

OFFICE OF CHEMICAL SAFETY AND POLLUTION PREVENTION

WASHINGTON, D.C. 20460

November 29, 2023

Ian Murphy
Federal Registrations Manager
Monsanto Company Lawn & Garden Products
801 Pennsylvania Ave, NW, Suite 900
Washington DC 20004

Subject: Label Amendment – Revise product facts, application restrictions, environmental hazards, first aid information, appendices, and other minor typographical edits
Product Name: LG1920 Roundup Ready-To-Use
EPA Registration Number: 71995-65
Application Date: July 12, 2022
Case Number: 474169

Dear Ian Murphy:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website

Page 1 of 2

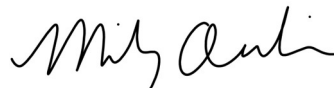

Page 2 of 2
EPA Reg. No. 71995-65
Case No. 474169

is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions, please contact Derek Corbin at 202-566-2571 or at Corbin.Derek@epa.gov.

Sincerely,

Mindy Ondish
Product Manager 23
Herbicide Branch
Registration Division (7505T)
Office of Pesticide Programs

MASTER LABEL FOR EPA REG. NO. 71995-65

Primary Brand Name:

LG1920 Roundup® Ready-To-Use

Alternate Brand Names:

Roundup® Weed & Grass Killer4; Roundup® Poison Ivy Plus Tough Brush Killer2

Editorial Notes:

Bold, italicized text is information for the reader and is not part of the label.

Bracketed text [] is optional text and a 'place holder' for graphics.

Text separated by a backslash '/' denotes 'and/or' options.

Refer to APPENDIX 1 for Consolidated List of Label Claims; APPENDIX 2 for Packaging Related Claims and APPENDIX 3 for Packaging Related Instructions.

[Insert Brand Name and Logo]

[Insert Claims from Appendix 1 or 2] [Insert Graphics]

ACTIVE INGREDIENTS:

Triclopyr, triethylamine salt	0.122%
Fluazifop-P-butyl	0.097%
Diquat dibromide	0.073%
OTHER INGREDIENTS	99.708%
Total.....	100.000%

Contains 0.0073 lbs. triclopyr acid equivalent, 0.0081 lbs. fluazifop-P-butyl, and 0.0061 lbs. diquat dibromide per US gallon.

Keep Out of Reach of Children

CAUTION

HOW IT WORKS [Insert Graphics]

[Insert brand name/This product] is formulated with three active ingredients for broad spectrum control of [most][many][types of] weeds and grasses. [Two ingredients][,][Fluazifop-P-butyl and Triclopyr] [,] [are absorbed by/enters [the] plant[s] through/penetrate] the [[leaves/foilage of] grass[es] or weed[s] [leaves/foilage]] and [are transported][move][in][inside][within] the plant [down] to the [plant[s]/weed[s]] root[s]. [[The third [active]ingredient,] Diquat [,] works on contact to provide visible results [within/in] [3/6] hours.]

[Some [established/ hard-to-kill/ perennial] weeds [such as poison ivy] may take [up to] [3/4/3-4] [or more] weeks for complete kill/control.] [Individual results may vary.]

[[Insert brand name/ This product] enters plants through the foliage and moves systemically to the roots.] [Weeds die, down to the root [- so they don't grow back].] [Kills only what you spray.] [[Any] Product not absorbed by plant breaks down without moving in or on the soil to untreated plants.]

[Weeds will begin [to/brown[ing]/ yellow[ing]/wilt/and/or] [as fast as/within] [3 / 6 /# hours] hours with complete kill in 1 to 2 weeks.]

[[This product/Triclopyr/Fluazifop-P-butyl/and] penetrate[s] penetrates waxy leaves allowing the product to enter the plant more readily.] [[Triclopyr/This product] can cause weeds to begin to yellow and wilt [as fast as/ within] [days/ 24 hours] with complete kill in 1 to 2 weeks [for [most/ annual] weeds].]

[Diquat enters the plant causing weeds to brown then yellow and wilt [as fast as/ within] [3/6] hours with complete kill in 1 to 2 weeks.]

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Always read and follow label directions.

WHERE TO USE

- [On patios, walkways, & driveways, [gravel, or mulch beds]]
- [In/Around [flowers/ flower beds/ landscape[d] [areas/beds]/perennial landscape plants]]
- [Around [Trees/ Tree Rings/ &/ Shrubs]
- [Driveways/ & / Walkways/ Patios]
- [Along fences [& foundations]]
- [Edging around foundations/buildings/and/retaining walls]
- [On wooded [or/and] vacant lots]
- [In residential [recreational areas/ fields/ & trails/ and/ xeriscapes/desert landscapes/rock gardens]]
- [Around [homes/ buildings/ cabins/ lodges/ and/ &/ camp sites]]
- [On vines growing up poles or mature tree[s] [trunks]
- [Freshly cut woody stumps]
- [Areas where tough weeds are invading your yard]

WHERE NOT TO USE

Do not use on or around edible food or feed crops; or where livestock grazing is allowed.

HOW TO ASSEMBLE AND USE INSTRUCTIONS [Insert Instructions & from Appendix 3 and Graphics]

Optional Section: *Select applicable packaging type below*

HOW TO APPLY: [Insert Graphics]

Battery Operated Sprayer, Applicator-Accepting Refill Containers, and Pump N Go® [2][II] Sprayer Devices

- Follow illustrations and/or instructions in the HOW TO ASSEMBLE AND USE section to ready [prime] the sprayer.

[Non-foaming Sprayers]

- Adjust [twist] nozzle [at end of sprayer] to a coarse spray.

[Foaming Trigger Sprayers]

- Adjust nozzle to the desired spray setting [(FOAM or SPRAY)].

All Sprayers and Applicator-Accepting Refill Containers

- * Spray the weeds or grasses you want to kill until **thoroughly wet** [or covered with foam].
- * [When spot treating weeds around desirable plants, shield [desirable] plants from drift with a sheet of cardboard or plastic.]
- * [Rinse off immediately] if desirable plants are sprayed accidentally[, rinse off immediately with water].

[1.25 gal] [To Pour Refill Container Only]

Use this product to refill the empty [Insert Brand Name for 71995-65] [Pump 'N Go® [2] [II] sprayer] [non-wand applicator] [*insert packaging type*] container by pouring product carefully and directly into the container. DO NOT add water.

