

## PRECAUTIONARY STATEMENTS

### HAZARDS TO HUMANS & DOMESTIC ANIMALS

**DANGER:** May cause irreversible physical eye damage if sprayed in the eye. Contact through touching or rubbing eyes may result in substantial but temporary eye injury. Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

### FIRST AID

Have label with you when obtaining treatment advice.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center, doctor, or 1-800-858-7378 immediately for treatment advice.

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center, doctor, or 1-800-858-7378 immediately for treatment advice.

### ENVIRONMENTAL HAZARDS

Do not apply directly to water. Do not contaminate water by disposing of unused material.

### PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

### STORAGE & DISPOSAL

**STORAGE:** STORE IN A COOL, DRY PLACE INACCESSIBLE TO CHILDREN AND PETS. Do not store in places where the temperature is above 120°F or below 32°F. Do not store in hot vehicle or in direct sunlight.

Spills: Call 1-800-535-5053 for CHEMICAL EMERGENCY.

**DISPOSAL:** DO NOT INCINERATE OR PUNCTURE

If empty. Do not reuse empty container. Place in trash or offer for recycling if available. If partially filled: Call your local solid waste agency for disposal instructions.

**Disclaimer:** To the extent allowed by law, UDAP Industries, Inc. shall not be liable for damage, injury, loss, direct or consequential including death arising out of the use of, or inability to use this product. Contact local law enforcement officials about regulations concerning this product. **Note:** As part of an ongoing research project, UDAP Industries needs your true account of UDAP Pepper Power™ use against bear attacks. Please call 1-800-232-7941 for details.

# bear deterrent

**BE PREPARED!**

DO NOT SEEK OUT ENCOUNTERS WITH BEARS. THIS PRODUCT IS A BEAR ATTACK DETERRENT WHICH MAY PROTECT USERS IN SOME UNEXPECTED CONFRONTATIONS WITH BEARS BUT MAY NOT BE EFFECTIVE IN ALL SITUATIONS OR PREVENT ALL INJURIES. READ CAREFULLY THE ENTIRE LABEL UPON PURCHASE & BEFORE TAKING THIS PRODUCT INTO AREAS WHERE BEARS MIGHT BE ENCOUNTERED.

**KEEP OUT OF REACH OF CHILDREN**

### DANGER

Strong irritant to eyes, nose and skin. Wash thoroughly with soap and water after handling. See Side Panel for additional precautions.

Produced by a grizzly attack survivor!

**CHEMICAL EMERGENCY: 1-800-535-5053**

**EPA Reg. No. 72007-1 EPA Est. No. 72007-MT-001**

**Net Contents: 7.9 ounces (225g)**

OCT 18 2007  
ACCEPTED  
Under the Pesticide Insecticide, Fungicide, and Rodenticide Act, registered under EPA Reg. No. 72007-1

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**USE RESTRICTIONS:** This product may be used only to deter bears which are attacking or appear likely to attack humans.

Do not seek out encounters with bears or intentionally provoke them. This product may not be effective in all situations or prevent all injuries. Do not spray this product on tents, other objects, or on clothing. Such use has no deterrent effect on bears. Keep safety clip in place except when practicing with or using the product. Do not eat or allow to be eaten any food or feed materials which may have become contaminated with this product. Use with caution. Contents will cause pain and temporary impairment to eyes, nose, mouth and lungs. Individuals who suffer from asthma or emphysema may have a more severe reaction.

**This product has a range of up to 30 feet (9 meters).**

This canister empties completely in approximately 4 seconds [225g container] 5.4 seconds [260g container].

**APPLICATION DIRECTIONS:** Special procedures must be followed to arm the container, apply the product, and restore the safety clip to disarm the container. Before taking this product into bear country, read the directions and familiarize yourself with these procedures. If you test-fire this container, do so with your back to the wind in an area away from people and bears. Do not test-fire Pepper Power™ in an area where you plan to camp, hunt, hike, or fish. Do not test-fire for more than a half a second. After test-firing, clean nozzle and can with soap and water to remove residue. If you have not used this product before, you should obtain a UDAP training can and practice with it until you can perform, quickly and accurately, the activities described in the column below.

**TO ARM AND APPLY:** Place forefinger through loop in handle with thumb on curl of safety clip (Fig. 1). With thumb, pull safety clip up and straight back. This will expose the trigger lever. Depress trigger lever with thumb, releasing a 1 second burst of spray (Fig. 2). This should be done as the attacking bear is charging toward you and is about 40 feet away (2-3 seconds from reaching you). Be aware that wind or rain can greatly affect the accuracy of the initial burst of spray. In some cases, you may have to wait until the bear is quite close before spraying. If the bear makes it through the initial burst of spray, continue spraying, aiming for the face. Shield your eyes and face if you must face the wind.

