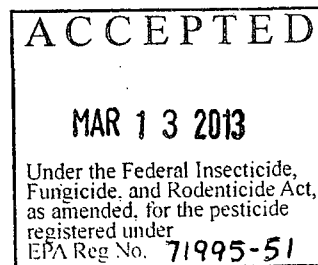

Alternate Brand Name:

Roundup Ready-To-Use 365 Weed & Grass Killer plus Weed Preventer

Roundup Ready-To-Use Max Control 365

Active Ingredients:

Glyphosate, isopropylamine salt	1.00%
Imazapic, ammonium salt	0.08%
Diquat dibromide.....	0.04%
Other Ingredients	98.88%
Total	100.00%

Contains 0.06 pound glyphosate acid equivalent; 0.006 pound imazapic acid equivalent and 0.002 pound diquat cation equivalent per U.S. gallon

Keep Out of Reach of Children

CAUTION

See back panel booklet for additional precautionary statements.

[Alternate] Read precautions and directions in back label.

HOW TO USE

071995-00051.20130307.amendment

[INSIDE LABEL BOOKLET]

HOW IT WORKS

[Insert brand name] Works 2 ways (Dual (2-way) Action):

1. Glyphosate, the primary active ingredient, kills existing weeds & grasses, roots & all.
[Optional graphics]
2. A second active ingredient, imazapic, prevents new weeds from growing for up to 1 year by creating an invisible barrier in the soil.
[Optional graphics]

WHERE TO USE

Apply (Spray) [Insert brand name] (to) both existing weeds **and** weed-prone areas where weeds have not yet appeared.

[Optional illustrations of where / how to use]:

[Optional text] (Insert color) color represents area to be sprayed to receive up to 1 year - weed-free control.

- Driveway(s) and sidewalk(s) (cracks)
- Patios and paths
- Along fences, foundations and curbs
- Gravel areas
- Retaining walls
- Landscape borders
- Brick or stone walkway(s)

[Optional Text]

This product is intended for use in areas where control of vegetation is desired for up to 1 year. It is not for use on lawns, on or around fruits, vegetables, flowers, trees, shrubs or other plants, or over the root zones of desirable vegetation.

[Optional text] **Note:** Product goes on clear. (Insert color) color shown for illustration purposes only.

WHERE NOT TO USE

- DO NOT USE in areas that will be planted or seeded within 1 year
- DO NOT USE over the root zone of desirable trees or shrubs.
- DO NOT APPLY to areas directly adjacent (next) to desirable plants.

[Optional text] See inside booklet for details

Product Facts

Container treats up to XX sq ft [When calculating coverage, one gallon treats 300 sq ft]

WHAT IT DOES

KILLS AND PREVENTS ALL TYPES OF (TOUGH) WEEDS AND GRASSES FOR UP TO 1 YEAR.

[Optional Text]

This product is intended for use in areas where control of vegetation is desired for up to 1 year. It is not for use on lawns, on or around fruits, vegetables, flowers, trees, shrubs or other plants, or over the root zones of desirable vegetation.

HOW IT WORKS

IMPORTANT: To prevent new weeds and grasses from growing YOU MUST SPRAY THE ENTIRE AREA on which you want to keep free of weeds, NOT JUST the emerged, existing weeds.

[Insert brand name] Works 2 ways (Dual Action):

1. Glyphosate, the primary active ingredient, enters plants through foliage and moves systemically to the roots, killing weeds by stopping the production of an essential enzyme found in plants. Weeds begin to yellow and wilt within hours (12 hours) with complete kill in 1 to 2 weeks.
2. The other (Another) active ingredient (provides) creates an invisible barrier in the soil that prevents the growth of new weeds and grasses for up to 1 year. (Optional wording: Another active ingredient provides an invisible barrier in the soil that prevents new weeds from sprouting.)

[Optional graphics]

WHERE TO USE

- On cracks and crevices in sidewalks, driveways, walkways, patios, and tennis courts
- Along fences, foundations, curbs, retaining walls, and along the edge of lawns
- On gravel areas (gravel pathways), (RV and boat) parking areas
- On Walkways, driveways, (RV and boat) parking areas, and brick patios
- Along retaining walls and landscape borders

HOW TO USE

Apply (spray) [Insert brand name] to BOTH existing weeds and (weed-prone) areas where you want to prevent new weeds from growing. Keeps treated (insert color) areas weed free for up to 1 year.