[Optional Section] IMPORTANT

- **Do not spray [desirable] plants or grasses [you like - they will die].** Not recommended for spot weed control in lawns since [this product] kills [desirable] [plants] [and] lawn grasses. [Do not allow treated weeds to come in contact with desirable plants until spray has dried.]
- [Development of][Visual symptoms][Visible results] and [final] weed control is dependent upon temperature [at application][at the time of application], [[weed [& grass][grass & weed] type and rate of application]

WHEN TO APPLY

- Apply when [weeds/grasses/brush/or/and] are actively growing. **Alternative Text:** [Use any time [weeds/grasses/brush/or/and] are actively growing.]
- For best results, apply during warm, sunny weather above 60°F [to accelerate systemic movement from foliage to roots]. [Development of symptoms will occur faster at higher temperatures.] [Product is effective when applications are made under cool and cloudy conditions as low as 50° F.] [Development

of visible results could be delayed in cool or cloudy conditions.]

- [Apply/ Spray] when air is calm to prevent drift to desirable plants. [Apply in a manner to minimize or avoid [drift/contact with desirable plants.]]
- RAINPROOF [PROTECTION]: Rain or watering [[10][30][#] minutes after application will NOT wash away effectiveness. [[Insert Brand Name] is Rainproof [in/as fast as] [10][30][#] minutes.]
- [Apply when weeds are small and before seeds form.]
- [Weeds yellow and wilt within hours with complete kill in 1 to 2 weeks for annual weeds.] [Some] [Established/ perennial/ hard to kill] weeds [such as poison ivy] may [take 4 or more weeks for complete kill/require a repeat application]. [Repeat application after 28 days, should new growth appear.]
- [[Note:] Brush sprayed in the fall may not be controlled until the following season. In the spring, spray regrowth if it occurs.]

APPLICATION RESTRICTIONS:

- Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application.
- Only persons applying this product may be in the area during application. People and pets may enter treated area after spray has dried.
- Do not exceed the maximum single application rate of 1 gallon of product per 300 sq ft, a maximum yearly application rate of 8 gallons of product per 300 sq ft and wait a minimum of 28 days before repeating application. Do not apply this product via backpack sprayer.

Optional Section:

WHEN TO REPLANT

- [Do not mow, cut, replant or otherwise disturb treated areas for at least [1-30/ 14/ 30] days after application.]
- [Plant] [all] [ornamental][perennial][landscape plants][shrubs][and] [may be planted] **1 day after** application.
- [[Plant] lawn grasses [may be planted] [at least] **7 days after** application.]
- [Non-conifer trees and shrubs may be planted **14 days after** application.]
- [Conifer trees and shrubs may be planted **30 days after** application.]

Optional Section:

[HOW TO] REFILL

For Ready-To-Use To Pour Refill Containers

Do not reuse or refill this container. Use this product to refill the empty [*Insert brand name for EPA# 71995-65*] [Pump N Go® [2] [II] sprayer] container by pouring product carefully and directly into the container. DO NOT add water.

For Battery Operated Sprayers with Wand Containers

[This container [and sprayer] can be reused]

[To refill this empty container, pour product carefully and directly from the [*Insert brand name for EPA# 71995-65*] container designated as the ready-to-use refill container. DO NOT add water.] [Use [*Insert brand name for EPA# 71995-64*] to refill the container. [Follow the instructions below:] [Insert Applicable Container Size Instructions from List below]

The [*Insert Applicator Name/ wand*] can be reused with the [*Insert Brand Name for EPA# 71995-65*] refill [bottle/ container]. Read and follow instructions in refill [bottle/container] [HOW TO] REFILL section to reuse the [*Insert Applicator Name/ wand/ applicator*].

For Ready-To-Use Containers with Applicators Intended to be Reused/ Refilled

[This container [and sprayer] can be reused]

[To refill this empty container, pour product carefully and directly from the [*Insert brand name for EPA# 71995-65*] container designated as the ready-to-use refill container. DO NOT add water.] [Use [*Insert brand name for EPA# 71995-64*] to refill the container. [Follow the instructions below:] [Insert Applicable Container Size Instructions from List below]

[Alternate Text For Refilling Containers With [Roundup®] Concentrate]

[24 FL OZ]

Add 1.125 fl oz (7 Tsp) of [Insert brand name for EPA# 71995-64] to this empty container then fill with water [very] slowly to avoid foaming.

[30 FL OZ]

Add 1.406 fl oz (8.75 Tsp) of [Insert brand name for EPA# 71995-64] [to this empty container] then fill with water [very] slowly to avoid foaming.

[½ GAL/64 fl oz]

Add 3.0 fl oz (6 Tbs) of [Insert brand name for EPA# 71995-64] [to this empty container] then fill with water [very] slowly to avoid foaming.

[1 GAL]

Add 6.0 fl oz (12 Tbs) of [Insert brand name for EPA# 71995-64] [to this empty container] then fill with water [very] slowly to avoid foaming.

[1.1 GAL]

Add 6.6 fl oz (13 Tbs) of [Insert brand name for EPA# 71995-64] [to this empty container] then fill with water [very] slowly to avoid foaming.

[1.33 GAL]

Add [the pre-measured bottle] 8 fl oz (16 Tbs) of [Insert brand name for EPA# 71995-64] [to this empty container] then fill with water [very] slowly to avoid foaming.

[1.5 GAL]

Add 9 fl oz (18 Tbs) of [Insert brand name for EPA# 71995-64] [to this empty container] then fill with water [very] slowly to avoid foaming.

[Optional Section - Battery Operated Sprayer ONLY Select Any of the Options Below]

HOW TO CLEAN

- [Battery operated [wand/ Insert Applicator Name] may be used with other Roundup® brand products, it will replace any sprayer fitted with a quick-connect cap.]
Alternative Text: [Before using the [wand/ Insert Applicator Name] with other Roundup® brand products, clean the sprayer thoroughly.]
- [Disconnect sprayer unit from the [quick-connect/ bottle] cap.]
- [Place ONLY the end of the hose into a bucket of water and spray continuously for 30 seconds onto [bare soil or gravel/ treated area].]
Alternative Text: [Rinse sprayer and sprayer parts [including the] [hose/ cone/ dome/ guard/ shield] with water 3 times. Spray rinse water on [bare soil or gravel/ treated area]. Discard empty sprayer bottle as instructed in DISPOSAL section.]
Alternative Text: [Rinse sprayer with water 3 times and then spray [clean] water through sprayer for 30 seconds.] [Spray rinse water on [bare soil or gravel/ treated area].]
- [Connect [wand/ Insert Applicator Name] to any Roundup® brand product with a quick-connect cap.]
- [Failure to properly clean sprayer before using with other Roundup brand products may cause damage to your plants.]