**TO DISARM:** Replace safety clip as illustrated (Fig. 3).

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.  
**USER INSTRUCTIONS:** This product may be used only to deter bears which are attacking or appear likely to attack humans. Do not seek out encounters with bears or intentionally provoke them. This product may not be effective in all situations or prevent all injuries. Do not spray this product on tents, other objects, or on clothing. Such use has no deterrent effect on bears. Keep safety cap in place except when practicing with or using the product. Do not set or allow to be set on any food or feed materials which may have become contaminated with this product. Use with caution. Contents will cause pain and temporary impairment to eyes, nose, mouth and lungs. Individuals who suffer from asthma or emphysema may have a more severe reaction. This product has a range of up to 30 feet (9 meters). This container empties completely in approximately 4 seconds (225g contained). 3.4 seconds (240g contained).

**APPLICATION INSTRUCTIONS:** Special procedures must be followed to train the canister, apply the product, and restore the safety cap to its normal condition. Before using this product in bear country, read the directions and familiarize yourself with these procedures. If you test fire this container, do so with your back to the wall in an area away from people and bears. Do not test fire Pepper Power™ in an area where you pump, haul, fill, or fish. Do not test fire for more than a half a second. After testing, clean nozzle and can with soap and water to remove residue. If you have not used this product before, you should obtain a UDAP training can and practice with it until you can perform, quickly and accurately, the activities described in this column below.

**TRAINING AND PRACTICE:** Place Pepper Power™ through the hole in the front of cap of safety cap (Fig. 1). With thumb, pull safety cap in and straight back. This will expose the trigger lever. Depress trigger lever with thumb, releasing a 1 second burst of spray (Fig. 2). This should be done as the attacking bear is charging toward you and is about 40 feet away (2-3 seconds from reaching you). Be aware that wind or rain can greatly affect the accuracy of the initial burst of spray. In some cases, you may have to wait until the bear is quite close before spraying. If the bear makes it through the initial burst of spray, continue spraying, aiming for the face. Shield your eyes and nose if you must face the wind. **TO DETERRE:** Repress safety cap as illustrated (Fig. 3).

BEAR IN ME  
The INFORMAT

# Bear Attack

Mark Matheny a grizzly bear attack survivor

Mark Matheny was attacked by a female grizzly bear on a main trail. In less than half a minute the grizzly charged and mauled Mark twice. Mark's partner, Dr. Fred Bahnsen, reacted immediately to Mark's condition and treated his wounds. Fortunately Dr. Bahnsen got Mark out of the woods and to the emergency room without further incident. Mark suffered extensive bite lacerations to the head and neck, bite lacerations to the right arm, and also to the left anterior chest. This bear attack is what motivated Mark to establish UDAP Industries, Inc.

## Be Prepared in Bear Country

For a limited time, the safety wedge will glow in the dark. To prevent loss, the safety wedge is attached to the handle, please leave attached.

30 FOOT FOGI  
(9 meters)

For use on All Bear Species

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**USE RESTRICTIONS:** This product may be used only to deter bears which are attacking or appear likely to attack humans. Do not seek out encounters with bears or intentionally provoke them. This product may not be effective in all situations or prevent all injuries. Do not spray this product on tents, other objects, or on clothing. Such use has no deterrent effect on bears. Keep safety clip in place except when practicing with or using the product. Do not eat or allow to be eaten any food or feed materials which may have become contaminated with this product. Use with caution. Contents will cause pain and temporary impairment to eyes, nose, mouth and lungs. Individuals who suffer from asthma or emphysema may have a more severe reaction.

This product has a range of up to 30 feet (9 meters).

This container empties completely in approximately 4 seconds (225g container); 5.4 seconds (260g container).

**APPLICATION DIRECTIONS:** Special procedures must be followed to arm the container, apply the product, and restore the safety clip to disarm the container. Before taking this product into bear country, read the directions and familiarize yourself with these procedures. If you test-fire this container, do so with your back to the wind in an area away from people and bears. Do not test-fire Pepper FOGI in an area where you plan to camp, hunt, hike, or fish. Do not test-fire for more than a half a second. After test-firing, clean nozzle and can with soap and water to remove residue. If you have not used this product before, you should obtain a UDAP training can and practice with it until you can perform, quickly and accurately, the activities described in the column below.

**TO ARM AND APPLY:** Place forefinger through loop in handle with thumb on curl of safety clip (Fig. 1). With thumb, pull safety clip up and straight back. This will expose the trigger lever. Depress trigger lever with thumb, releasing a 9 second burst of spray (Fig. 2). This should be done as the attacking bear is charging toward you and is about 40 feet away (2-3 seconds from reaching you). Be aware that wind or rain can greatly affect the accuracy of the initial burst of spray. In some cases, you may have to wait until the bear is quite close before spraying. If the bear makes it through the initial burst of spray, continue spraying, aiming for the face. Shield your eyes and face if you must face the wind.

**TO DISARM:**  
Replace safety clip as illustrated (Fig. 3).

Do NOT store in Hot vehicle or in direct sunlight  
Read Carefully the entire label upon purchase
