OFFICE OF
CHEMICAL SAFETY AND
POLLUTION PREVENTION

Christina Griffin, Agent for White Cap, Inc
c/o Delta Analytical Corporation
12510 Prosperity Drive, Suite 160
Silver Spring, MD 20904

Subject Xtra-Pine Cleans Disinfects Deodorizes
EPA Registration Number 72138-4
Application Date June 6 2012

Dear Ms Griffin

The Agency has reviewed your submission in accordance with continuing registration under the Federal Insecticide Fungicide and Rodenticide Act (FIFRA), as amended, and determined the action to be acceptable with the following comments

- 1) Should you wish to retain a reference to the company s website on your label, then please be aware that such a reference transforms the website into labeling under the Federal Insecticide Fungicide and Rodenticide Act sec 2 (p) (2) and then the website is subject to review by the Agency If the website content is false or misleading, the product would be misbranded and its sale or distribution unlawful to sell or distribute under FIFRA section 12(a)(1)(E) In addition, regardless of whether a website is referenced on your product s label, claims made on the website may not substantially differ from those claims approved through the registration process Although EPA has not yet determined the extent to which it will routinely review company websites, if the Agency finds or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from claims approved through the registration process, the website may be referred to the EPA s Office of Enforcement and Compliance Assurance
- 2) The graphic that you are adding referring to Disinfecting will have to be changed to read as Limited Disinfecting

In summary, your request to add laundry directions graphics and optional claims has been approved A copy of your stamped accepted with comments label is enclosed You must provide a copy of your finished labeling for our files within 30 days of your receipt of this letter If you have any questions about this letter, please contact Tom Luminello by telephone, (703) 308-8075, or by e-mail at luminello tom@epa gov

Sincerely,

Tom Luminello

This product disinfects garbage cans [pails]

This product disinfects glazed tiled and other hard non porous floors in the house [home]

This product disinfects hard non porous floors of pet sleeping areas

This product disinfects hard non porous surfaces including walls floors sinks and faucet fixtures

**Makes 7 times its volume of disinfecting solution (when diluted [or used] as directed)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling

CLEANING / DEODORIZING

General Cleaning Use this product for general household cleaning and removing grease

Toilet Bowls Dilute 1/4 cup (2 FL OZ) per 1/2 gallon of water and add to toilet bowl brush thoroughly

Laundry Add [this product] to your wash to boost the cleaning strength of your regular detergent or use to pre-treat tough stains. The power of [this product] is in its pine oil formula and will clean most tough stains from ketchup to crayons. [This product] will also eliminate odors such as in towels and exercise clothes. Use 1 cup (8 FL OZ) per medium load with your regular detergent to improve washing. For stubborn stains pre-treat using full strength [this product] before adding your clothes to the wash

[Statements in brackets are optional or instructional and not part of labeling Asterisks may be replaced by other symbols]

General Floor Cleaning Dilute ¼ cup (2 FL OZ) of this product in 2 gallons of water for everyday cleaning Use mop to clean crayon mud and shoe marks from the floor For dirtier floors use ¼ cup product (2 fl oz) per ½ gallon of water

For the jobs below add this product to ½ gallon of water

Add ¼ cup for	• Glazed Ceramic Tile	• Finished Woodwork
	• Garbage Cans	• Walls
	• Kitchen Cabinets	• Sinks
	• Whitewall Tires	• Stove Tops

Carpet Spot Cleaning Dilute 1/4 cup (2 FL OZ) of this product in 1 gallon of water Use clean rag or sponge to clean small area of the carpet Always test a small hidden area of the carpet to check color fastness first

DISINFECTING To kill gram negative bacteria on hard non porous non food household surfaces including floors glazed tile floors walls shower walls sinks [exterior surfaces of toilet] faucet fixtures & tubs [bathtubs] (includes pet sleeping areas & garbage [cans] pails) All surfaces must be precleaned prior to disinfecting Use 1 1/3 cups of product (10 5 FL OZ) per ½ gallon of water [or Use 2/3 cup (5 25 FL OZ) per ¼ gallon of water] Apply solution with sponge mop or cloth and thoroughly wet all surfaces Let stand 10 minutes Prepare a fresh solution for each use