Optional Section: Select Any of the Options Below

ADDITIONAL TIPS [Insert Graphics]

ADDITIONAL USES

FOR LAWN REPLACEMENT

Use [this product/ Insert Brand Name] to kill [a/ an existing] lawn and [its] weeds before planting a new lawn [or prior to laying a patio, sidewalk or driveway].

- [Skip one mowing before spraying.]
- [If soil is dry, water before application and 2 to 3 days after application.]
- [If green patches remain after 28 days and the area has not been reseeded, spot treat as necessary.]

- [Wait [at least] 7 days after last application to rake or till area in preparation for planting seed or sod.]
Alternative Text: [Wait [at least] 7 days.] [Rake or till to prepare area for planting seed or sod.]

FOR [FLOWERBED AND] GARDEN [PLOT] PREPARATION

Use [this product/ Insert Brand Name] to kill [weeds/ grasses/ and/ brush] before planting flowers, trees or shrubs.

- [If soil is dry, water before application and 2 to 3 days after application.]
- [Apply evenly over treatment area.]
- [Wait 4 to 6 days for product to kill plants then cleanup plant refuse and till soil.]
- [Wait 1 to 30 days after last application before planting garden [flowers, trees and shrubs].] [See **When To Replant** section for details.]

TO KILL VINES

- [If vines are growing up poles, fences, or tree trunks with mature bark, cut vines to a height of 3 to 4 feet and spray vines thoroughly.]
 - * [If vines are climbing shrubs or tree trunks with green bark, cut vines at base and [treat as directed for stumps or] spray regrowth. If spraying regrowth, shield shrubs and tree trunks from spray drift with a [sheet/ piece] of cardboard or plastic.]

KUDZU

For best results, apply in mid to late summer when vines are mature and actively growing. [Spray vines thoroughly.]

WILD BLACKBERRY

Spray [until thoroughly wet] [when/ anytime] plants are actively growing. Dead canes should be cut down and removed. Reapplication is often required to kill deep roots.

POISON IVY & POISON OAK

Spray [until thoroughly wet] [when/ anytime] plants are actively growing, but at least 4 weeks before the first killing frost in the fall. Reapply if new growth appears. Contact with these plants anytime of the year can cause an allergic reaction. Handle dead plants with rubber gloves. Dispose of plants and rubber gloves in tightly sealed garbage bags.

STORAGE AND DISPOSAL *Select applicable packaging type below:*

Battery Operated Sprayer Containers:

PESTICIDE STORAGE: [Close/Turn/Twist [Insert Color] [spout/knob] [on cap] to OFF/[Push/Flip] spout down/or] **NO NEED TO DISCONNECT SPRAYER HOSE FROM CAP.** [Completely dispense product in sprayer prior to storage.] Twist sprayer nozzle to [the] OFF position. **Alternative Text:** Close nozzle on wand sprayer. [Engage trigger lock.] [Retract and] Flip the [wand/ Insert Applicator Name] closed and place in side [carrier/ clip/ holder]. Store product in original container in a safe place away from direct sunlight. Keep from freezing. If frozen, allow to thaw and shake well before using. To prevent accidental poisoning, never store this product in food, drink, or unlabeled containers.

Non-Sprayer [Refill] Containers:

PESTICIDE STORAGE: Store product in original container in a safe place away from direct sunlight. Keep from freezing. If frozen, allow to thaw and shake well before using. [[If wand has been attached to refill bottle: [[Close/Turn/Twist [Insert Color] [spout/knob] [on cap] to OFF/[Push/Flip] spout down/or] **NO NEED TO DISCONNECT SPRAYER HOSE FROM CAP.** [Completely dispense product in sprayer prior to storage.] Twist sprayer nozzle to [the] OFF position. Alternative Text: Close nozzle on wand sprayer. [Engage trigger lock.] [Retract and] Flip the [wand/ Insert Applicator Name] closed and place in side [carrier/ clip/ holder].] To prevent accidental poisoning, never store this product in food, drink, or unlabeled containers.

Quick Connect Sprayer Containers

PESTICIDE STORAGE: [Close/Turn/Twist [Insert Color] [spout/knob] [on cap] to OFF/[Push/Flip] spout down/or] **NO NEED TO DISCONNECT TRIGGER SPRAYER.** [Completely dispense product in sprayer prior to storage.] Close nozzle on trigger sprayer. Snap sprayer back in place. **Alternative Text:** [Place sprayer back inside [carrier/ clip/ holder]. Store product in original container in a safe place away from direct sunlight. Keep from freezing. If frozen, allow to thaw and shake well before using. To prevent accidental poisoning, never store this product in food, drink, or unlabeled containers.

Pump 'N Go® [2] Containers:

PESTICIDE STORAGE: Push the [Insert Color/ yellow] button and retract the wand until the [Insert Color/ yellow] button snaps back into the original STORAGE POSITION. Place wand back onto [the top of] the bottle [in the integrated holster] with nozzle [facing down/ tip extended through the eyelet opening]. Push pump handle all the way down and turn pump handle and cap counter-clockwise to relieve pressure, then retighten to store. Store product in original container in a safe place away from direct sunlight. Keep from freezing. If frozen, allow to thaw and shake well before using. To prevent accidental poisoning, never store this product in food, drink, or unlabeled containers.

Trigger Sprayer Containers:

PESTICIDE STORAGE: Rotate nozzle to closed position. Store product in original container in a safe place away from direct sunlight. Keep from freezing. If frozen, allow to thaw and shake well before using. To prevent accidental poisoning, never store this product in food, drink, or unlabeled containers.

