

**U.S. ENVIRONMENTAL PROTECTION
AGENCY**

Office of Pesticide Programs
Antimicrobials Division (7510C)
1200 Pennsylvania Avenue NW
Washington, D.C. 20460

EPA Reg.

Number:

72139-2

Date of

Issuance:

FEB 11 2008

Term of Issuance:

Conditional

Name of Pesticide Product:

Neo-Chlor Spa Angel Tab**NOTICE OF PESTICIDE:**

 x Registration
 Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Shikoku International Corporation
301 North Rampart Street #C.
Orange, CA 92668

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for re-registration of your product under FIFRA section 4.

2. Make the labeling changes listed below before you release the product for shipment:

a. Revise the "EPA Registration Number to read, "EPA Reg. No. 72139-2".

Signature of Approving Official:

Product Manager Team-32
Regulatory Management Branch II
Antimicrobials Division (7510P)

Date:

FEB 11 2008

EPA Registration No. 72139-2

- b. Revise the **Precautionary** statement to read:

"DANGER. Corrosive. Causes irreversible eye damage. Wear protective eyewear such as safety glasses, face shield or goggles. Harmful if swallowed, inhaled or absorbed through the skin. Do not get in eyes, on skin or on clothing. Avoid contact with skin. Wash thoroughly with soap and water after handling, and before eating, drinking, chewing gum, using tobacco, or, using restroom. Remove and wash contaminated clothing before reuse."

- c. Revise the First Aid statement as follows

If in Eyes:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a Poison Control Center or doctor for treatment advice.

If on Skin or Clothing:

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a Poison Control Center or doctor for treatment advice.

If Inhaled:

- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
- Call a Poison Control Center or doctor for treatment advice.

If Swallowed:

- Call a Poison Control Center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by a Poison Control Center or doctor.
- Do not give anything by mouth to an unconscious person.

"Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage."

"Have product container or label with you when calling a Poison Control Center or doctor for treatment advice."

- d. The revised "Re-entry" language must be added to the **Spa** section.

"Re-entry into treated spas is prohibited above levels of 5ppm due to risk of bodily harm."

- e. The signal word for this product is "DANGER". Therefore, you must submit Child Resistant Packaging information.

- f. Submit Storage Stability and Corrosion Characteristics data (see chemistry Data Evaluation Review (DER)).
- g. Satisfy OPPTS 830.6314 (Oxidation/Reduction; Chemical Incompatibility) per discussion in chemistry DER.
- h. Update the Enforcement Analytical Method per discussion in chemistry DER.

3. Submit three (3) copies of your final printed labeling before distributing or selling the product bearing the revised labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Emily Mitchell
Product Manager 32

SPA ANGEL TAB

[6-OUNCE TABLETS]
[12-OUNCE TABLETS]

FEB 11 2008

Under the Federal Insecticide,
Fungicide, and Rodenticide Act as
amended, for the pesticide,
registered under EPA Reg. No. 72139-2

- Tablet contains Japanese Hot Spa ingredients
- Controls growth of bacteria and algae in spas and hot tubs
- Quickly dissolves in water
- Easy to use tablets just fit your spa size
- Enrich your spa life

ACTIVE INGREDIENTS:

Sodium Dichloroisocyanurate*

OTHER INGREDIENTS:

*Available chlorine 19.2%

30.03%
69.31%
TOTAL: 100.00%

DANGER

KEEP OUT OF REACH OF CHILDREN

[See side/back panel for additional precautionary statements.]

PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS AND DOMESTIC ANIMALS.

DANGER. Corrosive. Causes irreversible eye damage. Harmful if swallowed, absorbed through skin or inhaled. Do not get in eyes or on clothing. Avoid contact with skin. Avoid breathing dust. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse. Wear protective eyewear, clothing and gloves.

PHYSICAL AND CHEMICAL HAZARDS

Strong oxidizing agent. Mix only with water. Use only clean, dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion. In case of contamination or decomposition, do not reseal container. If possible isolate each container in open air or well-ventilated area. Flood with large volumes of water if necessary.

FIRST AID

If inhaled	<ul style="list-style-type: none">• Move person to fresh air.• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.• Call a poison control center or doctor for further treatment advice.
If in eyes	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15-20 minutes.• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.• Call a poison control center or doctor for treatment advice.
If on skin or clothing	<ul style="list-style-type: none">• Take off contaminated clothing.• Rinse skin immediately with plenty of water for 15-20 minutes.• Call a poison control center or doctor for treatment advice.
If swallowed	<ul style="list-style-type: none">• Call poison control center or doctor immediately for treatment advice.• Have person sip a glass of water if able to swallow.• Do not induce vomiting unless told to do so by the poison control center or doctor.• Do not give anything by mouth to an unconscious person.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	
NOTE TO PHYSICIAN	
Probable mucosal damage may contraindicate the use of gastric lavage.	

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water board or Regional Office of EPA.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For routine maintenance of spas [and hot tubs] to control bacteria and algae:

1. Before using spa [or hot tub], test water, pH, chlorine residual and alkalinity using a reliable test kit. Adjust pH to between 7.2 – 7.6.
2. With the pump on, and using the table below as a guide, add sufficient tablets to establish a residual of 3 – 5 ppm chlorine as determined by the test kit. Do not enter the water until the chlorine level drops to 5 ppm or less.

Before using the spa, bathers should shower in order to avoid adding soap, lotions, or oils from the body into the water. Avoid overloading the spa.

Depending on how heavily the spa is used, it may be necessary to super chlorinate the water as frequently as after each use or as infrequently as once per week, in a moderately used spa.

1. Using the table as a guide, superchlorinate water to 6.0 – 8.0 ppm chlorine residual by adding additional tablets to the spa [or hot tub].
2. Do not allow bathers to enter the spa [or hot tub] until the chlorine residual falls to 3.0 to 5.0 ppm.
3. If spa [or hot tub] water does not clear after superchlorination treatment, drain, clean and refill with fresh water.

DOSAGE [for 12-ounce tabs]

Free Chlorine (PPM)	Gallons of Water in Spa					
	300	340	355	400	500	550
	Number of Tablets					
3-4	2	2	2		3	3
4-5			3	3	4	4
5-6	3	3		4	5	5
6-7		4	4		6	6
7-8	4			5		7
8-9		5	5	6	7	8
9-10	5		6		8	9

DOSAGE [for 6-ounce tabs]

Free Chlorine (PPM)	Gallons of Water in Spa					
	300	340	355	400	500	550
	Number of Tablets					
3-4	4	4	4		6	6
4-5			6	6	8	8
5-6	6	6		8	10	10
6-7		8	8		12	12
7-8	8			10		14
8-9		10	10	12	14	16
9-10	10		12		16	18

SPA CAPACITY CALCULATOR:

To Calculate Gallonage For Round Or Oval Spa: Diameter of spa x diameter of spa x depth (all in feet) x 5.9 = gallons.

To Calculate Gallonage For Rectangular spa: depth x length x width (all in feet) x 7.5 = gallons.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: Keep product dry in tightly closed container when not in use. Store in a cool, dry, well-ventilated area away from heat or open flame. In case of decomposition, isolate container, if possible, and flood with large amounts of water to dissolve material before discarding.

Pesticide Disposal: Place in trash collection or dispose in an approved landfill area.

Container Disposal: Do not reuse empty container. Rinse empty container thoroughly with water to dissolve all material before discarding. Place in trash collection, dispose in an approved landfill area.
