Conditional

Name of Pesticide Product:

**HaloPure
Bacteriostatic Water
Cartridge**

NOTICE OF PESTICIDE:

 x Registration
 Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

**HaloSource Inc.
1631 220th Street SE, Suite 100
Bothell, WA. 98021**

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product (OPP Decision No. D 428942) is registered in accordance with FIFRA sec 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and, submit acceptable responses required for re-registration of your product under FIFRA section 4.
2. Change EPA File Symbol 72083-L to EPA Registration Number 72083-5.
3. Insert the word "and" after the word "spoilage" in the second sentence of the second paragraph.

Submit one copy of the finished final printed label prior to releasing this product for sale.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the conditionally approved label is enclosed for your records.

Bacteriostatic Water Cartridge

The HaloPure Bacteriostatic Water Cartridge is a bacteriostatic water treatment cartridge for use in drinking water devices such as reverse osmosis units, drinking water conditioners, coolers, and filters. The Cartridge is only for use in drinking water treatment devices that treat potable water or municipal water treated in accordance with the Safe Drinking Water Act. This product is not designed to treat salt water, waste water, or raw, untreated water, and is not a drinking water purifier.

The Cartridge removes objectionable tastes and odors from drinking water. The Cartridge inhibits spoilage and the growth of odor-causing bacteria in a device filter to prolong the life of the filter. The Cartridge inhibits the growth of non-public health bacteria within the water system, filter, lines, and reservoir or other in-line container. The Cartridge inhibits bacterial re-contamination and keeps water fresh for storage by inhibiting bacterial fouling.

KEEP OUT OF REACH OF CHILDREN DANGER

FIRST AID

IF IN EYES	Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.
IF SWALLOWED	Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything to an unconscious person.
IF ON SKIN OR CLOTHING	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
IF INHALED	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.
HOTLINE NUMBER	Have the product container or label with you when calling a poison control center or doctor or going for treatment. Call 1-800-424-9300 for emergency medical treatment information. For additional emergency information, call the National Pesticides Information Center at 1-800-858-7378, 6:30 AM to 4:30 PM Pacific time (PT), seven days a week. During other times, call the poison control center 1-800-222-1222.

PRECAUTIONARY STATEMENTS
HAZARDOUS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes irreversible eye damage. Do not get in eyes or on clothing. Wear goggles or face shield. Harmful if swallowed or inhaled. Avoid breathing dust or vapors. Avoid contact with skin or clothing. Wear long sleeved shirt, pants, socks and shoes. Wear chemically resistant gloves such as latex gloves when handling product or opened container. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

Bromine is toxic to fish and wildlife. Do not discharge effluent containing this active ingredient into lakes, streams, ponds, estuaries, oceans or other public water unless in accordance with the requirements of a National Pollution Discharge Elimination System permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the sewage treatment plant authority. For further guidance, contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To install the Cartridge, remove from packaging and place the Cartridge in-line in the drinking water treatment system. To inhibit bacterial fouling of the filter, place the HaloPure Cartridge up stream of the filter. To keep water fresh in the water storage reservoir and inhibit bacterial fouling of the container, place the cartridge up stream of the reservoir. Ensure the flow of water in the system corresponds to the flow direction arrows on the cartridge.

In reverse osmosis units, the cartridge is effective for either 3000 liters or 1 year, after which the cartridge must be replaced. In all other water treatment devices, the cartridge is effective for 1500 liters or 6 months, after which the cartridge must be replaced.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Wastes resulting from the use of this product must be disposed of onsite or at an approved waste disposal facility.

PESTICIDE STORAGE: Store in a cool, dry place. Keep pesticide container closed when not in use. Avoid contact with strong oxidizing agents and other chemicals. Avoid excessive heat.

PESTICIDE DISPOSAL: Securely wrap media and dispose onsite, in a sanitary landfill, or by other approved state and local procedures. Nonrefillable container. Do not reuse or refill this container

DO NOT incinerate bead media.

WARRANTY

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with label directions under normal conditions of use, but neither this warranty nor any other warranty of **MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE**, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Seller, and Buyer assumes the risk of any such use.