For Containers with Refill Instructions:

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container unless the directions for use allow a different concentrated or ready-to-use product to be diluted in or poured directly into the container. [[Insert Applicator Name/ Wand/ Comfort Wand®/ Sure Shot® Wand] can be reused with [this] [Insert Brand Name for EPA# 71995-65] [refill] [bottle/ container]]. Reuse or refill this container according to the directions contained in the HOW TO REFILL section.

For Containers without Refill Instructions:

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. [[Insert Applicator Name/ Comfort Wand®/ Sure Shot® Wand] can be reused with [this] [Insert Brand Name for EPA# 71995-65] [refill] [bottle/ container]]. [Follow instructions in the HOW TO ASSEMBLE AND USE INSTRUCTIONS section when reusing the [Insert Applicator Name/ wand]

ALL Packaging Types:

If Empty: Place in trash or offer for recycling, if available. **If Partly Filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS

Keep Out of Reach of Children

CAUTION: May cause eye irritation. Avoid contact with eyes, skin, or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wear long-sleeved shirt and long pants, shoes plus socks and gloves. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse. Such items should be kept and washed separately from other laundry.

[Re-entry icon] **[Entry Restriction[s]:]** Do not allow people or pets to enter the treated area or touch treated plants until spray has dried.

FIRST AID	
IF ON SKIN OR CLOTHING	<ul style="list-style-type: none">• Take off contaminated clothing.• Rinse skin immediately with plenty of water for 15-20 minutes.• Call a poison control center or doctor for treatment advice.
IF IN EYES	<ul style="list-style-type: none">• IMMEDIATELY hold eye open and rinse slowly and gently with water for 15-20 minutes.• Remove contact lenses, if present, after first 5 minutes, then continue rinsing eyes.• Call a poison control center or doctor for additional treatment advice.
<p>Note to Physician: If in eyes, treat symptomatically. Symptoms may develop gradually. Severe damage may be caused by apparently trivial contact and healing may be delayed. Medical supervision should be continued until healing is complete.</p> <p>Emergency Medical Information: Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may contact [Insert Telephone Number/ 1-800-246-7219] for emergency medical treatment information.</p>	

ENVIRONMENTAL HAZARDS: This product is toxic to fish and aquatic invertebrates. Do not apply directly to water. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather and when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. **NON-TARGET ORGANISM ADVISORY:** This product is toxic to plants and may adversely impact the forage and habitat of non-target organisms, including pollinators, in areas adjacent to the treated site. Protect the forage and habitat of non-target organisms by following label directions intended to minimize spray drift. **GROUNDWATER ADVISORY:** Triclopyr and fluazifop-P-butyl have properties and characteristics associated with chemicals detected in groundwater. These chemicals may leach into groundwater if used in areas where soils are permeable, particularly where the water table is shallow. **SURFACE WATER ADVISORY:** Triclopyr and fluazifop-P-butyl may impact surface water quality due to runoff of rain water. This is especially true for poorly draining soils and soils with shallow ground water.

NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.

APPENDIX 2: Packaging Related Claims

[NOTE TO REVIEWER: Claims such as NEW, NOW, IMPROVED are included for use in limited instances of initial product launch or package changes or improvements in package or formulation.]

Calculation of Spray and Weed Coverage

- To determine how many square feet can be treated, divide the number of fluid ounces by 128 and multiply by 300 ($X = \text{Net contents (fl oz)} \div 128 \times 300 \text{ sq ft}$)

NET CONTENT SKU Size	Spray Coverage
24 FL OZ [(1 PT 8 FL OZ/ 1.5 PT)]	• Treats up to 56 sq ft
30 FL OZ [(1 PT 14 FL OZ/ 1.875 PT)]	• Treats up to 70 sq ft
64 FL OZ [(½ GAL/ 2 QT)]	• Treats up to 150 sq ft
1 GALLON [(128 FL OZ)]	• Treats up to 300 sq ft
1.1 GALLON [(141 FL OZ)]	• Treats up to 330 sq ft
1.25 GALLON [(160 FL OZ)]	• Treats up to 375 sq ft
1.33 GALLON [(170 FL OZ)]	• Treats up to 400 sq ft
1.5 GALLON [(192 FL OZ)]	• Treats up to 450 sq ft

Other Packaging Related Claims

General:

- Accurate
- Accurately targets [what/ the weeds] you want to [spray/ kill]
- Accurately targets [precisely/ exactly] [what/ the weeds] you want to [spray/ kill]
- Adjustable [spray/ sprayer] [nozzle/ pattern] [for maximum control/ to meet your needs]
- [Applicator/ Application] [Device/ System]!
- Be smarter than your weeds
- Change the way you spray
- Convenient
- Coverage may vary based on the number, type or size of weeds treated in a given area
- No Mix[ing], No Mess
- No Mixing [necessary] [No measuring]
- [Easy/ Convenient/ Handy] To Use
- Easy to store [(see back for instructions)]
- EASY-TO-USE [Insert Applicator Name]
- Easy to use [convenient/ handy/ useful]
- Fast and easy [application/ way to spray]
- Give your hands a break
- Great for [large/ big] or small [jobs/ areas]
- Ideal for [large/ big] or small [jobs/ areas]
- It's always ready to spray
- Handy
- No leaks or mess
- [Precise/ Precision] control – [sprays/ targets/ only what you want]
- [Precise /Precision] control for maximum accuracy
- Pre-mixed, pre-measured, easy-to-use
- Quick [& and] easy to use
- Quick connect sprayer
- Quickly covers large areas
- Recycle symbol [Insert Graphic]
- Redesigned [Insert Applicator Name/ Sprayer]

- Refillable [Container]
- Requires no mixing
- Reusable [Insert Applicator Name] [sprayer/ container]
- Targeted spray
- Targets [listed] weeds [in tight/ hard to reach/ places]
- The easy way to kill weeds
- The easy way to spray
- [The/ A] fast [and easy] way to [kill/ spray/ treat] [listed] weeds
- The fast way to spray
- You're always ready to spray

Quick-Connect Sprayer (QCS):

- Quick connect sprayer
- Quick [&/and] easy to use
- No leaks or mess
- Easy to store (see back for instructions)

Packaging Types with Foaming Sprayer (Quick-connect or trigger type):

