RE: Product Name: GOOSE REPELLENT
EPA Reg. No: 72041-2
Application for Label Notification Dated December 23, 2008 to Change Label
per PR Notice 98-10

Dear Ms. Nash:

The Biopesticides and Pollution Prevention Division is in receipt of your application for Notification under Pesticide Registration Notice (PRN) 98-10 dated above. A preliminary screen of this request has been conducted for its applicability under PRN 98-10 and it has been determined that the action(s) requested falls within the scope of PRN 98-10. Our records have been duly noted, and the label submitted with this application has been stamped "Notification, received and reviewed" and will be placed accordingly in our records.

Questions concerning this action should be directed to Ms. Diana Hudson at (703) 308-8713 or email at HUDSON.DIANA@EPA.GOV.

Sincerely,

Linda Hollis

Linda Hollis, Chief
Biochemical Pesticides Branch
Biopesticides and Pollution Prevention
Division (7511P)

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals
CAUTION: Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Harmful if swallowed. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

Users should wear protective eyewear (e.g. goggles or face shield), waterproof gloves, and protective clothing: long-sleeved shirt, pants, shoes and socks.

Environmental Hazards
For terrestrial uses: Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinsate.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage or disposal. **STORAGE:** Store in original container, in a cool, dry area inaccessible to children and pets. Protect from heat and freezing. Store between 40°-90° F. Keep containers closed tightly to prevent evaporation. If spillage occurs, dilute with water and flush away. **DISPOSAL:** If empty, do not reuse this container. Place in trash or offer for recycling if available. If partly filled, call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

First Aid

If in eyes:
• Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.
• Call a poison control center or doctor for treatment advice.

If on skin or clothing:
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If swallowed:
• Call a poison control center or doctor for treatment advice.
• Have the person sip a glass of water if able to swallow.
• Do not induce vomiting unless told to by a poison control center or doctor.
• Do not give anything to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-222-1222 for emergency medical treatment information.

Satisfaction Guarantee

If, for any reason, you are not 100% satisfied, Liquid Fence® Co. will refund the suggested retail price or replace this product. Liquid Fence® Co. will not be liable for any damage, direct or indirect. Refund or replacement of product is our only obligation.

Convenient Ready-to-spray

Directions for use:
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

1 SHAKE WELL before each use
2 Make sure the control knob is in the off position. Attach and hand tighten water-hose to nozzle. Turn water on at faucet, aim nozzle toward area you wish to protect. Remove safety tab from nozzle by pressing towards control knob snapping it off. Turn the control knob to the ON position to begin spraying.

3 Apply Liquid Fence® Goose Repellent liberally to lawns or turf areas during a dry period.

4 When finished, turn the control knob to the off position. Turn faucet to off position. Discharge residual water pressure by turning control knob to water position and then off again. If you desire to spray water only, turn the control knob to the water position, to bypass the product.

Note: Intended for turf use only. Not intended for use on ornamentals.

How it really works...
The application of Liquid Fence® Goose Repellent makes the food supply in the application area very undesirable to geese, turkeys and ducks. The elimination of the food source will completely change the feeding habits of these birds and cause them to look for a more desirable feeding location.

3 Easy steps to guaranteed protection from geese!

Directions:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

- 1 SHAKE OR MIX WELL!**
- 2 Add 16 ounces of Liquid Fence® Goose Repellent for each gallon of water and thoroughly mix.**
- 3 With garden sprayer or sprinkler, apply diluted product liberally to lawns or turf areas during a dry period. Re-apply as needed.**

Note: Intended for turf use only. Not intended for use on ornamentals.

All Liquid Fence® products are thoroughly researched and tested to ensure product performance. Liquid Fence Goose Repellent will dramatically reduce the habitation of geese, turkeys and ducks in the treated area, thus reducing the damage to your property from destructive birds and the unsightly conditions they create. The reduction of geese, turkeys and ducks will dramatically reduce or eliminate the fecal contamination they leave behind.

How Liquid Fence Goose Repellent really works...