In heavy clay soils, plant growth may be prevented for more than one year. In areas of heavy rainfall, applications every 6 to 8 months may be necessary. To avoid damage to desirable plants DO NOT apply over the root systems (root zone). For shrubs and trees DO NOT apply nearer than

071995-00051.20130307.amendment

twice the distance from the trunk to the drip line as roots may be within this area. (Optional: Insert graphic showing tree drip line)

WHERE NOT TO USE

- DO NOT USE over the root zone of desirable trees or shrubs
- DO NOT USE in areas that will be planted or seeded within 1 year
- DO NOT USE on your lawn (in lawns or for lawn renovation) as this product [insert brand name] will also prevent desirable grasses from growing.
- DO NOT USE to prepare vegetable garden plots (for vegetable garden preparation) or in (annual) vegetable gardens (in and around fruits and vegetables).
- DO NOT SPRAY desirable plants or grasses.
- DO NOT SPRAY landscaped areas with young plants (around young plants) or in an area that will be planted (seeded) within 1 year.

Note: For weed control in these areas use (Insert brand name of EPA Reg. No. 71995-33 or 71995-25).

ENTRY RESTRICTIONS

[Re-entry Icon]

Do not allow people or pets to touch treated plants until sprays have dried.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Use only as directed on this label.

SPRAYER ASSEMBLY/USE INSTRUCTIONS

[INSERT SPRAYER SPECIFIC ASSEMBLY/USE INSTRUCTIONS FROM APPENDIX 2]

HOW TO APPLY

[For Non-foaming trigger sprayers or quick-connect]

Adjust nozzle to coarse spray (setting).

[For Foaming trigger sprayers or quick-connect]

Turn nozzle to desired (spray) setting_(position) - FOAM or SPRAY (STREAM) (NO FOAM).

[For all sprayers]

Spray the existing weeds AND the entire surrounding weed-prone area you want to keep weed free for up to 1 year. Spray the area until **THOROUGHLY WET** (or covered with foam).

[Alternate text] To keep areas weed free for up to 1 year, spray the entire weed-prone area until thoroughly wet (or covered with foam).

[Alternate text] Spray existing (emerged) weeds, the surrounding area, or anywhere undesirable weeds or grasses normally appear until thoroughly wet (or covered with foam). Spray only the areas you want keep free of weeds for up to 1 year.

071995-00051.20130307.amendment

WHEN TO APPLY

[Insert optional tree icon]

- Spray (apply) when air is calm to prevent drift
- For fastest visual (best) results, apply during warm, sunny weather above 60° F (to accelerate systemic movement from foliage to root).
- RAINPROOF (PROTECTION): Rain or watering 30 minutes after application will NOT wash away effectiveness.
[ALTERNATE TEXT] [Insert Brand Name] is Rainproof in 30 minutes.
- *[Optional text]* Weeds usually yellow and wilt within 12 hours with complete kill in 1 to 2 weeks.

APPLICATION RESTRICTIONS

Do not apply this product in a way that will contact any person or pet, either directly or through drift. Only persons applying this product may be in the area during application.

USER SAFETY RECOMMENDATIONS

- Clothing and protective equipment exposed to this product should be washed in detergent and hot water. Such items should be kept and washed separately from other laundry.
- Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- User should remove clothing immediately if pesticide gets inside. Then wash thoroughly with soap and water and put on clean clothing.

WHEN TO REPLANT

All ornamental bedding plants (annuals and perennials), trees, shrubs, sod and seed can be planted 1 year after application.

HOW TO REFILL

[Optional text] This container and sprayer can be reused. Use *[Insert brand name for RD 1686 Herbicide, Reg. No. 71995-49]* to refill the container. Follow the instructions below:

[24 fl oz container]

Add 1 fl oz (2 Tbs) of *[Insert brand name for RD 1686 Herbicide, Reg. No. 71995-49]* to this empty container and then fill with water very slowly to avoid foaming.

[½ Gallon container]

Add 3 fl oz (6 Tbs) of *[Insert brand name for RD 1686 Herbicide, Reg. No. 71995-49]* to this empty container and then fill with water very slowly to avoid foaming.