- AccuSpray [technology]
- AccuFoam [technology]
- AccuMark [technology]
- Choose foam or [clear] stream [(no foam)]
- [Easily/ Easy to] see [where/ the weeds/ what] you've [sprayed/ treated/ applied]
- [Easily/ Easy to] see [exactly/ precisely] [where/ the weeds/ what] you've [sprayed/ treated/ applied]
- Foam
- Foam makes it [easy/ easier] to see [exactly/ precisely] [where/ the weeds/ what] you've [sprayed/ treated/ applied]
- [Foam] [Marks/ shows] [the weeds you've] [sprayed/ treated/ weeds] [for up to 5 minutes]
- Foam targets [exactly/ precisely] [what/ the weeds] you want to [spray/ kill]
- Foam marks the spot
- Foaming action
- Hit what you aim at
- [Hit/ spray/ target] [precisely/ exactly] what you want
- See what you've hit
- See where you spray technology
- [See/ shows] [where/ the weeds/ what/ how much] [you/ you've] [spray/ sprayed/ applied]
- [See/ shows] [exactly/ precisely] [where/ the weeds] [what/ how much] [you/ you've] [spray/ sprayed/ applied/ treated]
- [See/ shows/ marks] area [covered/ treated/ sprayed].
- Targets [exactly/ precisely] [what/ the weeds] you want to [spray/ kill]
- Target only what you want to kill
- Treated [sprayed] weeds stay [visible/ marked] for up to 5 minutes
- Treated [sprayed] weeds can easily be seen for up to 5 minutes
- Visible foam
- Visible foam makes it [easy/ easier] to see [exactly/ precisely] [where/ the weeds/ what] you've [sprayed/ treated/ applied]
- Visible foam [marks/ shows] weeds [you've/ sprayed/ treated] [for up to 5 minutes]
- Visible foam [shows/ targets/ let's you see] [exactly/ precisely] [where/ what/ the weeds] you've sprayed
- VisiSpray [technology]
- VisiMark [technology]
- VisiFoam [technology]
- VisiTech [technology]
- WeedMark [technology]

Pump 'N Go® (2) (II) Sprayer

- [33%] [50%] More than 1 gallon size
- Accurate
- Adjustable spray (sprayer) nozzle for maximum control
- Adjustable spray pattern for maximum control
- Change the way you spray
- Consistent spray for maximum accuracy
- [Up to *[Insert number]* minutes of] Continuous spray
- Continuous[, adjustable] spray
- Convenient [extendable wand]
- Cover more ground faster
- Easy to use tank sprayer
- EASY-TO-USE
- Extendable wand provides greater accuracy without bending over
- Fast and easy [application/way to spray]
- Give your hands a break
- Great for large or small [jobs/areas]
- Ideal for large or small [jobs/areas]
- Improved [Applicator/Application] Device!
- Improved [Applicator/Application] System!
- Improved [Applicator/Application]!
- Improved! For Lasting Spray
- It's always ready to spray
- Long[er] spray time with less pumping
- No [More] Hand Fatigue
- No constant trigger [squeezing/pulling]
- No Mix, No Mess
- No more squeeze, squeeze, squeeze
- No more [tired/aching] hands
- One pump [=/ equals] [insert #] trigger sprays
- One pump delivers [Insert #] trigger sprays
- Precise control for maximum accuracy
- Pump 'N Go® (2) (II) Sprayer
- *[Insert Device Name]* (Provides) Up to [__] minutes of continuous spray
- Quick & Easy to Use
- Quickly covers large areas
- Refill(able) Container
- Reusable [Pump 'N Go® 2] [sprayer/ container]
- [Save/Saves] time and energy
- The easier way to kill weeds
- The easy way to spray
- The fast and easy way to kill weeds
- [Up to] [10/ insert #] [minutes of] Continuous spray
- You're always ready to spray

Refill Container

- Do Not Reuse Container
- Don't Forget Your Refill
- Just [connect/ plug in] [Insert Applicator Name/ Comfort Wand®/ Sure Shot® Wand] and it's ready to spray
- Pour refill [directly] into [Insert Packaging Type] [container/ sprayer]
- [Ready-To-Use] Refill [Available]
- [Refills/ Recharges/ Reloads/ Renewals] [Insert Applicator Name/ Comfort Wand®/ Sure Shot® Wand/ Pump 'N Go® 2] [sprayer]
- Reuse with [Insert Applicator Name/ Comfort Wand/ Sure Shot Wand]
- The fast and easy way to refill your [Insert Packaging Type] [container/ sprayer]
- There is no mixing and no measuring, you just [pour/ connect] and go

- Works with [Insert Applicator Name/ Comfort Wand®/ Sure Shot® Wand]

Battery Operated Sprayer with Wand (Power Sprayer):

- **Qualifying statement associated with claims in this section that include "qualify" below:** When measured 12" above the ground compared to non-battery operated sprayers.
- [2x] Wider [Application/ Coverage]*
- Battery [Operated/ Powered] [sprayer]
- [Comfort Wand®/ Insert Applicator Name] [with][extended reach/ with continuous spray]
- Consistent spray [for maximum accuracy]
- Continuous, adjustable spray
- Continuous spray [wand] [with extended reach]
- Control Wand [with extended reach/ with continuous spray]
- Cover[s] [more/ larger/ wider] [area/ ground] faster!* **qualify**
- Customize your spray pattern
- Easy reach extendable spray wand
- Extended Reach/continuous spray [insert applicator name] [Wand]
- Extendable spray wand – less bending
- Extendable [Insert Applicator Name] spray wand
- Fan [shaped] spray [pattern/ setting] [to cover/ covers] [big/ large] [areas/ jobs]
- Fan spray [for wide] [application/ coverage]
- Includes fan and stream [spray] settings!

