UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Biopesticides and Pollution Prevention Division (7511W)
401 M Street, S.W.
Washington, DC 20460

EPA Reg. Number:

72025-1

Date of Issuance:

NOTICE OF PESTICIDE:

[X] Registration
[] Reregistration

(under FIFRA, as amended)

Term of Issuance: Unconditional

Name of Pesticide Product:

Registered Rabbit Repellent®

Name and Address of Registrant (include ZIP Code):

Farmer McGregor's All Natural Garden Products, Inc.
1435 Market Avenue North
Canton. OH 44714-2609

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

The Food Quality Protection Act (FQPA) was signed into law on August 3, 1996. Although full implementation of FQPA has not been achieved, the Agency has no reason to believe that the registration of this product will, in any way, violate the terms of the Act. If EPA determines, as a result of the FQPA implementation process, that the decision to register this product is no longer appropriate, the Agency will consider itself free to pursue whatever action may be appropriate, including, but not limited to, reconsideration of the registration decision.

This product is unconditionally registered in accordance with FIFRA Sec. 3(c)(5) provided you:

- 1. Submit and /or cite all data required for registration/reregistration of your product under FIFRA Sec.3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA Sec.4.
2. Make the labeling changes listed below before you release the product for shipment:
-- Add the phrase "EPA Registration No.72025-1".
-- You must delete the following statements from your product label:
"Environmentally Conscious".
"Will Not Harm Humans or Animals When Used As Directed".

EPA Form 8570-6

CONCURRENCES

Table with columns for SYMBOL, SURNAME, and DATE. Includes handwritten entries for symbols 7511C, 7511E, and 7511F, and dates 2-24-99, 2-24-99, and 2/26/99.

2. (Continued) Make the label changes listed below before you release the product for shipment:

-- You must add the following statements under the headings listed below:

"PRECAUTIONARY STATEMENTS (FIRST AID)

CAUTION: Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. In case of contact, wash thoroughly with soap and water after handling. May be hazardous to humans and domestic animals.

FIRST AID: If in eyes, flush with plenty of water. Call a physician if irritation persists.

ENVIRONMENTAL HAZARDS: Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Keep out of lakes, streams, or ponds. Do not contaminate water by equipment cleaning or waste disposal."

"STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Store in original container in a cool, dry place.

DISPOSAL: Securely wrap container in several layers of newspaper and discard in trash."

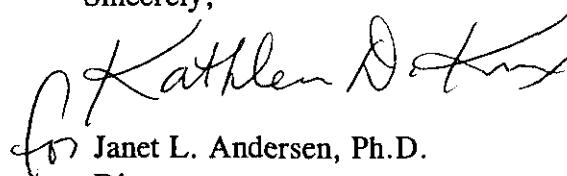

3. Submit five copies of the final printed labeling revised as listed above, before you release the product for shipment.

This registration will be subject to cancellation in accordance with FIFRA sec. 6(e) if you do not comply with these conditions. Your release for shipment constitutes acceptance of these conditions.

A stamped copy of the draft label is enclosed for your records.

Any questions may be directed to Richard King, Regulatory Action Leader for this product, at (703) 308-8052, fax (703) 308-7026.

Sincerely,

Janet L. Andersen, Ph.D.
Director
Biopesticides and Pollution
Prevention Division (7511C)

Farmer McGregor's Environmentally Conscious Registered Rabbit Repellent

Will Not Harm
Humans or Animals
When Used As Directed

Here's How It Works

Rabbits browse your garden, searching and
sampling, until they find the most succulent
and tasty plants. Farmer McGregor's™
Registered Rabbit Repellent, when dusted on
the lower leaves, gives the plants such a dis-
gusting aftertaste to the cute little varmints,
they learn fast to leave your garden alone.

Directions For Use

Apply in early Spring, with additional applications
throughout the growing season. Although the residue will
remain effective after a mild shower, it's a good idea to
reapply after a strong rain.

Open top. Apply sparingly to the lower leaves of your
plants by making a cloud of dust, and letting it settle on the
leaves and branches.

May cause temporary darkening of some leaves if not used
according to directions.

It is a violation of Federal law to use this product in a
manner inconsistent with its labeling.

Registered Rabbit Repellent washes clean with water.
Store in a cool, dry place.