[Gallon container]

Add 6 fl oz (12 Tbs) of *[Insert brand name for RD 1686 Herbicide, Reg. No. 71995-49]* to this empty container and then fill with water very slowly to avoid foaming.

[1.33 Gallon container]

Add 8 fl oz (16 Tbs) of *[Insert brand name for RD 1686 Herbicide, Reg. No. 71995-49]* to this

071995-00051.20130307.amendment

empty container and then fill with water very slowly to avoid foaming.

[1.5 gal container]

Add 9 fl oz (18 Tbs) of [Insert brand name for RD 1686 Herbicide, Reg. No. 71995-49] to this empty container and then fill with water very slowly to avoid foaming.

[Ready to use non-sprayer bottle]

Pour product carefully and directly from [the Insert brand name of 71995-51] (this) container designated as the ready-to-use refill into empty spray bottle. DO NOT add water.

HOW TO CLEAN [OPTIONAL SECTION - Battery Operated Sprayer ONLY]

[Optional text: Battery operated sprayer head may be used with other Roundup brand products, it will replace any sprayer fitted with a quick-connect cap.]

- Before using the [Insert name of sprayer device] with other Roundup brand products, the sprayer must be thoroughly cleaned.
- Disconnect sprayer unit from the quick-connect cap. (Disconnect sprayer unit from the bottle cap.)

Rinse sprayer and sprayer parts, including the hose with water 3 times. Spray rinse water on bare soil or gravel. Discard sprayer bottle as instructed in DISPOSAL section.

[ALTERNATE TEXT] Rinse sprayer with water 3 times and then spray (clean) water through sprayer for 30 seconds. All rinse water should be applied to bare soil or gravel.

- Connect sprayer head to any Roundup brand quick-connect cap (adaptor) (any Roundup brand bottle compatible with the [Insert brand name of sprayer].
- Failure to properly clean sprayer before using with other Roundup brand products can cause damage to plants.

STORAGE AND DISPOSAL *[trash can illustration]*

[All Trigger Sprayers]

PESTICIDE STORAGE: Rotate nozzle to closed position. Store product in original container in a safe place away from direct sunlight. Keep from freezing. If frozen, allow to thaw and shake well before using.

[Quick Connect Sprayer]

PESTICIDE STORAGE: Flip down spout to close. **NO NEED TO DISCONNECT TRIGGER SPRAYER.** Close nozzle on trigger sprayer. Snap sprayer back in place. Store product in original container in a safe place away from direct sunlight. Keep from freezing. If frozen, allow to thaw and shake well before using.

[Pull 'N Spray]

PESTICIDE STORAGE : Completely dispense product in sprayer prior to storage. Rotate sprayer nozzle to the OFF position. Flip down spout on cap. **NO NEED TO DISCONNECT SPRAYER HOSE FROM CAP.** Place sprayer back inside carrier on bottle with the nozzle facing down. Store product in original container in a safe place away from direct sunlight. Keep from freezing. If frozen, allow to thaw and shake well before using.

[Battery Operated Sprayer]

PESTICIDE STORAGE : Rotate (twist) (sprayer) nozzle to (the) closed (OFF) position. Flip down spout on cap. **NO NEED TO DISCONNECT SPRAYER HOSE FROM CAP.** Engage trigger lock. Flip the [insert applicator name] wand closed and place (sprayer) back in side carrier (clip)(holder). Store product in original container in a secure area away from direct sunlight. Keep from freezing. If frozen, allow to thaw and shake well before using.

[Pump N Go Sprayer]

PESTICIDE STORAGE : Push the yellow button and retract the wand until the yellow button snaps back into the original storage position. Place wand back onto the top of the bottle in the integrated holster with nozzle tip extended through the eyelet opening. Push pump handle all the way down and turn pump handle and cap counter-clockwise to relieve pressure then retighten to store. Store product in original container in a safe place away from direct sunlight. Keep from freezing.

071995-00051.20130307.amendment

[All packaging types except for Pull 'N Spray]

PESTICIDE DISPOSAL: Refillable container. Do not reuse or refill this container unless the directions for use allow a concentrated or ready-to-use product to be diluted in or poured directly into the container. Reuse or refill this container according to the directions contained in the (HOW TO) REFILL section.

