Subject: Non-PRIA (Pesticide Registration Improvement Act) Labeling Amendment – add hose-end sprayer directions and optional marketing claims
Product Name: Goose Repellent
EPA Registration Number: 72041-2
Application Date: 3 March 2016
OPP Decision Number: 514792

Dear Mr. Sarli:

The amended labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable.

This approval does not affect any terms or conditions that were previously imposed on this registration. You continue to be subject to existing terms or conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one (1) copy of the final printed labeling before you release this product for shipment with the new labeling. In accordance with 40 CFR § 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR § 152.3.

Should you wish to add/retain a reference to your company’s website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the U.S. Environmental Protection Agency (EPA). If the website is false or misleading, the product will be considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements the EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration

EPA Reg. No. 72041-2

OPP Decision No. 514792

process. Therefore, should the EPA find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA-approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

Your release for shipment of this product constitutes acceptance of these terms. If these terms are not complied with, this registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions, please contact Cody Kendrick of my team by phone at (703) 347-0468 or via email at kendrick.cody@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "For Andrew C. Bryceland". The signature is stylized and written over a light blue rectangular background.

Goose Repellent

ALTERNATE BRAND NAMES:

Liquid Fence Goose Repellent

Liquid Fence Goose Repellent Concentrate

(see back page for list of optional marketing claims)

KEEP OUT OF REACH OF CHILDREN

CAUTION: See side (back) panel for additional precautionary statements

Active Ingredient:

Methyl anthranilate (Benzoic acid, 2-amino-, methyl ester).....20.72%

Other Ingredients:.....79.28%

Total.....100.00%

Net Contents: 1 gal., 2.5 gal., 50 gal., 260 gal.

STOP. READ ENTIRE LABEL BEFORE USE.**DIRECTIONS FOR USE:**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

[Option 1: Dilutable Concentrate Directions]

[3 Easy steps to guaranteed protection from geese]

1) Shake well before each use. [Alternate Statement for Drums and Totes (greater than 50gal): Mix well before each use.]

2) Add 16 fluid ounces of product for each gallon of water and thoroughly mix.

3) With garden sprayer or sprinkler, apply diluted product liberally to lawns or turf areas during a dry period. Re-apply as needed. [For best results, apply early in the season, prior to laying of eggs and/or nesting on property.]

Commercial Use Mix/Spread Rate:

-16 fluid ounces per gallon of water

- Ratio 8:1

-8 parts per 1,000 square feet

Note: Intended for turf use only. Not intended for use on ornamentals.

[Option 2: Liquid Fence Ready-to-Spray Directions]

1. **Shake well before each use.**

2. Make sure the control knob is in the off position. Attach and hand tighten water-hose to nozzle. Turn water on at faucet, aim nozzle toward area you wish to protect. Remove safety tab from nozzle by pressing towards control knob, snapping it off. Turn the control knob to the ON position to begin spraying.

3. Apply **Liquid Fence Goose Repellent** liberally to lawns or turf areas during a dry period.

4. When finished, turn the control knob to the off position. Turn faucet to off position. Discharge residual water pressure by turning control knob to water position and then off again. If you desire to spray water only, turn the control knob to the water position, to bypass the product.

Note: Intended for turf use only. Not intended for use on ornamentals.

[Option 3: Hose End Sprayer Directions]

1. *Shake container well before using.*

2. Connect a garden hose to the Ready Spray nozzle. Make sure the dial on the nozzle is in the "OFF" position with the [green] safety tab in the valve notch.

3. Turn on water at faucet. Extend hose to the farthest area to be treated and work back toward the faucet so you don't come in contact with the treated area.

4. To BEGIN spraying, point nozzle toward treatment site and a.) bend the [green] safety tab back (located at right of yellow dial) with your thumb, b.) hold while turning yellow dial clockwise until it stops. Water will automatically mix with the product.

5. Spray until wet. Walk at a steady pace while spraying using an even sweeping motion, slightly overlapping treated areas.

6. To STOP spraying, QUICKLY turn the dial counter clockwise until it stops and the safety tab engages into the notch on the valve. Turn water off at faucet. To relieve pressure before removing nozzle from hose, bend the safety tab back and turn dial "ON" until water stops spraying.

7. To STORE unused product, make sure the dial is in the "OFF" position with [green] safety tab in the valve notch. Place in cool area away from heat, sunlight or open flame.]

Note: Intended for turf use only. Not intended for use on ornamentals.

[Option 4: Hose End Sprayer Directions]

1. *Shake container well before using.*

2. Connect a garden hose to the Ready Spray nozzle. Make sure lever is fully forward in the "OFF".

3. Turn on water at faucet. Extend hose to the farthest area to be treated and work back toward the faucet so you don't come in contact with the treated area.