The application of Goose Repellent makes the food supply in the application area very undesirable to geese, turkeys and ducks. The elimination of the food source will completely change the feeding habits of these birds and cause them to look for a more desirable feeding location.

Satisfaction Guarantee
If, for any reason, you are not 100% satisfied, Liquid Fence® Co. will refund the suggested retail price or replace this product. Liquid Fence® Co. will not be liable for any damage, direct or indirect. Refund or replacement of product is our only obligation.

Commercial Use Mix / Spread Rate

16 ounces per gallon of water

Ratio 8:1

8 parts per 1,000 square feet

Uso comercial Índice de mezcla: esparcimiento

16 onzas (1/3 ml) por galón (3.785 L) de agua

Proporción 8:1

8 partes por 1.000 pies cuadrados (92.9 m2)

Concentrado • Hace 8 galones
El Producto Diluido Cubre aproximadamente 40,000 pies cuadrados (3.716 m²).

INDICACIONES DE USO: Es una violación de la ley federal usar este producto de una manera inconsistente con su etiqueta. 1. Agítelo o mézclalo bien! 2. Agregue 16 onzas (473 mL) por cada galón (3,875 L) de agua y mézclalo a fondo. 3. Con una rotadora de jardín o un aspersor, aplique el producto diluido libremente al césped o áreas de tepe durante un periodo seco. Aplique nuevamente como sea necesario. Nota: está previsto para ser usado en tepes solamente. No está previsto para ser usado en ornamentales.

DECLARACIONES DE PRECAUCIÓN:
Peligro para humanos y animales domésticos

PRECAUCIÓN: Causa irritación moderada de los ojos. Evite el contacto con los ojos, la piel o la ropa. Es dañino si se traga. Lávese a fondo con jabón y agua después de manipularlo y antes de comer, beber, masticar chicle o utilizar tabaco. Quítese y lave la ropa contaminada antes de usarlo nuevamente. Contacto repetido o prolongado con la piel puede ocasionar reacciones alérgicas en algunos individuos. Los usuarios deben utilizar protección para los ojos tales como gafas o protección para la cara, guantes o prueba de agua, y ropa protectora: camisa de manga larga, pantalones, zapatos y calcetines.

Peligros ambientales
Para esos invertebrados: No lo aplique directamente al agua ni en áreas donde hay agua superficial ni en áreas donde, entre marcos, esté por debajo de la marca de agua alta promedio. No contamine agua cuando tire el agua con la cual lavó o enjuagó el equipo.

ALMACENAMIENTO Y ELIMINACIÓN
No contamine agua, comida ni elementos al almacenar o eliminar el producto.

ALMACENAMIENTO: Almacéñese en su envase original, en un lugar fresco y seco e inaccesible para los niños y los mascotas. Protéjalo del calor y del congelamiento. Almacéñelo entre 40°-90°F (4° a 32°C). Mantenga los envases bien cerrados para evitar su evaporación. Si ocurre un derrame, dilúyalo con agua y lívelo para eliminarlo.

ELIMINACIÓN: Si ya está vacío, no utilice nuevamente este envase. Póngalo en la basura u ofrézcalo para su reciclaje si esto está disponible. Si está lleno parcialmente, llame a su agencia local de desechos sólidos para instrucciones de eliminación.

Primeros auxilios
Si entra en los ojos:
<ul style="list-style-type: none"> Mantenga el ojo abierto y enjuáguelo lento y suavemente durante 15 a 20 minutos. Retire lentes de contacto, si los tiene, después de los primeros cinco minutos y continúe enjuagando. Llame a un centro de control de envenenamiento o a un médico para consejos sobre el tratamiento.
Si cae en la piel o la ropa:
<ul style="list-style-type: none"> Quítese la ropa contaminada. Enjuague la piel inmediatamente con suficiente agua por 15 a 20 minutos. Llame al centro de control de envenenamiento o a un médico para consejos sobre el tratamiento.
Si se traga:
<ul style="list-style-type: none"> Llame a un centro de control de envenenamiento o a un médico para consejos sobre el tratamiento. Haga que la persona beba o sorbos un vaso de agua si puede tragar. No induzca el vómito a menos que se lo indique un centro de control de envenenamiento o un médico. No le dé nada a una persona inconsciente.
Tenga a mano el envase del producto o la etiqueta cuando llame a un centro de control de envenenamiento o a un médico, o cuando vaya a tratamiento. Usted puede también contactar el 1-800-222-1222 para información de tratamiento médico de emergencia.