[Pull 'N Spray only]

PESTICIDE DISPOSAL: Non-refillable container. Do not reuse or refill this container.

[Non refillable ready-to-use container]

PESTICIDE DISPOSAL: Non-refillable container. Do not reuse or refill this container.

[ALL Packaging Types]

If Empty: Place in trash or offer for recycling if available. **If Party Filled:** Call your local solid waste agency (or other appropriate toll free number) for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS [optional illustration]

HAZARDS TO HUMANS & DOMESTIC ANIMALS

Keep Out of Reach of Children

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling.

[Optional statement]

[Re-entry icon]

People and pets may enter treated area after spray has dried.

FIRST AID [Optional First Aid icon]

IF IN EYES

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after first 5 minutes, then continue rinsing eyes.
- Call a poison control center (insert contact telephone #) or doctor for treatment advice.

EMERGENCY MEDICAL INFORMATION

- Have the product container or label with you when calling a poison control center or doctor, or going for treatment.
- You may contact (insert contact telephone #) for emergency medical treatment information.
- This product is identified as [Insert brand name], EPA Reg. No. 71995-51

ENVIRONMENTAL HAZARDS

The diquat component of this pesticide is toxic to aquatic invertebrates. Do not apply directly to any body of water. Do not contaminate water when cleaning equipment or disposing of

071995-00051.20130307.amendment

equipment wash waters.

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

The imazapic component of this pesticide demonstrates the properties and characteristics associated with chemicals detected in ground water. The use of this chemical in areas where soil is permeable, particularly where the water table is shallow, may result in ground-water contamination.

PHYSICAL OR CHEMICAL HAZARDS

Spray solutions of this product may be mixed, stored and applied using only stainless steel, fiberglass, plastic or plastic-lined steel containers. DO NOT MIX, STORE OR APPLY THIS PRODUCT OR SPRAY SOLUTIONS OF THIS PRODUCT IN GALVANIZED STEEL OR UNLINED STEEL (EXCEPT STAINLESS STEEL) CONTAINERS OR SPRAY TANKS.

NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.

APPENDIX 1 – Consolidated List of Label Claims

- **CONSUMER GUARANTEE*: If for any reason you are not satisfied after using this product, simply send us original proof of purchase and we will replace the product or refund the purchase price.
- Before [*weed graphics*] / After [*weed graphics*]
- Begins working in hours (immediately)
- Controls tough weeds longer than other Roundup brand products
- Dead in a day- guaranteed* [*qualify guarantee with first bullet statement*]
- Dead Weeds Guaranteed* (or Your Money Back) [*qualify guarantee with first bullet statement*]
- Delivers maximum performance: Kills tough weeds and grasses to the root, prevents new weeds and grasses for up to 1 year; visible results in 12 hours; rain-proof protection in 30 minutes Dual (2-way) Action (kills and prevents)
- Dual (2-way) Action: Kills existing weeds (roots and all) and prevents new weeds from appearing for up to 1 year (12 months)(52 weeks)(365 days)
- Easy to use (convenient, handy, useful)
- Eliminate(s) weeds
- Even if it rains – Roundup brands won't lose effectiveness
- Exclusive (Roundup brand) formula
- Extended performance
- Extended weed control
- Fast acting (formula)
- Fast results
- Fast-acting formula moves to the root fast
- Great value – covers up to XX sq ft [*calculate based on container size*]
- Guaranteed* (results) (satisfaction [*qualify guarantee with first bullet statement*])
- Kill and prevent unwanted weeds and grasses. Use along fences, retaining walls; in cracks of walks, drives and patios
- Keeps driveways, walkways, landscape borders, patios and other listed areas weed-free for up to 1 year.
- (One application) Kills (existing) weeds (& grasses) (roots & all) and prevents (new) weed(s) (seeds) (from sprouting, appearing, growing) for up to 1 year.
- Kills to the root so weeds (they) don't come back
- Kills (to) the roots (guaranteed* [*qualify guarantee with first bullet statement*])
- Kills and prevents for up to 1 year (12 months)
- Kills vegetation (weeds) (and grasses) for up to 1 year
- Kills the weeds (& grasses) you see (roots & all) and prevents (new) weed(s) (seeds) (from sprouting, appearing) for up to 1 year
- Kills weeds, roots and all
- Long(Longer) lasting Roundup brand formula
- NEW [*Use only if new package or formulation*]
- Next day results: Begins killing on contact, visible results in 12 hours
- No Root, No Weed, No Problem®