- [Insert value between 8-18 inch] fan pattern [to cover/ covers] [your/ big/ large] [areas/ jobs]* **qualify** when measured 12" above the ground
- [Insert value between 30-50%] more coverage!* **qualify**
- [Insert Applicator Name] has [Insert value between 2-4] spray patterns [for [precise/ efficient/ targeted/ adjustable] application
- [Insert Applicator Name] [includes/ including/ plus/ with] [multi-pattern/ fan/ foam/ spray/ and/ &/ stream] [nozzle/ setting[s]]
- [Insert Applicator Name] [with extended reach/ with continuous spray]
- [Insert Brand Name of Batteries] Batteries included
- [More versatile] [Insert Applicator Name] [treats/ cover[s]] the same area [Insert XX%] faster* **qualify**
- [More versatile] [Insert Applicator Name] sprays out [Insert XX%] [quicker/ faster]* **qualify**
- Multi-pattern nozzle
- Multiple spray [patterns/ settings] [[can make/ makes] your job easy]
- Multiple spray [patterns/ settings] [adjusts to meet your needs]
- No [constant] pumping
- No constant trigger [squeezing/ pulling]
- No [More] Hand Fatigue
- No more pumping, no more pulling, just spray
- No more squeeze, squeeze, squeeze
- No more tired [aching] hands
- No more trigger sprayer
- [One-Touch] [Precision] Wand
- Power Sprayer [for large areas]
- Same coverage in [Insert XX%] less time* **qualify**
- Reusable [Comfort Wand®] [One-Touch Wand] [Insert Applicator Name]
- Spray faster, cover more!* **qualify**
- The powerful way to spray
- [Treat/ Spray] weeds in two-thirds the time* **qualify**
- Treating [large/ big] areas [is now/ made/ just got] easier* **qualify**
- Use fan setting when treating [large/ big] areas
- Use stream setting for targeted spray
- Wider fan pattern covers [2x/ two times/ twice] [more/ the] area* **qualify** when measured 12" above the ground

- Wider spray = Faster Coverage!* **qualify**

Battery Operated Sprayer with Extendable Wand:

- [Insert Applicator Name] gives you an easy way to kill weeds
- [Adds control so] [the spray] [only] goes where you want it to go
- Apply faster with the [extended wand/ Insert Applicator Name]
- [Avoid accidental spray to [surrounding/ nearby] [flowers/ and/ vegetables/ desirable plants]
- [Bending [down/ over] to kill weeds is [a thing of the past/ in the past/ no longer needed]
- [Cone/ Dome/ Guard/ Shield] attaches to the bottle [stores easily] [when not in use]
- [Cone/ Dome/ Guard/ Shield] helps protect [nearby/ desirable plants/ flowers] [from spray/ drift/ damage] [even in windy conditions]
- [Cone/ Dome/ Guard/ Shield] keeps the spray contained so wind won't carry it to [desirable plants/ flowers and shrubs].
- [Cone/ Dome/ Guard/ Shield] helps protects [nearby plants/ desirable plants] [from splashing/ from spray]
- Direct application reduces unintended damage to nearby plants [from the wind] [due to accidental spray]
- Easily get[s] into [deep,] hard-to-reach [areas/ places]
- [Extend/ Reach] [Wand/ Insert Applicator Name] [Easily]
- Extended [Reach/ Continuous Spray] Sure Shot® Wand [with extended reach/ with continuous spray]
- Extended [Reach/ Continuous Spray] Wand [with extended reach/ with continuous spray]
- [Extended/ Extendable] wand puts more distance between you and the spray
- Extends 2 feet [so no more [bending over/ aching back]]
- Focus the spray [where you need it most/ where you want it to go]
- [Helps] [Contain/ Isolate/ Target] [the product/ spray]
- [Helps] Keep[s] the spray on the weed
- Helps protect desirable plants [such as flowers and shrubs]
- Helps protect desirable [plants/ vegetation/ flowers/ shrubs]
- Ideal for use in [flower/ garden beds/ and/ hard to reach places]
- Ideal for [use/ targeting] weeds in hard to reach [areas/ places]
- Ideal for [use/ targeting] weeds on driveways, sidewalks and patios
- [Insert Applicator Name/ with [protective/ cone/ dome/ guard/ when to apply]] [lets/ allows] you [can/ to] kill [bad/ unwanted/ weeds] [right/ down to the root] while [comfortably] guarding the [good/ desirable plants]
- [Insert Applicator Name] Target[s] weeds more precisely than ever before *comparison based on [Roundup® brand ready-to-use][weed and grass killer][insert product] products with [applicators currently in the market][insert product]
- [Just/ Simply] spray the leaves to kill the [weed to the] root
- Kill weeds confidently in your garden [with the [Insert Applicator Name/ Sure Shot® Wand]]
- [Lightweight/ and/ durable] applicator
- [Now it's] [[Protective] [cone/ dome/ guard/ shield] makes it] Easier to kill weeds in more places
- Perfect for [stopping/ controlling] weeds in [areas where desirable plants are abundant/ like/ gardens and flowerbeds]
- Pinpoint the weeds [you want] to kill
- [Precisely] Target[s] [hard to reach weeds/ the weeds you want to kill]
- [Precision/ Precise/ Adjustable] sprayer
- [Protective] [cone/ dome/ guard/ shield] fits over weeds to help contain spray [even in windy conditions]
- [Protective] [cone/ dome/ guard/ shield] helps [focus/ target] the spray on the weed[s]
- [Protective] [cone/ dome/ guard/ shield] [at the end of the wand] fits over the weed [(like an umbrella)] [so the spray is contained/ to help contain the spray]
- Reach[es] into tight [places/ areas] weeds like to grow
- Removable [protective] [cone/ dome/ guard/ shield]
- [Sprayer provides the best way to] Focus the spray on the leaves where it does the most [good/ damage]
- Sure Shot® [Extended/ Reach/ Continuous Spray] Wand [with extended reach/ extends 2/two feet/[with] continuous spray]

- Target[s] hard to reach [weeds] [places/ areas]
- Targets the weed[s] under the [cone/ dome/ guard/ shield]
- The extra long wand [lets/ allows] you [to] treat weeds with [ease/ easily]
- [Use [Cone/ Dome/ Guard/ Shield] to] [Confidently] spray weeds in [garden/ landscaped/ mulch/ beds] [without the worry of killing nearby [flowers/ or/ shrubs/ desirable plants]]
- [Use in and around] [Ideal for targeting weeds in] [flower beds/ gardens/ mulch beds/ ornamentals/ shrubs/ fences/ driveways/ sidewalks/ patios/ and/ hard to reach places]
- Use with the [protective] [cone/ dome/ guard/ shield] for targeted application [in landscaped beds/ in flower beds/ in garden beds/ in mulch beds/ and/ around desirable plants]
- Use without the [protective] [cone/ dome/ guard/ shield] on [patios/ walkways/ driveways/ and/ gravel]