 It is a solution of liquid for use on this product in a manner consistent with its labeling.

- 1. SHAKE OR MIX WELL!**
- 2. Add 16 oz. of Liquid Fence® Goose Repellent to each gallon of water and thoroughly mix.**
- 3. With good coverage or sprayer, apply diluted product liberally to lawn or turf areas during the early morning or late afternoon. Repeat applications as needed. For best results, use weekly. Not intended for use on ornamentals.**

How Liquid Fence Goose Repellent Really Works...
 The application of Liquid Fence Goose Repellent makes the food supply in the digestive tract of geese, turkeys and ducks unpalatable. The repellent does not affect the birds' health. The repellent is safe for use on lawns, golf courses, athletic fields or any turf areas where these birds are a problem.

Sanitation Guarantee:
 If, in any instance, you are not 100% satisfied with the performance of Liquid Fence Goose Repellent, we will refund the purchase price of the product. No questions asked. This guarantee is void where prohibited by law.

 www.liquidfence.com

Net Contents: 32 Fl. Oz. (1 US Qt.) 946 L

PRECAUTIONARY STATEMENTS

Hazard to Humans and Domestic Animals:
CAUTION: Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Harmful if swallowed. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

Use: Avoid eye contact (e.g. goggles or face shield), waterproof gloves, and protective clothing: long-sleeved shirt, pants, shoes and socks.

Environmental Hazards

For terrestrial areas: Do not apply directly to water, or to areas where surface water is present or to terrestrial areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinsate.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. **STORAGE:** Store in original container, in a cool, dry area inaccessible to children and pets. Protect from heat and freezing. Store between 40°-90° F. Keep containers closed tightly to prevent evaporation. If spillage occurs, dilute with water and flush away. **DISPOSAL:** If empty, do not reuse this container. Place in trash or other for recycling if available. If partly filled, call your local waste agency for disposal instructions. Never place unused product down any drain or outdoor drain.

First Aid

If in eyes:
 • Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.
 • Call a poison control center or doctor for treatment advice.

If on skin or clothing:
 • Take off contaminated clothing.
 • Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If swallowed:

• Call a poison control center or doctor for treatment advice.
 • Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-222-1222 for emergency medical treatment information.

Personal Protective Equipment (PPE)

 EPA Est. No. 72041-PA-001

Satisfaction Guarantee

If for any reason you are not 100% satisfied with Liquid Fence, Co. we will refund the suggested retail price or replace this product. Liquid Fence, Co. will not be liable for any damage, direct or indirect. Fit and/or replacement of product is our only obligation.

Convenient Ready-to-spray • Diluted Product Covers Approximately 4,000 Square Feet

Directions for use:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

- 1 **SHAKE WELL** before each use!
- 2 Make sure the control knob is in the off position. Attach and bend tighten water-hose to nozzle. Turn water on at faucet, aim nozzle toward area you wish to protect. Remove safety tab from nozzle by pressing toward control knob, snapping it off. Turn the control knob to the ON position to begin spraying.
- 3 Apply Liquid Fence® Goose Repellent liberally to lawns or turf areas during a dry period.
- 4 When finished, turn the control knob to the off position. Discharge residual water pressure by turning control knob to water position and then off again. If you desire to spray water only, turn the control knob to the water position, to bypass the product.

How it really works...

The application of Liquid Fence® Goose Repellent makes the food supply in the application area very undesirable to geese, turkeys and ducks. The elimination of the food source will completely change the feeding habits of these birds and cause them to look for a more desirable feeding location.

INDICACIONES DE USO: Es una violación de la ley federal usar este producto de una manera inconsistente con su etiquetado.