071995-00051.20130307.amendment

- NOW [Use only if new package or formulation]
- One application kills weeds (to the root) and prevents (new) weeds for up to 1 year.
- One (1) step protection
- Effectiveness (Exclusive formula) won't be washed away by rain or watering 30 minutes after treatment.
- Quality that lasts
- Rainproof in 30minutes (for control that won't wash away)
- Ready-To-Use
- Refillable
- Results that show
- Roundup's exclusive (patented) formula (technology) kills to the root so weeds don't come back
- Satisfaction guaranteed [qualify guarantee with first bullet statement]
- 2 in 1 (kills and prevents)
- Speedy results
- Spray today, dead tomorrow
- Starts to kill in hours (same day)
- Starts to kill overnight
- The fast weed killer
- Trusted protection
- Up to 1 year without weeds
- Weeds start dying in 1 day
- Year long (12 month) (52 week) (weed) control
- Weed Barrier (protection)(technology)
- (Powerful)(Invisible)(Invisa-shield)(Invisa-guard)(Weed Barrier) Technology
- Protects against new weeds (for up to (1-year)(12 months) (365 days)(52weeks)
- Protects (against weeds) up to 3(X) (times) longer* *than Roundup Weed & Grass Killer Extended Control Plus Weed Preventer II
- Protects (against weeds) up to 300% longer* *than Roundup Weed & Grass Killer Extended Control Plus Weed Preventer II
- Advanced formula, superior protection
- Roundup Brand(s) (is/are) [insert brand name] Relentless in the fight against weeds (for up to 1 year)
- Proven (trusted) performance: Only Roundup brands work the first time, every time - and have for 30 years
- (Roundup brand [insert brand name]) Tougher than the toughest weed
- Roundup brand's most advanced (powerful) formula (to protect against weeds)
- Hard on weeds, easy on you
- Visible results in 12 hours, weed free for up to 12 months
- New (&)(improved) Roundup formula
- Guaranteed* results (with one application)
- Binds to soil to eliminate and prevent weeds only where applied
- (Weeds won't grow for up to) Up to (1 year)(12 months)(52 weeks)(365 days) without weeds.
- (Roundup brand's) (Our) longest lasting formula

071995-00051.20130307.amendment

- Weeds won't grow for up to (1 year) (12 months)
- (Driveways) (Patios) (Sidewalks) Stay(s) clear (of weeds) for up to 1 year
- One (1) step (weed) protection (for up to 1 year) (for up to 12 months)
- (New) (Improved) Roundup technology (formula)
- (The Roundup brand's) (Our) toughest (weed & grass killer) formula ever (yet) (today)
- No weed prevention herbicide works longer
- Apply one time (once) to kill and prevent (for up to 1 year) (12 months)
- Blocks weed(s) (growth) (for up to 1 year) (for up to 12 months)
- Keeps weeds from growing (for up to 1 year) (for up to 12 months)
- Prevents growth (re-growth) (new growth) (for up to 1 year) (for up to 12 months)
- (Protects against) (Prevents) weeds (for up to 1 year) (for up to 12 months)
- Provides long-term weed (and grass) control
- Weed Preventer
- Use on (driveways) (sidewalks) (patios) (brick walks) (gravel paths) (fence lines) to prevent weed growth (weeds from growing) (for up to 1 year) (for up to 12 months)

Pull 'N Spray

- Quick & Easy to Use
- EASY-TO-USE
- No more squeeze, squeeze, squeeze
- No (constant) pumping
- No constant trigger squeezing (pulling)
- No pumping just pull and spray
- (33%) More (than 1 gallon size)
- Consistent spray for maximum accuracy
- Quickly covers large areas
- Fast and (&) easy application
- Easy to use tank sprayer
- Ideal for large or small jobs (areas)
- Great for large or small jobs (areas)
- Adjustable spray (sprayer) nozzle for maximum control
- Adjustable spray pattern for maximum control
- You're always ready to spray
- It's always ready to spray
- The easy way to kill weeds
- Save (Saves) time and energy
- One pull = (equals) 25 trigger sprays
- One pull delivers 25 trigger sprays
- Pull 'N Spray (Pull 'N Spray II)
- Give your hands a break
- Targeted spray
- Accurate
- Targets weeds
- Convenient