4. To BEGIN spraying, point nozzle toward treatment site and pull lever backwards towards hose connection. Water will automatically mix with the product.

5. Spray until wet. Walk at a steady pace working back towards the faucet while spraying using an even sweeping motion, slightly overlapping treated areas.

6. To STOP spraying, push lever forward toward nozzle until water flow stops. Turn water off at faucet. To relieve pressure before removing nozzle from hose, pull lever backwards towards hose connection until water stops spraying.

7. To STORE unused product, make sure lever is fully forward in the "OFF" Place in cool area away from heat, sunlight or open flame.

Note: Intended for turf use only. Not intended for use on ornamentals.

Satisfaction Guaranteed

If, for any reason, you are not 100% satisfied, Liquid Fence Co. will refund the suggested retail price or replace this product. Liquid Fence Co. will not be liable for any damage, direct or indirect. Refund or replacement of product is our only obligation.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. **PESTICIDE STORAGE:** Store in original container, in a cool, dry area inaccessible to children and pets. Protect from heat and freezing. Store between 40°-90° F. Keep container closed tightly to prevent evaporation. If spillage occurs, dilute with water and flush away.

{For <5 gal. size containers}

PESTICIDE DISPOSAL: If empty: Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

{For >5 gal. < 55 size containers}

PESTICIDE DISPOSAL: If empty: Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container ¼ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times.

{For > 55 gal. size containers}

PESTICIDE DISPOSAL: If empty: Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. Pressure rinse as follows: Empty the remaining contents through the bottom valve into application equipment or a mix tank and continue to drain for 10 seconds after the flow begins to drip. Insert pressure rinsing nozzle through top opening and rinse all surfaces at about 40 psi for at least 30 seconds. Drain through bottom valve for 10 seconds after the flow begins to drip. Repeat pressure rinse twice more. Save rinsate for later use or disposal.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Harmful if swallowed. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Users should wear protective eyewear (e.g. goggles or face shield), waterproof gloves, and protective clothing: long-sleeved shirt, pants, shoes and socks.

First Aid	
If in Eyes	<ul style="list-style-type: none"> • Hold eye open and rinse gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.

	<ul style="list-style-type: none"> • Call a Poison Control Center or doctor for treatment advice.
If on Skin or Clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a Poison Control Center or doctor for treatment advice.
If swallowed:	<ul style="list-style-type: none"> • Call a poison control center or doctor for treatment advice. • Have the person sip a glass of water if able to swallow. • Do not induce vomiting unless told to by a poison control center or doctor. • Do not give anything to an unconscious person.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-222-1222 for emergency medical treatment information.	

ENVIRONMENTAL HAZARDS

For terrestrial use: Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinsate.

NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.

6. Works Year Round
7. Easy-to-Use
8. For repelling geese, turkeys and ducks from lawns, golf courses, athletic fields or any other turf areas where these birds are a problem.
9. Discourages geese, [turkeys], [waterfowl] [and] [or] [ducks] from feeding on [treated areas][grass][lawns][vegetation].
10. Repels [geese], [turkeys] [waterfowl] [and] [or] [ducks] from [lawns], [yards], [landscaping], [shrubs], [golf courses], [athletic fields], [cemeteries], [grassy areas,] [shorelines],[docks], [walkways], [parks], [gardens], [beaches] [and] [or] [turf] [where these birds are a problem].

11. **Satisfaction Guaranteed:** If, for any reason, you are not 100% satisfied, Liquid Fence Co. will refund the suggested retail price or replace this product. Liquid Fence Co. will not be liable for any damage, direct or indirect. Refund or replacement of product is our only obligation.
12. **100% Money Back Guarantee***
13. ***GUARANTEE.** If you are not satisfied with this product for any reason, send your written request for a refund to the address below, together with the dated store receipt showing the price you paid. Please allow 6-8 weeks for processing.
14. Rain resistant
15. From the makers of Garden Safe Brand
16. For best results, apply early in the season, prior to laying of eggs or nesting on property.
17. All Liquid Fence products are thoroughly researched and tested to ensure product performance.
18. Liquid Fence Goose Repellent will dramatically reduce the habitat of geese, [turkeys] [and] [or] [ducks] in the treated area, thus reducing the damage to property from destructive birds and the unsightly conditions they create.
19. The reduction of geese, [turkeys] [and] [or] [ducks] will dramatically reduce the fecal contamination they leave behind.
20. [How Liquid Fence Goose Repellent [really] works] [How it Works]:The application of Liquid Fence Goose Repellent makes the food supply in the application area very undesirable to geese, turkeys, and ducks. The elimination of the food source will change the feeding habits of these birds and cause them to look for a more desirable feeding location.