1. Agítalo o mézclalo bien 2. Apunta o mézclalo bien 3. Con una manguera de jardín o un aparato, aplica el producto diluido liberamente al área de tu zona de tupe durante un período seco. Aplica nuevamente como sea necesario.

Primeros auxilios
 Si entra en los ojos:
 • Mantenga el ojo abierto y enjuáguelo lentamente y sucesivamente durante 15 a 20 minutos. Retire lentes de contacto, si las tiene, después de los primeros cinco minutos de enjuague.
 • Llame a un centro de control de contaminación o a un médico para consejos sobre el tratamiento.
 Si está en la piel o la ropa:
 • Quite la ropa contaminada.
 • Enjuague la piel inmediatamente con suficiente agua por 15 a 20 minutos. Llame al centro de control de contaminación o a un médico para consejos sobre el tratamiento.
 Si se tragó:
 • Llame a un centro de control de contaminación o a un médico para consejos sobre el tratamiento.
 • Haga que la persona beba o sorba un vaso de agua si puede tragar.
 • No induzca al vómito o mienta que se lo induzca un centro de control de contaminación o un médico.
 • No le dé nada a una persona intoxicada.
 Largo o corto al servicio del producto o la etiqueta cuando llame a un centro de control de contaminación o a un médico, o cuando vaya al tratamiento. Llame también cualquier día al 1-800-222-1222 para información de tratamiento médico de emergencia.

Concentrado • Hace 2 galones • El Producto Diluido Cubre aproximadamente 4,000 pies cuadrados. (372 m.)

INDICACIONES DE USO: Es una violación de la ley federal usar este producto de una manera inconsistente con su etiqueta. 1. Agítelo o mézclalo bien! 2. Agregue 16 onzas (473 ml) por cada galón (3.875 L) de agua y mézclalo a fondo.

DECLARACIONES DE PRECAUCIÓN: Peligro para humanos y animales domésticos PRECAUCIÓN: Causa irritación moderada de los ojos. Evite el contacto con los ojos, la piel o la ropa.

Quítese y lave la ropa contaminada antes de usarla nuevamente. Contacto repetido o prolongado con la piel puede ocasionar reacciones alérgicas en algunas personas. Los usuarios deben utilizar protección para los ojos tales como gafas o protección para la cara, guantes o protección de agua, y ropa protectora: camisa de manga larga, pantalones, zapatos y calcetines. PELIGROS AMBIENTALES: Para usos terrestres: No lo aplique directamente al agua ni en áreas donde hay agua superficial ni en áreas donde, entre maras, está por debajo de la marea de agua alta promedio.

ALMACENAMIENTO Y ELIMINACIÓN: No contamine agua, comida ni alimentos al almacenar o eliminar el producto. ALMACENAMIENTO: Almacénelo en su envase original, en un lugar fresco y seco e inaccessibles para los niños y las mascotas. Protéjalo del calor y del congelamiento. Almacénelo entre 40°-90°F (4°-32°C). Mantenga los envases bien cerrados para evitar su evaporación. Si ocurre un derrame, dilúyalo con agua y líbrelo para eliminarlo. ELIMINACIÓN: Si ya está vacío, no utilice nuevamente este envase. Póngalo en la basura o envíelo para su reciclaje si esto está disponible. Si está lleno parcialmente, llame a su agencia local de desechos sólidos para instrucciones de eliminación.

Primeros auxilios

Si entra en los ojos: Mantenga el ojo abierto y enjuáguelo lento y suavemente durante 15 a 20 minutos. Retire lentes de contacto, si los tiene, después de los primeros cinco minutos y continúe enjuagando. • Llame a un centro de control de envenenamiento o a un médico para consejos sobre el tratamiento.

Si cae en la piel o la ropa:

Quítese la ropa contaminada. • Enjuague la piel inmediatamente con suficiente agua por 15 a 20 minutos. Llame al centro de control de envenenamiento o a un médico para consejos sobre el tratamiento.

Si se traga:

Llame a un centro de control de envenenamiento o a un médico para consejos sobre el tratamiento. • Haga que la persona beba o sorbo un vaso de agua si puede tragarse. • No induzca el vómito a menos que se lo indique un centro de control de envenenamiento o un médico. • No le de nada a una persona inconsciente.