Pump N Go (PNG)(2) Sprayer

- (X%) More (than 1 gallon size)
- Accurate
- Adjustable spray (sprayer) nozzle for maximum control
- Adjustable spray pattern for maximum control
- Change the way you spray
- Consistent spray for maximum accuracy
- (Up to [insert number] minutes of) Continuous spray
- Continuous, adjustable spray
- Convenient (extendable wand)
- Easy to use tank sprayer
- EASY-TO-USE
- Extendable wand provides greater accuracy without bending over
- Fast and easy application

071995-00051.20130307.amendment

- Give your hands a break
- Great for large or small jobs (areas)
- Ideal for large or small jobs (areas)
- Improved Applicator (Application) Device!
- Improved Applicator (Application) System!
- Improved Applicator (Application)!
- Improved!
- It's always ready to spray
- Long(er) spray time with less pumping
- No (constant) pumping
- No (More) Hand Fatigue
- No constant trigger squeezing (pulling)
- No more squeeze, squeeze, squeeze
- No more tired (aching) hands
- One pump = (equals) X trigger sprays
- One pump delivers X trigger sprays
- Precise control – sprays (targets) only what you want
- Precise control for maximum accuracy
- (Provides) Up to [] minutes of continuous spray
- Quick & Easy to Use
- Quickly covers large areas
- Save (Saves) time and energy
- Targeted spray
- Targets weeds
- The easy way to kill weeds
- The easy way to spray (Roundup)
- The fast and easy way to kill weeds
- You're always ready to spray

Battery Operated Trigger Sprayer

- Quick & Easy to Use

APPENDIX 3 – Packaging Related Instructions

QUICK CONNECT SPRAYER DEVICE [illustrations]

1. Remove sprayer. Pull cord/tubing **ALL THE WAY OUT.**
2. Insert (color of plug) plug into spout on cap until it clicks.
3. Flip up spout. Adjust nozzle (at end of sprayer) to the desired spray setting (foam or spray).

PULL ‘ N SPRAY DEVICE [illustrations]

[Applicator Device Directions]

Illustration # 1

- Remove sprayer from side carrier and unwrap hose completely.
- Insert (color of plug) plug at end of hose into (color of spout) spout on cap until it clicks.
- Flip up spout.

Illustration #2

- Point sprayer away from body.
- Grasp sprayer by the handle.
- SLOWLY pull ring at bottom of sprayer handle until it stops (and hold for 2 seconds) to prime (ready) the sprayer.

Illustration #3

- Adjust nozzle (at the end of sprayer) to the desired spray setting (foam or spray).
- Press and hold (trigger) button on sprayer to begin spraying (and hold down for continuous spray).
- Pull ring at sprayer bottom again as needed to continue spraying.

[Optional Instructions on PNS handle] PULL OUT SLOWLY (AND HOLD FOR (X) SECOND(S)).

PUMP N’ GO SPRAYER [illustrations]

CUT [Illustration # 1]

1. Carefully cut the two white zip ties securing the hose and pump handle with scissors. Use caution not to cut the white hose.

CONNECT [Illustration # 2]

2. Unwind hose. Firmly push the connector at the end of the hose onto the spout on the pump, until it locks into place.

EXTEND WAND [Illustration # 4]

3. Lift sprayer wand off bottle. Push yellow button while pulling out on the wand nozzle tip. Fully extend wand until yellow button snaps into **SPRAY** position. (NOTE: White trigger will not function until wand is fully extended and yellow button is visible in the spray position.

071995-00051.20130307.amendment

PUMP [Illustration # 3]

4. Make sure handle is screwed on **tightly** or the bottle will not pressurize. Pump container 25-30 times to pressurize bottle. A full bottle requires fewer pumps than an empty bottle. Pumping to the higher range will provide longer spray duration. After pumping, push down pump (handle) and turn handle clockwise to lock into carrying position. (NOTE: This bottle is designed to expand under pressure.)