- [Wand/ Insert Applicator Name] extends [to the top of the weeds for direct application] [2 feet] [letting you more precisely [pinpoint/ focus on] [the weeds you want to kill]
 - [Wand/ Insert Applicator Name] [extends 2 feet] [continuous spray]
 - [Wand/ Insert Applicator Name] [extends 2 feet] [to] Reduce[s] [back] bending [and the] [continuous spray wand helps reduces hand fatigue] [putting more distance between you and the spray]
 - [Wand/ Insert Applicator Name] [provides] precision control to [maximize every spray/ get the most effect from every spray]
- [Wand/ Insert Applicator Name] [provides the best way to] Focus the spray on the leaves [to kill to the root]

APPENDIX 3 – Packaging Related Instructions

READY-TO-USE REFILL CONTAINERS [Insert graphics]

[This product can be used as a refill in [2/ two] ways:] [1.] Use this product to refill the empty [Insert Brand Name for 71995-65] container by pouring product carefully and directly into the container. DO NOT add water. [2.] [Insert Applicator Name] can be reused with this [refill] [bottle/ container]. Follow the instructions below to disconnect the [Insert Applicator Name/ wand] from the [empty] [bottle/ container] and reconnect to the cap on this [bottle/ container].]

How to attach [Insert Applicator Name/ wand] to [Insert Brand Name for 71995-65] [Refill] [Bottle/ Container]:

Removing [Insert Applicator Name] from original empty [bottle/ container]:

1. Remove the [Insert Applicator Name/ wand] by pulling the [Insert Color] plug from the [Insert Color] [spout/ opening/ knob] on cap.
2. [At the bottom of the side [clip/ carrier/ holder] press the middle tab up and slide the [clip/ carrier/ holder] upwards to remove it from the empty [bottle/ container].]

Adding [Insert Applicator Name] to [Insert Brand name for 71995-65] [Refill] [bottle]:

3. [Slide the side [clip/ carrier/ holder] downward on the knob located [on the] [right-hand] side of the refill [bottle/ container].]
4. [Insert [Insert Color] plug at end of hose into [Insert Color] [spout/ knob/ opening] on cap [until it clicks].]

QUICK CONNECT SPRAYER [DEVICE] [Insert graphics]

1. Remove sprayer. Pull cord/tubing **ALL THE WAY OUT.**
2. Insert plug into [spout/knob/opening] on cap [until it clicks].
3. [Flip up spout/Turn knob to ON]. **Alternative Text:** [Flip up [Insert Color] spout until fully upright/ [Turn/ Twist] [spout/ knob] to ON/ Pull spout up.] [Open/ Adjust] nozzle [at end of sprayer] to the desired spray setting [(foam or spray)]. [Flip up spout must remain up while spraying.]

PUMP N' GO® (2) (II) SPRAYER [Insert graphics]

[FOR PAD PRINTING (SILK SCREEN) TRACKING ONLY – no ppn]

(Wand) STORAGE POSITION Push button and pull nozzle end. Extend to spray position.[Insert Arrow Graphic] SPRAY POSITION.

(Handle) (arrow graphic) RELEASE PRESSURE AFTER USE Push handle to cap & turn. RETIGHTEN.

1. CUT [Insert Graphics]

Carefully cut the [insert#/ two] [Insert Color//white] zip ties securing the hose and pump handle with scissors. Use caution not to cut the white hose.

2. CONNECT [Insert Graphics]

Unwind hose. Firmly push the connector at the end of the hose onto the spout on the pump, until it locks into place.

3. EXTEND WAND [Insert Graphics]

Lift sprayer wand off bottle. Push [Insert Color/yellow] button while pulling out on the wand nozzle tip. Fully extend wand until [Insert Color/yellow] button snaps into SPRAY position. **NOTE:** [Insert Color/White] trigger will not function until wand is fully extended and [Insert Color/yellow] button is visible in the SPRAY POSITION.

4. PUMP [Insert Graphics]

Make sure handle is screwed on **tightly** or the bottle will not pressurize. Pump container [insert number of pumps to prime X-X] times to pressurize bottle. A full bottle requires fewer pumps than an empty bottle. Pumping to the higher range will provide longer spray duration. After pumping, push pump down and turn handle clockwise to lock into carrying position. **NOTE:** This bottle is designed to expand under pressure and cannot be over-pressurized.

5. SPRAY [Insert Graphics]

Aim wand. Spray by pushing down [white] trigger with thumb. Adjust spray pattern by rotating [Insert Color/white] nozzle tip up to one-half rotation. Spray weeds [and grasses] until **thoroughly wet**.

6. STORE [Insert Graphics]

When finished spraying, Push the [Insert Color/yellow] button and retract the wand until the [Insert Color/yellow] button snaps back into the original STORAGE POSITION. Place wand back [onto the top] of the bottle [in the integrated holster] with nozzle [facing down/ tip extended through the eyelet opening].

7. DEPRESSURIZE [Insert Graphics]

Push pump handle all the way down and turn pump handle and cap counter-clockwise to relieve pressure, then retighten to store.

BATTERY OPERATED SPRAYER with Wand [Insert Graphics]

[Wand safety sticker & proposed location]

Wand Safety Sticker or Printed on the Handle: Always lock after use **Alternative Text:** [Always lock sprayer when opening and closing] [Insert icons]

[Insert Illustration or Photo]

1. Remove [Insert Graphics- Unsnap holder/ Twist left/ Pull]

- Remove [wand/ Insert Applicator Name] [from] [side/ carrier/ holder/ clip/ bottle].
- Pull connector by slightly twisting from [side/ carrier/ holder/ clip/ bottle] and unwrap hose completely.
- Remove protective strip from battery compartment to activate batteries.

2. Connect [Insert Graphics]

- Insert [Insert Color] plug at end of hose into [Insert Color] [spout/ knob/ opening] on cap [until it clicks]. Flip up spout. **Alternative Text:** [Turn/Twist [Insert Color] [spout/knob] [on cap] to ON/ or/ [Pull/Flip] up spout [until fully upright].] [[Flip up] spout must remain up while spraying.]

3. Extend [Insert Graphics]

- Flip open [wand/ Insert Applicator Name] until it clicks and locks into position.