Tenga a mano el envase del producto o la etiqueta cuando llame a un centro de control de envenenamiento o a un médico, o cuando vaya a tratamiento. Usted puede también contactar al 1-800-222-1222 para información de tratamiento médico de emergencia.

3 Easy steps to guaranteed protection from geese!

Directions:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

- 1 SHAKE OR MIX WELL!**
- 2 Add 16 ounces of Liquid Fence® Goose Repellent for each gallon of water and thoroughly mix.**
- 3 With garden sprayer or sprinkler, apply diluted product liberally to lawns or turf areas during a dry period. Re-apply as needed.**

Note: Intended for turf use only. Not intended for use on ornamentals.

All Liquid Fence® products are thoroughly researched and tested to ensure product performance. Liquid Fence Goose Repellent will dramatically reduce the habitation of geese, turkeys and ducks in the treated area, thus reducing the damage to your property from destructive birds and the unsightly conditions they create. The reduction of geese, turkeys and ducks will dramatically reduce or eliminate the fecal contamination they leave behind.

How Liquid Fence Goose Repellent really works...

The application of Goose Repellent makes the food supply in the application area very undesirable to geese, turkeys and ducks. The elimination of the food source will completely change the feeding habits of these birds and cause them to look for a more desirable feeding location.

esparcimiento

16 onzas (473 mL) por galón (3.785 L) de agua

Proporción 8:1

8 partes por 1,000 pies cuadrados (92.9 m²)

Concentrado • Hace 8 galones • El Producto Diluido Cubre aproximadamente 16,000 pies cuadrados (1,488 m²)

INDICACIONES DE USO: Es una violación de la ley federal usar este producto de una manera inconsistente con su etiqueta. 1. Agítelo o mézclalo bien. 2. Agregue 16 onzas (473 mL) por cada galón (3,875 L) de agua y mézclalo a fondo. 3. Con una rociadora de jardín o un aspersor, aplique el producto diluido libremente al césped o áreas de tepe durante un período seco. Aplique nuevamente como sea necesario. **Note:** está previsto para ser usado en tepes solamente. No está previsto para ser usado en ornamentales.

DECLARACIONES DE PRECAUCIÓN
Peligro para humanos y animales domésticos.

PRECAUCIÓN: Causa irritación moderada de los ojos. Evite el contacto con los ojos, la piel o la ropa. Es dañino si se traga. Lávese a fondo con jabón y agua después de manipularlo y antes de comer, beber, masticar chicle o utilizar tabaco. Quítese y lave la ropa contaminada antes de usarla nuevamente. Contacto repetido o prolongado con la piel puede ocasionar reacciones alérgicas en algunas personas.

Los usuarios deben utilizar protección para los ojos tales como gafas o protección para la cara, guantes a prueba de agua, y ropa protectora: camisa de manga larga, pantalones, zapatos y calcetines.

Peligros ambientales
Para usos terrestres: No lo aplique directamente al agua ni en áreas donde hay agua superficial ni en áreas donde, entre mareas, esté por debajo de la marca de agua alta promedio. No contamine agua cuando tire el agua con la cual lavó o enjuagó el equipo.

ALMACENAMIENTO Y ELIMINACIÓN
No contamine agua, comida ni alimentos al almacenar o eliminar el producto.

ALMACENAMIENTO: Almacénelo en su envase original, en un lugar fresco y seco e inaccesible para los niños y las mascotas. Protéjalo del calor y del congelamiento. Almacénelo entre 40° - 90°F (4° a 32°C). Mantenga los envases bien cerrados para evitar su evaporación. Si ocurre un derrame, dilúyalo con agua y lívelo para eliminarlo.

ELIMINACIÓN: Si ya está vacío, no utilice nuevamente este envase. Póngolo en la basura u ofrézcalo para su reciclaje si esto está disponible. Si está lleno parcialmente, llame a su agencia local de desechos sólidos para instrucciones de eliminación.

Primeros auxilios