SPRAY [Illustration # 5]

5. Aim wand. Spray by pushing down white trigger with thumb. Adjust spray pattern by rotating white nozzle tip (up to one half rotation). Spray weeds (and grasses) until thoroughly wet

STORE [Illustration # 6]

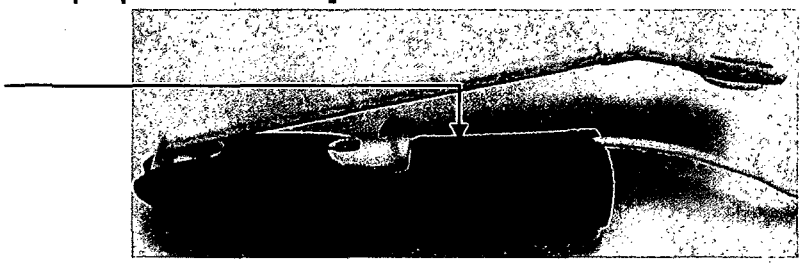

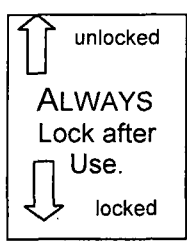

6. When finished spraying, press (push) the yellow button and push wand back into the original storage position until the yellow button snaps into place. Place wand back onto the top of the bottle in the integrated holster with the nozzle tip extended through the eyelet opening

DEPRESSURIZE [Illustration # 7]

7. Push pump handle all the way down and turn pump handle and cap counter-clockwise to relieve pressure, then retighten prior to storing.

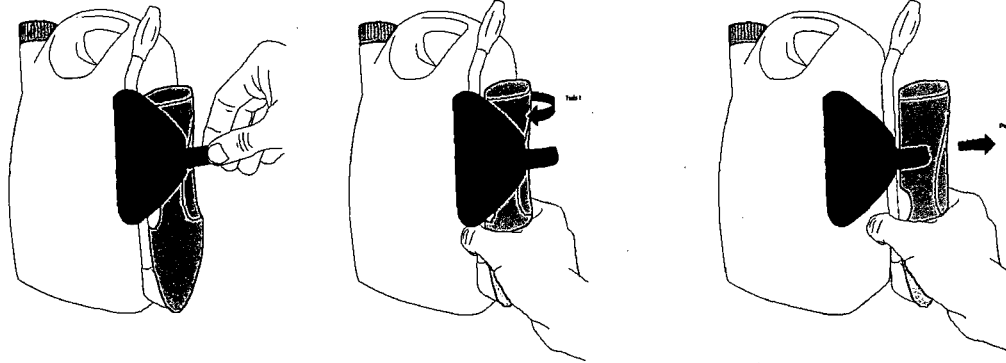

BATTERY OPERATED SPRAYER DEVICE [illustrations]

[Wand safety sticker & proposed location]

1. Remove

- Open security lock from wand holder by pulling tab from locking knobs
- Remove the Comfort Wand from side clip.

[Illustration #1] Unsnap holder

Twist left

Pull

Pull connector by slightly twisting from holder and unwrap hose completely.

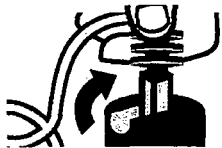

- Remove protective strip from battery compartment to activate batteries.

[Illustration #2]

2. Connect

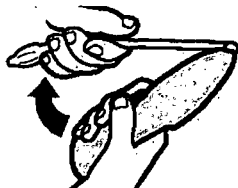

- Insert plug at end of hose into [color of spout] spout on cap until it clicks. Flip up spout. Spout must remain up while spraying.

[Illustration #3]

3. Extend

- Flip open Comfort Wand™ until it clicks and locks into position.

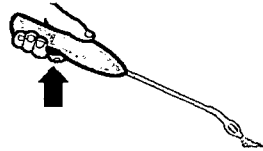

[Illustration #4]

071995-00051.20130307.amendment

4. Spray

- Twist nozzle at end of the Comfort Wand to desired spray pattern. Ensure trigger lock is open by sliding the switch back before spraying. Hold trigger for continuous spray.