4. [Twist Nozzle and] Spray [Insert Graphics]

- Slide trigger lock on [wand/ Insert Applicator Name] handle to the unlocked position.
- Twist nozzle to desired spray pattern.
- Point [Insert Applicator Name] nozzle away from body and hold [Insert Color] trigger for continuous spray.

Important Use Information: Do not submerge in water. When storing sprayer for long periods, remove batteries.

BATTERY OPERATED SPRAYER with Extendable Wand [Insert Graphics]

Wand Safety Sticker or Printed on the Handle: Always lock after use **Alternative Text:** [Always lock sprayer when opening and closing] [Insert icons]

[Insert Illustration or Photo]

1. Remove [Insert Graphics- Unsnap holder/ Twist left/ Pull]

- Remove [wand/ Insert Applicator Name] [from] [side/ carrier/ holder/ clip/ bottle].
- [Pull connector by slightly twisting from [side/ carrier/ holder/ clip/ bottle] and unwrap hose completely.]
- Remove protective strip from battery compartment to activate batteries.

2. Connect [Insert Graphics]

- Insert [Insert Color] plug at end of hose into [Insert Color] [spout/ knob/ or/ opening] on cap [until it clicks]. [Turn/Twist [Insert Color] [spout/knob] [on cap] to ON/ or/ [Pull/Flip] up spout [until fully upright]] [[Flip up]

- spout must remain up while spraying.]
- [Remove [protective] [cone/ dome/ guard/ shield] [from side clip/ from bottle] and attach over nozzle [for targeted application].]

3. Extend [Insert Graphics]

- Flip open [wand/ Insert Applicator Name] until it clicks and locks into position.
- [Extend [wand/ fully].]

4. Spray [Insert Graphics]

- Slide trigger lock on [wand/ Insert Applicator Name] handle to the unlocked position.
- Twist nozzle to desired spray pattern.
- [Place the [cone/ dome/ guard/ shield] [on the ground] over weeds or grasses you want to kill.] [Use the [cone/ dome/ guard/ shield] to cover the weeds or grasses you want to kill.]
- Point [Insert Applicator Name] nozzle away from body and hold [Insert Color] trigger for continuous spray.
- [[Cone/ Dome/ Guard/ Shield] can be removed when applying product to [areas such as] [driveways/ walkways/ patios/ and/ gravel].]

Important Use Information: Do not submerge in water. When storing sprayer for long periods, remove batteries.

BATTERY REPLACEMENT SECTION- BATTERY OPERATED SPRAYER WITH WANDS ONLY

[Insert Graphics]

To replace batteries: Open battery compartment at bottom of [wand/ Insert Applicator Name] [with a small screwdriver] [Insert Illustration]. Remove used batteries and replace with [Insert #/ four] new [AA/ alkaline] batteries [in correct position as marked inside battery compartment] [or per illustration].

Securely close battery compartment door [and screw closed firmly]. Always use a complete set of the same type when replacing batteries. Best performance is achieved with alkaline batteries. Never mix alkaline, carbon-zinc or rechargeable batteries. Dispose of used batteries according to manufacturer's instructions or in household trash

IMPORTANT SPRAYER INFORMATION [Optional Section for Battery Operated Device Only]

- Read and follow all directions before use.
- [Insert applicator name] [is to be used only/was developed for use] with [Insert brand name of refill pack or bottle][Roundup® brand products with a quick-connect cap.] [Insert sprayer brand name] may not be compatible with other products.
- Do not drop or throw sprayer.
- Do not [submerge/immerse] sprayer in water. Never place sprayer in dishwasher.
- Do not use soap or other cleaning agents to clean sprayer. If necessary, clean outer sprayer surface only with damp towel.
- Insert batteries in their correct (+/-) position. Remove batteries for winter storage or when storing product for long periods of time.
- Always use a complete set of new alkaline batteries. Never mix alkaline, carbon-zinc, or rechargeable batteries.
- Always follow the manufacturer's recommendations for battery disposal and use.
- Purge [Insert applicator name] of liquid for winter storage or place [wand/Insert applicator name] in a heated storage area for winter storage.

Optional Section:

TROUBLESHOOTING SECTION FOR BATTERY OPERATED SPRAYER

[Troubleshooting Section for [Battery Powered/ Comfort Wand®/ One-Touch Wand/ Extendable Wand/ Extended Wand/ Sure Shot® Wand/ Insert Applicator Name] Directions]

Troubleshooting Tips:

Problem: Sprayer does not [spray/ function].

Possible Cause: Batteries not installed properly.

Solution: See instructions for correct battery placement.

Problem: Sprayer makes a straining noise. [Sprayer runs but no product comes out].

Possible Cause: Nozzle is turned Off.
Solution: Twist nozzle to desired spray pattern.

Possible Cause: [Insert Color] plug at end of hose is not [flipped up/ open].
Solution: Insert [Insert Color] plug at end of hose into [Insert Color] [spout/ knob/ opening] on cap [until it clicks] and [flip up spout/ flip up [Insert Color] spout until fully upright/ [turn/ twist] [spout/ knob] to ON/ pull spout up.]

Possible Cause: Sprayer is not primed.
Solution: Press and hold button on sprayer for about [10 / 15 / 20 / 30] seconds to prime the sprayer.

Problem: Spray pattern is weak [or uneven]. [Product flow is uneven or dribbles out of nozzle].

Possible Cause: Weak batteries.

Solution: Install a fresh set of alkaline batteries.

Possible Cause: [Insert Color] plug at end of hose is not [in the fully upright position/ in the ON position].

Solution: Insert [Insert Color] plug at end of hose into [Insert Color] [spout/ knob/ opening] on cap [until it clicks]. [Attach coupler to the cap] and [flip up spout/ flip up spout/ flip up [Insert Color] spout until fully upright/ [turn/ twist] [spout/knob] to ON/ pull spout up.]

Possible Cause: Sprayer nozzle not fully open.

Solution: [Turn/ Twist] nozzle to desired spray pattern.

APPENDIX 4 – Example Graphics

The following are representative examples of graphics that could be used in the marketed label. If the graphic is used, changes to the exact color, shape, size, orientation or amount of items depicted may occur based on marketing decisions and the available space on the label.