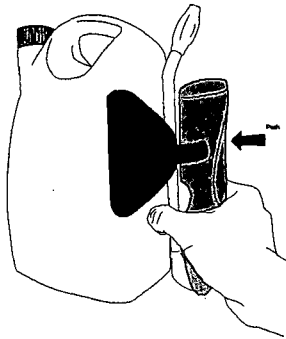

[Illustration #5]

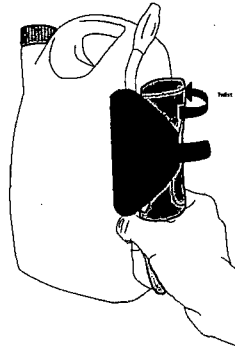

HOW TO APPLY/USE: [icon]

Follow illustrations and instructions above. Twist nozzle at end of the Comfort Wand to desired spray pattern. Point nozzle away from body and hold trigger for continuous spray. Release trigger to stop spray.

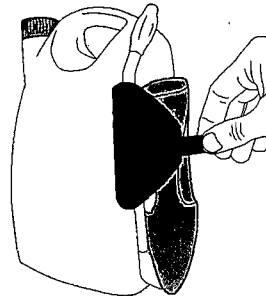

After Use: Twist nozzle to OFF position. Engage trigger lock by sliding the switch forward. Flip the wand to closed and store on the side clip with the wand up by slightly twisting back into position.

Push

Twist

Lock

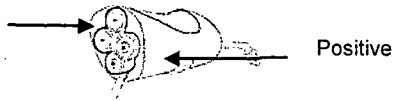

Important Use Information: Do not submerge in water. When storing sprayer for long periods, remove batteries.

To replace batteries: Open battery compartment at bottom of wand with a small screwdriver [illustration].

Remove used batteries and replace with four new AA alkaline batteries in correct position as marked inside battery compartment or per illustration.

071995-00051.20130307.amendment

Securely close battery compartment door and screw closed firmly. Always use a complete set of the same type when replacing batteries. Best performance is achieved with alkaline batteries. Never mix alkaline, carbon-zinc or rechargeable batteries. Dispose of used batteries according to manufacturer's instructions or in household trash.

IMPORTANT SPRAYER INFORMATION [Optional Section for Battery Operated Device Only]

- Read and follow all directions before use.
- [Insert sprayer brand name] is to be used only (was developed for use) with [Insert brand name of refill pack or bottle] bottles. [Insert sprayer brand name] may not be compatible with other products
- Do not drop or throw sprayer.
- Do not submerge (immerse) sprayer in water. Never place sprayer in dishwasher.
- Do not use soap or other cleaning agents to clean sprayer. If necessary, clean outer sprayer surface only with damp towel.
- Insert batteries in their correct (+/-) position. Remove batteries for winter storage or when storing product for long periods of time.
- Always use a complete set of new batteries. Never mix alkaline, carbon-zinc, or rechargeable batteries.
- Always follow the manufacturer's recommendations for battery disposal and use.
- Purge [Insert sprayer brand name] of liquid for winter storage or place [Insert sprayer brand name] in a heated storage area for winter storage.

TROUBLESHOOTING SECTION FOR BATTERY-OPERATED SPRAYER [OPTIONAL SECTION]

Troubleshooting Tips:

Problem: Sprayer does not spray (function)

Possible Cause: Batteries not installed properly

Solution: See instructions for correct battery placement

Problem: Sprayer makes a straining noise (Sprayer runs but nothing (no product) comes out)

Possible Cause: Nozzle is turned **Off**

Solution: Turn nozzle to (desired) spray setting (position)

Possible Cause: Red (color) plug at end of hose is not flipped up

Solution: Insert (color of plug) plug at end of hose into (color of spout) spout on cap until it clicks. (Attach coupler to the cap) and flip up spout

Possible Cause: Sprayer is not primed

Solution: Press and hold button on sprayer for about 20 (10, 15, 30) seconds to prime

071995-00051.20130307.amendment

the sprayer

Problem: Spray pattern is weak (or uneven) (product flow is uneven or dribbles out of nozzle)

Possible Cause: Weak batteries

Solution: Install a fresh set of batteries

Possible Cause: Red (color) plug at end of hose is not flipped up

Solution: Insert (color of plug) plug at end of hose into (color of spout) spout on cap until it clicks. (Attach coupler to the cap) and flip up spout

Possible Cause: Product supply is low

Solution: Refill container with product

Possible Cause: Nozzle not fully open

Solution: Turn nozzle to (desired) spray setting (position)
